

ACCESSING INFORMATION ON EMMA

The MSRB provides trade information and other important data to assist investors and others seeking information on bonds issued by the Commonwealth of Puerto Rico and other issuers within the Commonwealth. [Access information on Commonwealth issuers and their securities on the MSRB's Electronic Municipal Market Access \(EMMA®\) website](#). Select any issuer to view:

- Official statements containing detailed information about the issuer, obligor and bond repayment terms;
- Real-time trade data, including information on price, yield, par volume and number of trades as well as dynamic graphing functionality; and
- Continuing disclosures provided by the issuer or obligated person about its financial condition or the occurrence of specific material events that arise after the initial issuance of the bonds.

VIEW PUERTO RICO TRADING ACTIVITY

Use EMMA's Market Statistics tools to identify the [most active securities and issuers](#) in the Commonwealth of Puerto Rico. Explore trends over time in secondary market trading activity of Puerto Rico debt compared to other states and territories with EMMA's [state trade statistics](#).

ADDITIONAL RESOURCES

The MSRB's [Education Center](#) provides helpful information about the municipal securities market, including the risks and considerations when buying and selling municipal securities.
