

Signing Up for EMMA E-mail Alerts

Investors and others interested in regular updates about individual municipal securities can sign up on EMMA (emma.msrb.org) to receive e-mail alerts when disclosure documents are posted on the website. Scores of new documents, such as financial filings and other material event notices from bond issuers, are posted on EMMA each day.

Investors who track particular bonds identified by their unique “CUSIP” numbers can receive an e-mail notification from EMMA every time a new disclosure document is posted for that security. These documents can include annual and other periodic financial filings, operating data and other types of material events.

How to sign up for an alert

To sign up for an alert, enter a nine-digit CUSIP number into the “Muni Search” function of EMMA. In the example below, we have entered “492692MS4,” which is a Kettering, Ohio school bond.

The screenshot shows the EMMA website interface. At the top left is the MSRB logo (Municipal Securities Rulemaking Board). The main header reads "EMMA - Electronic Municipal Market Access" and "The Official Source for Municipal Disclosures and Market Data". A navigation menu includes "About EMMA", "Muni Search", "Market Activity", "Education Center", and "EMMA Dataport". On the right, there is a "Muni Search" box with a text input field containing "492692MS4" and a search button. Below the search box are three icons: "Advanced Search", "529 Plan Search", and "Search Help". The main content area features a "Welcome to EMMA" message, a "New Developments" box titled "MSRB Adds Features to EMMA Continuing Disclosure Service" dated August 24, 2009, and three columns of links: "EMMA EDUCATION CENTER", "MARKET ACTIVITY", and "DOCUMENT SUBMISSION". The footer contains copyright information for MSRB (© 2009) and links to "Sitemap", "Privacy Policy", "Terms of Use", "MSRB.org", and "MSRB System Status".

Click the arrow in the “Muni Search” box to navigate to the “Security Details” page for the bond.

Once you are on the “Security Details” page, you will see an “Alert Me!” box on the right-hand side of the page (*see image below*).

Click on the “Sign Up for Alerts” button, enter and confirm the e-mail address you to which you would like the alert sent.

Understanding trade prices

Trade details provide price transparency to the market. The relationships among interest rate, price and yield, and any special conditions of a trade, are important in understanding the value of your bond.
