## **DESCRIPTION OF THE 2012A BONDS**

### **General**

The 2012A Bonds are being issued as fully registered bonds in the denomination of \$1,000 or integral multiples thereof. The 2012A Bonds are payable from the Pledged Revenues as described herein. The 2012A Bonds will be dated the date of delivery thereof, and will mature as set forth on the inside front cover. The 2012A Bonds will initially be issued exclusively in "book-entry" form. Ownership of one 2012A Bond for each maturity (as set forth on the inside front cover), each in the aggregate principal amount of such maturity, will be initially registered in the name of "Cede & Co." as registered owner and nominee for the Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the 2012A Bonds. Individual purchases of the 2012A Bonds will be made in book-entry form only, and the purchasers will not receive physical delivery of the 2012A Bonds or any certificate representing their beneficial ownership interest in the 2012A Bonds. See Appendix K, "PROVISIONS FOR BOOK-ENTRY ONLY SYSTEM OR REGISTERED BONDS" for a description of DTC, certain responsibilities of DTC, the Board of Governors and the Bond Registrar/Paying Agent, and the provisions for registration and registration of transfer of the 2012A Bonds if the book-entry only system of registration is discontinued.

## **REDEMPTION PROVISIONS**

### **Optional Redemption**

The 2012A Bonds maturing in the years 2014 through 2021 are not redeemable prior to their stated dates of maturity. The 2012A Bonds maturing in the year 2022 and thereafter (including any Term Bonds) are redeemable prior to their stated dates of maturity without premium, at the option of the Division of Bond Finance (i) in part, by maturities and/or Amortization Installments to be selected by the Division of Bond Finance, and by lot within a maturity and/or Amortization Installment if less than an entire maturity and/or Amortization Installment is to be redeemed, or (ii) as a whole, on July 1, 2021, or on any date thereafter, at the principal amount of the 2012A Bonds so redeemed, together with interest accrued thereon to the date of redemption.

### **Mandatory Redemption**

The 2012A Bonds scheduled to mature in and after 2022 are subject to a special option which permits the successful bidder to specify that all the principal amount of the 2012A Bonds in any two or more consecutive years will, in lieu of maturing in each of such years, be considered to comprise a single maturity of 2012A Bonds (a "Term Bond") scheduled to mature in the latest of such years and be subject to mandatory redemption from Amortization Installments in the principal amounts set forth on the inside front cover. The successful bidder may exercise the above option one or more times. Such notices of redemption will specify the serial numbers and the principal amount of the 2012A Bonds to be redeemed, if less than all, the date fixed for redemption and the redemption price. In lieu of mailing, the Bond Registrar/Paying Agent may elect to provide such notice of redemption by electronic means to any Registered Owner who has consented to such method of receiving notice.

Failure to give any required notice of redemption as to any particular 2012A Bonds will not affect the validity of the call for redemption of any 2012A Bonds in respect of which no such failure has occurred. Any notice mailed as provided in the Resolution will be conclusively presumed to have been duly given, whether or not the Registered Owner receives the notice.

Interest on the 2012A Bonds called for redemption will cease to accrue upon the redemption date.

## **PURPOSE OF THE ISSUE**

### **New Money Portion**

The proceeds derived from the sale of the 2012A Bonds will be used to pay the cost of the 2012A Project, fund capitalized interest, and to pay costs of issuance of the 2012A Bonds.

#### *The 2012A Project*

In addition to compliance with all applicable codes and standards, permits have been approved by the Division of State Fire Marshal. The University has indicated that there are no known environmental risks present at the site.

### **Refunding Portion**

The Refunding Portion of the 2012A Bonds, together with other legally available moneys will be used to refund all or a portion of the State of Florida, Board of Regents, Florida International University Housing Facility Revenue Bonds, Series 1998, maturing in the year 2028\*, in the outstanding principal amount of \$6,220,000\* (the "Refunded Bonds"). This refunding is being effectuated to achieve debt service savings.

Simultaneously with the delivery of the 2012A Bonds, an agreement will be entered into to provide for the investment of the proceeds of the 2012A Bonds and the Division of Bond Finance will cause a portion of the proceeds of the 2012A Bonds, and other legally available moneys, to be deposited in the State Treasury investment pool, a fund held and invested by the State Treasurer of Florida, or other legally authorized investments. The amount of proceeds initially deposited is expected to be sufficient to make all payments with respect to the Refunded Bonds. It is anticipated the Refunded Bonds will be economically defeased only; they will not be legally defeased but will remain Outstanding and will continue to be secured by the Pledged Revenues until redeemed.

The Refunded Bonds will be called for redemption (by separate redemption notice) at a redemption price equal to the principal amount thereof with interest and redemption premium due thereon through the redemption date. No proceeds of the 2012A Bonds will be available to pay debt service on the 2012A Bonds.

## 2012A Project Construction Fund

The Resolution provides for the creation of and deposit of the net proceeds of the New Money Portion of the 2012A Bonds into the Project Construction Trust Fund (the "Construction Fund"), a trust fund in the State Treasury to be used only for the payment of the costs of Housing System projects. A separate account (the "2012A Project Construction Fund") is being established for payment of construction costs of the 2012A Project. The Registered Owners of the 2012A Bonds will have a lien on all the proceeds of the New Money Portion of such Bonds deposited in the 2012A Project Construction Fund until such moneys are applied as provided in the Resolution. See "MISCELLANEOUS - Investment of Funds" below for policies governing the investment of the Construction Fund. Withdrawals from the Construction Fund are made as provided by law.

Funds remaining in the 2012A Project Construction Fund after completion of the 2012A Project shall be either (i) applied to fixed capital outlay projects of the Housing System or (ii) deposited into the Sinking Fund, to be used for the purposes thereof.

## SECURITY FOR THE 2012A BONDS

### Pledge of Housing System Revenues

The 2012A Bonds and the interest thereon constitute obligations of the Board on behalf of the University, and will be payable solely from and secured as to the payment of principal and interest by, a first lien on the Pledged Revenues on a parity with the Outstanding Bonds, which are anticipated to be outstanding in the aggregate principal amount of \$117,805,000\*, subsequent to the issuance of the 2012A Bonds excluding the Refunded Bonds. Pledged Revenues are derived from the room rental income and charges for services or space provided by the Housing System. The Housing System consists of the student living facilities of the University, as set forth in the Resolution, and such additional housing facilities as may be added to the Housing System, all as more fully described in "THE HOUSING SYSTEM" below. The Pledged Revenues consist of the revenues

\*Preliminary, subject to change.

of the Housing System, as defined in the Resolution, at the University after deducting the Current Expenses, the Administrative Expenses and the Rebate Amount, if any. Pledged Revenues resulting from the operation of the Housing System and the related debt service coverage ratios are set forth in "THE HOUSING SYSTEM - Historical Debt Service Coverage", below.

The 2012A Bonds are "revenue bonds" within the meaning of Article VII, Section 11(d), of the Florida Constitution, and are payable solely from funds derived directly from sources other than State tax revenues.

**The 2012A Bonds do not constitute a general obligation or indebtedness of the State of Florida or any of its agencies or political subdivisions and shall not be a debt of the State of Florida or of any agency or political subdivision thereof, the Board of Governors or the University, and the full faith and credit of the State is not pledged to the payment of the principal of, premium, if any, or interest on the 2012A Bonds. The issuance of the 2012A Bonds does not, directly or indirectly or contingently, obligate the State of Florida to use State funds, other than the Pledged Revenues, to levy or to pledge any form of taxation whatsoever or to make any appropriation for payment of the principal of, premium, if any, or interest on the 2012A Bonds.**

#### **Reserve Account\***

There will not be a Reserve subaccount funded for the 2012A Bonds. However, the Original Resolution creates the Reserve Account within the Sinking Fund, which is to be used for payments of debt service when the amounts in the Sinking Fund are insufficient therefor. Separate subaccounts in the Reserve Account may be established for one or more Series of Bonds. Each subaccount will only be available to cure deficiencies in the accounts in the Sinking Fund with respect to the Series of Bonds for which it is established. All subaccounts that currently comprise the Reserve Account are funded by Reserve Account Credit Facilities as permitted by the Resolution.

The Reserve Account is currently funded by debt service reserve account surety bonds from MBIA Insurance Corporation in the amount of \$7,131,329. Such subaccount may also serve as the subaccount for future Additional Bonds.

The Reserve Requirement for the 2012A Bonds has been determined to be zero. No deposit will be made to the Reserve Account from the proceeds of the 2012A Bonds.

See "MISCELLANEOUS - Bond Ratings" below for a discussion of potential and actual rating agency actions with respect to various insurance companies, including MBIA, currently providing reserve account surety bonds for various series of Outstanding Bonds.

In the event funds on deposit in the Sinking Fund are not sufficient to pay the principal and/or interest next coming due on the Bonds secured by a subaccount in the Reserve Account, then on or before the Interest Payment Date and the Principal Payment Date such amounts as may be necessary to pay such maturing principal and/or interest on the Bonds will be transferred to the Sinking Fund from the Reserve Account. Each debt service reserve account surety bond will be drawn upon in a proportion equal to its relative share of the amounts in the Reserve Account. Any withdrawals from the Reserve Account, including disbursements made under a Reserve Account Credit Facility, will be subsequently restored (or, in the case of a Reserve Account Credit Facility, the provider thereof will be reimbursed) from the first revenues available after all required Current Expenses, Administrative Expenses and current payments for the Sinking Fund, including any deficiencies for prior payments, have been made in full.

#### **Flow of Funds**

*Collection of Pledged Revenues.* Pledged Revenues are deposited into a trust fund (the "Revenue Fund") to be administered in accordance with the Resolution and applicable laws. After providing for the payments required below, the University may use the Pledged Revenues for optional redemption or purchase of Bonds or any lawful purpose of the University.

---

\*No reserve account is available for the 2012A Bonds.

*Application of Revenues.* All revenues on deposit in the Revenue Fund will be applied only in the following manner and order of priority:

(A) Payment of Current Expenses of the Housing System.

(B) Transfer to the Board of Administration of a sufficient amount of money no later than thirty days before an Interest Payment Date and/or a Principal Payment Date to be used as follows:

(1) for payment of Administrative Expenses;

(2) for deposit into the Sinking Fund an amount sufficient to pay the next installments of principal and interest to become due during the then current fiscal year, including Amortization Installments for any Term Bonds;

(3) for maintenance and establishment, if necessary, together with other moneys available for such purposes, of the Reserve Account in an amount equal to the Reserve Requirement, except to the extent a Reserve Account Credit Facility has been provided pursuant to the Resolution; and

(4) for deposit to the Rebate Fund, an amount of money sufficient to pay the Rebate Amount.

(C) Deposit into the Housing System Maintenance and Equipment Reserve Fund the amounts required by the Resolution to be deposited, as approved in the annual budget of the University.

(D) The balance not needed for (A), (B), and (C) above may be applied for optional redemption or purchase of Bonds or any lawful University purposes.

Any withdrawals from the Reserve Account, including disbursements made under a Reserve Account Credit Facility, will be subsequently restored (or, in the case of a Reserve Account Credit Facility, the provider thereof will be reimbursed) from the first revenues available after all required Current Expenses, Administrative Expenses and current payments for the Sinking Fund, including any deficiencies for prior payments, have been made in full.

Any unused portion of the Reserve Account may be used by the Board to reduce the final installments of the Annual Debt Service Requirement becoming due. If the funds on deposit in the Reserve Account exceed the Reserve Requirement with respect to the Series of Bonds secured thereby, such excess shall be used for the purposes and in the priority described above.

### **Covenants of the Board**

The Board has additionally covenanted in the Resolution as follows:

(A) That it will punctually apply the Pledged Revenues in the manner and at the times provided in the Resolution and that it will duly and punctually perform and carry out all the covenants of the Board and the duties imposed upon the Board by the Resolution.

(B) That in preparing, approving and adopting any budget controlling or providing for the expenditures of its funds for each budget period it will allocate, allot and approve from the Housing System Revenues and other available funds the amounts sufficient to apply the Pledged Revenues as provided in the Resolution.

(C) That it will from time to time recommend, fix and include in its budgets such revisions in the amounts of rentals and other fees to be levied upon and collected from each person using the facilities of the Housing System which will produce sums sufficient to pay, when due, the requirements set forth in the Resolution.

(D) That it will continue to collect the rentals charged all individuals served by the Housing System.

## **Additional Bonds**

The Original Resolution provides that Additional Bonds may be issued, but only upon the following terms, restrictions and conditions: (A) the proceeds from such Additional Bonds will be used to acquire and construct capital improvements to the Housing System or to refund outstanding Bonds; (B) the Board must request the issuance of the Additional Bonds; (C) the Board of Administration must approve the fiscal sufficiency of such Additional Bonds; (D) certificates will be executed by the Board setting forth (1) the average annual amount of Pledged Revenues from the two fiscal years immediately preceding the issuance of the proposed Additional Bonds, and (2) the maximum annual debt service on the Bonds then Outstanding and the Additional Bonds then proposed to be issued; (E) the Board and the University must be current in all deposits into the various funds and accounts and all payments theretofore required to have been deposited or made by it under the provisions of the Resolution and the Board and the University must be currently in compliance with the covenants and provisions of the Resolution and any supplemental resolution adopted for the issuance of Additional Bonds, unless upon the issuance of such Additional Bonds the Board and the University will be in compliance with all such covenants and provisions; and (F) the average annual amount of Pledged Revenues for the two immediately preceding fiscal years, as adjusted as provided for in the Resolution, will be at least equal to 120% of the maximum annual debt service on the Bonds then Outstanding, and the Additional Bonds then proposed to be issued.

The Original Resolution provides that for purposes of the Additional Bonds test, Pledged Revenues may be adjusted to reflect rate increases, additions to the housing facilities or the acquisition of additional housing facilities, or, in the event Pledged Revenues from housing facilities being constructed were collected for less than two fiscal years, then imputed rental rates for the two fiscal years immediately preceding issuance of such Additional Bonds may be considered.

All of the above terms, conditions and restrictions having been complied with, the 2012A Bonds will be issued on a parity with the Outstanding Bonds.

## **THE HOUSING SYSTEM**

**(Source: Florida International University)**

### **Introduction**

Florida International University (the "University") is a growing research institution located in a major urban area which serves the diverse academic needs of students through the offering of more than 175 baccalaureate, master's and doctoral degree programs. The University operates two primary campuses in Miami-Dade County, Florida – the main Modesto Maidique Campus ("MMC") located approximately 10 miles west of downtown Miami and the Biscayne Bay Campus ("BBC") located on Biscayne Bay in North Miami. Additionally, the University operates two satellite campuses: the Center for Engineering and Applied Science located near MMC and the Pines Center located in Broward County. The total student body, as of Fall 2011, totals about 48,000, of whom, approximately 82% are undergraduates and over 27,000 are full-time students.

The University has limited on-campus housing, with a current capacity of up to 2,851 students living on-site as of Fall 2011. The Department of Housing and Residential Life (the "Housing Office"), within the Division of Student Affairs, operates the University's housing auxiliary and residential programs. The Housing Office has responsibility for operational oversight, facilities management and on-site student affairs management at each residential facility. The Housing Office supports the mission of the University by providing a living environment which fosters the educational pursuits of a diverse student population. The facilities and services are designed to provide a supportive and safe environment, accommodating the needs of students.

### **Staffing**

The Housing Office employs more than 60 full-time and 100 part-time employees during the year and is organized into four service groups: Front Office Operation/Student Records, Assignments and Contracts, Fiscal Operations and Department Administration. The Executive Director is the chief housing officer and is designated as the overall department head. The Executive Director develops and monitors budgets, establishes policies and procedures, and provides direction, leadership, and strategic planning for the department.

Each housing facility has on-site staff responsible for providing support services to the residents and for the operational needs of the Housing Office. Each facility has a Residence Life Coordinator, an Assistant Residence Life Coordinator, and Resident Assistants. The Residence Life Coordinator is a full-time professional who lives in the facility and oversees the educational and operational functions of the housing area. The Assistant Residence Life Coordinator is a graduate student, and the Resident Assistants are full-time undergraduate students who have been specially selected and trained to act as peer advisors for the complex to which they are assigned.

### **Housing Facilities**

The overall design capacity of the on-campus housing facilities, comprising the Housing System, is approximately 2,999 beds.

In 1984, the University opened its first residence hall, Bay Vista Housing, located on the BBC in northern Miami-Dade County. The complex is a four-story facility with apartment style accommodations including studios, efficiencies and one- and two-bedroom suites. All apartments are air-conditioned, fully furnished and equipped with cooking facilities. This facility underwent a three-year, \$4.1 million refurbishment project from 1999 to 2001, which reduced the design capacity from 479 to 288 beds. The project converted double occupancy rooms to single occupancy rooms, upgraded telecommunications and renewed room furnishings.

In 1986, the University opened the University Park Apartments on MMC with an original design capacity of 732 beds and a current design capacity of 593 beds. The complex is comprised of ten buildings with various types of apartment-style accommodations including efficiencies, and one-, two- and four-bedroom units (most of which are double-occupancy bedrooms). All units are fully furnished and equipped with complete kitchens. Outdoor recreational facilities include a gazebo, a sand volleyball court, a basketball court and a central complex building. This facility underwent a two-year, \$2.5 million renovation project in 2001 to replace defective plumbing fixtures and refurbish kitchens and bathrooms.

In 1996, Panther Hall opened with a design capacity of 410 beds in two-bedroom, double-occupancy suites with private baths. It was designed to provide a "traditional" undergraduate living experience and to serve the University's conference housing needs during the summer months. Panther Hall offers special living options to students participating in the FYRST (First Year Residents Succeeding Together) and Honors programs.

University Park Towers, with a design capacity for 495 beds, opened in Fall 2000. The University Park Towers consists of two ten-story towers with an attached four-story building. The living units are mostly four-bedroom (each single-occupancy), two-bath apartment units, with a limited number of private studio apartments and two-bedroom, single-occupancy apartments. The complex includes additional parking and support services areas for administrative offices, classroom space, maintenance services, and professional staff housing.

Everglades Hall opened at the MMC in Fall 2002 and has a current design capacity of 388 beds. Everglades Hall consists of apartment style accommodations that include three-bedroom (single occupancy) one-bath apartment units with kitchens. The complex adjoins University Park Towers.

Lakeview Hall opened at the MMC in Fall 2006 and has a current design capacity of 825 beds. Lakeview Hall comprises two buildings, Lakeview North and Lakeview South. Lakeview South is a first- year residence hall for the FYRST program. Lakeview North provides housing for students entering their sophomore year or above.

Outlined below is a description of the residence halls and apartments that currently comprise the Housing System. All facilities are equipped with unlimited computer access via an Ethernet connection, local telephone service and cable TV service.

<sup>2</sup> The original design capacity was 732 beds.

## **Capital Improvement Plan**

The Director of Housing, in conjunction with the University Facilities Planning Department, develops and implements capital improvement projects in a five-year cycle.

### ***Expansion of Housing System***

The 2012A Project, which is scheduled to open in Fall 2013, will add 620 beds to the Housing System, increasing on-campus housing from 2,999 beds to 3,619 beds. Following construction and occupancy of the 2012A project, the University would additionally require approximately 3,000 bed spaces to meet the University's goal to house 20% of students on-campus by Fall 2016 (9% of students were housed on campus as of Fall 2011). The primary housing need is at the MMC. University officials anticipate that additional housing facilities will be added to the Housing System as demand is identified by future needs assessments.

## ***Renovations & Maintenance***

No major renovation and maintenance project needs have been identified for the University's housing facilities. The University budgets approximately \$800,000 annually for general maintenance work on the residence halls.

## **Insurance on Facilities**

All University facilities, and the contents thereof, are insured under the Florida Insurance Trust Fund as required by Chapter 284, Florida Statutes. The 2012A project will also be insured in this manner. Prior to acceptance by the University, and throughout the duration of construction, the State University System requires that the general contractor insure the 2012A project, including materials, equipment, vehicles, and personnel.

Rental value insurance is also provided covering loss of revenue from any facility due to catastrophic events. Both the Director of Housing and the Director of Risk Management review all insurance policies on an annual basis.

## **Demand for On-Campus Housing**

The University has very limited on-campus housing. Student enrollment as of Fall 2011 is approximately 48,000. With the addition of the Law School, Bowl Championship Subdivision Football, and the Medical School, the University anticipates unprecedented growth in demand for on-campus housing services. The University received up to 300 oversubscriptions for bed spaces in Fall 2010 and 2011. The oversubscriptions were mitigated by the University's voluntary release of local area students from housing contracts and ending the acceptance of new applications earlier than usual.

## **Occupancy Statistics**

The chart below indicates the occupancy rates as compared to the capacity of the Housing System for the past ten years. The occupancy statistics are based on students residing in University housing as of the fourth week of the Fall semester. Students may only be released from their housing contracts if they withdraw from the University, with partial refunds being made only through the seventh week of the semester. Occupancy statistics are therefore not subject to significant change after that time.

2011	2,851	2,686	94.0%	97.0%	69.0%	47,966	28,823	9%

<sup>1</sup> Total Housing Capacity reflects the University's practice of honoring students' requests for single-occupancy bedrooms in units which could otherwise serve as double-occupancy housing, and therefore may differ from design capacity. See "Current Housing."

<sup>2</sup> Everglades Hall was added to the Housing System, increasing bed spaces by approximately 388.

<sup>3</sup> The decrease in total occupancy resulted from lower occupancy of the Bay Vista Housing complex (81%), primarily due to a decrease in student enrollment at the Biscayne Bay Campus; occupancy for the Modesto Maidique Campus was at 100%.

<sup>4</sup> Lakeview Hall was added to the Housing System, increasing bed spaces by approximately 825.

## Payment and Collection

The University requires students to either pay the semester housing fee in full, or obtain an approved fee deferral request prior to occupancy. Housing fee deferral requests are approved upon receipt of notice of financial aid award by the University Financial Aid Office. More than half of the students residing in University housing select the financial aid method of payment, with the rest either paying in full or through the Florida Prepaid College Program. The University has implemented a net-check system to facilitate the collection of housing fees from students receiving financial aid awards. The net-check system automatically deducts the full amount owed by the student from his or her financial aid award prior to disbursement of financial aid. Students who receive insufficient financial aid are required to pay the difference in advance of occupancy. Under unique circumstances, the Assistant Director of Housing or designee may provide a student with a payment plan.

University housing agreements are issued for the entire academic year (fall and spring semesters). Separate housing agreements are issued for the summer semester. Release from the housing agreement is limited to circumstances, which involve the students' withdrawal from the University. Students withdrawing from the University may receive a partial refund of their housing fees, based on the specific period of time the student resided in a University housing facility. No refunds are given after the seventh week of the semester. The housing agreement clearly describes the students' obligation to adhere to all University and housing policies.

Accounts receivable are held in the housing accounting office until a week before the close of classes for the semester. If accounts are not paid in full by that time, they are transferred to the University-wide accounts receivable and a hold is placed on the students' records. A hold prevents a student from receiving a transcript or diploma until the account is paid. Students with unpaid balances are also precluded from registering for classes.

The housing fee collection rates for the most recent semesters for which information is available are set forth in the following table.

<b><u>5 Year Historical Average</u></b>	<b><u>Collection Rate %*</u></b>
Fall 2006-2010	99.50%
Spring 2007-2011	99.21%

\* The collection rates are based on the outstanding balances at the end of each semester.

## Housing System Rental Rates

On-campus housing rental rates at the University are reviewed on an annual basis. The Director of Housing meets with a housing advisory committee early in the spring semester to make a recommendation for any rental rate increase for the following academic year. If an increase is recommended, student government leaders, resident assistants, and all residential students are informed through meetings and written communication. In compliance with standard practice within the State University System, the Director of Housing submits the recommendation as a request through the University President's Office to the Board of Trustees for approval, along with a financial plan and information on the financial status of the Housing System.

The following table shows historical and projected rental rates based on the typical housing accommodations offered by the University. While a limited number of other unit types may be offered, they are not used as the basis for revenue estimates because the University believes this would not accurately present its expectations. The projected rental rates are for illustration only, and management of the University makes no representation as to whether any rental rate increases will be made in the future. Rental rate increases are based on annual market surveys and needs analyses.

Panther Hall and Lakeview Hall rental rates include a mandatory meal plan totaling \$1,769 for Fall 2011. The revenue generated from meal plans is collected by the Housing System and passed through to the outside contractor. Housing meal plans are expected to generate \$4.1 million in Fiscal Year 2011-12.

<sup>1</sup> On-campus rental rates includes utilities, cable and internet.

<sup>2</sup> Assumes 3% increase in rental rates beginning Fiscal Year 2012-13 through Fiscal Year 2015-16. No increases in rental rates are projected for Bay Vista.

### **Comparison of Housing Rates**

The University solicited Brailsford & Dunlavey to complete a survey of comparable off-campus facilities. The average rent for an off-campus two-bedroom apartment is currently \$756 per month, per person. This off-campus rate includes an estimate for utilities and telephone service and does not include security deposits or transportation costs. Typical off-campus apartments require a 12-month lease with residents remaining liable for the total rental in the event a roommate withdraws from the University or fails to pay his or her portion of the rent. The off-campus facilities selected for this survey were located within a driving distance of up to 25 miles from the University. These off-campus accommodations are primarily occupied by non-students.

Currently, rental rates for the typical on-campus, fully furnished, air-conditioned two-bedroom apartment average \$654 to \$825 per month per student. These rates include all utility costs, local telephone service, basic cable television, pest control, unlimited on-line Internet access and a supervisory staff. The University's on-campus housing facility rates compare favorably with off-campus housing rental rates.

**Budgetary Information**

Each spring, the proposed budget for the housing program for the ensuing fiscal year is finalized. The budget figures are based upon actual numbers from the prior year, current fiscal year activity, and projected changes in cost structures anticipated for future fiscal years. The budget for the Housing System is prepared by the Executive Director for Student Affairs Operations and Auxiliaries. The proposed budget is reviewed by the University Budget Office and approved by the Vice President for Student Affairs. Any changes to the total budget are submitted to the University Budget Office with a financial plan indicating the purpose of the proposed expenditure, the effect on revenues, and/or whether available cash balances will be used.

The Senior Associate Director for Housing oversees and monitors the budget and controls all purchasing and accounts payable activities. Budget plans are routinely adhered to with very few exceptions. The University Budget Office monitors each auxiliary enterprise to ensure that budgeted spending authority is not exceeded.

Housing rental rate increases generally are implemented on an annual basis. Both the Vice President for Student Affairs and the President of the University review and approve the budgets prior to forwarding to the Board of Trustees for concurrence.

The following table sets forth the Housing System's proposed operating budgets and actual results for Fiscal Years 2009-10 and 2010-11 as well as budget information for Fiscal Year 2011-12. This information has been prepared by the University on a cash basis for internal management purposes and has not been audited.

### **Selected Historical Financial Information**

The following tables set forth selected historical financial information for the University Housing System for Fiscal Years 2007-08 through 2010-11. The financial information for the Housing System was prepared by the University for internal management purposes as an integral part of the University's financial statements and was not independently audited.

The information provided below has been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America applicable to public colleges and universities as prescribed by the Governmental Accounting Standards Board (GASB). GASB allows public universities various reporting options. The University has elected to report as an entity engaged in only business-type activities. This election requires the adoption of the accrual basis of accounting and entity-wide reporting. As a result, the financial statements prepared for the fiscal years presented below include depreciation expense; assets and related liabilities from the investment in plant group; and construction assets, liabilities, and related financial activity. In addition, the Balance Sheets have been replaced by the Statement of Net Assets; and the Statement of Changes in Fund Balances has been replaced by the Statement of Revenues, Expenses and Changes in Net Assets.

The activities of the Housing System are included in the University Financial Statements. The University Financial Statements are subject to audit procedures as part of the audit of Florida's Comprehensive Annual Financial Report. Additionally, beginning in Fiscal Year 2001-02, the University's Financial Statements are independently audited by the State Auditor General's office.

## **TAX MATTERS**

### **General**

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met subsequent to the issuance and delivery of the 2012A Bonds in order that interest on the 2012A Bonds be and remain excluded from gross income for purposes of federal income taxation. Non-compliance may cause interest on the 2012A Bonds to be included in federal gross income retroactive to the date of issuance of the 2012A Bonds, regardless of the date on which such non-compliance occurs or is ascertained. These requirements include, but are not limited to, provisions which prescribe yield and other limits within which the proceeds of the 2012A Bonds and the other amounts are to be invested and require that certain investment earnings on the foregoing must be rebated on a periodic basis to the Treasury Department of the United States. The Board, the Division of Bond Finance and the Board of Administration have covenanted in the Resolution to comply with such requirements in order to maintain the exclusion from federal gross income of the interest on the 2012A Bonds.

In the opinion of Bond Counsel, assuming compliance with the aforementioned covenants, under existing laws, regulations, judicial decisions and rulings, interest on the 2012A Bonds is excluded from gross income of the holders thereof for purposes of federal income taxation. Interest on the 2012A Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals or corporations, however, interest on the 2012A Bonds will be taken into account in determining adjusted current earnings for purposes of computing the alternative minimum tax on corporations. The 2012A Bonds and the income thereon are not subject to any tax under the laws of the State of Florida except estate taxes imposed by Chapter 198, Florida Statutes, as amended, and net income and franchise taxes imposed by Chapter 220, Florida Statutes, as amended.

Except as described above, Bond Counsel will express no opinion regarding the federal income tax consequences resulting from the ownership of, receipt or accrual of interest on, or disposition of 2012A Bonds. Prospective purchasers of 2012A Bonds should be aware that the ownership of 2012A Bonds may result in collateral federal income tax consequences, including (i) the denial of a deduction for interest on indebtedness incurred or continued to purchase or carry 2012A Bonds, (ii) the reduction of the loss reserve deduction for property and casualty insurance companies by 15% of certain items, including interest on the 2012A Bonds, (iii) the inclusion of interest on the 2012A Bonds in earnings of certain foreign corporations doing business in the United States for purposes of a branch profits tax, (iv) the inclusion of interest on 2012A Bonds in passive income subject to federal income taxation of certain Subchapter S corporations with Subchapter C earnings and profits at the close of the taxable year, and (v) the inclusion of interest on the 2012A Bonds in "modified adjusted gross income" by recipients of certain Social Security and Railroad Retirement benefits for purposes of determining whether such benefits are included in gross income for federal income tax purposes.

Interest paid on tax-exempt bonds such as the 2012A Bonds is subject to information reporting to the Internal Revenue Service in a manner similar to interest paid on taxable obligations. This reporting requirement does not effect the excludability of interest on the 2012A Bonds from gross income for federal income tax purposes. However, in conjunction with that information reporting requirement, the Code subjects certain non-corporate owners of 2012A Bonds, under certain circumstances, to "backup withholding" at (i) the fourth lowest rate of tax applicable under Section 1(c) of the Code (i.e., a rate applicable to unmarried individuals) for taxable years beginning on or before December 31, 2012;

and (ii) the rate of 31% for taxable years beginning after December 31, 2012, with respect to payments on the 2012A Bonds and proceeds from the sale of 2012A Bonds. Any amount so withheld would be refunded or allowed as a credit against the federal income tax of such owner of 2012A Bonds. This withholding generally applies if the owner of Bonds (i) fails to furnish the payor such owner's social security number or other taxpayer identification number "(TIN)", (ii) furnished the payor an incorrect TIN, (iii) fails to properly report interest, dividends, or other "reportable payments" as defined in the Code, or (iv) under certain circumstances, fails to provide the payor or such owner's securities broker with a certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding. Prospective purchasers of the 2012A Bonds may also wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

### **Tax Treatment of Bond Premium**

Certain of the 2012A Bonds may be offered at prices in excess of the principal amount thereof. Under the Code, the excess of the cost basis of a bond over the principal amount of the bond (other than for a bondholder who holds a bond as inventory, stock in trade, or for sale to customers in the ordinary course of business) is generally characterized as "bond premium." For federal income tax purposes, bond premium is amortized over the term of the bonds or to the first optional redemption date in the case of callable bonds. A bondholder will therefore be required to decrease his basis in the 2012A Bonds by the amount of amortizable bond premium attributable to each taxable year such bondholder holds such 2012A Bond. The amount of the amortizable bond premium attributable to each taxable year is determined on an actuarial basis at a constant interest rate compounded on each interest payment date. The amortizable bond premium attributable to a taxable year is not deductible for federal income tax purposes.

Bondholders of such 2012A Bonds should consult their own tax advisors with respect to the precise determination of federal income tax treatment of bond premium upon sale, redemption, or other disposition of such 2012A Bonds.

### **Tax Treatment of Original Issue Discount**

Certain of the 2012A Bonds may be offered and sold to the public at prices below their maturity amount. Under the Code, the difference between the maturity amounts of such 2012A Bonds and the initial offering price to the public, excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers, at which price a substantial amount of 2012A Bonds of the same maturity was sold is "original issue discount." Original issue discount will accrue over the terms of such 2012A Bonds at a constant interest rate compounded periodically. A purchaser who acquires such 2012A Bonds in the initial offering at a price equal to the initial offering price thereof to the public will be treated as receiving an amount of interest excludable from gross income for federal income tax purposes equal to the original issue discount accruing during the period he holds such 2012A Bonds, and will increase his adjusted basis in such 2012A Bonds by the amount of such accruing discount for purposes of determining taxable gain or loss on the sale or other disposition of such 2012A Bonds. The federal income tax consequences of the purchase, ownership and redemption, sale or other disposition of such 2012A Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those above. Owners of such 2012A Bonds should consult their own tax advisors with respect to the precise determination for federal income tax purposes of interest accrued upon sale, redemption or other disposition of 2012A Bonds and with respect to the state and local tax consequences of owning and disposing of such 2012A Bonds.

**Purchase, ownership or sale or disposition of the 2012A Bonds and the receipt of the interest thereon may have adverse federal tax consequences for certain individual and corporate bondholders. Prospective 2012A Bondholders should consult their tax specialists for information in that regard.**

During recent years legislative proposals have been introduced in Congress, and in some cases enacted, that altered certain federal tax consequences resulting from the ownership of obligations that are similar to the 2012A Bonds. In some cases these proposals have contained provisions that altered these consequences on a retroactive basis. Such alteration of federal tax consequences may have affected the market value of obligations similar to the 2012A Bonds. From time to time, legislative proposals are pending which could have an effect on both the federal tax consequences resulting from ownership of the 2012A Bonds and their market value. No assurance can be given that legislative proposals will not be enacted that would apply to, or have an adverse effect upon, the 2012A Bonds. For example, in connection with federal deficit reduction, job creation and tax law reform efforts, proposals have been made and others

are likely to be made that could significantly reduce the benefits of, or otherwise affect, the exclusion from gross income of interest on obligations like the 2012A Bonds. There can be no assurance that any such legislation will be enacted, and if enacted, what form it may take. The introduction or enactment of any such legislative proposals may affect, perhaps significantly, the market price for, or marketability of the 2012A Bonds.

## **State Taxes**

The 2012A Bonds and the income therefrom are not subject to any taxation by the State or any county, municipality, political subdivision, agency, or instrumentality of the State, except estate taxes imposed by Chapter 198, Florida Statutes, as amended, and net income and franchise taxes imposed by Chapter 220, Florida Statutes, as amended.

Florida laws governing the imposition of estate taxes do not provide for an exclusion of state or local bonds from the calculation of the value of the gross estate for tax purposes. Florida's estate tax is generally calculated on the basis of the otherwise unused portion of the federal credit allowed for state estate taxes. Under Chapter 198, Florida Statutes, all values for state estate tax purposes are as finally determined for federal estate tax purposes. Since state and local bonds are included in the valuation of the gross estate for federal tax purposes, such obligations would be included in such calculation for Florida estate tax purposes. Prospective owners of the 2012A Bonds should consult their own attorneys and advisors for the treatment of the ownership of the 2012A Bonds for estate tax purposes.

The 2012A Bonds and the income therefrom are subject to the tax imposed by Chapter 220 on interest, income, or profits on debt obligations owned by corporations and other specified entities.

## **MISCELLANEOUS**

### **Investment of Funds**

All State funds are invested by either the Chief Financial Officer or the Board of Administration.

*Funds held pursuant to the Resolution* - The Resolution directs the manner in which amounts held in the various funds may be invested. At closing, the net proceeds the New Money Portion of the 2012A Bonds will be deposited into the 2012A Project Construction Fund in the State Treasury to pay the costs of the 2012A Project, and the net proceeds of the Refunding Portion of the 2012A Bonds will be deposited in a fund in the State Treasury or held Uninvested in cash for purposes of refunding the Refunded Bonds. After collection, the Pledged Revenues are transferred to the Revenue Fund in the State Treasury, and amounts required for debt service are transferred to the Sinking Fund held by the Board of Administration. See "*Investment by the Chief Financial Officer*" and "*Investment by the Board of Administration*" below.

*Investment by the Chief Financial Officer* - Funds held in the State Treasury are invested by internal and external investment managers. As of December 31, 2011, the ratio was approximately 52% internally managed funds, 36% externally managed funds, and 12% Certificates of Deposit and Security Lending. The total portfolio market value was \$19,802,538,327.72 on December 31, 2011.

Under State law, the Treasury is charged with investing funds of each State agency and the judicial branch. As of December 31, 2011, \$10.229 billion of the investments in the Treasury consisted of accounts held by State agencies that are required by law to maintain their investments in the Treasury. An additional \$7.413 billion as of this date consisted of moneys held by certain boards, associations, or entities created by the State Constitution or by State law that are not required to maintain their investments with the Treasury and are permitted to withdraw these funds from the Treasury.

As provided by State law, the Treasury must be able to timely meet all disbursement needs of the State. Accordingly, the Treasury allocates its investments to provide for estimated disbursements plus a cushion for liquidity in instances of greater-than-expected disbursement demand.

To this end, a portion of Treasury's investments are managed for short-term liquidity and preservation of principal. The remainder is managed to obtain maximum yield, given the safety parameters of State law and Treasury's

investment policies. Investments managed for short-term liquidity and preservation of principal are managed "internally" by Treasury personnel. The majority of investments managed for a maximum return are managed by "external" investment managers not employed by the State, although a portion (approximately \$2.4 billion) of such investments is managed internally by Treasury personnel.

The Externally Managed Investment Program provides long-term value while limiting risk appropriately and provides a backup source of liquidity. External investment strategy focuses on medium-term and long-term fixed income securities, rather than money market instruments, in order to take advantage of higher returns historically achieved by such securities. Portfolio managers are hired to actively manage funds. These funds may be invested in U.S. Treasury government agency obligations, investment grade corporate debt, municipal debt, mortgage backed securities, asset backed securities, negotiable certificates of deposit, and U.S. dollar denominated investment-grade foreign bonds that are registered with the Securities and Exchange Commission. The managers may also use leveraging techniques such as forward purchase commitments, covered options, and interest rate futures.

*Investment by the Board of Administration* - The Board of Administration manages investment of assets on behalf of the members of the Florida Retirement System (the "FRS") Defined Benefit Plan. It also acts as sinking fund trustee for most State bond issues and oversees the management of a short-term investment pool for local governments and smaller trust accounts on behalf of third party beneficiaries.

The Board of Administration adopts specific investment policy guidelines for the management of its funds which reflect the long-term risk, yield, and diversification requirements necessary to meet its fiduciary obligations. As of December 31, 2011, the Board of Administration directed the investment/administration of 38 funds in over 480 portfolios.

As of December 31, 2011, the total market value of the FRS (Defined Benefit) Trust Fund was \$118,235,090,454. The Board of Administration pursues an investment strategy which allocates assets to different investment types. The long-term objective is to meet liability needs as determined by actuarial assumptions. Asset allocation levels are determined by the liquidity and cash flow requirements of the FRS, absolute and relative valuations of the asset class investments, and opportunities within those asset classes. Funds are invested internally and externally under a Defined Benefit Plan Investment Policy Statement.

The Board of Administration uses a variety of derivative products as part of its overall investment strategy. These products are used to manage risk or to execute strategies more efficiently or more cost effectively than could be done in the cash markets. They are not used to speculate in the expectation of earning extremely high returns. Any of the products used must be within investment policy guidelines designed to control the overall risk of the portfolio.

The Board of Administration invests assets in 37 designated funds other than the FRS (Defined Benefit) Trust Fund. As of December 31, 2011, the total market value of these funds equaled \$30,943,743,416. Each fund is independently managed by the Board of Administration in accordance with the applicable documents, legal requirements and investment plan. Liquidity and preservation of capital are preeminent investment objectives for most of these funds, so investments for these are restricted to high quality money market instruments (e.g., cash, short-term treasury securities, certificates of deposit, banker's acceptances, and commercial paper). The term of these investments is generally short, but may vary depending upon the requirements of each trust and its investment plan.

Investment of bond sinking funds is controlled by the resolution authorizing issuance of a particular series of bonds. The Board of Administration's investment policy with respect to sinking funds is that only U.S. Treasury securities, and repurchase agreements backed thereby, be used.

## **Bond Ratings**

Standard & Poor's Ratings Services, Moody's Investors Service and Fitch Ratings (herein referred to collectively as "Rating Agencies"), have assigned their municipal bond ratings of \_\_\_\_, \_\_\_\_ and \_\_\_\_, respectively, to the 2012A Bonds. Such ratings reflect only the respective views of such Rating Agencies at the time such ratings were issued, and an explanation of the significance of such ratings may be obtained from any of the respective rating agencies.

The Division of Bond Finance, the Board and the University furnished to such Rating Agencies certain information and material in respect to the State and the 2012A Bonds. Generally, Rating Agencies base their ratings on such information and materials and on investigations, studies and assumptions made by the Rating Agencies. There is

no assurance that such ratings will be maintained for any given period of time or that they may not be lowered, suspended or withdrawn entirely by the Rating Agencies, or any of them, if in their or its judgment, circumstances warrant. Any such downward change in, suspension of or withdrawal of such ratings may have an adverse effect on the market price of the 2012A Bonds.

Certain companies provide either bond insurance or reserve account surety bonds on various series of Outstanding Bonds. The Rating Agencies have evaluated (and are continuing to evaluate) the effects of the downturn in the market for certain structured finance instruments, including collateralized debt obligations and residential mortgage backed securities, on the claims-paying ability of financial guarantors. The results of these evaluations have included and may include additional ratings affirmations, changes in rating outlook, reviews for downgrade, and downgrades. To date, the Rating Agencies have downgraded the following companies as indicated: Assured Guaranty Corp. (Assured) - S&P/AA-, Moody's/Aa3; Assured Guaranty Municipal Corp. (AG Muni - formerly, Financial Security Assurance Inc.) - S&P/AA-, Moody's/Aa3; MBIA Insurance Corporation - S&P/B, Moody's/B3; and Syncora Guarantee Inc. (Syncora) - Moody's/Ca. Assured has a negative outlook by Moody's and a stable outlook by S&P. AG Muni has a negative outlook by Moody's and a stable outlook by S&P. MBIA has a negative outlook by S&P and is under review for a downgrade by Moody's. Fitch has withdrawn its ratings for Ambac Assurance Corporation (Ambac), Financial Guaranty Insurance Company (FGIC), MBIA, Syncora, Assured and AG Muni; Moody's and S&P have withdrawn their ratings for FGIC and Ambac. S&P has withdrawn its ratings for Syncora. Potential investors are directed to the Rating Agencies for additional information on their ongoing evaluations of the financial guaranty industry and individual financial guarantors.

### **Litigation**

Currently there is no litigation pending, or to the knowledge of the University, the Board or the Division of Bond Finance threatened, which if successful would have the effect of restraining or enjoining the issuance or delivery of the 2012A Bonds or the fixing or collection of the revenues pledged thereto. Nor is there currently any litigation pending, or to the knowledge of the University, the Board, or the Division of Bond Finance threatened which questions or affects the validity of the 2012A Bonds, or the proceedings and authority under which the 2012A Bonds are to be issued. Further, the corporate existence of the Board, or the title of the present officers to their respective offices. The University, the Board and the Division of Bond Finance from time to time engage in certain routine litigation the outcome of which would not be expected to have any material adverse effect on the issuance and delivery of the 2012A Bonds.

### **Legal Opinion and Closing Certificates**

The approving legal opinion of Bryant Miller Olive P.A., Tallahassee, Florida, will be provided on the date of delivery of the 2012A Bonds, as well as a certificate, executed by appropriate State officials, to the effect that to the best of their knowledge the Official Statement, as of its date and as of the date of delivery of the 2012A Bonds, does not contain an untrue statement of a material fact or omit to state a material fact which should be included herein for the purpose for which the Official Statement is intended to be used, or which is necessary to make the statements contained herein, in the light of the circumstances under which they were made, not misleading. Underwriters may offer and sell the 2012A Bonds to certain dealers (including dealers depositing bonds into investment trusts), at prices lower than the offering price stated on the inside front cover.

Any and all Bonds redeemed prior to maturity shall be duly canceled by the Bond Registrar/Paying Agent and shall not be reissued.

In addition to the foregoing notice, further notice shall be given by the Bond Registrar/Paying Agent as set out below, but no defect in said further notice nor any failure to give all or a portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed above.

Any of the signatures required hereinabove may be a facsimile signature imprinted or reproduced on the Bonds. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer of the Board of Regents before the Bonds so signed and sealed shall have been actually sold and delivered, the Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office.

A certificate as to validation, if any, in the form hereinafter provided, shall be executed with the facsimile signature of any present or future Chairman of the Governing Board.

**SECTION 2.07. REGISTRATION AND TRANSFER.** The Bonds shall be issued only as fully registered bonds without coupons. The Bond Registrar/Paying Agent shall be responsible for maintaining the books for the registration of and for the transfer of the Bonds in compliance with its agreement with the State.

Upon surrender to the Bond Registrar/Paying Agent for transfer or exchange of any Bond, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or his attorney duly authorized in writing, the Bond Registrar/Paying Agent shall deliver in the name of the transferee or transferees a fully registered Bond or Bonds of authorized denominations of the same maturity for the aggregate principal amount which the Registered Owner is entitled to receive.

All Bonds presented for transfer, exchange, redemption or payment shall be accompanied (if so required by the Division of Bond Finance or the Bond Registrar/Paying Agent) by a written instrument or instruments of transfer or authorization for exchange, in form and with guaranty of signature satisfactory to the Division of Bond Finance and the Bond Registrar/Paying Agent, duly executed by the Registered Owner or by his duly authorized attorney.

Neither the Division of Bond Finance nor the Bond Registrar/Paying Agent may charge the Registered Owner or his transferee for any expenses incurred in making any exchange or transfer of the Bonds. However, the Division of Bond Finance and the Bond Registrar/Paying Agent may require payment from the Registered Owner of a sum sufficient to cover any tax, fee, or other governmental charge that may be imposed in relation thereto. Such governmental charges and expenses shall be paid before any such new Bond shall be delivered.

New Bonds delivered upon any transfer or exchange shall be valid obligations of the Board of Regents evidencing the same debt as the Bonds surrendered, shall be secured by this Resolution, and shall be entitled to all of the security and benefits hereof to the same extent as the Bonds surrendered.

The Board of Regents and the Bond Registrar/Paying Agent may treat the Registered Owner of any Bond as the absolute owner thereof for all purposes, whether or not such Bond shall be overdue, and shall not be bound by any notice to the contrary.

Notwithstanding the foregoing provisions of this section, the Division of Bond Finance reserves the right, on or prior to the delivery of the Bonds, to amend or modify the foregoing provisions relating to registration of the Bonds in order to comply with all applicable laws, rules, and regulations of the United States and the State of Florida relating thereto.

**SECTION 2.08. AUTHENTICATION.** No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Resolution unless and until a certificate of authentication on such Bond substantially in the form herein set forth shall have been duly executed by the manual signature of the Bond Registrar/Paying Agent, and such executed certificate of the Bond Registrar/Paying Agent upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this Resolution. The Bond Registrar/Paying Agent's certificate of authentication on any Bond shall be deemed to have been executed by it if signed by an authorized officer or signatory of the Bond Registrar/Paying Agent, but it shall not be necessary that the same officer or signatory sign the certificate of authentication on all of the Bonds issued hereinafter.

**SECTION 2.09. DISPOSITION OF BONDS PAID OR EXCHANGED.** Whenever any Bond shall be delivered to the Bond Registrar/Paying Agent for cancellation, upon payment of the principal amount thereof or for replacement or transfer or exchange, such Bond shall either be canceled and retained by the Bond Registrar/Paying Agent

for a period of time specified in writing by the Division of Bond Finance or the Board of Administration, or, at the option of the Division of Bond Finance or the Board of Administration, shall be canceled and destroyed by the Bond Registrar/Paying Agent and counterparts of a certificate of destruction evidencing such destruction shall be furnished to the Division of Bond Finance or the Board of Administration.

**SECTION 2.10. BONDS MUTILATED, DESTROYED, STOLEN OR LOST.** In case any Bond shall become mutilated, or be destroyed, stolen or lost, the Division of Bond Finance may in its discretion issue and deliver a new Bond of like tenor as the Bond so mutilated, destroyed, stolen, or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Registered Owner furnishing the Division of Bond Finance proof of ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Division of Bond Finance may prescribe and paying such expense as the Division of Bond Finance may incur. All Bonds so surrendered shall be canceled by the Bond Registrar/Paying Agent. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Division of Bond Finance may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Any such duplicate Bond issued pursuant to this section shall constitute original, additional, contractual obligations on the part of the Board of Regents, whether or not the lost, stolen or destroyed Bond be at any time found by anyone and such duplicate Bond shall be entitled to equal and proportionate benefits and rights as to lien, source and security for payment, pursuant to this Resolution from the Pledged Revenues.

**SECTION 2.11. FORM OF BONDS.** The text of the Bonds, together with the validation certificate to be endorsed thereon, shall be substantially of the following tenor, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted by this Resolution or any subsequent resolution adopted prior to the issuance thereof:

**(Form of Bond intentionally omitted)**

### **ARTICLE III AUTHORITY TO CONSTRUCT THE 1998 PROJECT; APPLICATION OF PROCEEDS; INVESTMENT OF 1998 PROJECT CONSTRUCTION FUND**

**SECTION 3.01. AUTHORITY TO CONSTRUCT THE 1998 PROJECT.** The Board of Regents is authorized to cause the completion of the 1998 Project from the proceeds derived from the sale of the 1998 Bonds and other legally available funds, subject to the provisions of this Resolution and the applicable laws of the State.

**SECTION 3.02. APPLICATION OF 1998 BOND PROCEEDS.** Upon receipt of the proceeds of the sale of the 1998 Bonds, and after reserving an amount sufficient to pay all costs and expenses incurred in connection with the preparation, issuance and sale of the 1998 Bonds, including a reasonable charge for the Division of Bond Finance's services, including arbitrage compliance program set-up, the Division of Bond Finance shall transfer and deposit the remainder of the 1998 Bond proceeds as follows:

(1) An amount which, together with other moneys available therefor and on deposit in the Reserve Account, is equal to the Reserve Requirement shall be transferred to the Board of Administration and deposited into the Reserve Account in the Sinking Fund to be used solely for the purpose of the Reserve Account. Alternatively, the Division of Bond Finance, as provided in Section 4.02(A)(2), may elect at any time to provide in lieu of all or a portion of such funds, a Reserve Account Credit Facility.

(2) Any accrued interest or amounts to be used to pay interest for a specified period of time shall be transferred to the Board of Administration and deposited into the Sinking Fund, created by this Resolution, and used for the payment of interest on the Bonds.

(3) After making the transfers provided for in (1) and (2) above, the balance of the proceeds of the 1998 Bonds shall be transferred to and deposited into the 1998 Project Construction Fund, which is hereby created in the State Treasury, and used for the purposes of said 1998 Project Construction Fund.

Any unexpended balance remaining in the 1998 Project Construction Fund, after a consulting architect shall certify that the 1998 Project has been completed and all costs thereof paid or payment provided for, shall be deposited into the Sinking Fund created by this Resolution.

In addition to the aforementioned proceeds of the 1998 Bonds, the Board of Regents covenants that it will deposit into the 1998 Project Construction Fund additional funds legally available for such purpose which, together with the proceeds of the 1998 Bonds, will be sufficient to finance the total 1998 Project Costs. Any such additional funds, other than the proceeds of the 1998 Bonds or Completion Bonds, shall be derived from sources and in a manner which will not jeopardize the security of the Bonds issued pursuant to this Resolution.

All moneys in said 1998 Project Construction Fund, or in any other construction fund hereafter created for any project hereafter financed in whole or in part from the proceeds of Additional Bonds as provided herein, shall constitute a trust fund for such purposes and there is hereby created a lien upon such funds in favor of the Registered Owners of Bonds issued pursuant to this Resolution, until such funds are applied as provided herein, except to the extent such moneys are required for the payment of any Rebate Amount, and all moneys in such funds shall be continuously secured in the manner now provided by the laws of the State for securing deposits of State funds.

**SECTION 3.03. INVESTMENT OF 1998 PROJECT CONSTRUCTION FUND.** Any moneys in the 1998 Construction Fund not immediately needed for the purposes provided in this Resolution, may be temporarily invested and reinvested as provided in Section 18.10, Florida Statutes.

#### **ARTICLE IV APPLICATION AND ADMINISTRATION OF PLEGDED REVENUES**

**SECTION 4.01. BONDS SECURED BY PLEDGED REVENUES.** (A) The payment of principal of and interest on the Bonds shall be secured forthwith equally and ratably by a valid and enforceable senior lien on the Pledged Revenues to be received under this Resolution as provided for in Section 6.01 of this Resolution, and such Pledged Revenues, except as may be required for payment of Rebate Amounts, are hereby irrevocably pledged to the payment of the principal of and interest on the Bonds, as the same become due.

(B) The Bonds shall not be or constitute an indebtedness of the State, or any political subdivision thereof or any instrumentality thereof, but shall be payable solely from the Pledged Revenues, as provided herein. No Registered Owner or Registered Owners of the Bonds shall ever have the right to compel the exercise of the taxing power of the State, or any political subdivision thereof, to pay such Bonds or the interest thereon, or be entitled to payment of such principal and interest from any other funds except such payments consisting of the Pledged Revenues, in the manner provided herein.

**SECTION 4.02. APPLICATION OF HOUSING SYSTEM REVENUES.** (A) Upon collection, the Pledged Revenues shall be deposited daily by the University into the "Florida Board of Regents Florida International University Clearing Account", in a bank approved by the Board of Regents and the State Treasurer and from there shall be transferred on a daily basis to a separate fund held by the State Treasurer. This separate fund shall be known as the "Florida International University Housing System Revenue Fund" which is hereby created. Said fund constitutes a trust fund for the purposes provided in this Resolution, and shall be kept separate and distinct from all other funds of the University and the Board of Regents and used only for the purposes and in the manner provided in this Resolution. All revenues on deposit at any time in the Revenue Fund shall be applied only in the following manner and order of priority:

- (1) first, for payment of Current Expenses of the Housing System as necessary, as determined by the University;
- (2) second, a sufficient amount of moneys shall be transferred no later than thirty days before an Interest Payment Date and/or a Principal Payment Date, to the Board of Administration to be used as follows:
  - (a) for payment of the Administrative Expenses;
  - (b) for deposit into the Sinking Fund, which is hereby created, an amount sufficient to pay the next installments of principal and interest to become due during the then current Fiscal Year, including Amortization Installments for any Term Bonds;

(c) for the maintenance and establishment, if necessary, together with other moneys available for such purposes, of the Reserve Account, which is hereby created in the Sinking Fund in an amount equal to the Reserve Requirement.

The moneys in the Reserve Account shall be used for the payments provided for in (b) above when the other moneys in the Sinking Fund are insufficient therefor. Any withdrawals from the Reserve Account shall be restored from the first moneys available therefor in the Sinking Fund after the required payments under (b) above have been made or provided for. Any unused portion of the Reserve Account may be used by the Board of Regents to reduce the final installments of the Annual Debt Service Requirement becoming due. If the funds on deposit in the Reserve Account exceed the Reserve Requirement with respect to the Series of Bonds secured thereby, such excess shall be used for the purposes and in the priority established in this Section.

Notwithstanding the foregoing provisions, in lieu of the required deposits into the Reserve Account, the Board of Regents may at any time cause to be deposited into the Reserve Account, one or more Reserve Account Credit Facilities for the benefit of the Registered Owners, in an amount which, together with sums on deposit, equals the Reserve Requirement. In no event shall the use of such Reserve Account Credit Facilities be permitted if such use would cause, at the time of acquisition of such Reserve Account Credit Facility, an impairment in any existing rating on the Bonds or any Series of Bonds. The Reserve Account Credit Facilities shall be payable or available to be drawn upon, as the case may be, on or before any Interest Payment Date or Principal Payment Date on which a deficiency exists which cannot be cured by funds in any other account held for such Bonds pursuant to this Resolution and available for such purpose. If more than one Reserve Account Credit Facility is deposited into the Reserve Account, each Reserve Account Credit Facility shall be drawn upon in a proportion equal to its relative share of the amounts in the Reserve Account. If a disbursement is made under the Reserve Account Credit Facility, the Board of Regents shall be obligated, from the first Pledged Revenues available, to either reinstate such Reserve Account Credit Facility immediately following such disbursement to the amount required to be maintained in the Reserve Account or to deposit into the Reserve Account from the Pledged Revenues, as herein provided, funds in the amount of the disbursement made under such Reserve Account Credit Facility plus any amounts required to reimburse the Reserve Account Credit Facility provider for previous disbursements made pursuant to such Reserve Account Credit Facility, or a combination of such alternatives as shall equal the amount required to be maintained. To the extent that the Board of Regents reinstates a Reserve Account Credit Facility or reimburses a Reserve Account Credit Facility provider, such reinstatement or reimbursement shall be in proportion to the amounts drawn from the various Reserve Account Credit Facilities.

In the event that any moneys shall be withdrawn by the Board of Administration from the Reserve Account for the payment of interest, principal or Amortization Installments, such withdrawals shall be subsequently restored from the first Pledged Revenues available after all required payments have been made as provided in sub-paragraph (b) of this paragraph, including any deficiencies for prior payments, unless restored by a reinstatement under a Reserve Account Credit Facility of the amount withdrawn.

Moneys in the Reserve Account shall be used for payment of principal or interest only when the other moneys in the Sinking Fund available for such purpose are insufficient therefor.

Any moneys in the Reserve Account in excess of the amount required to be maintained therein shall be used for the purposes and in the priority established by this Section; and

(d) for deposit to the Rebate Fund created by Section 6.04(B) of this Resolution, an amount of moneys sufficient to pay the Rebate Amount;

(3) third, when sufficient amounts have been accumulated in the Revenue Fund to satisfy the requirements of paragraphs (1) and (2) above, moneys shall be deposited by the University into the Housing System Maintenance and Equipment Reserve Fund to be established by the University for the Housing System in a separate account in a bank approved by the Board of Regents and the State Treasurer. Amounts required by this Resolution to be deposited into the Housing System Maintenance and Equipment Reserve Fund shall be as approved in the annual budget of the University pursuant to Section 8.12 hereof. Such deposits shall continue to be made in each Fiscal Year in amounts necessary to maintain a balance in such account as required by the Board of Regents.

The moneys in said Housing System Maintenance and Equipment Reserve Fund may be drawn on and used by the Board of Regents or the University for the purpose of paying the cost of unusual or extraordinary maintenance or repairs, renewals and replacements, and the renovating or replacement of the equipment and furnishings not paid as part of the ordinary and normal expense of the operation and maintenance of the Housing System.

In the event the moneys in the Sinking Fund and Reserve Account therein on any Interest Payment Date or Principal Payment Date shall be insufficient to pay the next maturing installment of principal of or interest on the Bonds, then moneys in said Housing System Maintenance and Equipment Reserve Fund may be transferred by the University to the Board of Administration to be deposited into the Sinking Fund to the extent necessary to eliminate such deficiencies and to avoid a default;

(4) fourth, the balance of any money not needed for the payments provided in (1), (2) and (3) above, shall be applied in the sole discretion of the University for:

(a) optional redemption or purchase of Bonds; or

(b) any lawful purpose of the University.

(B) If on any payment date the revenues are insufficient to place the required amounts in any of the funds as above provided, the deficiency shall be made up in subsequent payments in addition to the payments which would otherwise be required to be made into such funds on the subsequent payment dates.

(C) The Revenue Fund and the Sinking Fund shall constitute trust funds for the purposes provided herein for such funds. All of such funds shall be continuously secured in the same manner as deposits of State funds are required to be secured by the laws of the State.

(D) Except insofar as such funds may be needed for any payment required to be made by the terms of this Resolution or the Bonds, moneys in any of the funds authorized or required by this Resolution may be invested and reinvested at any time as provided by Section 18.10 or 215.47, Florida Statutes, where applicable. When so invested or reinvested, the proceeds derived from the investment or reinvestment of such obligations shall be held for and credited to the fund for which said obligations were purchased except as otherwise provided in this Resolution; provided, however, that any such obligations purchased as investments for moneys in the Sinking Fund shall mature not later than the dates upon which such moneys will be needed for the payment of maturing principal and interest to be paid from said Sinking Fund.

## **ARTICLE V ADDITIONAL BONDS; REFUNDING BONDS AND ISSUANCE OF OTHER OBLIGATIONS**

**SECTION 5.01. ISSUANCE OF ADDITIONAL BONDS.** The Division of Bond Finance is authorized to issue Additional Bonds, but only upon the following terms, restrictions and conditions:

(A) The proceeds from such Additional Bonds shall be used either (1) to acquire and construct capital additions or improvements to the Housing System, or (2) to refund outstanding bonds.

(B) The Board of Regents shall request the issuance of such Additional Bonds.

(C) The Board of Administration shall approve the fiscal sufficiency of such Additional Bonds.

(D) Certificates shall be executed by the Board of Regents or other appropriate State official setting forth:

(1) the average annual amount of Pledged Revenues from the two Fiscal Years immediately preceding the issuance of the proposed Additional Bonds, adjusted as hereinafter provided, and;

(2) the Maximum Annual Debt Service on the Bonds then Outstanding and the Additional Bonds then proposed to be issued.

(E) The Board of Regents and the University must each be current in all deposits into the various funds and accounts and all payments theretofore required to have been deposited or made under the provisions of this Resolution and the Board of Regents and the University must be currently in compliance with the covenants and provisions of this Resolution and any supplemental resolution hereafter adopted for the issuance of Additional Bonds, or upon the issuance of such Additional Bonds the Board of Regents and the University will be brought into compliance with all such covenants and provisions.

(F) The average annual amount of Pledged Revenues for the two immediately preceding Fiscal Years adjusted as hereinafter provided, as certified by the Board of Regents or other appropriate State official pursuant to (D)(1) above, will be at least equal to one hundred twenty percent of the Maximum Annual Debt Service on (i) the Bonds then Outstanding, and (ii) the Additional Bonds then proposed to be issued;

(G) The Pledged Revenues calculated pursuant to paragraph (D)(1) may be adjusted, at the option of the Board of Regents as follows:

(1) If the Board of Regents or the University, prior to the issuance of the proposed Additional Bonds, shall have increased the rates, fees, rentals or other charges for the services or facilities of the Housing System or the Existing Housing Facilities, the average annual amount of Pledged Revenues for the two immediately preceding Fiscal Years prior to the issuance of said Additional Bonds, as certified by the Board of Regents or other appropriate State official, shall be adjusted to show the Pledged Revenues which would have been derived from the Housing System and the Existing Housing Facilities as if such increased rates, fees, rentals or other charges for the services or facilities of the Housing System and the Existing Housing Facilities had been in effect during all of such two preceding Fiscal Years.

(2) If the Board of Regents or the University shall have acquired or shall have contracted to acquire any privately or publicly owned existing facility for inclusion in the Housing System or the Existing Housing Facilities, or shall include in the Housing System or the Existing Housing Facilities any facility which was not previously included therein, then the average annual amount of Pledged Revenues derived from the Housing System or the Existing Housing Facilities during the two immediately preceding Fiscal Years prior to the issuance of said Additional Bonds as certified by the Board of Regents or other appropriate State official, shall be increased by adding to the Pledged Revenues for said two preceding Fiscal Years the net revenues which would have been derived from the existing facility so acquired or included as if such existing facility had been a part of the Housing System or the Existing Housing Facilities during all of such two Fiscal Years. For the purposes of this paragraph, the revenues derived from said existing facility during such two preceding Fiscal Years shall be adjusted to determine such net revenues by deducting the cost of operation and maintenance of said existing facility from the gross revenues of said facility in the same manner provided in this Resolution for the determination of Pledged Revenues. The revenues from such facilities may also be adjusted for any increase in rates as though they had been in effect during all of such two preceding Fiscal Years.

(3) (As amended on September 23, 1998.) Should the Board of Regents or the University have constructed or be constructing a facility or additions, extensions or improvements to the Housing System or the Existing Housing Facilities, and if the Board of Regents or the University shall have established rates, fees, rentals or other charges to be charged and collected from users of such facilities, and if such revenues were collected for less than the entire two Fiscal Years immediately preceding the certification required pursuant to paragraph (D)(1) above, the average annual amount of Pledged Revenues for the two immediately preceding Fiscal Years prior to the issuance of such Additional Bonds, as certified by the Board of Regents, or other appropriate State official, shall be adjusted to include any additional Pledged Revenues which would have been received from the users of such facilities if the rates, fees, rentals or other charges so established had been in effect during all of such two preceding Fiscal Years.

**SECTION 5.02. REFUNDING BONDS.** The Bonds originally issued pursuant to this Resolution then Outstanding, together with all Additional Bonds issued and then Outstanding, may be refunded as a whole or in part. If the Annual Debt Service Requirement of the refunding Bonds in each Fiscal Year is equal to or less than the corresponding Annual Debt Service Requirement of the refunded Bonds, then the provisions of subsections 5.01(A), (D) and (F) of this Resolution shall not apply to the issuance of the refunding Bonds.

If the Annual Debt Service Requirement of the refunding Bonds in any Fiscal Year is greater than the Annual Debt Service Requirement of the refunded Bonds, then the provisions of subsections 5.01(B) through (F) of this Resolution shall apply to the issuance of such refunding Bonds.

**SECTION 5.03. ISSUANCE OF OTHER OBLIGATIONS OR CREATION OF ENCUMBRANCES.** The Division of Bond Finance covenants that it will not issue any other obligations, except Additional Bonds provided for in Section 5.01 hereof, refunding Bonds provided for in Section 5.02 hereof, or Completion Bonds provided for in Section 5.04 hereof, payable from the Pledged Revenues nor voluntarily create or cause to be created any other debt, lien, pledge, assignment, encumbrance or other charge, having priority to or being on a parity with the lien of the Bonds, upon the Pledged Revenues securing the Bonds provided for in this Resolution. Any such other obligations hereafter issued by the Board of Regents, in addition to the Bonds and parity refunding Bonds or Completion Bonds provided for

in Section 5.01, 5.02 or 5.04 hereof, shall contain an express statement that such obligations are junior and subordinate to the Bonds, as to lien on and source and security for payment from such Pledged Revenues.

The Board of Regents specifically covenants that it will not hereafter issue any obligations (excluding refunding obligations which do not result in any greater annual debt service requirements on the Outstanding Obligations and which mature not later than the Outstanding Obligations) pursuant to the proceedings which authorized the Outstanding Obligations which will rank on a parity with or senior to the Bonds as to any of the Pledged Revenues.

**SECTION 5.04. COMPLETION BONDS.** The Division of Bond Finance may issue Completion Bonds. The Board of Regents and the Division of Bond Finance need not comply with Section 5.01 of this Resolution in the issuance of Completion Bonds, provided that the net proceeds of such Completion Bonds available for deposit into the construction fund for such costs shall be equal to or less than 20% of the original estimated cost of the project on the delivery date of the Series of Bonds issued to finance the project for which the Completion Bonds are being issued.

## **ARTICLE VI COVENANTS WITH REGISTERED OWNERS**

**SECTION 6.01. PLEDGE OF PLEDGED REVENUES.** The Board of Regents hereby covenants and agrees with the Registered Owners of Bonds that, so long as any of the Bonds, or interest thereon, are Outstanding and unpaid, all of the Pledged Revenues provided for in this Resolution shall be pledged to the payment of the principal of and interest on the Bonds and the payment of such other amounts as are provided for in this Resolution, in the manner provided in this Resolution, and the Registered Owners of the Bonds shall have a valid and enforceable senior lien on such Pledged Revenues in the manner provided herein.

**SECTION 6.02. PLEDGED REVENUE COVENANTS.** The Board of Regents covenants:

(A) That it will punctually apply the Pledged Revenues as provided for in Section 6.01 of this Resolution in the manner and at the times provided in this Resolution and that it will duly and punctually perform and carry out all the covenants of the Board of Regents made herein and the duties imposed upon the Board of Regents by this Resolution.

(B) That in preparing, approving and adopting any budget controlling or providing for the expenditures of its funds for each budget period it will allocate, allot and approve from its Housing System Revenues and other available funds the amounts sufficient to apply the Pledged Revenues as provided in this Resolution.

(C) That it will from time to time recommend, fix and include in its budgets such revisions in the amounts of rentals, fees and other charges to be levied upon and collected from each person using the facilities of the Housing System which will produce sums sufficient to pay, when due, the requirements as set forth under this Resolution.

(D) That it will continue to collect the fees, rentals and other amounts charged all individuals being served by the facilities of the Housing System.

**SECTION 6.03. FEES, RENTALS OR OTHER CHARGES.** (A) The Board of Regents covenants that it will fix, establish and collect such fees, rentals or other charges to be derived from the operation of the Housing System, and revise the same from time to time whenever necessary, so that the Housing System Revenues shall be sufficient in each Fiscal Year to pay at least one hundred percent of an amount equal to the Current Expenses and Administrative Expenses, and so that the Pledged Revenues shall be sufficient in each Fiscal Year to pay at least one hundred percent of an amount equal to the Annual Debt Service Requirement for the Bonds and at least one hundred percent of all other payments required by the terms of this Resolution.

(B) Whenever in any year the amounts of Housing System Revenues stated in the annual budget, as provided hereafter, for the ensuing Fiscal Year shall be insufficient to comply with the requirements of the above paragraph for such Fiscal Year, then it shall be the duty of the Board of Regents to fix such fees, rentals or other charges for the ensuing Fiscal Year in an amount sufficient to comply with the provisions of the above paragraph for such ensuing Fiscal Year, and to provide for any deficiencies in prior Fiscal Years.

**SECTION 6.04. COMPLIANCE WITH TAX REQUIREMENTS.** (A) In addition to any other requirement contained in this Resolution, the Division of Bond Finance, the Board of Regents, and the Board of Administration hereby covenant and agree, for the benefit of the Registered Owners from time to time of the Bonds, that each will

comply with the applicable requirements contained in Section 103 and Part IV of Subchapter B of Chapter 1 of the Code as shall be set forth in the non-arbitrage certificate of the Board of Regents dated and delivered on the date of delivery of each series of Bonds. Specifically, without intending to limit in any way the generality of the foregoing, the Division of Bond Finance and Board of Regents covenant and agree:

(1) to pay or cause to be paid to the United States of America from the Housing System Revenues and any other legally available funds, at the times required pursuant to Section 148(f) of the Code, the Rebate Amount;

(2) to maintain and retain or cause to be maintained and retained all records pertaining to and to be responsible for making or causing to be made all determinations and calculations of the Rebate Amount and required payments of the Rebate Amount as shall be necessary to comply with the Code;

(3) to refrain from using proceeds from the Bonds in a manner that might cause any of the Bonds to be classified as private activity bonds under Section 141(a) of the Code; and

(4) to refrain from taking any action that would cause any of the Bonds to become arbitrage bonds under Section 148 of the Code.

The Board of Regents, the Division of Bond Finance and the Board of Administration understand that the foregoing covenants impose continuing obligations that will exist throughout the term of the issue to comply with the requirements of the Code.

(B) The Division of Bond Finance and Board of Regents covenant and agree that they shall maintain and retain or cause to be maintained and retained all records pertaining to and they shall be responsible for making and having made all determinations and calculations of the Rebate Amount for each Series of Bonds issued hereunder for each Bond Year within 60 days after the end of such Bond Year and within 60 days after the final maturity of each such Series of Bonds. On or before the expiration of each such 60 day period, the Board of Regents shall deposit or direct the Board of Administration to deposit into the Rebate Fund which is hereby created and established in the Board of Administration, from investment earnings or moneys deposited into the other funds and accounts created hereunder, or from any other legally available funds of the Board of Regents, an amount equal to the Rebate Amount for such Bond Year. The Board of Administration shall use such moneys deposited in the Rebate Fund only for the payment of the Rebate Amount to the United States as required by subsection (A) of this section, and as directed by the Board of Regents, which payments shall be made in installments, commencing not more than 60 days after the end of the fifth Bond Year and with subsequent payments to be made not later than five years after the preceding payment was due except that the final payment shall be made within 60 days after the final maturity of the last obligation of the Series of Bonds issued hereunder. In complying with the foregoing, the Division of Bond Finance and the Board of Regents may rely upon any instructions or opinions from a nationally recognized bond/tax counsel.

Notwithstanding anything in this Resolution to the contrary, to the extent moneys on deposit in the Rebate Fund are insufficient for the purpose of paying the Rebate Amount and other funds of the Board of Regents are not available to pay the Rebate Amount, then the Board of Administration shall pay the Rebate Amount first from Pledged Revenues and, to the extent the Pledged Revenues be insufficient to pay the Rebate Amount, then from moneys on deposit in any of the funds and accounts created hereunder.

If at any time the Division of Bond Finance or the Board of Regents determines that the amount of money on deposit in the Rebate Fund is in excess of the Rebate Amount, the Division of Bond Finance or the Board of Regents may direct the Board of Administration to transfer the amount of money in excess of the Rebate Amount to the University, for deposit into the Revenue Fund.

If any amount shall remain in the Rebate Fund after payment in full of all Bonds issued hereunder and after payment in full to the United States in accordance with the terms hereof, such amounts shall be paid over to the Board of Regents or the University and may be used for other purposes authorized by law.

The Rebate Fund shall be held separate and apart from all other funds and accounts of the Board of Regents and shall be subject to a lien in favor of the Registered Owners, but only to secure payment of the Rebate Amount, and the moneys in the Rebate Fund shall be available for use only as herein provided.

The Division of Bond Finance, the Board of Administration, and the Board of Regents shall not be required to continue to comply with the requirements of this section in the event that the Division of Bond Finance and the Board of Administration receive an opinion of nationally recognized bond/tax counsel that (1) such compliance is no longer required in order to maintain the exclusion from gross income for federal income tax purposes of interest on the Bonds or (2) compliance with some other requirement will comply with the provisions of the Code in respect of arbitrage rebate, or in the event that any other agency is subsequently designated by proper authority to comply with the requirements of this section.

**SECTION 6.05. ANNUAL FINANCIAL STATEMENT.** (A) Within nine months after the end of each Fiscal Year, the University will prepare a financial statement for the Housing System for the preceding Fiscal Year, reflecting in reasonable detail the financial condition and record of operation of the Housing System, and other Pledged Revenue sources, including particularly the University's enrollment, the degree of use and rates charged for the use of, and the insurance on, the Housing System and the status of the several accounts and funds established in this Resolution.

(B) Should the University fail to comply with subsection (A) of this section, upon request of at least five percent of the Registered Owners an audit shall be completed by a certified public accountant or firm of certified public accountants. The cost of this audit shall be borne by the University.

**SECTION 6.06. CONTINUING DISCLOSURE.** (A) In order to comply with Rule 15c2-12 of the Securities and Exchange Commission, the Board of Regents hereby agrees to provide or cause to be provided such information as may be required, from time to time, under such rule.

(B) The Board of Regents, or its duly appointed representative, in conjunction with the appropriate officer of the Division, is authorized and directed to execute and deliver any documents or agreements which are necessary to comply with the requirements of Rule 15c2-12 of the Securities and Exchange Commission.

## **ARTICLE VII REMEDIES**

**SECTION 7.01. ENFORCEABILITY BY REGISTERED OWNERS.** (A) This Resolution, including the pledge of the Pledged Revenues, shall be deemed to have been made for the benefit of the Registered Owners from time to time of the Bonds. Such pledge and all the provisions of this Resolution shall be enforceable in any court of competent jurisdiction by any Registered Owner or Registered Owners of such Bonds, against either the Board of Regents or the Board of Administration or any other agency of the State, or instrumentality thereof, having any duties concerning collection, administration and disposition of the Pledged Revenues. The Board of Regents does hereby consent to the bringing of any proceedings in any court of competent jurisdiction by any Registered Owner or Registered Owners of the Bonds for the enforcement of all provisions of this Resolution and does hereby waive, to the extent permitted by law, any privilege or immunity from suit which it may now or hereafter have as an agency of the State. However, no covenant or agreement contained in this Resolution or any Bond issued pursuant hereto shall be deemed to be the covenant or agreement of any officer or employee of the State in such person's individual capacity, and neither the officers nor employees of the State nor any official executing any of the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

(B) Any Registered Owner of the Bonds, or any trustee acting for the Registered Owner of such Bonds, may by civil action in any court of competent jurisdiction, protect and enforce any and all rights, including the right to the appointment of a receiver, existing under the laws of the State, or granted and contained in this Resolution, and may enforce and compel the performance of all duties required by this Resolution, and by any applicable Statutes, to be performed by the Division of Bond Finance, the Board of Regents, the University, or the Board of Administration, or by any officer thereof, including the payment of the Pledged Revenues payable under this Resolution. Other than as specifically provided herein, nothing herein shall be construed to grant to any Registered Owner of the Bonds any lien on the Housing System or any other facility or funds of the University, or the Board of Regents, or the Division of Bond Finance.

## **ARTICLE VIII MISCELLANEOUS**

**SECTION 8.01. DISPOSITION OF HOUSING SYSTEM.** (As amended on September 23, 1998.)The University or the Board of Regents may sell, lease or otherwise dispose of the Housing System, Existing Housing Facilities, or any portion thereof, after notice thereof to the Division of Bond Finance and the provider of any Bond Insurance Policy, and only if (i) in the opinion of nationally recognized bond counsel to the Division of Bond Finance, such sale, lease or disposition would not adversely affect the exclusion from gross income for federal income taxation purposes of interest on the Bonds; (ii) Pledged Revenues available thereafter will be sufficient to pay all amounts due with respect to the Bonds; and (iii) such sale, lease or disposition shall not impair any underlying rating on the Bonds, or the provider of any Bond Insurance Policy shall have consented to such sale, lease or other disposition. The proceeds of any sale, lease or other disposition of the Housing System, Existing Housing Facilities, or any portion thereof shall (i) forthwith be deposited to satisfy any deficiency in any of the funds and accounts held under this Resolution, and (ii) if no such deficiency shall then exist, be applied toward the redemption of Bonds or any other lawful purpose of the University.

**SECTION 8.02. MODIFICATION OR AMENDMENT.** Except as otherwise provided in the second and third paragraphs of this section, no material modification or amendment of this Resolution, or of any resolution amendatory thereof or supplemental thereto, may be made without the consent in writing of (i) the Registered Owners of more than fifty percent in principal amount of the Bonds then Outstanding or (ii) in case less than all of the several Series of Bonds then Outstanding are materially adversely affected by the modification or amendment, the Registered Owners of more than fifty percent in principal amount of the Bonds so affected and Outstanding at the time such consent is given; provided, however, that no modification or amendment shall permit a change in the maturity of such Bonds or a reduction in the rate of interest thereon, or affecting the promise to pay the interest on and principal of the Bonds, as the same mature or become due, or reduce the percentage of Registered Owners of Bonds required above for such modification or amendments, without the consent of the Registered Owners of all the Bonds so affected.

For purposes of this section, except where the consent of all Registered Owners of a Series of Bonds is required, to the extent any Series of Bonds is insured by a Bond Insurance Policy and such Series of Bonds is then rated in as high a rating category as the rating category in which such Series of Bonds was rated at the time of initial delivery thereof by a Rating Agency, then the consent of the issuer of the Bond Insurance Policy shall constitute the consent of the Registered Owners of such Series.

The Division of Bond Finance may amend, change, modify and alter this Resolution without the consent of the Registered Owners of Bonds, (i) to cure any defect, omission, conflict, or ambiguity in this Resolution or between the terms and provisions hereof and any other document executed or delivered herewith, (ii) to provide other changes including such changes as may be necessary in order to adjust the terms hereof so as to facilitate the issuance of various types of Bonds including, but not limited to, Capital Appreciation Bonds, and any other Bonds which may be issued hereunder, which will not materially adversely affect the interest of such Registered Owner of Bonds, (iii) to provide for the issuance of Bonds in coupon form if, in the opinion of a nationally recognized bond/tax counsel, such issuance will not affect the exemption from federal income taxation of interest on the Bonds, (iv) to obtain credit enhancements or a higher rating in one of the three highest full rating categories of a Rating Agency, (v) to add to the covenants and agreements of the Division of Bond Finance, the Board of Administration or the Board of Regents in this Resolution, other covenants and agreements to be observed by the Division of Bond Finance, the Board of Administration or the Board of Regents which are not contrary to or inconsistent with this Resolution as theretofore in effect, (vi) to add to the limitations and restrictions in this Resolution, other limitations and restrictions to be observed by the Division of Bond Finance, the Board of Administration or the Board of Regents which are not contrary to or inconsistent with this Resolution as theretofore in effect, (vii) to permit the qualification hereof and thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect or to permit the qualifications of the Bonds for sale under the securities laws of any of the states of the United States of America, (viii) to enable the Division of Bond Finance, the Board of Administration and the Board of Regents to comply with their covenants, agreements and obligations under Section 6.04 of this Resolution, (ix) to enable the Division to provide for sub-accounts in the Reserve Account for one or more Series of Bonds, (x) to specify and determine any matters and things relative to the Bonds which are not contrary to or inconsistent with this Resolution and which shall not materially adversely affect the interests of the Registered Owners, and (xi) to amend or modify any provisions of this Resolution so long as such amendment or modification does not materially adversely affect the interests of the Registered Owners.

**SECTION 8.03. SEVERABILITY OF INVALID PROVISIONS.** If any one or more of the covenants or provisions of this Resolution shall be held contrary to any express provision of law or contrary to the policy of express law, though not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants or provisions shall be null and void and shall be deemed separable from the remaining covenants or provisions of this Resolution or of the Bonds and shall in no way affect the validity or enforceability of any other covenants, agreements or provisions of this Resolution or of the Bonds issued hereunder.

**SECTION 8.04. NONPRESENTMENT OF BONDS: FUNDS HELD FOR BONDS AFTER DUE DATE OF BONDS.** In the event any Bond shall not be presented for payment when the principal thereof becomes due, either at maturity, or otherwise, if funds sufficient to pay such Bond shall have been made available to the Board of Administration for the benefit of the Registered Owner thereof, all liability of the Board of Regents to the Registered Owner thereof for the payment of such Bond shall forthwith cease, terminate, and be completely discharged, and thereupon it shall be the duty of the Board of Administration to hold such funds, without liability for interest thereon, for the benefit of the Registered Owner of such Bonds, who shall thereafter be restricted exclusively to such funds, for any claim of whatever nature on his part under this Resolution or on, or with respect to, said Bond. Any such funds held by the Board of Administration for the Registered Owners of such Bonds for seven years after the principal or Accreted Value of the respective Bonds for which such funds have been so set aside has become due and payable and remaining (whether at maturity or upon redemption or otherwise) shall be subject to the laws of the State of Florida relating to disposition of unclaimed property, and unless demand for the payment of such Bonds shall have been made, the obligation thereon shall be extinguished.

**SECTION 8.05. DEFEASANCE.** The covenants, liens and pledges entered into, created or imposed pursuant to this Resolution may be fully discharged and satisfied with respect to any of the Bonds in any one or more of the following ways:

(A) By paying the principal of and interest on such Bonds when the same shall become due and payable; or

(B) By depositing with the Board of Administration, certain moneys which are irrevocably pledged to the payment of such Bonds and which, together with other moneys lawfully available therefor, shall be sufficient at the time of such deposit to pay when due the principal of, redemption premium, if any, and interest due and to become due on such Bonds on or prior to the redemption date or maturity date thereof; or

(C) By depositing with the Board of Administration, moneys which are irrevocably pledged to the payment of such Bonds and which, together with other moneys lawfully available therefor when invested in Defeasance Obligations, will provide moneys (principal and interest thereof at maturity) which shall be sufficient to pay the principal of, redemption premium, if any, and interest due and to become due on such Bonds on or prior to a date fixed for redemption or the maturity date thereof.

Upon such payment or deposit in the amount and manner provided in this section, the Bonds with respect to which payments on deposit have been made shall be deemed to be paid and shall no longer be deemed to be Outstanding for the purposes of this Resolution and all liability of the Board of Regents and Division of Bond Finance with respect to such Bonds shall cease, terminate and be completely discharged and extinguished, and the Registered Owners thereof shall be entitled for payment solely out of the moneys or securities so deposited.

(D) Notwithstanding the foregoing, all references to the discharge and satisfaction of Bonds shall include the discharge and satisfaction of any Series of Bonds, any portion of any Series of Bonds, any maturity or maturities of any Series of Bonds, any portion of a maturity of any Series of Bonds or any combination thereof.

(E) If any portion of the moneys deposited for the payment of the principal of and redemption premium, if any, and interest on any portion of Bonds is not required for such purpose, and so long as no other deficiency exists, the Board of Regents or the Board of Administration may use the amount of such excess free and clear of any trust, lien, security interest, pledge or assignment securing said Bonds or otherwise existing under this Resolution.

(F) Nothing herein shall be deemed to require the Board of Regents or Division of Bond Finance to call any of the Bonds for redemption prior to maturity pursuant to any applicable optional redemption provisions, or to impair the discretion of the Board of Regents or Division of Bond Finance in determining whether to exercise any such option for early redemption.

**SECTION 8.06. SURVIVAL OF CERTAIN PROVISIONS.** Notwithstanding the foregoing, any provisions of this Resolution which relate to the maturity of Bonds, interest payments and dates thereof, optional and mandatory redemption provisions, credit against mandatory redemption requirements, exchange, transfer and registration of Bonds, replacement of mutilated, destroyed, lost or stolen Bonds, the safekeeping and cancellation of Bonds, non-presentment of Bonds, the holding of moneys in trust, the calculation of the Rebate Amount and the paying of the Rebate Amount to the United States, shall remain in effect and be binding upon the University, the Division, the Board of Regents, the Bond Registrar/Paying Agent and the Registered Owners notwithstanding the release and discharge of the lien and pledge of this Resolution or any subsequent resolution. The provisions of this Article shall survive the release, discharge and satisfaction of this Resolution or any subsequent resolution.

**SECTION 8.07. INSURANCE.** The Board of Regents will carry such insurance on the Housing System and the Existing Housing Facilities as is required by the State or is ordinarily and customarily carried on similar systems as the Housing System and the Existing Housing Facilities with a reputable insurance carrier or carriers, including public liability insurance and such other insurance against loss or damage by fire, explosion, hurricane, cyclone or other hazards and risks, or the Board of Regents may establish certain minimum levels of insurance for which the Board of Regents may self-insure.

**SECTION 8.08. BOND ANTICIPATION NOTES.** Notwithstanding any other provision of this Resolution, if the Division of Bond Finance shall deem it advisable, short-term obligations (hereinafter "Notes") are hereby authorized to be issued by the Division of Bond Finance on behalf of the Board of Regents in anticipation of the sale and delivery of the Bonds. The Notes shall be payable from the proceeds received from the sale of the Bonds and, in the interim, from the Pledged Revenues. The Notes may be issued in such denomination or denominations, in the aggregate principal amount not to exceed the authorized principal amount of Bonds for the Series for which such Notes are issued, in the form, may bear interest at the lawful rate or rates payable on such dates (not to exceed five years from the date of issue) and may be subject to such conditions and terms as the Division of Bond Finance shall deem necessary or desirable in connection with such Notes, all as shall be provided by resolution of the Division of Bond Finance adopted at or before sale of the Notes, in accordance with Section 215.68(7), Florida Statutes.

**SECTION 8.09. CAPITAL APPRECIATION BONDS.** For the purposes of (i) receiving payment of the redemption price if a Capital Appreciation Bond is redeemed prior to maturity, (ii) computing the amount of the Maximum Annual Debt Service, and (iii) determining the principal amount of Bonds held by the Registered Owner of a Capital Appreciation Bond for giving any notice, consent, request or demand pursuant to this Resolution for any purpose whatsoever, the principal amount of a Capital Appreciation Bond shall be deemed to be its Accreted Value.

**SECTION 8.10. TRUST FUNDS.** (A) The funds and accounts established by this Resolution and all moneys on deposit therein shall constitute trust funds for their respective purposes as provided herein. The Sinking Fund shall be held and administered by the Board of Administration, and such funds shall be fully and continuously secured in the manner provided by the laws of the State for the securing of deposits of State funds. The Registered Owners shall have a lien on moneys in the Sinking Fund, except the moneys in the Rebate Fund, until such moneys are used or applied as provided herein.

(B) The designation and establishment of the various funds and accounts in and by this Resolution shall not be construed to require the establishment of any completely independent, self-balancing funds as such term is commonly defined and used in governmental accounting, but rather is intended solely to constitute an earmarking of certain revenues for certain purposes and to establish certain priorities for application of such revenues as herein provided.

**SECTION 8.11. FISCAL AGENT.** Upon sale and delivery of the Bonds by the Division of Bond Finance on behalf of the Board of Regents, the Board of Administration shall act as the fiscal agent for the Board of Regents with respect to the Bonds.

**SECTION 8.12. ANNUAL BUDGETS.** The Board of Regents shall annually, at least ninety days preceding the beginning of each Fiscal Year, or at any other time as requested by the Board of Administration, prepare a detailed budget providing reasonable estimates of the Current Expenses during the succeeding Fiscal Year and setting forth the amount to be deposited in the Housing System Maintenance and Equipment Reserve Fund for such Fiscal Year. The budget shall be adopted by the Board of Regents and shall not be changed during the Fiscal Year except by the same procedure by which it was adopted. Copies of the annual budget and any changes therein shall be filed with the Board

of Administration and, upon request, mailed to any Registered Owner. The Board of Regents shall request sufficient funds in the annual budget adopted as required in this section to provide for the payment of all Current Expenses, and amounts required to be deposited in the Housing System Maintenance and Equipment Reserve Fund as set forth herein.

**SECTION 8.13. SUBSTITUTE FOR MAILING.** If, because of the temporary or permanent suspension of postal service, any person shall be unable to mail any notice required to be given by the provisions of this Resolution, such person shall give notice in such other manner as in its judgement shall most effectively approximate such mailing; and the giving of such notice in such manner shall for all purposes of this Resolution be deemed to be in compliance with the requirement for the mailing thereof.

**SECTION 8.14. INSTRUMENTS OF REGISTERED OWNERS.** Any writing, including without limitation, any consent, request, direction, approval, objection or other instrument or document, required under this Resolution to be executed by any Registered Owner may be in any number of concurrent writings of similar tenor and may be executed by that Registered Owner in person or by an attorney-in-fact appointed in writing. Proof of (i) the execution of any writing, including without limitation, any consent, request, direction, approval, objection or other instrument or document, (ii) the execution of any writing appointing any attorney-in-fact, and (iii) the ownership of Bonds, shall be sufficient for any of the purposes of this Resolution, if made in the following manner, and if so made, shall be conclusive in favor of the University, the Division, the Board of Regents, and the Board of Administration, with regard to any action taken thereunder, namely:

(a) the fact and date of the execution by any person of any writing may be proved by the certificate of any officer in any jurisdiction, who has the power by law to take acknowledgments within that jurisdiction, that the person signing the writing acknowledged that execution before that officer, or by affidavit of any witness to that execution; and

So long as a book-entry only system of evidence of transfer of ownership of all the 2012A Bonds is maintained in accordance herewith, any provision of the Resolution relating to the delivery of physical bond certificates shall be inapplicable, and the Resolution shall be deemed to give full effect to such book-entry system.

If the 2012A Bonds are issued in book-entry only form:

The holders of these beneficial ownership interests are hereinafter referred to as the "Beneficial Owners." The Beneficial Owners shall not receive 2012A Bonds representing their beneficial ownership interests. The ownership interests of each Beneficial Owner shall be recorded through the records of the Participant from which such Beneficial Owner purchased its 2012A Bonds. Transfers of ownership interests in the 2012A Bonds shall be accomplished by book entries made by the Securities Depository and, in turn, by Participants acting on behalf of Beneficial Owners.

(4) Unless otherwise provided herein, the Division of Bond Finance, the Board of Governors, the Board of Administration and the Bond Registrar/Paying Agent (as used in this section, the "State and its agents") shall treat the Securities Depository as the sole and exclusive owner of the 2012A Bonds registered in its name for the purposes of

(ii) a certificate of any such Participant as to the identity of, and the respective principal amount of 2012A Bonds beneficially owned by, the Beneficial Owners.

(5) The State and its agents shall have no responsibility or obligations to the Securities Depository, any Participant, any Beneficial Owner or any other person which is not shown on the 2012A Bond Register, with respect to

(a) the accuracy of any records maintained by the Securities Depository or any Participant;

(b) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal amount or redemption or purchase price of, or interest on, any 2012A Bond;

(c) the delivery of any notice by the Securities Depository or any Participant;

(d) the selection of the Participants or the Beneficial Owners to receive payment in the event of any partial redemption of the 2012A Bonds; or

(e) any consent given or any other action taken by the Securities Depository or any Participant.

(6) The requirements in the Resolution of holding, delivering or transferring 2012A Bonds shall be deemed modified to require the appropriate person to meet the requirements of the Securities Depository as to registering or transferring the book-entry 2012A Bonds to produce the same effect. Any provision hereof permitting or requiring delivery of the 2012A Bonds shall, while the 2012A Bonds are in book-entry only form, be satisfied by the notation thereof on the books of the Securities Depository in accordance with applicable state law.

(B) The Division of Bond Finance may discontinue the book-entry system with the then-current securities depository, subject to the terms of its agreement with such securities depository. In this event, the Division of Bond Finance shall either

(1) identify another qualified securities depository or

(2) prepare and deliver replacement 2012A Bonds in the form of fully registered bonds to each Beneficial Owner.

(C) In addition to the aforementioned proceeds of the 2012A Bonds, the Board or Florida International University may deposit into the 2012A Project Construction Fund additional funds legally available for the purposes of such fund which, together with the proceeds of the 2012A Bonds, will be sufficient to finance the total 2012A Project Costs. Any such additional funds, other than the proceeds of the 2012A Bonds or Completion Bonds, shall be derived from sources and in a manner which will not jeopardize the security of the 2012A Bonds issued pursuant to this Fifth Supplemental Resolution.

(D) All moneys in the 2012A Project Construction Fund shall constitute a trust fund for such purposes and there is hereby created a lien upon such funds in favor of the Registered Owners of the 2012A Bonds issued pursuant to this Fifth Supplemental Resolution, until such funds are applied as provided herein, except to the extent such moneys are required for the payment of any Rebate Amount, and all moneys in such funds shall be continuously secured in the manner now provided by the laws of the State for securing deposits of state funds.

**SECTION 3.03. INVESTMENT OF THE 2012A PROJECT CONSTRUCTION FUND.** Any moneys in the 2012A Project Construction Fund not immediately needed for the purposes provided in this Fifth Supplemental Resolution, may be temporarily invested and reinvested as provided in Section 17.57, Florida Statutes.

**SECTION 3.04. REIMBURSEMENT OF CONSTRUCTION COSTS.** Expenditures for the construction and equipping of the 2012A Project which are incurred by the University prior to the issuance of the 2012A Bonds may be reimbursed from the proceeds of the 2012A Bonds to the extent permitted under the Code. The expenditures will be reimbursed from the 2012A Project Construction Fund.

**SECTION 5.05. FISCAL AGENT.** Upon the sale and delivery of the 2012A Bonds by the Division of Bond Finance on behalf of the Board of Governors, the Board of Administration shall act as the fiscal agent for the Board with respect to the 2012A Bonds.

The authority for the issuance and delivery of the unissued portion of any bonds authorized prior to the date of this Fifth Supplemental Resolution pursuant to the Original Resolution, as amended and supplemented, is hereby cancelled.

**SECTION 5.08. SUCCESSOR AGENCIES AND OFFICIALS.** Any references in the Original Resolution or this Fifth Supplemental Resolution to offices, bodies, or agencies which have been or are superceded, replaced or abolished by law shall be deemed to refer to the successors of such offices, bodies, and agencies. ## **ARTICLE II AUTHORIZATION, TERMS, EXECUTION, REGISTRATION, TRANSFER, ISSUANCE, FORM OF BONDS, AND AUTHORIZATION TO EXECUTE ESCROW DEPOSIT AGREEMENT**

**SECTION 2.01. AUTHORIZATION OF ISSUANCE AND SALE OF REFUNDING BONDS.** (A) Subject and pursuant to the provisions of the Resolution, fully registered revenue bonds of the Board to be known as “State of Florida, Board of Governors, Florida International University Dormitory Revenue Refunding Bonds, Series 2012 (to be determined)” (or such other designation as may be determined by the Director), are hereby authorized to be issued and sold at competitive sale by the Division in an aggregate principal amount not exceeding \$7,000,000 on a date and at the time to be set out or provided for in the Notice of Bond Sale to be published as provided in this Sixth Supplemental Resolution. The Refunding Bonds shall be sold to refund the Refunded Bonds. The Refunding Bonds may be combined with, designated the same as, and sold with any other series of Florida International University Dormitory Revenue Bonds. The maturities or portions of maturities to be refunded shall be as determined by the Director to be in the best financial interest of the State. The redemption of the Refunded Bonds on or after their first call date is hereby authorized.

(B) The Director is hereby authorized to determine the most advantageous date and time of sale and to publish the Notice of Bond Sale of the Refunding Bonds, or an abbreviated version thereof, in *The Bond Buyer*, New York, New York, or another financial journal, such publication to be not less than 10 days prior to the date of sale; provided, that if no bids are received at the time and place called for in the Notice of Bond Sale, or if all bids received are rejected, such Refunding Bonds may again be offered for sale upon reasonable notice, the timing and manner of which shall be determined by the Director. Bids for the purchase of the Refunding Bonds will be received at the office of the Division or at another location designated in the Notice of Bond Sale, until the time and date of sale specified or provided for in the Notice of Bond Sale. Any prior publication of a Notice of Bond Sale, or abbreviated version thereof, is hereby ratified.

(C) The Director is hereby authorized to publish and distribute a Notice of Bond Sale and a proposal for the sale of the Refunding Bonds. The Notice of Bond Sale shall be in such form as shall be determined by the Director and shall contain such information as is consistent with the terms of the Resolution which the Director determines is in the best financial interest of the State. Any prior distribution of a Notice of Bond Sale and proposal for sale is hereby ratified.

(D) The Director is hereby authorized to prepare and distribute preliminary and final official statements in connection with the offering of the Refunding Bonds. The Director is further authorized and directed to amend, supplement or complete the information contained in the preliminary official statement, as may be needed, and to furnish such certification as to the completeness and finality of the preliminary official statement as is necessary to permit the successful bidder to fulfill its obligations under any applicable securities laws. The Chairman and Secretary of the Governing Board and the Director are hereby authorized to execute the final official statement in connection with the offering of the Refunding Bonds, and the execution thereof by any of the authorized individuals shall be conclusive evidence that the Governing Board has approved the form and content of the final official statement and that the final official statement is complete as of its date.

(E) The Director is hereby authorized to have up to 1,500 copies of the preliminary official statement and 3,500 copies (plus such additional copies as may be requested by the successful bidder at the expense of the successful bidder) of the final official statement relating to the offering of the Refunding Bonds printed and distributed; to contract with national rating services and providers of municipal bond insurance and Reserve Account Credit Facilities; to retain bond counsel; to make a determination that the preliminary official statement is "deemed final" for purposes of SEC Rule 15c2-12(b)(1); to conduct information meetings; and to take such other actions as may be deemed appropriate for the dissemination of information relating to the sale of the Refunding Bonds. Any prior printing and distribution of a preliminary official statement is hereby ratified.

(F) The Secretary or any Assistant Secretary of the Governing Board is hereby authorized and empowered to award said Refunding Bonds when offered, on his determination of the best proposal, as defined in the Notice of Bond Sale, submitted in accordance with the terms of the Notice of Bond Sale provided for herein, and such award shall be final. The Director or any Assistant Secretary of the Governing Board shall report such sale to the Governing Board after award of the Refunding Bonds. (G) The Refunding Bonds shall be executed in the name of the Board of Governors by its Chair, or by such other authorized person. Any of the signatures required hereinabove may be a facsimile signature imprinted or reproduced on the Refunding Bonds. In case any one or more of the officers who shall have signed any of the Refunding Bonds shall cease to be such officer before the Refunding Bonds so signed and sealed shall have been actually sold and delivered, the Refunding Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Refunding Bonds had not ceased to hold office.

(H) A certificate as to the approval of the issuance of the Refunding Bonds, shall be executed by the facsimile signature of the Secretary of the Governing Board, an Assistant Secretary, or as otherwise provided by law.

(I) U.S. Bank Trust National Association, or its successor, is hereby designated as Bond Registrar/Paying Agent for the Refunding Bonds on the terms and conditions set forth in the Registrar, Paying Agent and Transfer Agreement by and between the Board of Administration and U.S. Bank Trust National Association or its successor.

(J) The Interest Payment Dates and the Principal Payment Dates for the Refunding Bonds shall be as set forth in the Notice of Bond Sale. Interest on the Refunding Bonds shall be paid by check or draft mailed on the Interest Payment Date (or, in certain cases, may be paid by wire transfer at the election of a Registered Owner, other than a securities depository, in the manner and under the terms provided for in the State's agreement with the Bond Registrar/Paying Agent, provided that such Registered Owner advances to the Bond Registrar/Paying Agent the amount, if any, necessary to pay the wire charges or authorizes the paying agent to deduct the amount of such payment) to the Registered Owner thereof as of 5:00 p.m. New York time on the Record Date shown on the registration books maintained by the Bond Registrar/Paying Agent for the Refunding Bonds.

(K) The Refunding Bonds shall be dated, shall mature in such years and amounts and shall bear interest commencing on such date as set forth or provided for in the Notice of Bond Sale, a copy of which, as published, shall be retained in the files of the Division with this Sixth Supplemental Resolution. The Refunding Bonds shall be issued in denominations of \$1,000 or any integral multiple thereof unless otherwise provided in the Notice of Bond Sale. The Refunding Bonds shall be payable at the corporate trust office of U.S. Bank Trust National Association, New York, New York, or its successor.

(L) The Refunding Bonds shall be subject to redemption as provided in the Notice of Bond Sale. The Notice of Bond Sale shall contain such redemption provisions as shall be determined by the Director to be in the best financial interest of the State. Upon election by the successful bidder as provided in the Notice of Bond Sale, a portion of the Refunding Bonds identified in such election may be designated as Term Bonds. Additionally, in lieu of mailing the notice of redemption, the Bond Registrar/Paying Agent may elect to provide such notice by electronic means to any Registered Owner who has consented to such method of receiving notices.

(M) The incremental increase in the Reserve Requirement, if any, attributable to the Refunding Bonds shall be funded with proceeds of the Refunding Bonds, amounts previously on deposit in a reserve account on behalf of the Refunded Bonds, a Reserve Account Credit Facility, or some combination thereof, as determined by the Director. The incremental increase, if any, in the Reserve Requirement attributable to the Refunding Bonds shall be deposited in the Reserve Account which was created pursuant to Section 4.02(A) of the Original Resolution. Amounts on deposit in the Reserve Account may be commingled with the amounts deposited for Bonds of additional Series which are secured thereby, shall be held for the benefit of the Registered Owners of only such Bonds as may be specifically secured by the Reserve Account, and shall be applied in the manner provided in the Original Resolution.

Notwithstanding the provisions of the Original Resolution, the Reserve Account for the Refunding Bonds authorized by this Sixth Supplemental Resolution shall be funded in an amount determined by the Director, which shall not exceed the Reserve Requirement for the Refunding Bonds. Such amount may be zero. The amount of the Reserve Requirement funded from the proceeds of the Refunding Bonds shall not exceed the amount permitted under the Code.

The Reserve Requirement for the Refunding Bonds, if any, shall be deposited, as determined by the Director, in either a subaccount in the Reserve Account established for any of the Outstanding Bonds or in a subaccount in such Reserve Account which is hereby established for the Refunding Bonds. Amounts on deposit in any subaccount in the Reserve Account may be commingled with the amounts deposited for Bonds of additional Series which are secured thereby, shall be held for the benefit of the Registered Owners of only such Bonds as may be specifically secured by the respective subaccount, and shall be applied in the manner provided in the Resolution.

(N) Any portion of the Refunding Bonds may be issued as a separate series, provided that the Refunding Bonds of each series shall be numbered consecutively from one upward. The Refunding Bonds referred to herein may be sold separately or combined with any other Bonds authorized by the Division to be sold.

(O) The Director is hereby authorized to offer for sale a lesser principal amount of Refunding Bonds than that set forth in this Sixth Supplemental Resolution and to adjust the maturity schedule and redemption provisions for the Refunding Bonds, if necessary, to reflect the issuance of such lesser amount, and to modify the Notice of Bond Sale as may be required. Any portion of the Refunding Bonds not offered shall remain authorized to be offered at a later date.

(P) The Director is authorized to provide in the Notice of Bond Sale of the Refunding Bonds that the purchase price for the Refunding Bonds may include a discount of not to exceed 3%, excluding original issue discount, if any, of the aggregate principal amount of such Refunding Bonds offered for sale.

(Q) The Chairman, Secretary and any Assistant Secretary of the Governing Board, the Director, and such other officers and employees of the Division as may be designated by the Governing Board as agents of the Division in connection with the issuance and delivery of the Refunding Bonds, are authorized and empowered, collectively or individually, to take all actions and steps, to execute all instruments, documents, and contracts, and to take all other action on behalf of the Division, in each case as they may deem necessary or desirable, in connection with the execution and delivery of the Refunding Bonds, including but not limited to, contracting with a consultant to verify escrow calculations of the Refunding Bonds, retaining bond counsel to render a special tax opinion relating to the use of the proceeds from the sale of the Refunding Bonds, and providing for redemption of the Refunded Bonds. Notwithstanding anything contained in the Resolution to the contrary, it is the intent of the Division that interest on the Refunding Bonds, if issued as tax-exempt Refunding Bonds, be and remain excluded from gross income for federal income tax purposes and therefore to comply with all requirements of federal tax law applicable to such tax-exempt Refunding Bonds, whether such requirements are now in effect, pending or subsequently enacted. The Division is hereby authorized and directed to take all actions necessary with respect to the Refunding Bonds to comply with such requirements of federal tax law.

**SECTION 2.02. AUTHORIZATION TO EXECUTE AND DELIVER AN ESCROW DEPOSIT AGREEMENT; DESIGNATION OF ESCROW AGENTS.** The Chairman and Secretary or an Assistant Secretary of the Governing Board and such other officers and employees of the Division as may be designated by the Governing Board as agents of the Division are hereby each authorized to execute and deliver an Escrow Deposit Agreement on behalf of the Division in such form as may be determined by the Director for the purpose of providing for the deposit of a portion of the proceeds of the Refunding Bonds and such other funds as determined to be necessary into an escrow deposit trust fund for the refunding of the Refunded Bonds. The escrow deposit trust fund shall be held and administered by an escrow agent acceptable to the Director as evidenced by the Director's execution of the Escrow Deposit Agreement.

**SECTION 2.03. APPLICABILITY OF ARTICLE II OF THE ORIGINAL RESOLUTION.** Except as otherwise provided in this Sixth Supplemental Resolution, the terms, description, execution, negotiability, redemption, authentication, disposition, replacement, registration, transfer, issuance and form of the Refunding Bonds shall be governed by the provisions of Article II of the Original Resolution, adjusted to the extent necessary to apply to the Refunding Bonds.

**SECTION 2.04.FORM OF REFUNDING BONDS.** (A) Notwithstanding anything to the contrary in the Resolution, or any other resolution related to the Refunding Bonds, the Refunding Bonds may be issued in book-entry only form utilizing the services of a Securities Depository (as used herein, "Securities Depository" means The Depository Trust Company, New York, New York, or its nominees, successors and assigns).

So long as a book-entry only system of evidence of transfer of ownership of all the Refunding Bonds is maintained in accordance herewith, any provision of the Resolution relating to the delivery of physical bond certificates shall be inapplicable, and the Resolution shall be deemed to give full effect to such book-entry system. If the Refunding Bonds are issued in book-entry only form:

(1) The Refunding Bonds shall be issued in the name of the Securities Depository as Registered Owner of the Refunding Bonds, and held in the custody of the Securities Depository or its designee.

(2) Transfers of beneficial ownership of the Refunding Bonds will be effected on the records of the Securities Depository and its Participants pursuant to rules and procedures established by the Securities Depository ("Participants" include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations, as well other organizations that clear through or maintain a custodial relationship with such organizations, either directly or indirectly).

(3) Each Participant shall be credited in the records of the Securities Depository with the amount of such Participant's interest in the Refunding Bonds. Beneficial ownership interests in the Refunding Bonds may be purchased by or through Participants. The holders of these beneficial ownership interests are hereinafter referred to as the "Beneficial Owners." The Beneficial Owners shall not receive Refunding Bonds representing their beneficial ownership interests. The ownership interests of each Beneficial Owner shall be recorded through the records of the Participant from which such Beneficial Owner purchased its Refunding Bonds. Transfers of ownership interests in the Refunding Bonds shall be accomplished by book entries made by the Securities Depository and, in turn, by Participants acting on behalf of Beneficial Owners.

(4) Unless otherwise provided herein, the Division of Bond Finance, the Board of Governors, the Board of Administration, and the Bond Registrar/Paying Agent (as used in this section, the "State and its agents") shall treat the Securities Depository as the sole and exclusive owner of the Refunding Bonds registered in its name for the purposes of

- (a) payment of the principal of, premium, if any, and interest on the Refunding Bonds or portion thereof to be redeemed or purchased. Payments made to the Securities Depository of principal, premium, and interest shall be valid and effective to fully satisfy and discharge the Board of Governors' obligations to the extent of the sums so paid;

- (b) giving any notice permitted or required to be given to Registered Owners under the Resolution; and

- (c) the giving of any direction or consent or the making of any request by the Registered Owners hereunder. The State and its agents may rely conclusively upon

- (i) a certificate of the Securities Depository as to the identity of the Participants with respect to the Refunding Bonds; and

- (ii) a certificate of any such Participant as to the identity of, and the respective principal amount of Refunding Bonds beneficially owned by, the Beneficial Owners.

(5) The State and its agents shall have no responsibility or obligations to the Securities Depository, any Participant, any Beneficial Owner or any other person which is not shown on the Refunding Bond Register, with respect to

- (a) the accuracy of any records maintained by the Securities Depository or any Participant;

- (b) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal amount or redemption or purchase price of, or interest on, any Refunding Bond;

- (c) the delivery of any notice by the Securities Depository or any Participant;

- (d) the selection of the Participants or the Beneficial Owners to receive payment in the event of any partial redemption of the Refunding Bonds; or

- (e) any consent given or any other action taken by the Securities Depository or any Participant.

(6) The requirements in the Resolution of holding, delivering or transferring Refunding Bonds shall be deemed modified to require the appropriate person to meet the requirements of the Securities Depository as to registering or transferring the book-entry Refunding Bonds to produce the same effect. Any provision hereof permitting or requiring delivery of the Refunding Bonds shall, while the Refunding Bonds are in book-entry only form, be satisfied by the notation thereof on the books of the Securities Depository in accordance with applicable state law.

(B) The Division of Bond Finance may discontinue the book-entry system with the then-current securities depository, subject to the terms of its agreement with such securities depository. In this event, the Division of Bond Finance shall either

(1) identify another qualified securities depository or

(2) prepare and deliver replacement Refunding Bonds in the form of fully registered bonds to each Beneficial Owner.

### **ARTICLE III APPLICATION OF PROCEEDS**

**SECTION 3.01. APPLICATION OF REFUNDING BOND PROCEEDS.** Upon receipt of the proceeds of the sale of the Refunding Bonds the Division shall transfer and apply such proceeds as follows:

(A) The amount necessary to pay all costs and expenses of the Division in connection with the preparation, issuance, and sale of the Refunding Bonds, including a reasonable charge for the services of the Division for its fiscal services and for arbitrage rebate compliance program set-up, shall be transferred to the Division and deposited in the Bond Fee Trust Fund

(B) Any accrued interest on the Refunding Bonds shall be transferred to the Board of Administration and deposited in the Sinking Fund, and used for the payment of interest on the Refunding Bonds.

(C) An amount necessary to fund the incremental increase in the Reserve Requirement, if any, attributable to the Refunding Bonds, to be held in reserve, shall be transferred to the Board of Administration and deposited in the Reserve Account within the Sinking Fund. **History**

Florida International University is a multi-campus public research university offering a broad array of undergraduate, graduate, and professional programs. The university has two main campuses, the 344-acre Modesto A. Maidique campus in western Miami-Dade County, and the 200-acre Biscayne Bay Campus in northeast Miami-Dade County. Through eleven colleges and schools, FIU offers more than 175 bachelor's, master's, and doctoral degree programs and conducts basic and applied research. Interdisciplinary centers and institutes conduct collaborative research to seek innovative solutions to economic, technological, and social problems. With approximately 48,000 students, 941 full-time instructional faculty, and approximately 10,000 degrees awarded annually, FIU is the largest university in South Florida.

Chartered by the Florida Legislature in 1965, Florida International University opened its doors in 1972 to the largest opening-day enrollment in the history of American higher education. Initially a two-year, upper-division school with limited graduate programs; FIU added lower-division classes in 1981 and received authority to begin offering degree programs at the doctoral level in 1984. Ninety-seven percent of FIU's full-time tenured or tenure-track instructional faculty holds doctorates or the highest degree attainable in their fields. FIU is the only urban public university in the state to be a member of Phi Beta Kappa, the nation's oldest scholarly honorary society. The Carnegie Foundation for the Advancement of Teaching classifies FIU as a Research University/High Research Activity. FIU's annual research expenditures exceed \$100 million.

Committed to both high quality and access, FIU meets the educational needs of full-time and part-time undergraduate and graduate students, and lifelong learners. Reflecting the vibrant ethnic diversity of South Florida, 77 percent of FIU students are Hispanic, black, or other minorities. FIU takes pride in the impact its graduates make upon the nation and the world.

**Alumni**

The University's 153,000 alumni constitute the largest university alumni group of any university in Miami-Dade County. Most of the degrees awarded by universities in Miami-Dade County are conferred by the University. Unlike most university graduates, FIU alumni remain in the region; 77% remain in South Florida.

**Economic Impact**

The University has approximately 4,706 full-time employees, making it Miami-Dade County's 20th largest employer and a budget of \$1 billion including financial aid, as well as current capital projects, the University has an economic impact of approximately \$2.4 billion on the South Florida economy.

## Governance

Effective January 7, 2003, a statewide Board of Governors was created pursuant to Article IX, Section 7(d), of the Florida Constitution to operate, regulate, control and be fully responsible for the management of the University System. The Board of Governors defines the mission of each university and ensures the well-planned coordination and operation of the University System. The Governor appoints fourteen members to the Board of Governors for staggered terms of seven years. The appointed members are subject to confirmation by the Senate. The Commissioner of Education, the chair of the Advisory Council of Faculty Senates and the president of the Florida Student Association also serve as members.

Each university is directly governed by a Board of Trustees (“the Trustees”), consisting of thirteen members. The Boards of Trustees were created pursuant to Article IX, Section 7(c), of the Florida Constitution. The Governor appoints six citizen members and the Board of Governors appoints five citizen members. These members are confirmed by the Senate and serve staggered terms of five years. The chair of the faculty senate and the president of the student body of the university are also members. The Board of Governors establishes the powers and duties of the Trustees. The Trustees are responsible for setting policies for the university which provide governance in accordance with the rules of the Board of Governors. The university president serves as the executive officer and corporate secretary of the Trustees and is responsible for all operations of the university. Other senior administrative officers of the universities are designated by the president. Generally, the Provost/Vice President for Academic Affairs assumes responsibility for the president during any absence and is the chief academic officer in the university organization. Other vice presidents have responsibility for specific areas within the organization. The deans of colleges and schools are responsible to the Provost for all matters relating to programs and personnel in their respective academic units.

The establishment of individual University Board of Trustees has increased the individual institutions' control of their academic and fiscal affairs. Under the new structure, the universities are no longer state agencies, but rather are autonomous state-supported public corporations. While the exact structure of the new system continues to evolve, certain of the changes do provide the individual universities with greater fiscal autonomy and financial control.

*Budget.* Each university has control over its own budget, once State funds have been received. The Florida Legislature retains control of the appropriations process.

*Tuition.* The universities have been granted certain powers with regard to setting of tuition and the right to retain their own tuition revenues instead of sending them to the State for redistribution. Still, tuition-setting power for in-state students remains largely in the hands of the Legislature, with lawmakers determining the maximum allowable rates of tuition increase and universities setting the tuition within those limits. The ability for the University to set and collect a number of student service fees provides a meaningful offset to limitations regarding tuition.

*Bonding Authority.* Bond-issuing authority is retained by the State of Florida Division of Bond Finance; the University can borrow through affiliated foundations outside the Division of Bond Finance. The Board of Governors is authorized to request the issuance of revenue bonds to finance or refinance capital outlay projects permitted by law.

**Accreditation and Memberships**

The University is an accredited member of the Southern Association of Colleges and Schools (SACS). The professional programs of the respective schools of the University are accredited or approved by the appropriate professional associations or are pursuing full professional accreditation approval. All academic programs of the University are approved by the State Board of Education and the Board of Governors.

The University is also an affiliate member of the American Council of Education, the Association of Upper Level Colleges and Universities, the American Association of State Colleges and Universities, the Association of Public and Land-Grant Universities, and numerous other educational and professional associations.

## National Recognition

For the past four years, U.S. News and World Report magazine ranked the University among the top 100 public universities in its annual survey of “America’s Best Colleges,” and has named the University as one of the top five institutions in the nation where students graduate with the least amount of debt. Other notable accomplishments include:

- FIU ranked first in the nation among four-year colleges for awarding bachelor’s and master’s degrees to Hispanic students, according to a 2008 survey conducted by *Hispanic Outlook in Higher Education* magazine.
- FIU’s Herbert Wertheim College of Medicine, South Florida’s only public medical school, welcomed its inaugural class of 43 students in August. More than 3,000 students applied for the 43 seats.
- FIU is the youngest university to have been awarded a chapter of Phi Beta Kappa, the nation’s oldest and most distinguished academic honor society.
- *U.S. News & World Report* ranks FIU’s undergraduate international business programs among the top 15 in the nation and their graduate programs among the top 25.
- FIU has been named one of the “10 Cool Colleges for Entrepreneurs” by Fortune Small Business magazine.
- Sponsored research expenditures as calculated by the National Science Foundation for the year 2008-2009 totaled \$101 million.
- Dr. Pedro Jose´ Greer, Jr., assistant dean of academic affairs at the Herbert Wertheim College of Medicine and founder of Camillus Health Concern, was one of 16 Americans recognized by President Barack Obama in August 2009 with the nation's highest civilian honor, the Presidential Medal of Freedom.
- FIU is consistently ranked among America’s best values in public higher education, according to *Kiplinger’s Personal Finance* magazine.

Graduates of FIU’s College of Law led the state with their pass rate on the February 2009 Florida Bar Exam. Almost 82 percent of FIU graduates who took the Florida Bar Exam in February 2009 passed, compared with a state-wide pass rate of 70.7%, continuing a trend among FIU graduates to score higher on the Bar Exam than the state average since our graduates began taking the test in 2005. FIU’s School of Journalism and Mass Communications has eight Pulitzer Prize-winning alumni. The Executive MBA program was recently ranked #1 in Florida by the *Financial Times* (2006, 2007). The School of Hospitality and Tourism Management provides leadership and the talent of 600 student interns and faculty to run the South Beach Wine & Food Festival, a major culinary event in the nation.

## Buildings and Other Capital Facilities

The University has two campuses, the 344 acre Modesto A. Maidique Campus in southwest Miami-Dade County and the 200 acre Biscayne Bay Campus in northeast Miami-Dade County, and one off-campus educational site in Broward County. In addition, the University has a major research facility, the Engineering Center, near its Modesto A Maidique Campus, the Frost Museum on the Modesto A. Maidique Campus as well as the Wolfsonian-FIU, a museum located in historic South Beach that houses a collection of art and design. The main campus, the Modesto A Maidique Campus, has 43 major buildings, two five-story parking garages, three six-story parking garages, a residential apartment complex, six residence halls, a football stadium, a baseball stadium, and an athletic arena that includes a gymnasium. The University in total has 53 major buildings on its campuses, totaling approximately seven million square feet. The Biscayne Bay Campus facilities include nine buildings, an Olympic-type aquatic center and apartment-style housing for students.

The 2000 legislative session approved a College of Law at the University (Chapter 2000-259, Laws of Florida), the first such public college in the state south of Gainesville, Florida. The College of Law opened in Fall 2002 and received provisional accreditation from the American Bar Association in August 2004; permanent accreditation was given in Spring 2006.

The Board of Regents approved the formation of a football program in the Spring of 2001. The NCAA approved FIU’s application to play Division I-A Football in 2005. Last year FIU opened its own football stadium on the Modesto A Maidique campus.

Between 2004 and 2008, the new Frost Museum, College of Law, Marine Biology, Graduate School of Business and Lakeview Housing Buildings were completed. The University has begun construction on various building projects expected to be completed over the next five years. The University is completing the new College of Nursing & Health Sciences. Planning and design is underway for the Science Classroom Complex, Stempel College of Public Health and Social Work / Miami-Dade County Health Department / Ambulatory Care Center Complex, SIPA/Social Sciences, a new Satellite Chiller Plant and a proposed seven story Parking Garage including retail space and the public safety department.

The following table shows the University's capital improvement projects currently in planning and/or construction stages or completed awaiting the certificate of completion. Projects will be funded from the Public Education Capital Outlay funds appropriated by the Legislature, bond proceeds, auxiliary operations, contracts and grants, and Capital Improvement Fees which are levied on a per credit hour basis.

#### **Budgetary Process**

The University's operating budget is comprised of the following budget entities: Education and General, Auxiliary Enterprises, Intercollegiate Athletics, Concessions, Student Activities, Contracts and Grants, Student Financial Aid, Self Insurance Program and Faculty Practice.

*Educational and General.* The University receives an allocation of educational and general resources from the Florida Legislature, which is developed in accordance with the General Appropriations Act, the Implementing Legislation Bill, the Legislative Appropriations Work Papers and the Letter of Intent. The University president approves the general guidelines for the allocation of educational and general resources at the University level. Within the president's guidelines and the guidelines provided by the Board of Trustees, an allocation is made to each vice-president for the functional areas under his/her direction. In coordination with the Office of Financial Planning and the Division of Administration and Finance, a distribution is made by account/department.

*Auxiliary Enterprises, Intercollegiate Athletics and Concessions.* Vice presidents and the Office of Financial Planning prepare operating budget requests for these activities based on anticipated revenues. The Office of Financial Planning then coordinates the vice presidents' presentations and justifications for annual budget requests as required and finalizes them based on the Board of Trustees' guidelines. Budget revisions as required by the president are incorporated in the requests.

*Student Activities.* This budget consists of planned expenditures to be funded from activity and service fees which the University is authorized by the rules of the Florida Board of Education to charge its students. The budget is developed and approved in accordance with Section 1009.24(8) and (9)(a)(b), Florida Statutes.

*Contracts and Grants.* This budget consists of estimated expenditures supported by various private businesses as well as federal, state and local units of government.

*Student Financial Aid.* This budget consists of estimated expenditures of revenues received for loans, grants, scholarships and other student financial aid.

*Self Insurance Program.* This budget consists of estimated expenditures related to the administration of the University's Medical Self Insurance Program. Expenditures *include costs associated* with risk/claims management, annual auditing fees and annual actuarial reports.

*Faculty Practice.* This budget consists of estimated expenditures related to the University's Medical Faculty Practice Plan. Expenditures are for practice personnel, incremental start up costs and practice operations.

Based on the guidelines provided by the Board of Governors, the University submits all budgets to the Board of Trustees for approval. Approved budgets are released for expenditures to the University. All of the colleges/campuses of the University submit budget requests for additional resources annually to the Office of Financial Planning. Any new State resources are allocated to the University according to the priorities set by the president, as are any University-wide reductions. A comparison of the operating budget of the University is included below for Fiscal Years 2007-08 through 2011-12.

## Students

*General.* The University's undergraduate and graduate headcount enrollment has increased by 24% over the past five years. Competition for acceptance to the University is created by the quality and extent of the applicant pool. Students with strong academic preparation and high test scores are given preference in a competitive admissions process. The requirements for admission include (i) submission of a State University System of Florida application form, (ii) submission of official secondary school transcripts and appropriate admission exam test scores, (iii) proof of graduation from an accredited secondary school and (iv) 19 academic units in specified college preparatory courses. Currently, applicants who show potential in areas not easily evaluated by standard tests can be considered for admission under an admission exception rule.

Applicants to a graduate program of the University must meet the minimum standards set by the Florida Board of Education, the University and when applicable, additional requirements set by each department for admission to a graduate program. A student seeking admission into a graduate program must have a bachelor's degree or equivalent from a regionally accredited institution or, in the case of foreign students, an institution recognized in its own country as preparing students for further study at the graduate level. Applicants must submit official copies of all transcripts. In most cases, an applicant must, at a minimum, present a "B" average in upper level work, or a graduate degree from an accredited institution and certain minimum scores on graduate admissions exams. A Florida Board of Education exception policy allows up to 10% of the graduate students admitted for a particular academic year to be admitted as exceptions to the graduate admissions criteria.

The table below shows the full-time equivalent (FTE) enrollment of the University by level for each of the past five academic years. The full-time equivalent student calculation factor is a measure of student enrollment based on the number of student credit hours for which students enroll. Under the semester system, 15 undergraduate student credit hours or 12 graduate student credit hours are equivalent to one FTE during the fall and spring semesters. For housing and financial aid purposes, undergraduate students are considered full time if they take 12 credit hours, and graduate students are considered full time if they take 9 credit hours. During the summer semester, 10 undergraduate student credit hours or 8 graduate student credit hours are equivalent to one FTE. Annual full-time equivalency is 40 hours for undergraduate students and 32 hours for graduate students. FTE enrollment is determined by dividing the total number of hours enrolled by all students in a specific category by the appropriate hour requirement.

*Student Recruitment.* The University's Office of Admissions is responsible for recruiting and enrolling a student body consisting of nationally outstanding academic talent. Students are recruited for whom intense study with faculty in seminars and tutorials will have rich personal meaning. The annual national campaign to recruit and enroll the Fall class involves creating and updating publications; communicating with prospective students through direct mail and telecounseling campaigns; traveling to selected secondary schools, college fairs, Florida community colleges, and national and regional professional meetings of college placement counselors and admissions officers; and hosting University open houses for prospective students and their families. Affirmative action efforts include special mailings to minority students, traveling to different locations to participate in various minority programs and hosting on-campus events for students and counselors.

*Student Quality Indicators.* The following table shows the average high school grade point averages (GPA), average Scholastic Aptitude Test (SAT) scores and average American College Test (ACT) scores for first-time-in-college students at the University for the past five fall semesters for which information is available.

**EXECUTIVE SUMMARY**

---

**Summary of Report on Financial Statements**

Our audit disclosed that the University's basic financial statements were presented fairly, in all material respects, in accordance with prescribed financial reporting standards.

**Summary of Report on Internal Control and Compliance**

Our audit did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* issued by the Comptroller General of the United States.

**Audit Objectives and Scope**

Our audit objectives were to determine whether Florida International University and its officers with administrative and stewardship responsibilities for University operations had:

- Presented the University's basic financial statements in accordance with generally accepted accounting principles;
- Established and implemented internal control over financial reporting and compliance with requirements that could have a direct and material effect on the financial statements; and
- Complied with the various provisions of laws, rules, regulations, contracts, and grant agreements that are material to the financial statements.

The scope of this audit included an examination of the University's basic financial statements as of and for the fiscal year ended June 30, 2011. We obtained an understanding of the University's environment, including its internal control, and assessed the risk of material misstatement necessary to plan the audit of the basic financial statements. We also examined various transactions to determine whether they were executed, in both manner and substance, in accordance with governing provisions of laws, rules, regulations, contracts, and grant agreements.

An examination of Federal awards administered by the University is included within the scope of our Statewide audit of Federal awards administered by the State of Florida. The results of our operational audit of the University are included in our report No. 2012-092.

**Audit Methodology**

The methodology used to develop the findings in this report included the examination of pertinent University records in connection with the application of procedures required by auditing standards generally accepted in the United States of America and applicable standards contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

## INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Florida International University, a component unit of the State of Florida, and its aggregate discretely presented component units as of and for the fiscal year ended June 30, 2011, which collectively comprise the University's basic financial statements as listed in the table of contents. These financial statements are the responsibility of University management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the aggregate discretely presented component units, as described in note 1 to the financial statements, which represent 100 percent of the transactions and account balances of the aggregate discretely presented component units' columns. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of Florida International University and of its aggregate discretely presented component units as of June 30, 2011, and the respective changes in financial position and cash flows thereof for the fiscal year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of Florida International University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that **MANAGEMENT'S DISCUSSION AND ANALYSIS, SCHEDULE OF FUNDING PROGRESS – OTHER POSTEMPLOYMENT BENEFITS PLAN, and NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Respectfully submitted,

David W. Martin, CPA

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

The management's discussion and analysis (MD&A) provides an overview of the financial position and activities of the University for the fiscal year ended June 30, 2011, and should be read in conjunction with the financial statements and notes thereto. This overview is required by Governmental Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements—and Management's Discussion and Analysis—for Public Colleges and Universities*, as amended by GASB Statements Nos. 37 and 38. The MD&A, and financial statements and notes thereto, are the responsibility of University management.

### FINANCIAL HIGHLIGHTS

The University's assets totaled \$1.2 billion at June 30, 2011. This balance reflects a \$70.1 million, or 6.1 percent, increase from the 2009-10 fiscal year, resulting primarily from an increase in net capital assets of \$36.8 million, amounts due from the State, used for construction related projects of \$9.7 million and an increase in cash and investments of \$19.5 million. While assets increased, liabilities decreased by \$0.3 million, totaling \$350.2 million at June 30, 2011, compared to \$350.5 million at June 30, 2010. As a result, the University's net assets increased by \$70.4 million, reaching a year-end balance of \$876.6 million.

The University's operating revenues totaled \$377 million for the 2010-11 fiscal year, representing an 11 percent increase over the 2009-10 fiscal year due mainly to an increase in net student tuition and fees of \$18.6 million, an increase in grant and contract revenues of \$7.7 million and an increase in sales and services revenue of \$11.9 million. Operating expenses totaled \$695.7 million for the 2010-11 fiscal year, representing an increase of 11.3 percent over the 2009-10 fiscal year due mainly to an increase in compensation and employee benefits expense of \$36.5 million, an increase in services and supplies expense of \$13.1 million, and an increase in scholarships, fellowships, and waivers expense of \$17.8 million.

### OVERVIEW OF FINANCIAL STATEMENTS

Pursuant to GASB Statement No. 35, the University's financial report includes three basic financial statements: the statement of net assets; the statement of revenues, expenses, and changes in net assets; and the statement of cash flows. The financial statements, and notes thereto, encompass the University and its component units. These component units include:

➤ ***Florida International University Foundation, Inc.***

The purpose of the Florida International University Foundation, Inc., is to encourage, solicit, receive, and administer gifts and bequests of property and funds for the advancement of Florida International University and its objectives.

➤ ***Florida International University Research Foundation, Inc.***

The purpose of the Florida International University Research Foundation, Inc., includes the promotion and encouragement of, and assistance to, the research and training activities of faculty, staff, and students of Florida International University through income from contracts, grants, and other sources, including, but not limited to, income derived from or related to the development and commercialization of University work products.

➤ ***FIU Athletics Finance Corporation***

The purpose of the FIU Athletics Finance Corporation includes the support to the University in matters pertaining to the financing of the FIU football stadium and, subsequently, the managing and operating of the facility.

➤ ***FIU Academic Health Center Health Care Network Faculty Group Practice, Inc.***

The purpose of the FIU Academic Health Center Health Care Network Faculty Group Practice, Inc., is to improve and support health education at FIU.

➤ ***FIU College of Medicine Self-Insurance Program***

The purpose of the FIU Self-Insurance Program is to provide professional and general liability protection for the Florida International University Board of Trustees for claims and actions arising from the clinical activities of the College of Medicine's faculty, staff and resident physicians.

Based upon the application of the criteria for determining component units, the Self-Insurance Program is included within the University reporting entity as a blended component unit, and the Foundation, Research Foundation, Athletics Finance Corporation, and Academic Health Center Health Care Network Faculty Group Practice are included within the University reporting entity as discretely presented component units. Information regarding these component units, including summaries of the discretely presented component units' separately issued financial statements, is presented in the notes to financial statements. This MD&A focuses on the University, excluding the component units. For those component units reporting under GASB standards, MD&A information is included in their separately issued audit reports.

### **THE STATEMENT OF NET ASSETS**

The statement of net assets reflects the assets and liabilities of the University, using the accrual basis of accounting, and presents the financial position of the University at a specified time. The difference between total assets and total liabilities, net assets, is one indicator of the University's current financial condition. The changes in net assets that occur over time indicate improvement or deterioration in the University's financial condition.

The following summarizes the University's assets, liabilities, and net assets at June 30:

**Condensed Statement of Net Assets at June 30  
(In Millions)**

The statement of net assets reflects the University's growth, primarily its continued physical expansion to meet student and faculty needs. Total assets increased by \$70.1 million, or 6.1 percent, while total liabilities decreased by \$0.3 million, or 0.1 percent. As a result, the net assets balance at June 30, 2011, had a favorable increase of \$70.4 million to \$876.6 million. This ending balance included \$633.2 million invested in capital assets, net of related debt, \$45.2 million in restricted funds, and \$198.2 million in unrestricted funds, which increased \$19.7 million.

### THE STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN NET ASSETS

The statement of revenues, expenses, and changes in net assets presents the University's revenue and expense activity, categorized as operating and nonoperating. Revenues and expenses are recognized when earned or incurred, regardless of when cash is received or paid.

The following summarizes the University's activity for the 2010-11 and 2009-10 fiscal years:

#### Condensed Statement of Revenues, Expenses, and Changes in Net Assets (In Millions)

Note: (1) The 2009-10 prior period adjustment to recognize a change in reporting State University System Capital Improvement Trust Fund Revenue Bonds. It was determined that these bonds were not debt to the University.

### Operating Revenues

GASB Statement No. 35 categorizes revenues as either operating or nonoperating. Operating revenues generally result from exchange transactions where each of the parties to the transaction either give up or receive something of equal or similar value.

The following summarizes the operating revenues by source that were used to fund operating activities during the 2010-11 and 2009-10 fiscal years:

**Operating Revenues**  
(In Millions)

	<u>2010-11</u>	<u>2009-10</u>
Net Tuition and Fees	\$ 167.3	\$ 148.7
Grants and Contracts	90.4	82.7

Sales and Services of Auxiliary Enterprises	109.2	97.1
Other	<u>9.9</u>	<u>10.8</u>
<b>Total Operating Revenues</b>	<u><u>\$ 377.0</u></u>	<u><u>\$ 339.7</u></u>

Operating revenues totaled \$377 million for the 2010-11 fiscal year, representing an 11 percent increase over the 2009-10 fiscal year. This was due to an increase in net student tuition and fees of \$18.6 million, an increase in grant and contract revenues of \$7.7 million, an increase in sales and services revenues of \$11.9 million, and a decrease in other revenues of \$0.9 million.

**Operating Expenses**

Expenses are categorized as operating or nonoperating. The majority of the University's expenses are operating expenses as defined by GASB Statement No. 35. GASB gives financial reporting entities the choice of reporting operating expenses in the functional or natural classifications. The University has chosen to report the expenses in their natural classification on the statement of revenues, expenses, and changes in net assets and has displayed the functional classification in the notes to financial statements.

The following summarizes the operating expenses by natural classifications for the 2010-11 and 2009-10 fiscal years:

**Operating Expenses**  
(In Millions)

	<u>2010-11</u>	<u>2009-10</u>
Compensation and Employee Benefits	\$ 413.2	\$ 376.7
Services and Supplies	143.6	130.5
Utilities and Communications	14.7	13.7
Scholarships, Fellowships, and Waivers	85.2	67.4
Depreciation	38.8	36.7
Self-Insured Claims and Expenses	<u>0.2</u>	<u>0.1</u>
<b>Total Operating Expenses</b>	<u><u>\$ 695.7</u></u>	<u><u>\$ 625.1</u></u>

Operating expenses totaled \$695.7 million for the 2010-11 fiscal year. This represents an 11.3 percent increase over the 2009-10 fiscal year and was primarily due to an increase in compensation and employee benefits of \$36.5 million, an increase in services and supplies expense of \$13.1 million, and an increase of \$17.8 million in scholarships, fellowships and waivers.

### Nonoperating Revenues and Expenses

Certain revenue sources that the University relies on to provide funding for operations, including State noncapital appropriations, certain gifts and grants, and investment income, are defined by GASB as nonoperating. Nonoperating expenses include capital financing costs and other costs related to capital assets.

The following summarizes the University's nonoperating revenues and expenses for the 2010-11 and 2009-10 fiscal years:

<b>Nonoperating Revenues (Expenses)</b> <b>(In Millions)</b>		
	<u>2010-11</u>	<u>2009-10</u>
State Noncapital Appropriations	\$ 214.1	\$ 203.1
Federal and State Student Financial Aid	109.9	82.4
State Appropriated American Recovery and Reinvestment Act Funds	14.5	15.1
Investment Income	23.9	24.3
Other Nonoperating Revenues	1.2	1.0
Loss on Disposal of Capital Assets		(0.2)
Interest on Capital Asset-Related Debt	(6.3)	(5.7)
Other Nonoperating Expenses	<u>(1.3)</u>	<u>(0.1)</u>
<b>Net Nonoperating Revenues</b>	<b><u>\$ 356.0</u></b>	<b><u>\$ 319.9</u></b>

Net nonoperating revenues increased by 11.3 percent from the prior year due mainly to an increase of \$27.5 million in Federal and State Student financial aid and an increase of \$11 million in State noncapital appropriations, the increases were partially offset by an increase of \$1.2 million in other nonoperating expenses. The 2010-11 fiscal year is the second and final year the University will receive State appropriated American Recovery and Reinvestment income, which decreased \$0.6 million from the 2009–10 fiscal year.

### Other Revenues, Expenses, Gains, or Losses

This category is composed of State capital appropriations and capital grants, contracts, donations, and fees. The following summarizes the University's other revenues, expenses, gains, or losses for the 2010-11 and 2009-10 fiscal years:

<b>Other Revenues, Expenses, Gains, or Losses</b> <b>(In Millions)</b>		
	<u>2010-11</u>	<u>2009-10</u>
State Capital Appropriations	\$ 31.9	\$ 45.8
Capital Grants, Contracts, Donations, and Fees	<u>1.2</u>	<u>2.9</u>
<b>Total</b>	<b><u>\$ 33.1</u></b>	<b><u>\$ 48.7</u></b>

Other revenues, expenses, gains, or losses totaled \$33.1 million for the 2010-11 fiscal year. This represents a 32 percent decrease over the 2009-10 fiscal year and was primarily due to a \$13.9 million decrease in State capital appropriations and a decrease of \$1.7 million in capital grants, contracts, donations and fees.

## THE STATEMENT OF CASH FLOWS

The statement of cash flows provides information about the University's financial results by reporting the major sources and uses of cash and cash equivalents. This statement will assist in evaluating the University's ability to generate net cash flows, its ability to meet its financial obligations as they come due, and its need for external financing. Cash flows from operating activities show the net cash used by the operating activities of the University. Cash flows from capital financing activities include all plant funds and related long-term debt activities. Cash flows from investing activities show the net source and use of cash related to purchasing or selling investments, and earning income on those investments. Cash flows from noncapital financing activities include those activities not covered in other sections.

The following summarizes cash flows for the 2010-11 and 2009-10 fiscal years:

### Condensed Statement of Cash Flows (In Millions)

	2010-11	2009-10
Cash Provided (Used) by:		
Operating Activities	\$ (281.2)	\$ (238.4)

Capital and Related Financing Activities	(59.1)	(20.6)
Investing Activities	7.7	(49.2)
<b>Net Increase (Decrease) in Cash and Cash Equivalents</b>	2.0	(8.6)
Cash and Cash Equivalents, Beginning of Year	8.0	16.6
<b>Cash and Cash Equivalents, End of Year</b>	<b>\$ 10.0</b>	<b>\$ 8.0</b>

Major sources of funds came from State appropriations (\$229.4 million), net student tuition and fees (\$168.2 million), sales and services of auxiliary enterprises (\$108.5 million), and grants and contracts (\$95.3 million). Major uses of funds included payments made to and on behalf of employees (\$406.4 million), payments to suppliers of goods and services (\$163.3 million), payments to and on behalf of students for scholarships and fellowships (\$85.2 million), and purchase or construction of capital assets (\$76 million).

## CAPITAL ASSETS, CAPITAL EXPENSES AND COMMITMENTS, AND DEBT ADMINISTRATION

### CAPITAL ASSETS

At June 30, 2011, the University had \$1.2 billion in capital assets, less accumulated depreciation of \$420.8 million, for net capital assets of \$757 million. Depreciation charges for the current fiscal year totaled \$38.8 million. During the 2010-11 fiscal year approximately \$63.5 million was capitalized with the completion of the Social Science & International Studies Building and Parking Garage V.

The following table summarizes the University's capital assets, net of accumulated depreciation, at June 30:

### **ECONOMIC FACTORS THAT WILL AFFECT THE FUTURE**

Florida's difficult economic situation is an important factor affecting State appropriations to higher education. For the 2011-12 fiscal year, State noncapital appropriations to FIU decreased by \$19.2 million. This decline in State noncapital appropriations is offset by tuition increases approved by the Legislature and the Florida Board of Governors. The Legislature approved an 8 percent Statewide tuition increase for undergraduate students and a tuition differential that allowed the University to increase undergraduate tuition up to 15 percent.

The FIU College of Medicine (COM) admitted its third class in August 2011. The COM receives line-item appropriations from the Florida Legislature. For the 2011-12 fiscal year, general revenue State noncapital appropriations to the COM increased by \$1.1 million to \$26.3 million. The 2011-12 fiscal year COM budget is aligned with the implementation plan approved by the Board of Governors in July 2007.

FIU will continue to implement its long-range strategic plan for the 2011-12 fiscal year, which incorporates a reduction strategy that minimizes impact on critical operations and strategic areas while increasing funding for the priority areas in accordance with the strategic plan.

The global and national economic situation and the overall State agenda will continue to influence appropriations to higher education. The main factors affecting FIU in the future are its ability to carry out the cost reduction strategies, finding alternate revenue sources through existing and new ventures, and attracting external monetary support, while remaining intently focused on its mission and goals. FIU continues to stay abreast of all actions and potential changes that could have an effect on how its resources are attained and allocated.

**A COMPONENT UNIT OF THE STATE OF FLORIDA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2011**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity.** The University is a separate public instrumentality that is part of the State university system of public universities, which is under the general direction and control of the Florida Board of Governors. The University is directly governed by a Board of Trustees (Trustees) consisting of thirteen members. The Governor appoints six citizen members and the Board of Governors appoints five citizen members. These members are confirmed by the Florida Senate and serve staggered terms of five years. The chair of the faculty senate and the president of the student body of the University are also members. The Board of Governors establishes the powers and duties of the Trustees. The Trustees are responsible for setting policies for the University, which provide governance in accordance with State law and Board of Governors' Regulations. The Trustees select the University President. The University President serves as the executive officer and the corporate secretary of the Trustees, and is responsible for administering the policies prescribed by the Trustees.

Criteria for defining the reporting entity are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. These criteria were used to evaluate potential component units for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the primary government's financial statements to be misleading or incomplete. Based on the application of these criteria, the University is a component unit of the State of Florida, and its financial balances and activities are reported in the State's Comprehensive Annual Financial Report by discrete presentation.

**Blended Component Unit.** Based on the application of the criteria for determining component units, the Florida International University College of Medicine Self-Insurance Program (the Program) is included within the University reporting entity as a blended component unit. The Program was created on June 18, 2009, by the Florida Board of Governors, pursuant to Section 1004.24, Florida Statutes and provides professional and general liability protection for faculty, medical residents, and students of the College of Medicine.

**Discretely Presented Component Units.** Based on the application of the criteria for determining component units, the following direct-support organizations (as provided for in Section 1004.28, Florida Statutes, and Board of Governors Regulation 9.011) are included with in the University reporting entity as discretely presented component units. These legally separate, not-for-profit, corporations are organized and operated exclusively to assist the University to achieve excellence by providing supplemental resources from private gifts and bequests, and valuable education support services. The Statute authorizes these organizations to receive, hold, invest, and administer property and to make expenditures to or for the benefit of the University. These organizations and their purposes are explained as follows:

- Florida International University Foundation, Inc. – Encourages, solicits, receives, and administers gifts and bequests of property and funds for the advancement of the University and its objectives.

- Florida International University Research Foundation, Inc. – Promotes encourages, and assists research and training activities of faculty, staff, and students of the University through income from contracts, grants, and other sources, including, but not limited to, income derived from or related to the development and commercialization of University work products.
- FIU Athletics Finance Corporation – Supports the University in matters pertaining to the financing of the University’s football stadium and subsequent managing and operating of the facility.
- FIU Academic Health Center Health Care Network Faculty Group Practice, Inc. – Improves and supports health education at FIU. On August 9, 2011, the organization changed its name from Florida International University College of Medicine Health Care Network Faculty Group Practice, Inc., to FIU Academic Health Center Health Care Network Faculty Group Practice, Inc.

An annual audit of each organization’s financial statements is conducted by independent certified public accountants. The annual reports are submitted to the Auditor General and the University Board of Trustees. Additional information on the University’s discretely presented component units, including copies of audit reports, is available by contacting the University’s Controller’s Office. Condensed financial statements for the University’s discretely presented component units are shown in a subsequent note.

**Basis of Presentation.** The University’s accounting policies conform with accounting principles generally accepted in the United States of America applicable to public colleges and universities as prescribed by GASB. The National Association of College and University Business Officers (NACUBO) also provides the University with recommendations prescribed in accordance with generally accepted accounting principles promulgated by GASB and the Financial Accounting Standards Board (FASB). GASB allows public universities various reporting options. The University has elected to report as an entity engaged in only business-type activities. This election requires the adoption of the accrual basis of accounting and entitywide reporting including the following components:

- Management’s Discussion and Analysis
- Basic Financial Statements:
  - Statement of Net Assets
  - Statement of Revenues, Expenses, and Changes in Net Assets
  - Statement of Cash Flows
  - Notes to Financial Statements
- Other Required Supplementary Information

**Basis of Accounting.** Basis of accounting refers to when revenues, expenses, and related assets and liabilities are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the measurement focus applied. The University’s financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses,

A COMPONENT UNIT OF THE STATE OF FLORIDA

JUNE 30, 2011**

assets, and liabilities resulting from nonexchange activities are generally recognized when all applicable eligibility requirements, including time requirements, are met.

The University's discretely presented component units use the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred. The Florida International University Foundation, Inc., follows FASB standards of accounting and financial reporting for not-for-profit organizations. The Florida International University Research Foundation, Inc., the FIU Athletics Finance Corporation and the FIU Academic Health Center Health Care Network Faculty Group Practice, Inc. follow the GASB standards of accounting and financial reporting because they meet the criteria regarding the popular election of officers or appointment of a controlling majority of the members of the organization's governing body by one or more State or local governments.

The University applies all applicable GASB pronouncements and, in accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the University has elected to apply those FASB pronouncements issued on or before November 30, 1989, not in conflict with GASB standards.

Significant interdepartmental sales between auxiliary service departments and other institutional departments have been accounted for as reductions of expenses and not revenues of those departments.

The University's principal operating activities consist of instruction, research, and public service. Operating revenues and expenses generally include all fiscal transactions directly related to these activities as well as administration, operation and maintenance of capital assets, and depreciation on capital assets. Nonoperating revenues include State noncapital appropriations, Federal and State student financial aid, investment income (net of unrealized gains or losses on investments), and revenues for capital construction projects. Interest on capital asset-related debt is a nonoperating expense.

The statement of net assets is presented in a classified format to distinguish between current and noncurrent assets and liabilities. When both restricted and unrestricted resources are available to fund certain programs, it is the University's policy to first apply the restricted resources to such programs, followed by the use of the unrestricted resources.

The statement of revenues, expenses, and changes in net assets is presented by major sources and is reported net of tuition scholarship allowances. Tuition scholarship allowances are the differences between the stated charge for goods and services provided by the University and the amount that is actually paid by a student or a third party making payment on behalf of the student. The University applied "The Alternate Method" as prescribed in NACUBO Advisory Report 2000-05 to determine the reported net tuition scholarship allowances. Under this method, the University computes these amounts by allocating the cash payments to students, excluding payments for services, on a ratio of total aid to the aid not considered third-party aid.

The statement of cash flows is presented using the direct method in compliance with GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*.

**FLORIDA INTERNATIONAL UNIVERSITY  
A COMPONENT UNIT OF THE STATE OF FLORIDA  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
JUNE 30, 2011**

**Cash and Cash Equivalents.** Cash and cash equivalents consist of cash on hand and cash in demand accounts. University cash deposits are held in banks qualified as public depositories under Florida law. All such deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool required by Chapter 280, Florida Statutes. Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other restricted assets, are classified as restricted.

**Concentration of Credit Risk – Component Units.** Financial instruments that potentially subject the Florida International University Foundation, Inc. (Foundation), to concentration of credit risk consist principally of cash in banks. The Foundation places substantially all of its cash with high quality financial institutions which the Foundation believes limits this risk. At June 30, 2011, the Foundation did not exceed these limits. Cash and cash equivalents held with the Foundation's brokerage account at Merrill Lynch are insured by the Securities Investor Protector Corp (SIPC). The balance of this account was \$409,385 as of June 30, 2011.

Financial instruments that potentially subject the FIU Athletics Finance Corporation (Finance Corporation), to concentration of credit risk consist principally of cash in banks and investments.

In addition to insurance provided by the Federal Depository Insurance Corporation, the Foundation, the Finance Corporation, and the Florida International University Research Foundation, Inc., deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, Florida Security for Public Deposits Act, the State Treasurer requires all Florida qualified public depositories to deposit with the Treasurer, or another banking institution, eligible collateral. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses. Accordingly, all amounts reported as deposits, with the exception noted in the preceding paragraph, are insured or collateralized with securities held by the entity or its agent in the entity's name.

The Foundation maintains certain investment accounts with financial institutions which are not insured by the FDIC. These funds may be subject to insurance by SIPC, subject to various limitations. At June 30, 2011, \$152,352,145 was held in these accounts. The Foundation believes that the number, diversity, and financial strength of the issuers mitigates the credit risks associated with all investments.

The Finance Corporation maintains investment accounts with financial institutions that are not insured by FDIC. Fund shares are not guaranteed by the United States government. Current and future portfolio holdings are subject to risk. At June 30, 2011, \$5,644,753 was held in these accounts. The Finance Corporation believes that the number, diversity, and financial strength of the issuers mitigate the credit risks associated with all investments.

The Research Foundation's blended component unit, iWASH Initiative Limited, maintains a deposit balance in Tanzania, Africa, to manage the University's operations to the Tanzania Integrated Water, Sanitation and

Hygiene (iWASH) Program under a United States Agency for International Development grant. The balance in this account of \$33,433 as of June 30, 2011, is not FDIC insured and is subject to foreign currency risk. The Research Foundation maintains its cash balances with high quality financial institutions, which the Research Foundation believes limits these risks.

**Capital Assets.** University capital assets consist of land; works of art and historical treasures; construction in progress; buildings, infrastructure and other improvements; furniture and equipment; library resources; computer software; and property under capital leases. These assets are capitalized and recorded at cost at the date of acquisition or at estimated fair value at the date received in the case of gifts and purchases of State surplus property. Additions, improvements, and other outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The University has a capitalization threshold \$1,000 for tangible personal property and \$50,000 for buildings and other improvements. Depreciation is computed on the straight-line basis over the following estimated useful lives:

- Buildings – 20 to 50 years
- Infrastructure and Other Improvements – 15 years
- Furniture and Equipment – 3 to 20 years
- Library Resources – 10 years
- Computer Software – 5 years
- Property Under Capital Leases – 5 years

Depreciable assets of the Florida International University Foundation, Inc., are stated at cost and are net of accumulated depreciation of \$2,905,730. Depreciation is provided using the straight-line method over the estimated useful lives of the assets, ranging from 5 to 40 years.

Depreciable assets of the FIU Academic Health Center Health Care Network Faculty Group Practice, Inc., are stated at cost and are net of accumulated depreciation of \$1,780. Depreciation is provided using the straight-line method over the estimated useful lives of 5 years for the assets.

**Noncurrent Liabilities.** Noncurrent liabilities include capital improvement debt payable, capital leases payable, liability for self-insured claims, compensated absences payable, other postemployment benefits payable, and other long-term liabilities that are not scheduled to be paid within the next fiscal year. Capital improvement debt is reported net of unamortized premium or discount and deferred losses on refunding. The University amortizes debt premiums and discounts over the life of the debt using the straight-line method. Deferred losses on refundings are amortized over the life of the old debt or new debt (whichever is shorter) using the straight-line method. Issuance costs paid from the debt proceeds are reported as deferred charges, and are amortized over the life of the debt using the straight-line method.

**2. INVESTMENTS**

Section 1011.42(5), Florida Statutes, authorizes universities to invest funds with the State Treasury and State Board of Administration, and requires that universities comply with the statutory requirements governing investment of public funds by local governments. Accordingly, universities are subject to the requirements of Chapter 218, Part IV, Florida Statutes. The University's Board of Trustees has adopted a written investment policy providing that surplus funds of the University shall be invested in those institutions and instruments permitted under the provisions of Florida Statutes. Pursuant to Section 218.415(16), Florida Statutes, the University is authorized to invest in the Florida PRIME investment pool administered by the State Board of Administration (SBA); interest-bearing time deposits and savings accounts in qualified public depositories, as defined in Section 280.02, Florida Statutes; direct obligations of the United States Treasury; obligations of Federal agencies and instrumentalities; securities of, or interests in, certain open-end or closed-end management type investment companies; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and other investments approved by the University's Board of Trustees as authorized by law. Investments set aside to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital assets are classified as restricted.

The University's investments at June 30, 2011, are reported at fair value, as follows:

The SPIA carried a credit rating of Af by Standard & Poor's and had an effective duration of 2.13 years at June 30, 2011. The University relies on policies developed by the State Treasury for managing interest rate risk or credit risk for this investment pool. Disclosures for the State

**State Board of Administration Fund B Surplus Funds Trust Fund**

On December 4, 2007, the State Board of Administration (SBA) restructured the Local Government Surplus Funds Trust Fund to establish the Fund B Surplus Funds Trust Fund (Fund B). Fund B, which is administered by the SBA pursuant to Sections 218.405 and 218.417, Florida Statutes, is not subject to participant withdrawal requests. Distributions from Fund B, as determined by the SBA, are effected by transferring eligible cash or securities to the Florida PRIME investment pool, consistent with the pro rata allocation of pool shareholders of record at the creation date of Fund B. One hundred percent of such distributions from Fund B are available as liquid balance within the Florida PRIME investment pool.

At June 30, 2011, the University reported investments at fair value of \$10,699 in Fund B. The University's investments in Fund B are accounted for as a fluctuating net asset value pool, with a fair value factor of 0.78965331 at June 30, 2011. The weighted-average life (WAL) of Fund B at June 30, 2011, was 7.16 years. A portfolio's WAL is the dollar-weighted average length of time until securities held reach maturity and is based on legal final maturity dates for Fund B as of June 30, 2011. WAL measures the sensitivity of Fund B to interest rate changes. The University's investment in Fund B is unrated.

**State Board of Administration Debt Service Accounts**

The University reported investments at fair value totaling \$2,875,625 at June 30, 2011, in the SBA Debt Service Accounts. These investments are used to make debt service payments on bonds issued by the State Board of Education for the benefit of the University. The University's investments consist of United States Treasury securities, with maturity dates of six months or less, and are reported at fair value. The University relies on policies developed by the SBA for managing interest rate risk or credit risk for these accounts. Disclosures for the Debt Service Accounts are included in the notes to the financial statements of the State's Comprehensive Annual Financial Report.

**Fixed Income and Bond Mutual Funds**

The University invested in various mutual funds in accordance with the University's investment policy. The following risks apply to the University's fixed income and bond mutual fund investments:

At June 30, 2011, the securities held in the fixed income and bond mutual funds had credit quality ratings by a nationally-recognized rating agency (i.e., Standard & Poor's or Moody's), as follows:

- *Concentration of Credit Risk:* Concentration of credit risk is the risk of loss attributed to the magnitude of the University's investment in a single issuer. The University's investment policy addresses the issue of concentration of credit risk by establishing the following restrictions:

- Maximum position in an individual security (excluding Government securities) must not exceed 5 percent of the account market value.
- Maximum position in any one issuer (excluding Government securities) must not exceed 5 percent of the account market value.

The bonds are payable solely from housing rental income, traffic and parking fees, and assessed transportation fees per student, payable through 2039. The University has committed to appropriate each year from the housing rental income, traffic and parking fees, and transportation fees, amounts sufficient to cover the principal and interest requirements on the debt. Total principal and interest remaining on the debt is \$199,323,250, and principal and interest paid for the current year totaled \$12,702,478. During the 2010-11 fiscal year housing rental, traffic and parking fees, and assessed transportation fees totaled \$25,983,956, \$4,063,919, and \$8,055,350, respectively.

**Compensated Absences Payable.** Employees earn the right to be compensated during absences for annual leave (vacation) and sick leave earned pursuant to Board of Governors regulations, University regulations, and bargaining agreements. Leave earned is accrued to the credit of the employee and records are kept on each employee's unpaid (unused) leave balance. The University reports a liability for the accrued leave; however, State appropriations fund only the portion of accrued leave that is used or paid in the current fiscal year. Although the University expects the liability to be funded primarily from future appropriations, generally accepted accounting principles do not permit the recording of a receivable in

anticipation of future appropriations. At June 30, 2011, the estimated liability for compensated absences, which includes the University's share of the Florida Retirement System and FICA contributions, totaled \$34,169,658.

**Other Postemployment Benefits Payable.** The University follows GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, for certain postemployment healthcare benefits administered by the State Group Health Insurance Program.

*Plan Description.* Pursuant to the provisions of Section 112.0801, Florida Statutes, all employees who retire from the University are eligible to participate in the State Group Health Insurance Program, an agent multiple-employer defined-benefit plan (Plan). The University subsidizes the premium rates paid by retirees by allowing them to participate in the Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the Plan on average than those of active employees. Retirees are required to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. A stand-alone report is not issued and the Plan information is not included in the report of a public employee retirement system or another entity.

*Funding Policy.* Plan benefits are pursuant to the provisions of Section 112.0801, Florida Statutes, and benefits and contributions can be amended by the Florida Legislature. The University has not advance-funded or established a funding methodology for the annual other postemployment benefit (OPEB) costs or the net OPEB obligation, and the Plan is financed on a pay-as-you-go basis. For the 2010-11 fiscal year, 392 retirees received postemployment healthcare benefits. The University provided required contributions of \$1,380,000 toward the annual OPEB cost, comprised of benefit payments made on behalf of retirees for claims expenses (net of reinsurance), administrative expenses, and reinsurance premiums. Retiree contributions totaled \$2,302,000.

*Annual OPEB Cost and Net OPEB Obligation.* The University's annual OPEB cost (expense) is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The following table shows the University's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the University's net OPEB obligation:

<u>Description</u>	<u>Amount</u>

<b>Net OPEB Obligation, End of Year</b>	<u><u>\$ 12,082,000</u></u>

The University's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as of June 30, 2011, and for the two preceding years, were as follows:

<u>Fiscal Year</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
2008-09	\$ 3,216,000	43.9%	\$ 4,077,000
2009-10	5,521,000	24.6%	8,240,000
2010-11	5,222,000	26.4%	12,082,000

*Funded Status and Funding Progress.* As of July 1, 2009, the most recent actuarial valuation date, the actuarial accrued liability for benefits was \$72,099,000, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$72,099,000 and a funded ratio of 0 percent. The covered payroll (annual payroll of active participating employees) was \$267,241,000 for the 2010-11 fiscal year, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 26.8 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following the notes to financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

**FLORIDA INTERNATIONAL UNIVERSITY  
A COMPONENT UNIT OF THE STATE OF FLORIDA  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
JUNE 30, 2011**

*Actuarial Methods and Assumptions.* Projections of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The University's OPEB actuarial valuation as of July 1, 2009, used the entry-age cost actuarial method to estimate the unfunded actuarial liability as of June 30, 2011, and the University's 2010-11 fiscal year ARC. This method was selected because it is the same method used for the valuation of the Florida Retirement System. Because the OPEB liability is currently unfunded, the actuarial assumptions included a 4 percent rate of return on invested assets, which is the University's expectation of investment returns under its investment policy. The actuarial assumptions also included a payroll growth rate of 4 percent per year. Healthcare cost trend rates were 9.02, 9.47, and 9.62 percent for the current and two subsequent years, respectively, for all retirees in the Preferred Provider Option (PPO) Plan, and 7.11, 10.5, and 10.5 percent for the current and two subsequent years, respectively, for all retirees in the Health Maintenance Organization (HMO) Plan. The PPO and HMO healthcare trend rates are both 6.6 percent in the fourth year grading identically to 5.1 percent over 70 years. The unfunded actuarial accrued liability is being amortized over 30 years using the level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2011, was 26 years.

**9. COMPONENT UNIT DEBT ISSUES**

**Notes Payable – Florida International University Foundation, Inc.**

On January 20, 2000, the Miami-Dade County Educational Facilities Authority (the Authority) issued \$13 million tax-exempt revenue bonds (Florida International University Foundation Project – Series 1999). These bonds are payable from and secured by a pledge of payments to be made to the Authority under a loan agreement dated December 1, 1999, between the Florida International University Foundation, Inc. (Foundation), and the Authority.

The bonds are secured by an irrevocable letter of credit issued by a commercial bank as described below. The Foundation will finance the payments to the Authority under the loan agreement with lease payments received from the University under an operating lease (see note 14). The \$13 million original principal amount was issued under a variable rate structure with a final maturity date of May 1, 2022. The variable rate on 50 percent of the original issue, \$6.5 million, has been synthetically fixed at 4.63 percent through February 1, 2015, by way of an interest rate swap agreement with a commercial bank (see note 10). The bond proceeds are being used to acquire, construct, and equip a multi-function support complex located on the Modesto A. Maidique campus and to pay issuance costs. As of June 30, 2011, the outstanding principal balance due under this note payable was \$8.785 million. For the year ended June 30, 2011, total interest incurred and paid was \$389,890.

JUNE 30, 2011**

On December 1, 1999, the Foundation entered into a letter of credit agreement with a commercial bank that permitted the Foundation to borrow up to \$13 million through December 15, 2004, bearing interest at the prime rate plus 2 percent. On November 29, 2004, this agreement was extended, with the same terms and conditions, through December 15, 2009. There were two additional extensions subsequent to that date through July 30, 2010. The Foundation must pay an annual commitment fee of 0.45 percent on the unused portion of the commitment. Borrowings under the financing agreement mature 90 days after the date of the borrowing.

Due to significant stress in the bank market the bonds were repurchased by the Trustee under the Sun Trust Bank letter of credit due to the diminishing ability to remarket the variable rate demand bonds in the public marketplace. On July 30, 2010, the commercial bank converted the variable rate demand bonds into a five-year tax exempt qualified loan. After the initial five-year period, the bank would have the right to require the Foundation to refinance the bank qualified loan or could agree to extend the maturity date for an additional five-year period. The Foundation agrees to pay interest at a rate of 67 percent of one month London Interbank Offered Rate (LIBOR) plus 1.68 percent. The bond maturity date of May 1, 2022, remains unchanged as does the swap agreement. The Foundation paid \$52,213 in refinancing fees to complete this transaction. Since the terms remained substantially the same and the present value of the cash outflows is not substantially different, this is not considered an exchange of debt instruments.

Under the letter of credit agreement and loan agreement noted above, the Foundation is obligated under certain debt covenants with which they are in compliance.

The aggregate maturities of the notes payable, as of June 30, 2011, are shown in the following table:

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>

Draw downs on the loan as of June 30, 2011, totaled \$234,985, of which \$163,000 represented noncash operating expenses paid by the University on behalf of the FIU HCN. The loan also includes \$114 of accrued interest as of June 30, 2011. Payments on the loan are scheduled to begin on June 1, 2015, at which time draw downs on the loan will be completed and a final amortization schedule will be available.

The University has entered into an agreement with a contractor to complete the facility, with a contracted amount of approximately \$1.3 million. Expenditures under this contract will be disbursed by the University in future periods and subsequently allocated to the FIU HCN as part of the above-noted loan agreement.

**Bonds Payable – FIU Athletics Finance Corporation**

On December 1, 2009, the FIU Athletics Finance Corporation issued \$30,000,000 of Miami-Dade County Industrial Development Authority Revenue Bonds Series 2009A and \$5,310,000 of Miami-Dade County Industrial Development Authority Taxable Revenue Bonds Series 2009B.

These bonds were issued and secured under and pursuant to a trust indenture. Repayments of the bonds will be payable from pledged revenues, which are all operating and nonoperating revenues. Principal payments for the bonds began March 1, 2010. Interest payments are made on a quarterly basis. The interest rate on the Series 2009A Bonds is equal to the sum of 63.7 percent of three-month LIBOR plus 1.90 percent. The interest rate on the Series 2009B Bonds shall be at a rate equal to three-month LIBOR plus 2.65 percent. The total proceeds from the new bond issue were used solely to retire and refund outstanding Series 2007A and B bonds and pay issuance costs of the bonds and other refinancing costs. The bonds are secured by operating and nonoperating revenues as well as University athletic fees, not to exceed 5 percent of the total athletic fees collected. Total principal due at June 30, 2011, was \$34,003,984.

The FIU Athletics Finance Corporation has funded a debt service reserve fund in accordance with the bond indenture requirement of maintaining an amount equal to the maximum allowable debt service on the bond in the current and any future fiscal year. This debt service reserve fund currently totals \$3,020,941 and is presented as restricted investments.

The FIU Athletics Finance Corporation is required to maintain minimum deposits of \$3,000,000 with Regions Bank. The deposit is to be held in an interest-bearing additional reserve fund and is presented as restricted cash.

The interest rate on these bonds is both fixed and variable and is subject to a hedge agreement (see note 10) that was entered into to reduce the exposure to market risks from changing interest rates. Interest is computed on the basis of the actual number of days elapsed over a year of 365 or 366 days.

The aggregate maturities of these bonds as of June 30, 2011, are as follows:

#### 10. DERIVATIVE FINANCIAL INSTRUMENTS – COMPONENT UNITS

The Florida International University Foundation, Inc., the Florida International University Research Foundation, Inc., and the FIU Athletics Finance Corporation all entered into derivative instruments (i.e., interest rate swap agreements) to reduce their exposure to market risks from changing interest rates. For interest rate swap agreements, the differential to be paid or received is accrued and recognized as interest expense and may change as market interest rates change. These interest rate swap agreements, and a related Letter of Credit agreement entered into by the FIU Athletics Finance Corporation, are discussed below.

##### **Florida International University Foundation, Inc. (Foundation)**

On February 1, 2000, the Foundation entered into an interest rate swap agreement (swap agreement) with a commercial bank on a notional amount of \$6.5 million, which represents 50 percent of the principal amount of the bond issue, as described in note 9. Under the original swap agreement, the Foundation agreed to pay

a fixed rate of 5.03 percent per annum and receive variable rates based on 67 percent of the one-month United States Dollar London Interbank Offered Rate (LIBOR). Effective October 1, 2005, the Foundation renegotiated the swap agreement reducing the interest rate swap to 4.63 percent per annum. The renegotiated swap agreement expires on February 1, 2015. The derivative liability at June 30, 2011, was \$536,947.

**FIU Athletics Finance Corporation (Finance Corporation)**

*Objectives.* As a means to lower its borrowing costs and increase its savings, the Organization entered into an interest rate swap agreement in connection with its \$30 million 2009A Miami-Dade County Industrial Development Authority Revenue Bond issuance. The intention of the swap agreement was to effectively change the Organization's variable interest rate on the bonds to a synthetic fixed rate of 3.60 percent.

*Terms.* On December 22, 2009, Athletics Finance Corporation entered into an interest rate swap agreement to hedge the floating rate on \$21 million of the principal amount of the 2009A Bonds. This represents the fixed portion of the tax exempt bonds payable mentioned in note 9 above. Under the swap agreement, the Athletics Finance Corporation agrees to pay a fixed rate of 3.60 percent and receive a variable rate equal to 63.7 percent of three-month LIBOR. The swap agreement has a maturity date of March 1, 2033.

*Fair Value.* As of June 30, 2011, the FIU Athletics Finance Corporation swap has a derivative liability of \$3,274,250 as reported in the statement of net assets. The negative fair value was determined using a Mark-to-Market Value and represents the closing mid-market values.

As of June 30, 2011, the fair value of the Series 2007A ineffective interest rate swap was \$2,106,379. This interest rate swap was not terminated when the bonds were refunded in December 2009. The interest rate on the refunded Series 2009 bonds reflects a higher rate due to not terminating this interest rate swap. Accordingly, the fair value of \$2,106,378 of the ineffective Series 2007A interest rate swap is being amortized over the remaining life of the refunded Series 2009A bond.

The dollar offset method evaluates the effectiveness by quantitative approach. The dollar offset method evaluates effectiveness by comparing the changes in expected cash flows or fair values of the potential hedging derivative instrument with the changes in expected cash flows or fair values of the hedgeable item. The Organization determined that it met the criteria of the dollar offset method. Therefore, the change in the fair value of the effective interest rate swap is presented in the statement of net assets as a deferred outflow of resources in the amount of \$1,167,871.

*Credit Risks.* As of June 30, 2011, the FIU Athletics Finance Corporation was not exposed to credit risk because the swap had a negative fair value. However, should interest rates change and the fair value of the swap become positive, the Organization would be exposed to credit risk in the amount of the derivative's fair value. The swap counterparty (Regions Bank) was rated Ba2 by Moody's Investors Service, BBB- by Standard & Poor's and BBB- by Fitch Ratings.

**FLORIDA INTERNATIONAL UNIVERSITY  
A COMPONENT UNIT OF THE STATE OF FLORIDA  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
JUNE 30, 2011**

*Basis Risk.* Basis risk arises when different indexes are used in connection with a derivative. Given that both the bond and the interest rate swap are based on 63.7 percent of the three-month LIBOR rate, there is limited basis risk.

*Termination Risk.* The derivative contract uses the International Swap Dealers Association (ISDA) Master Agreement, which includes standard termination events, such as failure to pay and bankruptcy. The schedule to the Master Agreement includes an “additional termination event”. That is, the swap agreement may be terminated if: (i) the loan or other indebtedness in connection with which a transaction entered into by the Athletics Finance Corporation for the purpose or with the effect of altering the net combined payment from a floating to fixed or a fixed to floating rate basis is repaid, whether upon acceleration of principal, at maturity, or otherwise, or for any other reason ceases to be an obligation of the Athletics Finance Corporation, with or without the consent of the counterparty (Regions Bank); or (ii) any credit support document expires, terminates or ceases to be of full force and effect. Also, the swap agreement may be terminated or assigned by Athletics Finance Corporation if the counterparty’s (Regions Bank) long-term, senior, unsecured, unenhanced debt rating is withdrawn, suspended, or falls below at least two of the following: a) “Baa3” as determined by Moody’s; or b) “BBB-” as determined by Standard & Poor’s; or c) “BBB-” as determined by Fitch.

*Swap Payments and Associated Debt.* Using rates as of June 30, 2011, debt service requirements of the variable rate debt and net swap payments, assuming current interest rates remain the same for their term, are as follows:

Fiscal Year Ending June 30	Variable-Rate Bond		Interest Rate Swap, Net	Total
	Principal	Interest		
2012	\$	\$ 399,714	\$ 755,286	\$ 1,155,000

2017-2021	4,155,000	1,871,710	3,536,715	9,563,425
2022-2026	5,955,000	1,386,533	2,619,942	9,961,475
2027-2031	7,425,000	766,404	1,448,171	9,639,575

<b>Total</b>	<b>\$21,000,000</b>	<b>\$6,122,955</b>	<b>\$11,569,720</b>	<b>\$38,692,675</b>

As rates vary, variable-rate bond interest payments and net swap payments will vary.

## 11. RETIREMENT PROGRAMS

**Florida Retirement System.** Essentially all regular employees of the University are eligible to enroll as members of the State-administered Florida Retirement System (FRS). Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. FRS is a single retirement system

administered by the Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer retirement plans and other nonintegrated programs. These include a defined-benefit pension plan (Plan), a Deferred Retirement Option Program (DROP), and a defined-contribution plan, referred to as the Public Employee Optional Retirement Program (PEORP).

Employees in the Plan vest at six years of service. All vested members are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, which may include up to 4 years of credit for military service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in the DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

The State of Florida establishes contribution rates for participating employers. Contribution rates during the 2010-11 fiscal year were as follows: **Error! Hyperlink reference not valid.**

Class	Percent of Gross Salary	
	Employee	Employer (A)
Florida Retirement System, Regular	0.00	10.77
Florida Retirement System, Senior Management Service	0.00	14.57
Florida Retirement System, Special Risk	0.00	23.25
Deferred Retirement Option Program - Applicable to Members from All of the Above Classes	0.00	12.25
Florida Retirement System, Reemployed Retiree	(B)	(B)

Notes: (A) Employer rates include 1.11 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include .03 percent for administrative costs of the Public Employee Optional Retirement Program.

(B) Contribution rates are dependent upon retirement class in which reemployed.

The University's liability for participation is limited to the payment of the required contribution at the rates and frequencies established by law on future payrolls of the University. The University's contributions for the fiscal years ended June 30, 2009, June 30, 2010, and June 30, 2011, totaled \$8,286,522, \$8,493,631, and \$9,998,061, respectively, which were equal to the required contributions for each fiscal year.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
JUNE 30, 2011**

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the PEORP in lieu of the FRS defined-benefit plan. University employees already participating in the State University System Optional Retirement Program or the DROP are not eligible to participate in this program. Employer contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. The PEORP is funded by employer contributions that are based on salary and membership class (Regular Class, Senior Management Service Class, etc.). Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Employees in PEORP vest at one year of service. There were 394 University participants during the 2010-11 fiscal year. Required contributions made to the PEORP totaled \$1,814,087.

Financial statements and other supplementary information of the FRS are included in the State's Comprehensive Annual Financial Report, which is available from the Florida Department of Financial Services. An annual report on the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services, Division of Retirement.

**State University System Optional Retirement Program.** Section 121.35, Florida Statutes, provides for an Optional Retirement Program (Program) for eligible university instructors and administrators. The Program is designed to aid State universities in recruiting employees by offering more portability to employees not expected to remain in the FRS for six or more years.

The Program is a defined-contribution plan, which provides full and immediate vesting of all contributions submitted to the participating companies on behalf of the participant. Employees in eligible positions can make an irrevocable election to participate in the Program, rather than the FRS, and purchase retirement and death benefits through contracts provided by certain insurance carriers. The employing university contributes on behalf of the participant 10.43 percent of the participant's salary, less a small amount used to cover administrative costs. The remaining contribution is invested in the company or companies selected by the participant to create a fund for the purchase of annuities at retirement. The participant may contribute, by payroll deduction, an amount not to exceed the percentage contributed by the university to the participant's annuity account.

There were 1,878 University participants during the 2010-11 fiscal year. Required employer contributions made to the Program totaled \$15,784,583 and employee contributions totaled \$5,675,212.

On December 1, 1999, the former Board of Regents of the State University System of the State of Florida for and on behalf of the University entered into a ground lease agreement with the Foundation. Under this agreement, the Foundation leases from the University the grounds on which a multi-function support complex facility was built on the Modesto A. Maidique campus. The consideration required to be paid by the Foundation is \$10 annually. The ground lease will expire on December 31, 2024, or on the date the Foundation makes its final payment under a letter of credit agreement related to the financing of the facility.

Total amounts paid to the Foundation under this agreement were \$1,270,027 and \$1,178,248 for the years ended June 30, 2011, and 2010, respectively.

On December 1, 1999, the former Board of Regents on behalf of the University also entered into a 20-year operating lease agreement with the Foundation for the facility. Under the terms of the operating lease, the University will pay the Foundation rent in the amount equal to all amounts due and payable by the Foundation under the letter of credit agreement, if any, and loan agreement related to the financing of the facility. The payments also include any costs of operating and maintaining the facility, in addition to amounts necessary to pay any unanticipated and extraordinary costs. The lease commenced during August 2002 when the facility became operational. The lease will terminate on May 1, 2022, which is the date of maturity of the loan agreement.

The facility under the above operating lease is not recorded as an asset on the statement of net assets; however, the operational lease payments are recorded as expenses in the statement of revenues, expenses, and changes in net assets when paid or incurred. **15. GIFT AGREEMENT – FLORIDA INTERNATIONAL UNIVERSITY FOUNDATION, INC.**

The Wolfsonian, Inc. (Wolfsonian), was established in 1986 to create and operate a museum and research center in Miami Beach, Florida, and to support a comprehensive program focused on the collection, exhibition, interpretation, preservation, research and publication of the decorative, design, and architectural arts. The Wolfsonian has been loaned the Mitchell Wolfson, Jr., collection of nearly 27,000 objects of art and rare books dating from the late nineteenth to the mid-twentieth century. It encompasses furniture, sculpture, paintings, books, graphics and other works of art on paper, as well as archives relating to the period. Through a series of academic study and fellowship programs, national and international traveling exhibitions, and scholarly initiatives, the Wolfsonian promotes public education and awareness of the social, historical, technological, political, economic, and artistic material culture of Europe and America in the 1885-1945 period.

On July 1, 1997, the Foundation entered into a gift agreement (Agreement) with Mitchell Wolfson, Jr., the Wolfsonian, and the University, whereby Mitchell Wolfson, Jr., agreed to donate all rights, title, and interest in and to all objects constituting the Mitchell Wolfson, Jr., Collection of Decorative and Propaganda Arts to the Foundation, subject to a loan agreement made and entered into by the Wolfsonian and Mr. Wolfson, Jr., dated July 29, 1991. The loan agreement was extended in July 2001, for ten years through July 2011 and the Foundation is in the process of extending it another ten years through July 2021.

The Foundation has elected to exercise the option of not capitalizing the items that meet the definition of “collection” as prescribed by accounting principles generally accepted in the United States. Therefore, the fair value of the donated Collection of Decorative and Propaganda Arts is not reflected in the University’s financial statements. Purchases of collection items are recorded as decreases in unrestricted net assets in the year in which the items are acquired, or as temporarily or permanently restricted net assets if the assets used to purchase the items are restricted by donors. Proceeds from deaccessions or insurance recoveries are reflected as increases in the appropriate net asset classes.

As a result of the Agreement, the Wolfsonian amended its articles of incorporation and bylaws to provide that all its directors be appointed and removed at any time with or without cause by the Foundation, with the intention to effect a transfer of complete control of all of the assets, interest, and obligations of the

Wolfsonian to the Foundation. On May 26, 1999, the Foundation passed a revision to the bylaws of the Wolfsonian to make the Foundation the sole voting member of the Wolfsonian.

The gifts are conditional upon the provisions outlined in the Agreement, including but not limited to the Foundation continuing the museum and educational activities and operations that were conducted by the Wolfsonian. As a result of the Agreement, the University and Foundation have assumed all administrative functions and operating costs of the Wolfsonian activities within the University.

The most significant of the obligations under the Agreement is for the University to provide the Wolfsonian with the same financial support from its general budget, as provided to other departments, and to continue the museum and educational activities and operations of the Wolfsonian. The University provided support of approximately \$1.9 million during the 2010-11 fiscal year for Wolfsonian expenses which included salaries, equipment, administrative expenses, insurance premiums for the art collection, and building security. In addition, the University provided support of approximately \$124,000 during the 2010-11 fiscal year for utilities, repairs, and maintenance expenses for buildings used by the Wolfsonian.

**16. RISK MANAGEMENT PROGRAMS**

The University is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Pursuant to Section 1001.72(2), Florida Statutes, the University participates in State self-insurance programs providing insurance for property and casualty, workers' compensation, general liability, fleet automotive liability, Federal Civil Rights, and employment discrimination liability. During the 2010-11 fiscal year, for property losses, the State retained the first \$2 million per occurrence for all perils except named windstorm and flood. The State retained the first \$2 million per occurrence with an annual aggregate retention of \$40 million for named windstorm and flood losses. After the annual aggregate retention, losses in excess of \$2 million per occurrence were commercially insured up to \$58.75 million for named windstorm and flood losses through February 14, 2011, and increased to \$61 million starting February 15, 2011. For perils other than named windstorm and flood, losses in excess of \$2 million per occurrence were commercially insured up to \$200 million; and losses exceeding those amounts were retained by the State. No excess insurance coverage is provided for workers' compensation, general and automotive liability, Federal Civil Rights and employment action coverage; all losses in these categories are completely self-insured by the State through the State Risk Management Trust Fund established pursuant to Chapter 284, Florida Statutes. Payments on tort claims are limited to \$100,000 per person, and \$200,000 per occurrence as set by Section 768.28, Florida Statutes. Calculation of premiums considers the cash needs of the program and the amount of risk exposure for each participant. Settlements have not exceeded insurance coverage during the past three fiscal years.

Pursuant to Section 110.123, Florida Statutes, University employees may obtain healthcare services through participation in the State group health insurance plan or through membership in a health maintenance organization plan under contract with the State. The State's risk financing activities associated with State group health insurance, such as risk of loss related to medical and prescription drug claims, are administered through the State Employees Group Health Insurance Trust Fund. It is the practice of the State not to

purchase commercial coverage for the risk of loss covered by this Fund. Additional information on the State's group health insurance plan, including the actuarial report, is available from the Florida Department of Management Services, Division of State Group Insurance.

**University Self-Insurance Program.** The Florida International University College of Medicine Self-Insurance Program was established pursuant to Section 1004.24, Florida Statutes, on June 18, 2009. The Self-Insurance Program provides professional and general liability protection for the Florida International University Board of Trustees for claims and actions arising from the clinical activities of the College of Medicine faculty, staff and resident physicians. Liability protection is afforded to the students of the college. The Self-Insurance Program provides legislative claims bill protection.

The University is protected for losses that are subject to Section 768.28, Florida Statutes, to the extent of the waiver of sovereign immunity as described in Section 768.28(5), Florida Statutes. The Self-Insurance Program also provides: \$1,000,000 per legislative claims bills inclusive of payments made pursuant to Section 768.28, Florida Statutes; \$250,000 per occurrence of protection for the participants that are not subject to the provisions of Section 768.28, Florida Statutes; \$250,000 per claim protection for participants who engage in approved community service and act as Good Samaritans; and student protections of \$100,000 for a claim arising from an occurrence for any one person, \$250,000 for all claims arising from an occurrence and professional liability required by a hospital or other healthcare facility for educational purposes not to exceed per occurrence limit of \$1,000,000.

The Self-Insurance Program's estimated liability for unpaid claims at fiscal year-end is the result of management and actuarial analysis and includes an amount for claims that have been incurred but not reported. Changes in the balances of claims liability for the Self-Insurance Program during the 2009-10 and 2010-11 fiscal years are presented in the following table:

#### **17. FUNCTIONAL DISTRIBUTION OF OPERATING EXPENSES**

The functional classification of an operating expense (instruction, research, etc.) is assigned to a department based on the nature of the activity, which represents the material portion of the activity attributable to the department. For example, activities of academic departments for which the primary departmental function is instruction may include some activities other than direct instruction such as research and public service. However, when the primary mission of the department consists of instructional program elements, all expenses of the department are reported under the instruction classification. The operating expenses on the statement of revenues, expenses, and changes in net assets are presented by natural classifications. The following are those same expenses presented in functional classifications as recommended by NACUBO:

A segment is defined as an identifiable activity (or grouping of activities) that has one or more bonds or other debt instruments outstanding with a revenue stream pledged in support of that debt. In addition, the activity's related revenues, expenses, gains, losses, assets, and liabilities are required to be accounted for separately. The following financial information for the University's Housing and Parking facilities represents identifiable activities for which one or more bonds are outstanding:

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

**1. SCHEDULE OF FUNDING PROGRESS – POSTEMPLOYMENT HEALTHCARE BENEFITS PLAN**

The July 1, 2009, unfunded actuarial liability of \$72,099,000 was significantly higher than the July 1, 2007, liability of \$48,762,000 as a result of changes to demographic, trend, actuarial and coverage assumptions.

**Changes in Demographic Assumptions**

More eligible employees elected coverage than expected resulting in a considerable increase in the number of participants receiving healthcare benefits, accordingly the number employees and retirees used to compute the liability was increased.

**Changes in Trend Assumptions**

For the first two years the actuarial study used trends from the December 7, 2009, Financial Outlook for the State Employees' Group Health Self-Insurance Fund. For subsequent years the trend model has been changed to the Getzen trend model for retiree healthcare valuations. The Getzen trend model does not differentiate between pre-Medicare and post-Medicare medical trends and considers long-term healthcare trends relating what United States citizens will accept for healthcare as a percent of total gross domestic product output/consumption.

**Changes in Actuarial Assumptions**

Participants are living longer after retirement and receiving healthcare benefits for more years than assumed previously which increases healthcare costs. Reductions in healthcare costs resulted from retirement rates which were less than expected as participants are retiring at older ages and disability rates which were less than expected. The assumptions for these factors have been adjusted to be more in line with experience and to recognize general trends.

**Changes in Coverage Assumptions**

As a result of the change in demographic assumptions the number of participants that are expected to elect coverage at retirement has also been increased to reflect the revised expectations.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

We have audited the financial statements of Florida International University, a component unit of the State of Florida, and its aggregate discretely presented component units as of and for the fiscal year ended June 30, 2011, which collectively comprise the University's basic financial statements, and have issued our report thereon included under the heading **INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS**. Our report on the financial statements was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Other auditors audited the financial statements of the aggregate discretely presented component units as described in our report on the University's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the University's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, with which noncompliance could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to University management in our operational audit report No. 2012-092.

Pursuant to Section 11.45(4), Florida Statutes, this report is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, Federal and other granting agencies, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

We have prepared the accompanying Statement of Net Assets of Florida International University Housing System as of June 30, 2011, and the related Statements of Revenues, Expenses and Changes in Net assets and Cash Flows for the year then ended, in accordance with accounting standards generally accepted in the United States of America. **Florida International University  
Housing System  
Management's Discussion and Analysis  
For Fiscal Year Ended June 30, 2011**

The Management's Discussion and Analysis introduces the Florida International University's Housing System Annual Financial Statements and provides an analytical overview of the University's Housing System financial activities during the fiscal year ended June 30, 2011. Management has prepared the financial statements and the related note disclosures along with the management's discussion and analysis. Responsibility for the completeness and fairness of this information rests with the University. The management's discussion and analysis is designed to focus on current activities, resulting changes, and currently known facts, and should be read in conjunction with the accompanying financial statements and notes thereto. The Governmental Accounting Standards Board (GASB) is the University's reporting authority.

The University's basic financial statements are comprised of the following:

1. Management's discussion and analysis (MD&A)
2. Basic financial statements which include:
  - a. Statement of Net Assets
  - b. Statement of Revenues, Expenses and Changes in Net Assets
  - c. Statement of Cash Flows
3. Notes to the Financial Statements

The purpose of the Statement of Net Assets is to report all financial and capital resources of the Housing System at the end of the fiscal year. Assets and liabilities are shown in order of their relative liquidity. An asset's liquidity is determined by how readily it is expected to be converted to cash and whether restrictions limit the institution's ability to use the resources. A liability's liquidity is based on its maturity, or when cash is expected to be used to liquidate it. The difference between the assets and liabilities is shown as net assets.

The Statement of Revenues, Expenses, and Changes in Net Assets is the operating statement of the Housing System and as such, reports all revenues and expenses for the fiscal year. Revenues are reported by major sources and are reported gross with related discounts and allowances reported separately. The statement distinguishes between operating and nonoperating revenues. Nonoperating revenues and expenses are reported after operating income. Special and

extraordinary items and transfers are reported separately, after nonoperating revenues and expenses.

The purpose of the Statement of Cash Flows is to provide relevant information about the cash receipts and cash payments of the Housing System during the fiscal year. The Statement of Cash Flows reports the cash effects during the fiscal year of an institution's operations, its noncapital financing transactions, its capital and related financing transactions, and its investing transactions.

### **Financial Highlights**

The Housing System's assets totaled \$104.1 million at June 30, 2011. This amount is reported net of accumulated depreciation of \$28.2 million. Total assets reflect a \$601,330 decrease from the 2009-10 fiscal year. Noncurrent assets decreased by \$4.6 million, which is primarily attributable to current year depreciation of capital assets in the amount of \$3.0 million; this decrease was offset by an increase of \$4.0 million in current assets, which relates to a \$1.4 million increase in unrestricted cash and a \$2.2 million increase in investments.

Total liabilities amounted to \$72.8 million at June 30, 2011, compared to \$77.0 million at June 30, 2010. The decrease of \$4.2 million or 5.5 percent is attributed to the principal payments made for capital improvement debt and capital lease liabilities.

The Housing System's total net assets balance of \$31.3 million at the end of the year represents a 13.1 percent increase from the beginning total net assets balance of \$27.7 million. Total net assets consisted of \$8 thousand restricted expendable for capital projects, \$19.8 million unrestricted and \$11.5 million in capital assets, net of related debt.

The operations of the housing facilities depend primarily on revenues collected from room rentals, interest income, conference fees, concession revenues (laundry and vending activity), and processing fees that provide additional income to the auxiliary. Net revenues of the Housing System are the primary source of pledged revenues for the outstanding 1998, 2000 and 2004A Series Bonds. The Housing system met revenue goals and maintained operating costs within budget. In fiscal year 2010-11, operating revenues totaled \$26.0 million, reflecting a 12.1 percent increase over fiscal year 2009-10. This increase of approximately \$2.8 million is due to an increase in occupancy of 5.0 percent, and a 3.0 percent increase in rental rates effective Fall 2011 semester, and a 3.0 percent increase in the meal plan rates.

Occupancy rates during fiscal year 2010-11 were 97.0 percent of capacity, an increase of 5.0 percent occupancy rate compared to 2009-10.

Operating expenses include costs associated with salaries, utilities, daily maintenance functions, administration, supplies, and outsourced contractual services. Operating expenses related to housing facilities were \$17.5 million during fiscal year 2010-11. The increase in operating expenses is primarily due to the increased occupancy rate.

Nonoperating revenues and expenses reported during fiscal year 2010-11 consist of investment income, interest expense and adjustments to the fair market value of investments. The fluctuation in nonoperating revenues and expenses is mainly attributable to interest on asset related debt, realized investment income and adjustments to the fair market value of investments.

The Housing system is committed to improving student life on campus by increasing housing facilities and upgrading existing facilities to meet student needs.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity.** The University is a separate public instrumentality that is part of the State university system of public universities, which is under the general direction and control of the Florida Board of Governors. The University is directly governed by a Board of Trustees (Trustees) consisting of 13 members. The Governor appoints six citizen members and the Board of Governors appoints five citizen members. These members are confirmed by the Florida Senate and serve staggered terms of five years. The chair of the faculty senate and the president of the student body of the University are also members. The Board of Governors establishes the powers and duties of the Trustees. The Trustees are responsible for setting policies for the University, which provide governance in accordance with State law and Board of Governors' Regulations. The Board of Governors, or the Trustees if designated by the Board of Governors, selects the University President. The University President serves as the executive officer and the corporate secretary of the Trustees, and is responsible for administering the policies prescribed by the Trustees.

Criteria for defining the reporting entity are identified and described in the Governmental Accounting Standards Board's *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. These criteria were used to evaluate potential component units for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the primary government's financial statements to be misleading or incomplete. Based on the application of these criteria, the University is a component unit of the State of Florida, and its financial balances and activity are reported in the State's Comprehensive Annual Financial Report by discrete presentation.

**Basis of Presentation.** The University's accounting policies conform with generally accepted accounting principles in the United States of America applicable to public colleges and universities as prescribed by the Governmental Accounting Standards Board (GASB). The National Association of College and University Business Officers (NACUBO) also provides the University with recommendations prescribed in accordance with generally accepted accounting principles promulgated by GASB. GASB allows public universities various reporting options. The University has elected to report as an entity engaged in only business-type activities. This election requires the adoption of the accrual basis of accounting and entity wide reporting including the following components:

**FLORIDA INTERNATIONAL UNIVERSITY  
HOUSING SYSTEM  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2011 AND 2010**

- Management's Discussion and Analysis
- Basic Financial Statements:
  - Statement of Net Assets
  - Statement of Revenues, Expenses, and Changes in Net Assets
  - Statement of Cash Flows
- Notes to Financial Statements

**Basis of Accounting.** Basis of accounting refers to when revenues, expenses, and related assets and liabilities are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the measurement focus applied. The University's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange activities are generally recognized when all applicable eligibility requirements, including time requirements, are met.

Interdepartmental sales between auxiliary service departments and other institutional departments have been accounted for as reductions of expenses and not revenues of those departments.

The University's principal operating activities consist of instruction, research, and public service. Operating revenues and expenses generally include all fiscal transactions directly related to these activities as well as administration, operation and maintenance of capital assets, and depreciation on capital assets. Nonoperating revenues include State appropriations, Federal and State student financial aid, investment income (net of unrealized gains or losses on investments), and revenues for capital construction projects. Interest on asset-related debt is a nonoperating expense.

**Cash and Cash Equivalents.** Cash and cash equivalents consists primarily of cash on hand and cash in demand accounts. University cash deposits are held in banks qualified as public depositories under Florida law. All such deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool required by Chapter 280, Florida Statutes. Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other restricted assets, are classified as restricted.

**FLORIDA INTERNATIONAL UNIVERSITY  
HOUSING SYSTEM  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2011 AND 2010**

**Capital Assets.** University capital assets consist of buildings, infrastructure and other improvements, furniture and equipment, and property under capital leases. These assets are capitalized and recorded at cost at the date of acquisition. Additions, improvements, and other outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The University has a capitalization threshold of \$1,000 for all tangible personal property and \$50,000 for buildings and other improvements. Depreciation is computed on a straight-line basis over the following estimated useful lives:

- Buildings – 20 to 50 Years
- Infrastructure and Other Improvements – 15 Years
- Furniture and Equipment – 3 to 20 years
- Property under Capital Leases – 5 years

## **2. PRIOR PERIOD ADJUSTMENT**

<b>Total</b>	<b>\$ 1,670,200</b>	<b>\$ 400,000</b>

## **3. INVESTMENTS**

The investments for the Housing System are reported at market value of \$17,335,047 and \$15,113,463 at June 30, 2011 and 2010, respectively.

Generally accepted accounting principles require the classification of credit risk of investments into the following three categories:

- Risk Category 1 – Insured or registered, or securities held by the entity or its agent in the entity's name.
- Risk Category 2 – Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the entity's name.

**FLORIDA INTERNATIONAL UNIVERSITY  
HOUSING SYSTEM  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2011 AND 2010**

- Risk Category 3 – Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the entity's name.

The University participates in investment pools through the State Treasury and the State Board of Administration in accordance with the provisions of Sections 17.61 and 215.49, Florida Statutes. University investments in the investment pools managed by the State Treasury and the State Board of Administration cannot be categorized because the University's investments are not evidenced by specific, identifiable investment securities. The State Treasury Investment Pool is rated by Standard and Poors, rating is Af as of June 30, 2011 and 2010. The effective duration of the State Treasury Investment Pool is 2.13 years as of June 30, 2011, and was 1.81 years as of June 30, 2010. Additional disclosures on the State Treasury Investment Pool can be found in notes to the State of Florida Comprehensive Annual Financial Report.

#### **4. RECEIVABLES**

The Housing System's accounts receivable totaled \$1,940,502 and \$1,664,298 at June 30, 2011 and 2010, respectively.

**Allowance for Doubtful Receivables.** Allowances for doubtful accounts are reported based upon management's best estimate as of fiscal year-end considering type, age, collection history, and any other factors considered appropriate. The Housing System's allowance for doubtful receivables was \$828,955 and \$909,340 at June 30, 2011 and 2010, respectively.

#### **5. LONG-TERM LIABILITIES**

The proceeds were used to finance the construction of dormitories on the Modesto A. Maidique campus. The capital improvement debt payable is secured by the revenues of the housing system at the University, and may additionally be secured by other revenues that are determined to be necessary and legally available. Proceeds of the capital improvement debt payable and other legally available monies shall be used for the project.

The State Board of Administration administers the principal and interest payments, investment of sinking fund resources and compliance with reserve requirements.

## 6. COMPENSATED ABSENCE LIABILITY

Employees earn the right to be compensated during absences for annual leave (vacation) and sick leave pursuant to Board of Governors Regulation 6C-5.920 and bargaining agreements. Leave earned is accrued to the credit of the employee and records are kept on each employee's unpaid (unused) leave balance. The University reports a liability for the accrued leave; however, State appropriations fund only the portion of accrued leave that is used or paid in the current fiscal year. Although the University expects the liability to be funded primarily from future appropriations, generally accepted accounting principles do not permit the recording of a receivable in anticipation of future appropriations. The Housing System's estimated liability for

**FLORIDA INTERNATIONAL UNIVERSITY  
HOUSING SYSTEM  
NOTES TO FINANCIAL STATEMENTS

compensated absences, which includes the Housing Systems's share of the Florida Retirement System and FICA contributions, was \$237,068 and \$248,854 at June 30, 2011 and 2010, respectively. The current compensated absences liability is based on actual payouts over the last three years, calculated as a percentage of those years' total compensated absences liability.

**7. SUBSEQUENT EVENT**

Sale and issuance of the \$22,875,000 State of Florida, Board of Governors, Florida International University Dormitory Revenue Refunding Bonds, Series 2011A will be used to refund all or a portion of the Outstanding State of Florida, Board of Regents, Florida International University Housing Facility Revenue Bonds Series 1998 and 2000 and to pay the costs of issuance. FORM OF BOND COUNSEL OPINION

[DATED DATE OF DELIVERY]

Board of Governors  
Tallahassee, Florida

Division of Bond Finance of the  
State Board of Administration of Florida  
Tallahassee, Florida

Ladies and Gentlemen:

We have examined certified copies of the proceedings of the Board of Governors, (the "Board"), the Division of Bond Finance of the State Board of Administration of Florida (the "Division of Bond Finance"), the State Board of Administration of the State of Florida, applicable provisions of the Constitution and laws of the State of Florida, and other proofs submitted to us relative to the issuance and sale of:

\$ \_\_\_\_\_  
STATE OF FLORIDA  
BOARD OF GOVERNORS  
FLORIDA INTERNATIONAL UNIVERSITY  
DORMITORY REVENUE BONDS, SERIES 2012A  
Dated \_\_\_\_\_  
(the "Bonds")

The Bonds are being issued by the Division of Bond Finance in the name of and on behalf of the Board for the purpose of paying costs of the 2012A Project; funding capitalized interest, if any; refunding all or a portion of the State of Florida, Board of Regents, Florida International University Housing Facility Revenue Bonds, Series 1998 (the "Refunded Bonds") and paying certain costs associated with the issuance of the Bonds, under the authority of and in full compliance with the Constitution and statutes of the State of Florida, including particularly Sections 215.57-215.83, Florida Statutes, Section 1010.62, Florida Statutes and other applicable provisions of law. The principal of, premium, if any, and interest on the Bonds will be secured by and payable solely from a pledge of the Pledged Revenues (as defined in the hereinafter defined Resolution) on a parity with the Outstanding Parity Bonds (as defined in the hereinafter defined Resolution), which together with the Bonds, will be outstanding in the aggregate principal amount of \$112,280,000 (excluding the principal amount of the Refunded Bonds) subsequent to issuance of the Bonds, and any Additional Parity Bonds hereafter issued (as defined in the hereinafter defined Resolution).

The Bonds do not constitute a general obligation of the State of Florida or any political subdivision thereof within the meaning of any constitutional, statutory or other limitation of indebtedness and the owners thereof shall never have the right to compel the exercise of any ad valorem taxing power or taxation in any form for the payment of the principal of or interest on the Bonds.

Based on our examination, we are of the opinion, as of the date hereof, as follows:

1. That such proceedings and proofs show lawful authority for issuance and sale of the Bonds pursuant to the Constitution and statutes of the State of Florida and pursuant to resolutions authorizing the issuance and sale of the Bonds duly adopted by the Governing Board of the Division of Bond Finance on June 9, 1998, as amended on September 23, 1998, August 10, 2004 and September 20, 2011 and as amended and supplemented on March 20, 2012 (collectively, the "Resolution"), and a resolution of the Board adopted on June 23, 2011.

2. The Bonds (i) have been duly authorized, executed and delivered by the Division of Bond Finance and the Board and (ii) are valid and binding special obligations of the Board enforceable in accordance with their terms, payable solely from the sources provided therefor in the Resolution.

3. The Bonds and the income thereon are not subject to any State tax except estate taxes imposed by Chapter 198, Florida Statutes, as amended, and net income and franchise taxes imposed by Chapter 220, Florida Statutes, as amended.

4. The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met subsequent to the issuance and delivery of the Bonds in order that interest on the Bonds be and remain excluded from gross income for purposes of federal income taxation. Non-compliance may cause interest on the Bonds to be included in federal gross income retroactive to the date of issuance of the Bonds, regardless of the date on which such non-compliance occurs or is ascertained. The Division of Bond Finance and the Board have covenanted in the Resolution to comply with such requirements in order to maintain the exclusion from gross income for federal income tax purposes of the interest on the Bonds.

Subject to compliance by the Division of Bond Finance and the Board with the aforementioned covenants, (a) interest on the Bonds is excluded from gross income for purposes of federal income taxation, and (b) interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, interest on the Bonds will be taken into account in determining adjusted current earnings for purposes of computing the alternative minimum tax on corporations. We express no opinion regarding other federal tax consequences caused by the ownership of or the receipt of interest on or the disposition of the Bonds.

It is to be understood that the rights of the owners of the Bonds and the enforceability thereof may be subject to the exercise of judicial discretion in accordance with general principles of equity, to the valid exercise of the sovereign police powers of the State of Florida and of the constitutional powers of the United States of America and to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted.

In rendering the foregoing opinions, we have assumed the accuracy and truthfulness of all public records and of all certifications, documents and other proceedings examined by us that have been executed or certified by public officials acting within the scope of their official capacities and have not independently verified the accuracy or truthfulness thereof and the genuineness of the signatures appearing upon such public records, certifications, documents and proceedings.

Our opinions expressed herein are predicated upon present law, facts and circumstances as of the date of issuance and delivery of the Bonds, and we assume no affirmative obligation to update the opinions expressed herein if such laws, facts or circumstances change after such date.

As Bond Counsel, we have not been engaged nor have we, in such capacity, undertaken to review the accuracy, completeness or sufficiency of any offering material relating to the Bonds and we express no opinion herein relating thereto.

Very truly yours,

BRYANT MILLER OLIVE P.A.

## PROVISIONS FOR BOOK-ENTRY ONLY SYSTEM OR REGISTERED BONDS

### The Depository Trust Company and Book-Entry Only System

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE DIVISION OF BOND FINANCE BELIEVES TO BE RELIABLE; HOWEVER, THE DIVISION OF BOND FINANCE TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF.

DTC will act as securities depository for the 2012A Bonds. The 2012A Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of the 2012A Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities and Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants" and together with Direct Participants, the "Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com) and [www.dtc.org](http://www.dtc.org).

Purchases of the 2012A Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2012A Bonds on DTC's records. The ownership interest of each actual purchaser of each 2012A Bond (a "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which such Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2012A Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the 2012A Bonds, except in the event that use of the book-entry system is discontinued.

To facilitate subsequent transfers, all 2012A Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of 2012A Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in Beneficial Ownership. DTC has no knowledge of the actual Beneficial Owners of the 2012A Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2012A Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2012A Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect

to the 2012A Bonds, such as redemptions, tenders, defaults, and proposed amendments to the 2012A Bond documents. For example, Beneficial Owners of 2012A Bonds may wish to ascertain that the nominee holding the 2012A Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners.

Redemption notices shall be sent to DTC. If less than all of the 2012A Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2012A Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Division of Bond Finance as soon as practicable after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2012A Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and principal and interest payments on the 2012A Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the Bond Registrar/Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, (nor its nominee), the Bond Registrar/Paying Agent, the Division of Bond Finance, or the Board of Governors, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Bond Registrar/Paying Agent; disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services with respect to the 2012A Bonds at any time by giving reasonable notice to the Division of Bond Finance or Bond Registrar/Paying Agent and discharging its responsibilities with respect thereto under applicable law. The Division of Bond Finance may decide to discontinue use of the system of book-entry transfers for the 2012A Bonds through DTC (or a successor securities depository). Under such circumstances, in the event that a successor securities depository is not obtained, certificates for the 2012A Bonds will be printed and delivered as provided in the documents authorizing the issuance and sale of the 2012A Bonds.

For every transfer and exchange of beneficial interests in the 2012A Bonds, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other government charge that may be imposed in relation thereto.

So long as Cede & Co., as nominee of DTC, is the registered owner of the 2012A Bonds, references herein to the Registered Owners or Holders of the 2012A Bonds shall mean Cede & Co. and not mean the Beneficial Owners of the 2012A Bonds unless the context requires otherwise.

The Division of Bond Finance, the Board of Governors and the Bond Registrar/Paying Agent will not have any responsibility or obligation with respect to:

- (i) the accuracy of the records of DTC, its nominee or any DTC Participant or any successor securities depository, participants thereof or nominee thereof with respect to any beneficial ownership interest in the 2012A Bonds;
- (ii) the delivery to any DTC Participant or participant of any successor securities depository or any other person, other than a registered owner, as shown in the Bond Register, of any notice with respect to any 2012A Bond, including, without limitation, any notice of redemption;
- (iii) the payment to any DTC Participant or participant of any successor securities depository or any other person, other than a registered owner, as shown in the Bond Register, of any amount with respect to the principal of, premium, if any, or interest on the 2012A Bonds, or the purchase price of, any 2012A Bond;

- (iv) any consent given by DTC or any successor securities depository as registered owner; or
- (v) the selection by DTC or any DTC Participant or by any successor depository or its participants of the beneficial ownership interests in the 2012A Bonds for partial redemption.

So long as the 2012A Bonds are held in book-entry only form, the Division of Bond Finance, the Board of Governors and the Bond Registrar/Paying Agent may treat DTC and any successor Securities Depository as, and deem DTC and any successor Securities Depository to be, the absolute owner of the 2012A Bonds for all purposes whatsoever, including, without limitation:

- (i) the payment of the principal of, premium, if any, and interest on the 2012A Bonds;
- (ii) giving notices of redemption and other matters with respect to the 2012A Bonds;
- (iii) registering transfers with respect to the 2012A Bonds; and
- (iv) the selection of the beneficial ownership interests in the 2012A Bonds for partial redemption.

#### **Payment, Registration, Transfer and Exchange**

*The following provisions shall only be applicable if the book-entry-only system of registration is discontinued; for provisions which are applicable while the book-entry only system of registration is in effect, see "Book-Entry Only System" above.*

The Division of Bond Finance, the Board of Governors and the Bond Registrar/Paying Agent may treat the Registered Owner of any 2012A Bond as the absolute owner for all purposes, whether or not such 2012A Bond is overdue, and will not be bound by any notice to the contrary.

Principal of and premium, if any, on the 2012A Bonds will be payable upon presentation and surrender of the 2012A Bonds when due at the corporate trust office of U.S. Bank Trust National Association, New York, New York, as Bond Registrar/Paying Agent.

Each 2012A Bond will be transferable or exchangeable only upon the registration books by the Registered Owner or an attorney duly authorized in writing, upon surrender of such 2012A Bond to the Bond Registrar/Paying Agent together with a written instrument of transfer (if so required) satisfactory in form to the Division of Bond Finance of Bond Finance and the Bond Registrar/Paying Agent, duly executed by the Registered Owner or a duly authorized attorney. Upon surrender to the Bond Registrar/Paying Agent for transfer or exchange of any 2012A Bond, duly endorsed for transfer or accompanied by an assignment in accordance with the Resolution, the Bond Registrar/Paying Agent will deliver in the name of the transferee(s) a fully registered 2012A Bond of authorized denomination of the same maturity for the aggregate principal amount which the Registered Owner is entitled to receive.

Neither the Division of Bond Finance nor the Bond Registrar/Paying Agent may charge the Registered Owner or transferee for any expenses incurred in making any exchange or transfer of the 2012A Bonds. However, the Division of Bond Finance and the Bond Registrar/Paying Agent may require payment from the Registered Owner of a sum sufficient to cover any tax, fee, or other governmental charge that may be imposed in relation thereto. Such governmental charges and expenses must be paid before any such new 2012A Bond is delivered.

The Bond Registrar/Paying Agent will not be required to issue, transfer or exchange any 2012A Bonds on the Record Date.
