| <b>Tax Status</b>                       | In Bond Counsel's opinion, interest on the 2012A Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the alternative minimum tax; however, interest on the 2012A Bonds is taken into account in determining federal taxes imposed on corporations subject to the alternative minimum tax. The 2012A Bonds and the income therefrom are not subject to any Florida taxes, except estate taxes imposed by Chapter 198, Florida Statutes, and corporate net income and franchise taxes imposed by Chapter 220, Florida Statutes, as amended. See Appendix F - "Form of Bond Counsel's Opinion" for assumptions and limitations made by Bond Counsel. |
| <b>Redemption</b>                       | The 2012A Bonds maturing on and after July 1, 2022 are subject to optional redemption. Certain of the 2012A Bonds may be subject to mandatory redemption, contingent upon the exercise of the Term Bonds option.   |
| <b>Security</b>                         | The 2012A Bonds will be secured by and payable from a first lien pledge of certain Capital Improvement Fees collected by the Participating Florida College institutions, and investment earnings thereon (the "Pledged Revenues"). <b>The 2012A Bonds are not secured by the full faith and credit of the State of Florida.</b>  |
| <b>Lien Priority</b>                    | The lien of the 2012A Bonds on the Pledged Revenues is a first lien on such revenues and will be on a parity with the Outstanding Bonds and any Additional Bonds hereafter issued. The aggregate principal amount of Outstanding Bonds subsequent to the issuance of the 2012A Bonds will be \$111,710,000*.   |
| <b>Additional Bonds</b>                 | Additional Bonds payable on a parity with the 2012A Bonds may be issued if the average Pledged Revenues for the two preceding Fiscal Years are at least 130% of the Maximum Annual Debt Service. This description of the requirements for the issuance of the Additional Bonds is only a summary of the complete requirements. See "SECURITY FOR THE 2012A BONDS - Additional Bonds" herein for more complete information.   |
| <b>Purpose</b>                          | Proceeds will be used to finance a portion of the cost of new construction and equipment of educational facilities at Palm Beach State College (the "2012A Project"), and to pay costs of issuance.  |
| <b>Interest Payment Dates</b>           | January 1 and July 1, commencing July 1, 2012.   |

The Director of the Division of Bond Finance may serve as an assistant secretary of the Governing Board.

### **State Board of Administration of Florida**

The State Board of Administration of Florida (the “Board of Administration”) was created under Article IV, Section 4, of the Constitution of the State of Florida, as revised in 1968 and subsequently amended, and succeeds to all the power, control and authority of the state board of administration established pursuant to Article IX, Section 16, of the Constitution of the State of Florida of 1885. It will continue as a body at least for the life of Article XII, Section 9(c) of the Florida Constitution. The Board of Administration is composed of the Governor, as Chairman, the Attorney General and the Chief Financial Officer. Under the State Bond Act, the Board of Administration determines the fiscal sufficiency of all bonds proposed to be issued by the State of Florida or its agencies. It also acts as the fiscal agent of the Department and the Participating Florida College System institutions in administering the Sinking Fund and the Rebate Fund established pursuant to the Master Authorizing Resolution as described below.

### **State Board of Education - Department of Education - Division of Florida Colleges**

The State Board of Education is established by Article IX, Section 2 of the Florida Constitution. It oversees the entire Florida education system, including Florida College System institutions, and establishes education goals and objectives. Its seven members are appointed by the Governor to staggered four-year terms, subject to confirmation by the Florida Senate. The Commissioner of Education is appointed by the State Board of Education and serves as the Chief Executive Officer of the Department of Education. The Division of Florida Colleges (formerly, the Division of Community Colleges), a division of the Department of Education, provides policy leadership, coordination and technical assistance to the Florida College System institutions. It prepares the Florida College System legislative budget request and disburses State appropriations to the Florida College System institutions. It also establishes educational standards and policies related to articulation and academic affairs, assists the colleges with academic and financial affairs, and collects and analyzes information for accountability purposes.

## **Florida College System Institution District Boards of Trustees**

Florida College System institution districts are independent, separate corporate entities created for the operation of the respective Florida College System institution. By law they are constituted as political subdivisions of the State. Florida College System institution districts are governed by Boards of Trustees comprised of five to nine members, depending on the number of local school districts within the Florida College System institution district. Trustees are appointed by the Governor and confirmed by the Florida Senate. The Florida College System institution president serves as the district's executive officer and corporate secretary, as well as the chief administrative officer of the Florida College System institution. Trustees are authorized to enter into lease-purchase agreements and to borrow funds and incur debt, including the issuance of revenue bonds for specified purposes.

### **Administrative Approval**

The District Board of Trustees of the 2012A Participating Florida College System institution has adopted a resolution requesting the Division of Bond Finance to proceed with the preparation of proceedings required for the issuance of the 2012A Bonds and irrevocably pledging its Florida College System Capital Improvement Fees to the payment of the Bonds.

By a resolution adopted on August 1, 2006, as amended, the Governing Board of the Division of Bond Finance authorized the issuance of State of Florida, Department of Education Community College Capital Improvement Revenue Bonds (Various Series) (the "Master Authorizing Resolution"). The Master Authorizing Resolution is reproduced as Appendix B to this Official Statement. The Governing Board authorized the sale of not exceeding \$10,000,000 2012A Bonds by the Fourth Supplemental Resolution on January 18, 2012, which also amended the Master Authorizing Resolution. The Fourth Supplemental Resolution is reproduced as Appendix C to this Official Statement.

The Board of Administration approved the fiscal sufficiency of the 2012A Bonds, as required by the State Bond Act, on January 18, 2012.

### **Validation**

The validity of the 2006A Bonds was determined by Final Judgment of the Circuit Court of the Second Judicial Circuit in and for Leon County, Florida rendered on September 7, 2006. The judgment became final when the time for filing an appeal expired with no appeal having been taken.

Pursuant to Section 1009.23(11), Florida Statutes, only the initial Series of Bonds is required to be validated. The 2012A Bonds will not be validated.

## **DESCRIPTION OF THE 2012A BONDS**

The 2012A Bonds are being issued as fully registered bonds in the denomination of \$1,000 or integral multiples thereof. The 2012A Bonds are payable from the Pledged Revenues as described herein. The 2012A Bonds will be dated the date of delivery thereof and will mature as set forth on the inside front cover. Interest is payable on July 1, 2012, for the period from the date of delivery thereof to July 1, 2012, and semiannually thereafter on January 1 and July 1 of each year until maturity or redemption.

The 2012A Bonds will initially be issued exclusively in "book-entry" form. Ownership of one 2012A Bond for each maturity (as set forth on the inside front cover), each in the aggregate principal amount of such maturity, will be initially registered in the name of "Cede & Co." as registered owner and nominee for the Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the 2012A Bonds. Individual purchases of the 2012A Bonds will be made in book-entry form only, and the purchasers will not receive physical delivery of the 2012A Bonds or any certificate representing their beneficial ownership interest in the 2012A Bonds. See Appendix G, "PROVISIONS FOR BOOK-ENTRY

ONLY SYSTEM OR REGISTERED BONDS” for a description of DTC, certain responsibilities of DTC, the Division of Bond Finance and the Bond Registrar/Paying Agent, and the provisions for registration and registration for transfer of the 2012A Bonds if the book-entry only system of registration is discontinued.

## **REDEMPTION PROVISIONS**

### **Optional Redemption**

The 2012A Bonds maturing in the years 2013 through 2021, both inclusive, are not redeemable prior to their stated dates of maturity. The 2012A Bonds maturing in 2022 and thereafter (including any Term Bonds) are redeemable prior to their stated dates of maturity, at the option of the Division of Bond Finance, (i) in part, by maturities and/or Amortization Installments to be selected by the Division of Bond Finance, and by lot within a maturity and/or Amortization installment if less than an entire maturity and/or Amortization Installment is to be redeemed, or (ii) as a whole, on July 1, 2021, or on any date thereafter, at the principal amount of the 2012A Bonds so redeemed, together with interest accrued to the date of redemption.

### **Mandatory Redemption**

The 2012A Bonds scheduled to mature in and after 2022 are subject to a special option which permits the successful bidder to specify that all the principal amount of the 2012A Bonds in any two or more consecutive years will, in lieu of maturing in each of such years, be considered to comprise a single maturity of 2012A Bonds (a “Term Bond”) scheduled to mature in the latest of such years and be subject to mandatory redemption from Amortization Installments in the principal amounts set forth on the inside front cover. The successful bidder may exercise the above option one or more times. The final Official Statement will reflect which 2012A Bonds, if any, will be Term Bonds, subject to mandatory redemption by completion of the following paragraph and amortization table for each Term Bond:

The 2012A Bonds maturing on July 1, 20\_\_ (the “20\_\_ Term Bonds”), are subject to mandatory redemption in part, by lot, on July 1, 20\_\_, and on each July 1 thereafter to and including July 1, 20\_\_, at the principal amount of the 20\_\_ Term Bonds to be redeemed, without premium, plus accrued interest, from Amortization Installments in the years and amounts as follows:

| <u>Year</u> | <u>Principal Amount</u> | <u>Year</u> | <u>Principal Amount</u> |
|-------------|-------------------------|-------------|-------------------------|
|             | \$                      |             | \$                      |

### **Notice of Redemption**

Notices of redemption of 2012A Bonds or portions thereof will be mailed by first class mail at least 30 days prior to the date of redemption to Registered Owners of record as of 45 days prior to the date of redemption. Such notices of redemption will specify the serial numbers and the principal amount of the 2012A Bonds to be redeemed, if less than all, the date fixed for redemption, and the redemption price. In lieu of mailing, the Bond Registrar/Paying Agent may elect to provide such notice of redemption by electronic means to any Registered Owner who has consented to such method of receiving notice.

Failure to give any required notice of redemption as to any particular 2012A Bonds will not affect the validity of the call for redemption of any 2012A Bonds in respect of which no such failure has occurred. Any notice mailed as provided in the Resolution will be conclusively presumed to have been given, whether or not the Registered Owner receives the notice.

Interest on the 2012A Bonds called for redemption will cease to accrue upon the redemption date.

## **FLORIDA COLLEGE SYSTEM<sup>1</sup>**

### **History**

Florida's 28 Colleges were established to serve the citizens of the State of Florida by offering the first two years of a baccalaureate degree, vocational education, and adult continuing education. In order to bring instruction closer to students, more than 2,000 off-campus locations, such as churches, public schools, and community centers, are also utilized in fulfilling the Community Colleges' mission.

Florida's Community College system began in 1933 when Palm Beach Junior College was established as a public two-year college. By 1947, three more public Community Colleges had been established. In 1955, the Legislature established the Community College Council, which in 1957 published a report entitled "The Community Junior College in Florida's Future." This report contained recommendations for a master plan for establishing a system of public Community Colleges in Florida. The system was designed to provide post-high school education within commuting distance for more than 90 percent of Florida's population. With the development and implementation of the master plan, Florida became a national model for the development of a statewide system of Community Colleges.

The 1957 Legislature authorized the creation of the Division of Community Colleges in the State Department of Education and appropriated funds for six new community colleges in order to begin implementation of the master plan. The State continued to build additional Community Colleges through the 1960's and early 1970's. In 1968, the Legislature created independent boards of trustees for Community Colleges. Previously, Community Colleges were under the jurisdiction of district school boards. The master plan was fully implemented in 1972.

In 2002, the Florida Legislature passed Section 1007.33, Florida Statutes, authorizing Community Colleges to develop proposals to offer the four-year baccalaureate degree, subject to approval by the State Board of Education, and with an emphasis on teacher education, nursing and computer technology. St. Petersburg College was the first institution to offer the degree, followed by Chipola College, Miami Dade College, Northwest Florida State College (formerly known as Okaloosa Walton College), and Edison State College. College names began to change as those offering baccalaureate degrees began to drop "community." In late 2007, as the number of schools adding baccalaureate degrees continued to increase, there was an unsuccessful attempt to start a separate "State" college system. After much discussion, it was agreed that while the ability to offer the four-year degree has expanded the mission of these institutions, their major focus remains that of a Community College.

The Florida College System, as designated in 2008 and confirmed again in 2009, consists of all 28 institutions. The Division of Community Colleges was also renamed to the Division of Florida Colleges in the 2009 legislation. As a result of that same legislation, Florida's Community Colleges are now called Florida College System institutions, Florida Colleges or Community Colleges.

### **Funding Policy**

State appropriations are provided to each College in a lump sum and distributed monthly; i.e., the institution is given an amount of money to run various programs and then allowed to determine how to use that money for the designated program. The primary source for operating funds is State general revenue, augmented by funds generated by the Florida Lottery. The balance of the operating funds is made up of

student tuition and fees and other local funds. Fixed capital projects are funded through a combination of motor vehicle license and gross receipts taxes; certain student fees; bond proceeds pledging such taxes or fees; general revenue; and local funds.

In accordance with the stated legislative intent that there should be maximum local autonomy in the governance and operation of individual Florida Colleges, each Board of Trustees has the general power to operate its respective institution and is the contracting agent of the Florida College. Each Board of Trustees develops priorities for offering programs and meeting local needs, and has the flexibility to develop a budget within available resources to best meet its institution's priorities. The Boards of Trustees are also provided the flexibility and responsibility to set policy on pay, salary increases, most fringe benefits, and job qualifications.

Each year, the Florida Legislature specifies standard per credit hour student tuition for both resident and out-of-state students. Trustees may set tuition and the out-of-state fee at levels which may vary slightly from the standard, and may also establish financial aid, capital improvement, student activity and service, and technology fees. The Boards of Trustees are also authorized to establish user fees and fines for services.

See Appendix D for a more detailed description of the Florida College tuition establishment and funding processes.

## **Governance**

*Boards of Trustees* - Florida College districts are independent, separate corporate entities created for the operation of the respective Florida Colleges. By law they are constituted as political subdivisions of the State. Florida College districts are governed by Boards of Trustees comprised of five to nine members, depending on the number of local school districts within the Florida College district. Trustees are appointed by the Governor and confirmed by the Florida Senate. The Florida College president serves as the district's executive officer and corporate secretary, as well as the chief administrative officer of the Florida College.

*State Board of Education/Division of Florida Colleges* - Effective January 7, 2003, the State Board of Education was established pursuant to Article IX, Section 2, of the Florida Constitution. The State Board of Education is responsible for overseeing kindergarten through graduate school education in Florida. Education goals and objectives consistent with the policies prescribed by the Legislature are to be established by the State Board of Education. The State Board of Education consists of seven members appointed by the Governor to staggered four-year terms, subject to confirmation by the Senate. The Commissioner of Education is appointed by the Board and serves as the chief executive officer of Florida's education system.

The Division of Florida Colleges is a division of the State Department of Education. The powers, duties, responsibilities and functions of the Division of Florida Colleges are assigned by the State Board of Education and the Commissioner of Education.

The Division of Florida Colleges provides policy leadership, coordination and technical assistance to the 28 locally governed Florida Colleges. The Division of Florida Colleges is responsible for the preparation of the system-wide legislative budget request (based on data received from each Florida College), calculation of funding for each Florida College and the disbursement of State appropriations to the Florida Colleges. The Division of Florida Colleges is also responsible for establishing educational standards and policies related to articulation and academic affairs. It conducts studies and provides technical assistance to the institutions in the areas of academic and financial affairs and is responsible for the collection and analysis of information necessary to demonstrate accountability.

The Division of Florida Colleges serves as the conduit between the Participating Florida College System institutions and the Division of Bond Finance with respect to the issuance of Capital Improvement Bonds. The Division of Florida Colleges monitors the collection of Pledged Revenues and debt service

payments and provides the Division of Bond Finance with financial and Project information for each Participating Florida College System institution necessary for the sale, continuing disclosure reporting and arbitrage compliance monitoring of the Bonds.

#### **PURPOSE OF THE ISSUE**

After providing for costs of issuance with respect to the 2012A Bonds, the remaining proceeds will be used to finance a portion of the costs of the 2012A Project, which consists of the new construction and equipment of educational facilities at the Palm Beach State College as described below. This project has been included in an approved educational plant survey pursuant to Chapter 1013, Florida Statutes, and in Palm Beach State College's capital improvement plan as provided in Section 216.0158, Florida Statutes. Palm Beach State College has adopted and filed with the Division of Bond Finance a resolution requesting issuance of bonds to finance the 2012A Project.

The 2012A Project consists of one phase of a Public Safety Training Center. This phase of the overall project will contain approximately 60,000 square feet of lab, physical education and auditorium space. Palm Beach State College plans to also use approximately \$8.3 million in PECO and \$1.5 million of local funds for the construction of this phase.

### Construction Fund

The Master Authorizing Resolution provides for the deposit of the net proceeds of the 2012A Bonds into separate accounts in the 2012A Project Construction Fund (the "Construction Fund"), a trust fund created in the State Treasury in the amounts and for the benefit of the 2012A Participating Florida College System institution as specified by the Division of Bond Finance, to pay the costs of the Projects being financed by the 2012A Bonds. The Registered Owners of the 2012A Bonds will have a lien on the proceeds of such Bonds deposited in the 2012A Project Construction Fund until such moneys are applied as provided in the Master Authorizing Resolution. See "MISCELLANEOUS - Investment of Funds" below for policies governing the investment of the Construction Fund.

Withdrawals from the Construction Fund will be made by written requisition from an Authorized Officer of Palm Beach State College certifying that such withdrawal is for a proper Project Cost, and that either (i) the amount of such withdrawal will be expended by Palm Beach State College within 30 days, or (ii) the withdrawal is for reimbursement to the Palm Beach State College for payment of a Project Cost. Funds remaining in the 2012A Project Construction Fund after completion of the Project will be deposited into the Excess Construction Fund Moneys Account in the Sinking Fund, to be used: (i) to pay debt service on Bonds or to fund the Rebate accounts; (ii) to pay the Project Cost of another Project of Palm Beach State College; (iii) to call for redemption that amount of 2012A Bonds attributable to Palm Beach State College; and/or, (iv) after obtaining an opinion of Bond Counsel that such proposed use will not, under the statutes, rules and regulations then in force and applicable, cause the interest on the Bonds to be included in gross income for federal income tax purposes, to pay for any lawful purpose.

## SECURITY FOR THE 2012A BONDS

### Pledged Revenues<sup>1</sup>

The 2012A Bonds and the interest thereon constitute joint obligations of the Participating Florida College System institutions, and are secured by and payable solely from a first lien pledge of the Capital Improvement Fees collected pursuant to Section 1009.23(11)<sup>2</sup>, Florida Statutes, by the Participating Florida College System institutions, plus investment earnings thereon (collectively, the “Pledged Revenues”), on a parity with the Outstanding Bonds and any Additional Bonds issued subsequent to the issuance of the 2012A Bonds. The 2012A Bonds constitute the fourth series of Bonds to be issued pursuant to the Master Authorizing Resolution. Upon the issuance of Additional Bonds, all Bonds will share a parity first lien on the Pledged Revenues of all Florida Colleges participating in any series of Bonds then Outstanding.

The Capital Improvement Fees collected pursuant to Section 1009.23(11), Florida Statutes, are fees paid by each student enrolled at individual Participating Florida College System institutions for college credit instruction or for noncollege credit college-preparatory courses. The Capital Improvement Fees which may be imposed by a Florida College System institution may not exceed 10 percent of tuition for resident students or 10 percent of the sum of tuition and out-of-state fees for non-resident students. The Capital Improvement Fee for resident students shall be limited to an increase of \$2 per credit hour over the prior year. There is no statutory limit on the annual rate of Capital Improvement Fee increases for out-of-state students. As shown on the table on page D-8 of Appendix D - “Florida College System and Participating Florida College System Institutions”, four of the eight PFCSI’s are currently charging Capital Improvement Fees for resident students equal to the maximum 10% of tuition, which means they could only raise such fees if tuition rates increase or if legislative action is taken. The other four institutions are currently charging Capital Improvement Fees for resident students in excess of 9% of tuition, with two of those as high as 9.95% and 9.91%. As shown on the table on page D-9 of Appendix D, three of the eight PFCSI’s are charging the maximum rate for the Capital Improvement Fee for non-resident students of 10% of the sum of tuition and out-of-state fees. The other five institutions are charging Capital Improvement Fees ranging from 4.51% to 8.39% of the sum of tuition and out-of-state fees.

The amount of Capital Improvement Fees projected to be collected by the Participating Florida College System institutions ranges from approximately \$29 million in Fiscal Year 2011-12 to \$33 million in Fiscal Year 2015-16. The revenues to be derived from such Capital Improvement Fees are required to be used to pay the principal of and interest on Bonds and to make all required sinking fund and other payments provided for in the Resolution.

The 2012A Bonds are “Revenue Bonds” within the meaning of Article VII, Section 11(d), of the Florida Constitution, and are payable solely from funds derived directly from sources other than State tax revenues. **The 2012A Bonds do not constitute a general obligation or indebtedness of the State of Florida or any of its agencies or political subdivisions and shall not be a debt of the State of Florida or of any agency or political subdivision thereof, including the Participating Florida College System institutions, the Department or the Division of Bond Finance, and the full faith and credit of the State is not pledged to the payment of the principal of, premium, if any, or interest on the 2012A Bonds. The issuance of the 2012A Bonds does not, directly or indirectly or contingently, obligate the State of Florida to use State funds, other than the Pledged Revenues, to levy or to pledge any form of taxation whatsoever or to make any appropriation for payment of the principal of, premium, if any, or interest on the 2012A Bonds.**

---

<sup>1</sup> See Appendix D, “FLORIDA COLLEGE SYSTEM AND PARTICIPATING FLORIDA COLLEGE SYSTEM INSTITUTIONS - Tuition and Fees” for a more detailed description and discussion of the Capital Improvement Fees.

<sup>2</sup> Capital Improvement Fees collected pursuant to Section 1009.22(6), Florida Statutes, which are paid by students enrolled in workforce education programs, are not currently pledged for the payment of the 2012A Bonds.

## **Reserve Account\***

There will not be a Debt Service Reserve subaccount funded for the 2012A Bonds. However, the Master Authorizing Resolution provides for the funding of the Reserve Account in an amount equal to the Debt Service Reserve Requirement, which is to be used for payments of debt service becoming due and payable on the Bonds when the amounts in the Sinking Fund are insufficient therefor. The Reserve Account may contain one or more subaccounts, each of which may secure one or more Series of Bonds. The Debt Service Reserve Requirement may be satisfied by the deposit of Bond proceeds or a Reserve Account Credit Facility. The Debt Service Reserve Account is currently funded by debt service reserve fund policies from Financial Guaranty Insurance Company ("FGIC") in the amount of \$4,094,675, and from Assured Guaranty Corp. ("Assured") in the amount of \$2,164,225. The amounts on deposit in the Debt Service Reserve Account do not secure the 2010A Bonds and will not secure the 2012A Bonds. The 2010A Bonds are secured by a separate subaccount in the Debt Service Reserve Account (the "2010A Reserve Subaccount") that secures only the 2010A Bonds and may secure any Additional Bonds that may be issued in the future. The 2010A Reserve Subaccount was funded from proceeds of the 2010A Bonds in the amount of \$2,336,737.50.

The Fourth Supplemental Bond Resolution provided that the 2012A Bonds may be issued without funding a reserve subaccount for the 2012A Bonds. As a result, upon issuance of the 2012A Bonds, no moneys will be deposited into the Debt Service Reserve Account or any subaccount therein to secure the 2012A Bonds. The 2012A Bonds will not be secured by the Debt Service Reserve Account or any subaccount therein.

In the event funds on deposit in the Sinking Fund are not sufficient to pay the principal and/or interest next coming due on the Bonds other than the 2012A Bonds, then on or before the Interest Payment Date and the Principal Payment Date such amounts as may be necessary to pay such maturing principal and/or interest on the Bonds will be transferred to the Sinking Fund from the Reserve Account. Any withdrawals from the Reserve Account, including disbursements made under a Reserve Account Credit Facility, will be subsequently restored (or, in the case of a Reserve Account Credit Facility, the provider thereof will be reimbursed) from the first Pledged Revenues available after all required current payments for the Sinking Fund, including any deficiencies for prior payments, have been made in full.

**See "MISCELLANEOUS - Bond Ratings" below for a discussion of potential and actual rating agency actions with respect to various insurance companies, including FGIC and Assured.**

## **Flow of Funds**

*Collection of Pledged Revenues.* Each Participating Florida College System institution is required to deposit its Pledged Revenues into a trust fund (the "Revenue Fund") upon collection, to be administered in accordance with the Master Authorizing Resolution and applicable laws.

*Application of Pledged Revenues.* (A) Pledged Revenues collected by each Participating Florida College System institution are forwarded (pursuant to written notices required by the Master Authorizing Resolution) to the Board of Administration as indicated below for deposit into the applicable Participating Florida College System institution's sub-account in the Florida College System Capital Improvement Sinking Fund. Said funds constitute trust funds for the following purposes:

- (1) the payment of Administrative Expenses;
- (2) the payment of interest on Bonds;
- (3) the payment of principal (including Amortization Installments) on Bonds;
- (4) the maintenance and establishment of the Reserve Account; and
- (5) funding the Rebate Account.

---

\*No reserve account is available for the 2012A Bonds.

(B) Not later than December 1 of each Fiscal Year, each Participating Florida College System institution must forward to the Board of Administration its pro rata share of:

- (1) the next January 1 Sinking Fund Requirement,
- (2) the amount required to reimburse the Reserve Account for a prior draw thereon, if any, and
- (3) the amount, if any, necessary to pay any Rebate Amount;

giving credit for money, if any, in each Participating Florida College System institution's sub-account in the Excess Construction Fund Moneys Account.

(C) If one or more Participating Florida College System institutions fails to forward all of the amount set forth in (B) above by December 1,

- (1) the Board of Administration shall immediately provide written notice to the remaining Participating Florida College System institutions to remit Pledged Revenues as soon as possible in an amount equal to the unfunded balance of the amount set forth in (B) above, pro rata based on each remaining Participating Florida College System institution's percentage of the par amount of Bonds then Outstanding, not taking into account the par amount of Outstanding Bonds of the Participating Florida College System institution(s) from which funds are unavailable, and shall fund the unfunded balance of the amount set forth in (B) above in the following order of priority:
  - (a) from the additional Pledged Revenues so remitted,
  - (b) from moneys in the Excess Construction Fund Moneys Account in excess of the amount already credited to each Participating Florida College System institution, if available, pro rata from each sub-account therein, and
  - (c) from the Reserve Account, if legally available (not available for 2012A Bonds).
- (2) If, when applying (C)(1) above, Pledged Revenues from one or more of the remaining Participating Florida College System institutions become fully exhausted prior to fully funding the amount set forth in (B) above, the Board of Administration shall reapply the formula in (C)(1) above, utilizing the funds of the then remaining Participating Florida College System institutions. This directive shall be repeated as many times as necessary until the amount set forth in (B) above has been fully funded, such funds are exhausted or the date on which the Board of Administration must make a draw on the Reserve Account (not applicable to 2012A Bonds).

(D) Not later than February 15 of each Fiscal Year, each Participating Florida College System institution must forward to the Board of Administration its pro rata share of:

- (1) the next July 1 Sinking Fund Requirement,
- (2) the amount required to reimburse the Reserve Account for a prior draw thereon, if any, and
- (3) the amount, if any, necessary to pay any Rebate Amount;

giving credit for money, if any, in each Participating Florida College System institution's sub-account in the Excess Construction Fund Moneys Account.

(E) If each Participating Florida College System institution has forwarded funds in an amount equal to the amount set forth in (D) above by February 15, the Sinking Fund will be deemed to be fully funded for that Fiscal Year. In such case, the Board of Administration shall provide written notice to each Participating Florida College System institution that no additional Pledged Revenues need be forwarded for the remainder of such Fiscal Year, unless required to make a rebate payment. Each Participating Florida College System

institution shall, for the remainder of such Fiscal Year, not be required to forward any additional Pledged Revenues to the Board of Administration, and may then use any remaining or additional Pledged Revenues it has collected or may collect during such Fiscal Year for any lawful purpose.

(F) If one or more Participating Florida College System institutions fails to forward all of the amount set forth in (D) above by February 15,

- (1) the Board of Administration shall immediately provide written notice to the remaining Participating Florida College System institutions to remit Pledged Revenues as soon as possible in an amount equal to the unfunded balance of the amount set forth in (D) above, pro rata based on each remaining Participating Florida College System institution's percentage of the par amount of Bonds then Outstanding, not taking into account the par amount of Outstanding Bonds of the Participating Florida College System institution(s) from which funds are unavailable, and shall fund the unfunded balance of the amount set forth in (D) above in the following order of priority:
  - (a) from the additional Pledged Revenues so remitted,
  - (b) from moneys in the Excess Construction Fund Moneys Account in excess of the amount already credited to each Participating Florida College System institution, if available, pro rata from each sub-account therein, and
  - (c) from the Reserve Account, if legally available (not available for 2012A Bonds).
- (2) If, when applying (F)(1) above, Pledged Revenues from one or more of the remaining Participating Florida College System institutions become fully exhausted prior to fully funding the amount set forth in (D) above, the Board of Administration shall reapply the formula in (F)(1) above, utilizing the funds of the then remaining Participating Florida College System institutions. This directive shall be repeated as many times as necessary until the amount set forth in (D) above has been fully funded, such funds are exhausted or the date on which the Board of Administration must make a draw on the Reserve Account (not applicable to 2012A Bonds).
- (3) On the date on which the amount set forth in (D) above is fully funded, the Board of Administration shall provide written notice to each Participating Florida College System institution that no additional Pledged Revenues need be forwarded for the remainder of such Fiscal Year, unless required to make a rebate payment. Each Participating Florida College System institution shall, for the remainder of such Fiscal Year, not be required to forward any additional Pledged Revenues to the Board of Administration, and may then use any remaining or additional Pledged Revenues it has collected or may collect during such Fiscal Year for any lawful purpose.

(G) After each July 1 Sinking Fund Requirement has been satisfied, any money remaining in each sub-account in the Debt Service Account in the Sinking Fund, including interest earnings thereon, shall be applied to the payment of the next interest payment, for the benefit of the applicable Participating Florida College System institution. In any fiscal Year, if there are no Bonds Outstanding after the July 1 Sinking Fund Requirement has been satisfied, or at any time after all of the Outstanding Bonds have been defeased and provision for payment thereof has been made, any money remaining in the Debt Service Account in the Sinking Fund, including interest earnings thereon, shall be returned to each Participating Florida College System institution which had Bonds Outstanding immediately prior to such occurrence, pro rata in relation to its par amount of such Bonds.

See "MISCELLANEOUS - Investment of Funds" herein for policies governing the investment of various funds.

## **Covenants**

The Division, on behalf of the Department and the Participating Florida College System institutions, has covenanted in the Master Authorizing Resolution that so long as any Bonds attributable to such Participating Florida College System institutions remain Outstanding:

(A) That the Department and the Participating Florida College System institutions will punctually pay the Pledged Revenues in the manner and at the times provided in the Resolution and that the Department and the Participating Florida College System institutions will duly and punctually perform and carry out all the covenants of the Department and the Participating Florida College System institutions made therein and the duties imposed upon the Department and the Participating Florida College System institutions by the Resolution.

(B) That in preparing, approving and adopting any budget controlling or providing for the expenditures of its funds for each budget period the Department and the Participating Florida College System institutions will allocate, allot and approve, to the extent permitted by law, the amounts sufficient to pay the annual Sinking Fund requirements due under the Resolution.

(C) That the Department and the Participating Florida College System institutions will from time to time recommend and include in their budgets such revisions to the Capital Improvements Fees which, to the extent permitted by law, will produce Pledged Revenues sufficient to pay, when due, the amounts required under the Resolution.

(D) That the Participating Florida College System institutions will continue to collect the Capital Improvement Fees.

## **Additional Bonds**

The Master Authorizing Resolution provides that additional Bonds may be issued on a parity with the 2012A Bonds, but only upon the following terms, restrictions and conditions:

(A) The proceeds from such Additional Bonds shall be used to acquire and construct Projects, or to refund Outstanding Bonds.

(B) (1) The Department and all Participating Florida College System institutions must be current in all deposits into the various funds and accounts and all payments theretofore required to have been deposited or made by it under the provisions of the Resolution.

(2) The Department and the Participating Florida College System institutions must be currently in compliance with the covenants and provisions of the Resolution and any supplemental resolution adopted for the issuance of the initial Series of Bonds issued thereunder or Additional Bonds, or upon the issuance of such Additional Bonds the Department and the Participating Florida College System institutions will be brought into compliance with all such financial requirements, covenants and provisions.

(C) The Board of Trustees of each Florida College System institution wishing to participate in the issuance of Additional Bonds shall request the issuance of such Additional Bonds by a duly adopted resolution in the form required by the Division.

(D) Certificates shall be executed by the Department or other appropriate agency setting forth:

(1) the average annual amount of that portion of the Capital Improvement Fees pledged for the payment of Bonds and Administrative Expenses collected by the Participating Florida College System institutions and the New Participating Florida College System institutions during the two

Fiscal Years immediately preceding the issuance of the proposed Additional Bonds, adjusted as hereinafter provided, and;

(2) the Maximum Annual Debt Service on the Bonds then Outstanding and the Additional Bonds then proposed to be issued.

(E) The amount certified pursuant to (D)(1) above, adjusted as hereinafter provided, will be at least equal to one hundred thirty percent of the total Maximum Annual Debt Service on (i) the Bonds then Outstanding, and (ii) the Additional Bonds then proposed to be issued;

(F) The Pledged Revenues and Capital Improvement Fees calculated pursuant to paragraph (D)(1) may be adjusted at the option of the Division if, prior to the issuance of the proposed Additional Bonds, all actions shall have been taken and all approvals shall have been obtained which are necessary to increase a Participating Florida College System institution's or a New Participating Florida College System institution's Capital Improvement Fees, such increase to become effective not later than January 1 of the Fiscal Year following the Fiscal Year in which the Additional Bonds are to be issued, the average annual amount of Pledged Revenues attributable to such Participating Florida College System institution for the two immediately preceding Fiscal Years prior to the issuance of said Additional Bonds, as certified by the Department or other appropriate agency, shall be adjusted to show the Pledged Revenues attributable to such Participating Florida College System institution which would have been derived as if such increased Capital Improvement Fees had been in effect during all of such two preceding Fiscal Years; similarly, the average annual amount of Capital Improvement Fees to be pledged for the payment of Bonds and Administrative Expenses attributable to such New Participating Florida College System institution for the two immediately preceding Fiscal Years prior to the issuance of said Additional Bonds, as certified by the Department or other appropriate agency, shall be adjusted to show the Capital Improvement Fees attributable to such New Participating Florida College System institution which would have been derived as if such increased Capital Improvement Fees had been in effect during all of such two preceding Fiscal Years.

The provisions of paragraphs (D) and (E) do not apply to the issuance of refunding Bonds if the Annual Debt Service Requirement of the refunding Bonds in each Fiscal Year is equal to or less than the corresponding Annual Debt Service Requirement of the refunded Bonds.

## **Future Financing**

Based upon outstanding requests from Participating Florida College System institutions, the Department tentatively plans to issue \$24.9 million of Additional Bonds during the next year. The actual timing and amounts of these issues will be determined by the Department.

The additional financing is expected to provide funds to construct projects at two existing Participating Florida College System institutions, Broward College and Edison State College. Broward College plans to construct a new Southwest Center in the Miramar area, consisting of classroom and specialized labs with an emphasis of computer-related and business courses, general education, developmental and adult education, as well as limited administration and faculty office, library, student services and support services space for an approximate total of 60,000 gross square feet. The estimated projected cost is \$19.5 million, with \$17 million expected to come from bond proceeds and the remainder to come from local funds. Edison State College plans to construct a 16,000 gross square feet addition to the Taeni Student Services Hall on their Lee Campus as well as remodel/renovate approximately 13,400 square feet of existing space for offices in that facility; and a 6,000 gross square feet classroom and lab addition to Building K on Charlotte Campus. The project cost is estimated at \$7.9 million, expected to come solely from bond proceeds.

It is anticipated that issuance of the \$24.9 million in Additional Bonds during the next year will generate additional annual debt service of approximately \$2 million. **The projections are based on the best information available when the estimates are made, which is believed to be accurate. ## PROVISIONS OF STATE LAW

### Bonds Legal Investment for Fiduciaries

The State Bond Act provides that all bonds issued by the Division of Bond Finance are legal investments for state, county, municipal or other public funds, and for banks, savings banks, insurance companies, executors, administrators, trustees, and all other fiduciaries and also are securities eligible as collateral deposits for all state, county, municipal, or other public funds.

### Negotiability

The 2012A Bonds will have all the qualities and incidents of negotiable instruments under the Uniform Commercial Code - Investment Securities Law of the State.

## **TAX MATTERS**

### **General**

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met subsequent to the issuance and delivery of the 2012A Bonds in order that interest on the 2012A Bonds be and remain excluded from gross income for purposes of federal income taxation. Non-compliance may cause interest on the 2012A Bonds to be included in federal gross income retroactive to the date of issuance of the 2012A Bonds, regardless of the date on which such non-compliance occurs or is ascertained. These requirements include, but are not limited to, provisions which prescribe yield and other limits within which the proceeds of the 2012A Bonds and the other amounts are to be invested and require that certain investment earnings on the foregoing must be rebated on a periodic basis to the Treasury Department of the United States. The Participating Florida College System institutions, the Department, the Division of Bond Finance and the Board of Administration have covenanted in the Master Authorizing Resolution to comply with such requirements in order to maintain the exclusion from federal gross income of the interest on the 2012A Bonds.

In the opinion of Bond Counsel, assuming compliance with the aforementioned covenants, under existing laws, regulations, judicial decisions and rulings, interest on the 2012A Bonds is excluded from gross income of the holders thereof for purposes of federal income taxation. Interest on the 2012A Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals or corporations; however, interest on the 2012A Bonds will be taken into account in determining adjusted current earnings for purposes of computing the alternative minimum tax on corporations. The 2012A Bonds and the income thereon are not subject to any tax under the laws of the State of Florida except estate taxes imposed by Chapter 198, Florida Statutes, as amended, and net income and franchise taxes imposed by Chapter 220, Florida Statutes, as amended.

Except as described above, Bond Counsel will express no opinion regarding the federal income tax consequences resulting from the ownership of, receipt or accrual of interest on, or disposition of 2012A Bonds. Prospective purchasers of 2012A Bonds should be aware that the ownership of 2012A Bonds may result in collateral federal income tax consequences, including (i) the denial of a deduction for interest on indebtedness incurred or continued to purchase or carry 2012A Bonds, (ii) the reduction of the loss reserve deduction for property and casualty insurance companies by 15% of certain items, including interest on the 2012A Bonds, (iii) the inclusion of interest on the 2012A Bonds in earnings of certain foreign corporations doing business in the United States for purposes of a branch profits tax, (iv) the inclusion of interest on 2012A Bonds in passive income subject to federal income taxation of certain Subchapter S corporations with Subchapter C earnings and profits at the close of the taxable year, and (v) the inclusion of interest on the 2012A Bonds in "modified adjusted gross income" by recipients of certain Social Security and Railroad Retirement benefits for purposes of determining whether such benefits are included in gross income for federal income tax purposes.

Interest paid on tax-exempt bonds such as the 2012A Bonds is subject to information reporting to the Internal Revenue Service in a manner similar to interest paid on taxable obligations. This reporting requirement does not affect the excludability of interest on the 2012A Bonds from gross income for federal income tax purposes. However, in conjunction with that information reporting requirement, the Code subjects certain non-corporate owners of 2012A Bonds, under certain circumstances, to "backup withholding" at (i) the fourth lowest rate of tax applicable under Section 1(c) of the Code (i.e., a rate applicable to unmarried individuals) for taxable years beginning on or before December 31, 2012; and (ii) the rate of 31% for taxable years beginning after December 31, 2012, with respect to payments on the 2012A Bonds and proceeds from the sale of 2012A Bonds. Any amount so withheld would be refunded or allowed as a credit against the federal income tax of such owner of 2012A Bonds. This withholding generally applies if the owner of 2012A Bonds (i) fails to furnish the payor such owner's social security number or other taxpayer identification number ("TIN"), (ii) furnished the payor an incorrect TIN, (iii) fails to properly report interest, dividends, or

other "reportable payments" as defined in the Code, or (iv) under certain circumstances, fails to provide the payor or such owner's securities broker with a certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding. Prospective purchasers of the 2012A Bonds may also wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

### **Tax Treatment of Bond Premium**

Certain of the 2012A Bonds may be offered at prices in excess of the principal amount thereof. Under the Code, the excess of the cost basis of a bond over the principal amount of the bond (other than for a bondholder who holds a bond as inventory, stock in trade, or for sale to customers in the ordinary course of business) is generally characterized as "bond premium." For federal income tax purposes, bond premium is amortized over the term of the bonds or to the first optional redemption date in the case of callable bonds. A bondholder will therefore be required to decrease his basis in the 2012A Bonds by the amount of amortizable bond premium attributable to each taxable year such bondholder holds such 2012A Bond. The amount of the amortizable bond premium attributable to each taxable year is determined on an actuarial basis at a constant interest rate compounded on each interest payment date. The amortizable bond premium attributable to a taxable year is not deductible for federal income tax purposes.

Bondholders of such 2012A Bonds should consult their own tax advisors with respect to the precise determination of federal income tax treatment of bond premium upon sale, redemption, or other disposition of such 2012A Bonds.

### **Tax Treatment of Original Issue Discount**

Certain of the 2012A Bonds may be offered and sold to the public at prices below their maturity amount. Under the Code, the difference between the maturity amounts of such 2012A Bonds and the initial offering price to the public, excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers, at which price a substantial amount of 2012A Bonds of the same maturity was sold is "original issue discount." Original issue discount will accrue over the terms of such 2012A Bonds at a constant interest rate compounded periodically. A purchaser who acquires such 2012A Bonds in the initial offering at a price equal to the initial offering price thereof to the public will be treated as receiving an amount of interest excludable from gross income for federal income tax purposes equal to the original issue discount accruing during the period he holds such 2012A Bonds, and will increase his adjusted basis in such 2012A Bonds by the amount of such accruing discount for purposes of determining taxable gain or loss on the sale or other disposition of such 2012A Bonds. The federal income tax consequences of the purchase, ownership and redemption, sale or other disposition of such 2012A Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those above. Owners of such 2012A Bonds should consult their own tax advisors with respect to the precise determination for federal income tax purposes of interest accrued upon sale, redemption or other disposition of 2012A Bonds and with respect to the state and local tax consequences of owning and disposing of such 2012A Bonds.

**Purchase, ownership or sale or disposition of the 2012A Bonds and the receipt of the interest thereon may have adverse federal tax consequences for certain individual and corporate bondholders. Prospective 2012A Bondholders should consult their tax specialists for information in that regard.**

During recent years legislative proposals have been introduced in Congress, and in some cases enacted, that altered certain federal tax consequences resulting from the ownership of obligations that are similar to the 2012A Bonds. In some cases these proposals have contained provisions that altered these consequences on a retroactive basis. Such alteration of federal tax consequences may have affected the market value of obligations similar to the 2012A Bonds. From time to time, legislative proposals are pending which could have an effect on both the federal tax consequences resulting from ownership of the 2012A

Bonds and their market value. No assurance can be given that legislative proposals will not be introduced or enacted that would or might apply to, or have an adverse affect upon, the 2012A Bonds.

## **State Taxes**

The 2012A Bonds and the income thereon are not subject to taxation by the State or any county, municipality, political subdivision, agency, or instrumentality of the State, except estate taxes imposed by Chapter 198, Florida Statutes, as amended, and net income and franchise taxes imposed by Chapter 220, Florida Statutes, as amended.

Florida laws governing the imposition of estate taxes do not provide for an exclusion of state or local bonds from the calculation of the value of the gross estate for tax purposes. Florida's estate tax is generally calculated on the basis of the otherwise unused portion of the federal credit allowed for state estate taxes. Under Chapter 198, Florida Statutes, all values for state estate tax purposes are as finally determined for federal estate tax purposes. Since state and local bonds are included in the valuation of the gross estate for federal tax purposes, such obligations would be included in such calculation for Florida estate tax purposes. Prospective owners of the 2012A Bonds should consult their own attorneys and advisors for the treatment of the ownership of the 2012A Bonds for estate tax purposes.

The 2012A Bonds are subject to the tax imposed by Chapter 220 on interest, income, or profits on debt obligations owned by corporations and other specified entities.

## **MISCELLANEOUS**

### **Investment of Funds**

*Funds held pursuant to the Resolution* - The Master Authorizing Resolution directs the manner in which funds held in the various funds may be invested. Each Participating Florida College System institution is required to deposit the Capital Improvement Fees it collects into its own local Capital Improvement Fee Revenue Fund which is a trust fund for the purposes provided in the Master Authorizing Resolution. Debt service payments are sent to the Sinking Fund held by the Board of Administration pursuant to the schedule set forth in the Master Authorizing Resolution, and are then forwarded to the Bond Registrar/Paying Agent.

Bond proceeds to be applied as accrued interest and to satisfy the Debt Service Reserve Requirement (if any) are transferred to the Sinking Fund held by the Board of Administration. Bond proceeds to be used for the costs of the Project are transferred to the appropriate Construction Fund in the State Treasury.

Except insofar as they may be needed for payments pursuant to the Resolution, moneys in any funds authorized or required by the Resolution may be invested and reinvested as provided in Section 17.57 or 215.47, Florida Statutes.

All State funds are invested by either the Chief Financial Officer or the Board of Administration. See "*Investment by the Chief Financial Officer*" and "*Investment by the Board of Administration*" below.

*Investment by the Chief Financial Officer* - Funds held in the State Treasury are invested by internal and external investment managers. As of December 31, 2011, the ratio was approximately 52% internally managed funds, 36% externally managed funds, and 12% Certificates of Deposit and Security Lending. The total portfolio market value was \$19,802,538,327.72 on December 31, 2011.

Under State law, the Treasury is charged with investing funds of each State agency and the judicial branch. As of December 31, 2011, \$10.229 billion of the investments in the Treasury consisted of accounts held by State agencies that are required by law to maintain their investments in the Treasury. An additional \$7.413 billion as of this date consisted of moneys held by certain boards, associations, or entities created by the State

Constitution or by State law that are not required to maintain their investments with the Treasury and are permitted to withdraw these funds from the Treasury.

As provided by State law, the Treasury must be able to timely meet all disbursement needs of the State. Accordingly, the Treasury allocates its investments to provide for estimated disbursements plus a cushion for liquidity in instances of greater-than-expected disbursement demand.

To this end, a portion of Treasury's investments are managed for short-term liquidity and preservation of principal. The remainder is managed to obtain maximum yield, given the safety parameters of State law and Treasury's investment policies. Investments managed for short-term liquidity and preservation of principal are managed "internally" by Treasury personnel. The majority of investments managed for a maximum return are managed by "external" investment managers not employed by the State, although a portion (approximately \$2.4 billion) of such investments is managed internally by Treasury personnel.

The Externally Managed Investment Program provides long-term value while limiting risk appropriately and provides a backup source of liquidity. External investment strategy focuses on medium-term and long-term fixed income securities, rather than money market instruments, in order to take advantage of higher returns historically achieved by such securities. Portfolio managers are hired to actively manage funds. These funds may be invested in U.S. Treasury government agency obligations, investment grade corporate debt, municipal debt, mortgage backed securities, asset backed securities, negotiable certificates of deposit, and U.S. dollar denominated investment-grade foreign bonds that are registered with the Securities and Exchange Commission. The managers may also use leveraging techniques such as forward purchase commitments, covered options, and interest rate futures.

*Investment by the Board of Administration* - The Board of Administration manages investment of assets on behalf of the members of the Florida Retirement System (the "FRS") Defined Benefit Plan. It also acts as sinking fund trustee for most State bond issues and oversees the management of a short-term investment pool for local governments and smaller trust accounts on behalf of third party beneficiaries.

The Board of Administration adopts specific investment policy guidelines for the management of its funds which reflect the long-term risk, yield, and diversification requirements necessary to meet its fiduciary obligations. As of December 31, 2011, the Board of Administration directed the investment/administration of 38 funds in over 480 portfolios.

As of December 31, 2011, the total market value of the FRS (Defined Benefit) Trust Fund was \$118,235,090,454. The Board of Administration pursues an investment strategy which allocates assets to different investment types. The long-term objective is to meet liability needs as determined by actuarial assumptions. Asset allocation levels are determined by the liquidity and cash flow requirements of the FRS, absolute and relative valuations of the asset class investments, and opportunities within those asset classes. Funds are invested internally and externally under a Defined Benefit Plan Investment Policy Statement.

The Board of Administration uses a variety of derivative products as part of its overall investment strategy. These products are used to manage risk or to execute strategies more efficiently or more cost effectively than could be done in the cash markets. They are not used to speculate in the expectation of earning extremely high returns. Any of the products used must be within investment policy guidelines designed to control the overall risk of the portfolio.

The Board of Administration invests assets in 37 designated funds other than the FRS (Defined Benefit) Trust Fund. As of December 31, 2011, the total market value of these funds equaled \$30,943,743,416. Each fund is independently managed by the Board of Administration in accordance with the applicable documents, legal requirements and investment plan. Liquidity and preservation of capital are preeminent investment objectives for most of these funds, so investments for these are restricted to high quality money market instruments (e.g., cash, short-term treasury securities, certificates of deposit, banker's acceptances, and commercial paper). The term of these investments is generally short, but may vary depending upon the requirements of each trust and its investment plan.

Investment of bond sinking funds is controlled by the resolution authorizing issuance of a particular series of bonds. The Board of Administration's investment policy with respect to sinking funds is that only U.S. Treasury securities, and repurchase agreements backed thereby, be used.

### **Bond Ratings**

Standard & Poor's Ratings Services, Moody's Investors Service and Fitch Ratings (herein referred to collectively as "Rating Agencies"), have assigned their municipal bond ratings of \_\_\_, \_\_\_ and \_\_\_, respectively, to the 2012A Bonds. Such ratings reflect only the respective views of such Rating Agencies at the time such ratings were issued, and an explanation of the significance of such ratings may be obtained from any of the respective rating agencies.

The State furnished to such Rating Agencies certain information and materials in respect to the State and the 2012A Bonds. Generally, Rating Agencies base their ratings on such information and materials and on investigations, studies and assumptions made by the Rating Agencies. There is no assurance that such ratings will be maintained for any given period of time or that they may not be lowered, suspended or withdrawn entirely by the Rating Agencies, or any of them, if in their or its judgment, circumstances warrant. Any such downward change in, suspension of or withdrawal of such ratings may have an adverse effect on the market price of the 2012A Bonds.

The Rating Agencies have evaluated (and are continuing to evaluate) the effects of the downturn in the market for certain structured finance instruments, including collateralized debt obligations and residential mortgage backed securities, on the claims-paying ability of financial guarantors. The results of these evaluations have included and may include additional ratings affirmations, changes in rating outlook, reviews for downgrade, and downgrades. Assured Guaranty Corp. (Assured) is currently rated Aa3 by Moody's and AA- by S&P; Assured has a negative outlook by Moody's and a stable outlook by S&P. Fitch has withdrawn its rating for Assured; Moody's, S&P and Fitch have withdrawn their ratings for FGIC. Potential investors are directed to the Rating Agencies for additional information on their ongoing evaluations of the financial guaranty industry and individual financial guarantors.

Nor is there currently any litigation pending, or to the knowledge of the Participating Florida College System institutions, the Department, or the Division of Bond Finance threatened which questions or affects the validity of the 2012A Bonds or the proceedings and authority under which the 2012A Bonds are to be issued. Underwriters may offer and sell the 2012A Bonds to certain dealers (including dealers depositing bonds into investment trusts, including trusts managed by the Underwriters) at prices lower than the initial offering prices. ## **ARTICLE II AUTHORIZATION, TERMS, EXECUTION, REGISTRATION, TRANSFER, ISSUANCE AND FORM OF BONDS**

**SECTION 2.01. AUTHORIZATION OF BONDS.** Subject and pursuant to the provisions of this Resolution, Bonds designated as "State of Florida, Department of Education Community College Capital Improvement Revenue Bonds" (or such other designation as may be provided by the Director of the Division) are hereby authorized to be issued by the Division for the purposes of financing or refinancing the new construction and equipment, renovation or remodeling of educational facilities. Bonds may be issued all at one time or from time to time in one or more Series, and if in Series, may be dated, numbered, and designated as to Series as shall be determined pursuant to subsequent resolution or resolutions of this Governing Board.

**SECTION 2.02. DESCRIPTION OF BONDS.** The Bonds shall be issued in fully registered form without coupons; shall be dated as determined pursuant to a subsequent resolution of this Governing Board; shall be numbered consecutively from one upward and shall be in the denomination of \$5,000 each or any integral multiples thereof; shall bear interest at not exceeding the maximum rate permitted by law, payable on each Interest Payment Date, payable only upon redemption or maturity thereof; and shall mature on such dates in such years and amounts as shall be determined pursuant to a subsequent resolution adopted by this Governing Board on or prior to the sale of the Bonds.

The Bonds may be sold at one time or in Series from time to time as this Governing Board may determine pursuant to resolution. If issued in Series, each Series shall be dated and have an identifying number or letter. All of such Bonds, when issued, will rank equally as to source and security for payment.

The principal amount of the Bonds shall be paid to the Registered Owner on the maturity date of the Bonds, unless redeemed prior thereto as determined pursuant to a subsequent resolution of this Governing Board, upon presentation and surrender of the Bonds at the corporate trust office of the Bond Registrar/Paying Agent.

Interest shall be paid on the Interest Payment Dates to the Registered Owner whose name appears on the books of the Bond Registrar/Paying Agent (the "Registered Owner") as of 5:00 p.m. (local time, New York, New York) on the Record Date next preceding such Interest Payment Date; provided, however, that if the Record Date falls on a day that is not a Business Day, then to the Registered Owner and at the address shown on the registration books at the close of business on the Business Day next preceding such Record Date. Interest on the Bonds shall be paid by check or draft mailed (or transferred by a mode at least equally as rapid as mailing) on each Interest Payment Date from the Bond Registrar/Paying Agent to the Registered Owner, or in certain cases shall be paid by wire transfer as provided pursuant to subsequent resolution of this Governing Board.

The Bonds of each Series may contain such provisions, specifications and descriptive words not inconsistent with the provisions of this Resolution as may be necessary or desirable to comply with custom, the rules of any securities exchange or commission or brokerage board, or otherwise, or to comply with applicable laws, rules and regulations of the United States and the State, all as may be determined by the Director prior to the delivery thereof.

**SECTION 2.03 FORM OF BONDS.** (A) Notwithstanding anything to the contrary in this Resolution or any other resolution relating to the Bonds (for the purposes of this section, collectively, the "Resolution"), the Bonds may be issued in book-entry only form utilizing the services of a Securities Depository (as used herein, "Securities Depository" means The Depository Trust Company, New York, New York, its nominees, successors and assigns, or any other securities depository approved by the Division of Bond Finance which agrees to follow the procedures required to be followed by a securities depository in connection with a Series of Bonds as provided in this section).

So long as a book-entry only system of evidence of transfer of ownership of all Bonds is maintained in accordance herewith, any provision of the Resolution relating to the delivery of physical bond certificates shall be inapplicable, and the Resolution shall be deemed to give full effect to such book-entry system.

If the Bonds are issued in book-entry only form:

(1) The Bonds shall be issued in the name of the Securities Depository as the Registered Owner of the Bonds, and held in the custody of the Securities Depository or its designee.

(2) Transfers of beneficial ownership of the Bonds will be effected on the records of the Securities Depository and its Participants pursuant to rules and procedures established by the Securities Depository ("Participants" include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations, as well other organizations that clear through or maintain a custodial relationship with such organizations, either directly or indirectly).

(3) Each Participant shall be credited in the records of the Securities Depository with the amount of such Participant's interest in the Bonds. Beneficial ownership interests in the Bonds may be purchased by or through Participants. The holders of these beneficial ownership interests are hereinafter referred to as the "Beneficial Owners." The Beneficial Owners shall not receive Bonds representing their beneficial ownership interests. The ownership interests of each Beneficial Owner shall be recorded through the records of the Participant from which such Beneficial Owner purchased its Bonds. Transfers of ownership interests in the Bonds shall be accomplished by book entries made by the Securities Depository and, in turn, by Participants acting on behalf of Beneficial Owners.

(4) Unless otherwise provided herein, the Participants, the Division of Bond Finance, the Board of Administration and the Bond Registrar/Paying Agent (as used in this section, the "State and its agents") shall treat the Securities Depository as the sole and exclusive owner of the Bonds registered in its name for the purposes of

(a) payment of the principal of, premium, if any, and interest on the Bonds or portion thereof to be redeemed or purchased. Payments made to the Securities Depository of principal, premium, and interest shall be valid and effective to fully satisfy and discharge the obligations of the State and its agents to the extent of the sums so paid;

(b) giving any notice permitted or required to be given to Registered Owners under the Resolution; and

(c) the giving of any direction or consent or the making of any request by the Registered Owners hereunder. The State and its agents may rely conclusively upon

(i) a certificate of the Securities Depository as to the identity of the Participants with respect to the Bonds; and

(ii) a certificate of any such Participant as to the identity of, and the respective principal amount of Bonds beneficially owned by, the Beneficial Owners.

(5) The State and its agents shall have no responsibility or obligations to the Securities Depository, any Participant, any Beneficial Owner or any other person which is not shown on the Bond Register, with respect to

(a) the accuracy of any records maintained by the Securities Depository or any Participant;

(b) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal amount or redemption or purchase price of, or interest on, any Bond;

(c) the delivery of any notice by the Securities Depository or any Participant;

(d) the selection of the Participants or the Beneficial Owners to receive payment in the event of any partial redemption of the Bonds; or

(e) any consent given or any other action taken by the Securities Depository or any Participant.

(6) The requirements in the Resolution of holding, delivering or transferring Bonds shall be deemed modified to require the appropriate person to meet the requirements of the Securities Depository as to registering or transferring the book-entry Bonds to produce the same effect. Any provision hereof permitting or requiring delivery of the Bonds shall, while the Bonds are in book-entry only form, be satisfied by the notation thereof on the books of the Securities Depository in accordance with applicable state law.

(B) The Division of Bond Finance may discontinue the book-entry system with the then-current Securities Depository, subject to the terms of its agreement with such Securities Depository. In this event, the Division of Bond Finance shall either

(1) identify another qualified Securities Depository or

(2) prepare and deliver replacement Bonds in the form of fully registered bonds to each Beneficial Owner.

**SECTION 2.04. NO PLEDGE OF FULL FAITH AND CREDIT OF STATE OF FLORIDA.** The payment of the principal of and interest on the Bonds is secured only by the Pledged Revenues in the manner set forth herein. The Bonds do not constitute general obligations or indebtedness of the PCCs, the Department, the Division of Bond Finance, the State of Florida or any of its agencies and shall not be a debt of the State or of any agency thereof.

**SECTION 2.05. BONDS MAY BE ISSUED AS SERIAL BONDS, TERM BONDS, ETC.** The Bonds may be issued as, or as a combination of, Serial Bonds, Term Bonds, or such other type of bonds as shall be determined pursuant to a subsequent resolution of this Governing Board.

**SECTION 2.06. PRIOR REDEMPTION OF THE BONDS.** The Bonds of each Series may be made redeemable in such manner and upon such terms and conditions as determined pursuant to a subsequent resolution

adopted by this Governing Board prior to the sale of such Series of Bonds. Bonds shall also be subject to redemption in the event a PCC elects to defease its pro rata portion of any Series of Bonds pursuant to subsection 8.07(D) hereof, upon such terms and conditions as determined pursuant to a subsequent resolution adopted by this Governing Board .

Unless waived by any Registered Owner of Bonds to be redeemed, a notice of the redemption prior to maturity of any of the Bonds shall be mailed to each Registered Owner of record as of the Record Date, of Bonds to be redeemed, by first class mail (postage prepaid), or other method at least as fast as first class mail, at least thirty days prior to the date of redemption. In lieu of mailing the notice of redemption, the Bond Registrar/Paying Agent may elect to provide such notice by electronic means to any Registered Owner who has consented to such method of receiving notices. Such notice of redemption shall specify the CUSIP number and the serial or other distinctive numbers or letters of the Bonds to be redeemed, if less than all, the date fixed for redemption, the redemption price thereof, and, in the case of Bonds to be redeemed in part only, the principal amount thereof to be redeemed. Failure to give any such notice by mailing (or other approved method) to any Registered Owner of Bonds, or any defect therein, shall not affect the validity of the proceedings for the redemption of any Bond or portion thereof with respect to which no such failure has occurred. Any notice mailed as provided above shall be conclusively presumed to have been given, whether or not the Registered Owner of such Bond receives such notice.

The Bond Registrar/Paying Agent shall not be required to issue, transfer or exchange any Bonds selected for redemption during a period beginning at the opening of business on the Record Date applicable to such redemption and ending on the date fixed for redemption.

Notice having been given in the manner and under the conditions hereinabove provided, the Bonds or portions of Bonds so called for redemption shall, on the redemption date designated in such notice, be due and payable at the redemption price provided for redemption of such Bonds or portions of Bonds on such date. On the date so designated for redemption, notice having been given and moneys for payment of the redemption price being held in separate accounts by an escrow agent, the Board of Administration, or the Bond Registrar/Paying Agent, in trust for the Registered Owners of the Bonds or portions thereof to be redeemed, all as provided in this Resolution, interest on the Bonds or portions of Bonds so called for redemption shall cease to accrue, such Bonds and portions of Bonds shall cease to be Outstanding under the provisions of this Resolution and shall not be entitled to any lien, benefit or security under this Resolution, and the Registered Owners of such Bonds or portions of Bonds shall have no rights in respect thereof except to receive payment of the redemption price thereof from the moneys held in trust for such purpose and, to the extent provided herein to receive Bonds for any unredeemed portion of the Bonds. Bonds redeemed prior to maturity shall be duly canceled by the Bond Registrar/Paying Agent and shall not be reissued.

In addition to the foregoing notice, further notice shall be given by the Bond Registrar/Paying Agent as set out below, but no defect in said further notice nor any failure to give all or a portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed above.

(A) Each further notice of redemption given hereunder shall contain the information required above for an official notice of redemption plus (i) the date of issue of the Bonds as originally issued; (ii) the rate of interest borne by each Bond being redeemed; (iii) the maturity date of each Bond being redeemed; (iv) the date of the official notice of redemption; (v) the name and address of the Bond Registrar/Paying Agent; and (vi) any other descriptive information needed to identify accurately the Bonds being redeemed.

(B) Each further notice of redemption shall be sent at least thirty-five days before the redemption date by certified mail, overnight delivery service, electronic mail or telecopy to registered securities depositories then in the business of holding substantial amounts of obligations of types comprising the Bonds and to one or more national information services that disseminate notices of redemption of obligations such as the Bonds.

(C) Upon the payment of the redemption price of Bonds being redeemed, each check or other transfer of funds issued for such purpose shall bear the CUSIP number identifying the Bonds redeemed with the proceeds of such check or other transfer.

In case part but not all of an Outstanding Bond shall be selected for redemption, the Registered Owner thereof shall present and surrender such Bond to the Bond Registrar/Paying Agent for payment of the principal amount thereof

so called for redemption, and the Bond Registrar/Paying Agent shall execute and deliver to or upon the order of such Registered Owner, without charge therefor, for the unredeemed balance of the principal amount of the Bond so surrendered, a Bond or Bonds fully registered as to principal and interest.

**SECTION 2.07. EXECUTION OF BONDS.** The Bonds shall be executed by the Governor, as Chairman of the Governing Board, and attested by the Secretary or an Assistant Secretary of the Governing Board, or such other officers as may be designated by subsequent resolution of this Governing Board, and the corporate seal of the Division or a facsimile thereof shall be affixed thereto or reproduced thereon. The facsimile signatures of the Governor, as Chairman of the Governing Board, and the Secretary of the Governing Board, or such other officer, may be imprinted or reproduced on the Bonds, provided that, in accordance with the laws of the State in effect on the date of the adoption of this Resolution, at least one signature, which may be that of the Bond Registrar/Paying Agent, required to be placed on the Bonds shall be manually subscribed. In the event that the laws of Florida relevant to the requirements for facsimile or manual signatures are changed prior to the delivery of the Bonds, then the signatures which are actually imprinted, reproduced, or manually subscribed on the Bonds shall be in compliance with the new laws. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer of the Division before the Bonds so signed and sealed shall have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bonds may be signed and sealed on behalf of the Division by such person as at the actual time of the execution of such Bonds shall hold the proper office, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

A certification as to validation, if any, in the form hereinafter provided, shall be executed with the facsimile signature or manual signature of any present or future Chairman of the Governing Board.

A certificate as to the approval of the issuance of the Bonds pursuant to the provisions of the State Bond Act, in the form provided herein, shall be executed by the facsimile signature of the Secretary or an Assistant Secretary of the Governing Board.

**SECTION 2.08. NEGOTIABILITY.** The Bonds shall have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code - Investment Securities Law of the State of Florida. The original Registered Owner and each successive Registered Owner of any of the Bonds shall be conclusively deemed by the acceptance thereof to have agreed that the Bonds shall be and have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code - Investment Securities Law of the State of Florida.

**SECTION 2.09. REGISTRATION AND TRANSFER.** The Bonds shall be issued only as fully registered bonds without coupons. The Bond Registrar/Paying Agent shall be responsible for maintaining the books for the registration of and for the transfer of the Bonds in compliance with its agreement with the State.

Upon surrender to the Bond Registrar/Paying Agent for transfer or exchange of any Bond, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or his attorney duly authorized in writing, the Bond Registrar/Paying Agent shall deliver in the name of the transferee or transferees a fully registered Bond or Bonds of authorized denominations of the same maturity for the aggregate principal amount which the Registered Owner is entitled to receive. The Bond Registrar/Paying Agent shall not be required to issue, transfer or exchange any Bonds on a Record Date.

All Bonds presented for transfer, exchange, redemption or payment shall be accompanied (if so required by the Division of Bond Finance or the Bond Registrar/Paying Agent) by a written instrument or instruments of transfer or authorization for exchange, in form and with guaranty of signature satisfactory to the Division of Bond Finance and the Bond Registrar/Paying Agent, duly executed by the Registered Owner or by his duly authorized attorney.

Neither the Division of Bond Finance nor the Bond Registrar/Paying Agent may charge the Registered Owner or his transferee for any expenses incurred in making any exchange or transfer of the Bonds. However, the Division of Bond Finance and the Bond Registrar/Paying Agent may require payment from the Registered Owner of a sum sufficient to cover any tax, fee, or other governmental charge that may be imposed in relation thereto. Such governmental charges and expenses shall be paid before any such new Bond shall be delivered.

New Bonds delivered upon any transfer or exchange shall be valid obligations of the Department and the PCCs evidencing the same debt as the Bonds surrendered, shall be secured by this Resolution, and shall be entitled to all of the security and benefits hereof to the same extent as the Bonds surrendered.

The Division and the Bond Registrar/Paying Agent may treat the Registered Owner of any Bond as the absolute owner thereof for all purposes, whether or not such Bond shall be overdue, and shall not be bound by any notice to the contrary.

Notwithstanding the foregoing provisions of this section, the Division of Bond Finance reserves the right, on or prior to the delivery of the Bonds, to amend or modify the foregoing provisions relating to registration of the Bonds in order to comply with all applicable laws, rules, and regulations of the United States and the State of Florida relating thereto.

**SECTION 2.10. AUTHENTICATION.** No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Resolution unless and until a certificate of authentication on such Bond shall have been duly executed by the manual signature of the Bond Registrar/Paying Agent, and such executed certificate of the Bond Registrar/Paying Agent upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this Resolution. The Bond Registrar/Paying Agent's certificate of authentication on any Bond shall be deemed to have been executed by it if signed by an Authorized Officer or signatory of the Bond Registrar/Paying Agent, but it shall not be necessary that the same officer or signatory sign the certificate of authentication on all of the Bonds issued hereinafter.

**SECTION 2.11. DISPOSITION OF BONDS PAID OR EXCHANGED.** Whenever any Bond shall be delivered to the Bond Registrar/Paying Agent for cancellation, upon payment of the principal amount thereof or for replacement or transfer or exchange, such Bond shall either be canceled and retained by the Bond Registrar/Paying Agent for a period of time specified in writing by the Division of Bond Finance or the Board of Administration, or, at the option of the Division of Bond Finance or the Board of Administration, shall be canceled and destroyed by the Bond Registrar/Paying Agent and counterparts of a certificate of destruction evidencing such destruction shall be furnished to the Division of Bond Finance or the Board of Administration.

**SECTION 2.12. BONDS MUTILATED, DESTROYED, STOLEN OR LOST.** In case any Bond shall become mutilated, or be destroyed, stolen or lost, the Division of Bond Finance may in its discretion issue and deliver a new Bond of like tenor as the Bond so mutilated, destroyed, stolen, or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Registered Owner furnishing the Division of Bond Finance proof of ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Division of Bond Finance may prescribe and paying such expense as the Division of Bond Finance may incur. All Bonds so surrendered shall be canceled by the Bond Registrar/Paying Agent. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Division of Bond Finance may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Any such duplicate Bond issued pursuant to this section shall constitute original, additional, contractual obligations on the part of the Department and the PCCs, whether or not the lost, stolen or destroyed Bond be at any time found by anyone and such duplicate Bond shall be entitled to equal and proportionate benefits and rights as to lien, source and security for payment, pursuant to this Resolution from the Pledged Revenues.

### **ARTICLE III APPLICATION OF PROCEEDS**

**SECTION 3.01. APPLICATION OF BOND PROCEEDS.** Unless provided otherwise by a subsequent resolution of this Governing Board authorizing such Series of Bonds, upon receipt of the proceeds of the sale of any Series of Bonds, and after reserving and providing for the Costs of Issuance, the Division of Bond Finance shall transfer and apply such proceeds as follows:

(A) Any accrued interest on such Bonds shall be transferred to the Board of Administration and deposited in the Debt Service Account in the Sinking Fund, and used for the payment of interest on such Bonds.

(B) An amount necessary to fund the incremental increase in the Debt Service Reserve Requirement attributable to such Bonds, to be held in reserve, shall be transferred to the Board of Administration and deposited in the Reserve Account within the Sinking Fund. Alternatively, the Division, as provided in paragraph 4.02(C)(4) herein, may elect at any time to provide in lieu of all or a portion of such funds a Reserve Account Credit Facility in an amount equal to the difference between the Reserve Requirement and the sums then on deposit in the Reserve Account.

(C) After making the transfers provided for in subsections (A) and (B) above, the balance of the proceeds of such Bonds shall (i) be deposited into the appropriate accounts in the Construction Fund, which is hereby created in the State Treasury, in the amounts and for the benefit of particular PCCs as specified by the Division of Bond Finance, to pay the costs of those Projects being financed by such Bonds, or as otherwise provided herein, or (ii) be used to refund Outstanding Bonds, as provided by a subsequent resolution of this Governing Board authorizing the sale and issuance of such Bonds.

(D) Any balance of the proceeds of such Bonds after providing for the requirements of subsections (A) through (C) above shall be transferred to the Debt Service Account in the Sinking Fund and used for the purposes set forth therein, credited to each PCC on behalf of which such Series of Bonds was issued, according to each such PCC's pro rata share of such Bonds.

All moneys in the Construction Fund shall constitute a trust fund for such purposes and there is hereby created a lien upon such funds in favor of the Registered Owners of the Bonds, until such funds are applied as provided herein, except to the extent such moneys are required for the payment of any Rebate Amount, and all moneys in the Construction Fund shall be continuously secured in the manner provided by the laws of the State for securing deposits of state funds.

**SECTION 3.02. CONSTRUCTION FUND ACCOUNTS.** (A) Unless authorized by subsequent resolution of this Governing Board, a separate account for each Project shall be created in the Construction Fund, except that one account may be created for more than one Project of the same PCC if all such Projects are funded by the same Series of Bonds. The moneys in each such account shall be used for the payment of the cost of the construction, equipment, renovation or remodeling of the Project(s) for which it was created.

(B) Except as provided in subsection (C) below, no withdrawals shall be made from the Construction Fund without a written requisition from an Authorized Officer of the appropriate PCC which shall certify that such withdrawal is for a proper Project Cost, and that either (i) the amount of such withdrawal will be expended by the PCC within 30 days, or (ii) the withdrawal is for reimbursement to the PCC for payment of a Project Cost.

(C) Any unexpended balance, or any portion thereof, remaining in each account in the Construction Fund, after an Authorized Officer of the appropriate PCC shall certify to the Board of Administration and the Division that the Project(s) for which such account was established has been completed and all costs thereof paid or payment provided for, shall be applied in accordance with paragraph (1) below, or, at the discretion and direction of the Director, shall be applied in accordance with paragraphs (2), (3) or (4) below, or any combination thereof:

(1) Such funds shall be transferred to the applicable PCC's sub-account in the Excess Construction Fund Moneys Account which is hereby created in the Sinking Fund, and shall be used to pay debt service on the Bonds, to fund the Rebate Account, or to replenish the Reserve Account.

(2) Such funds shall be used to pay the Project Cost of another Project of the applicable PCC.

(3) Such funds shall be used to call for redemption that amount of Bonds attributable to the applicable PCC and Series.

(4) After obtaining an opinion of Bond Counsel that such proposed use will not, under the statutes, rules and regulations then in force and applicable, cause the interest on the Bonds to be included in gross income for federal income tax purposes, such funds may be used for any lawful purpose.

**SECTION 3.03. INVESTMENT OF CONSTRUCTION FUND.** Any moneys in the Construction Fund not immediately needed for the purposes provided in this Resolution may be temporarily invested and reinvested as provided in Section 17.57, Florida Statutes.

**SECTION 3.04 USE OF CONSTRUCTION FUND INVESTMENT EARNINGS.** Investment earnings on monies in each account in the Construction Fund shall be held in such account and used for the purposes thereof.

**SECTION 3.05. REGISTERED OWNERS NOT AFFECTED BY APPLICATION OF BOND PROCEEDS.** The Registered Owners shall not have any responsibility whatsoever for the application or use of any of the proceeds derived from the sale of the Bonds, and the rights and remedies of the Registered Owners and their right to payment from the Pledged Revenues provided in this Resolution shall not be affected or impaired by the application or use of such proceeds. Upon the issuance of each Series of Bonds, all the covenants and agreements contained in this Resolution shall be valid and binding covenants and agreements, which may be enforced by the Registered Owners, without regard to the application of the proceeds of such Series of Bonds.

#### **ARTICLE IV APPLICATION AND ADMINISTRATION OF PLEDGED REVENUES**

**SECTION 4.01. BONDS SECURED BY PLEDGED REVENUES.** (A) The payment of the principal of, premium, if any, and interest on all of the Bonds shall be secured forthwith equally and ratably by a valid and enforceable lien on the Pledged Revenues in an amount sufficient to pay the principal of, premium, if any, and interest on the Bonds, and to make the payments into the Sinking Fund and all other payments provided for in this Resolution and to be received under this Resolution or the resolutions authorizing the Bonds, and such Pledged Revenues are hereby irrevocably pledged to the payment of the principal of, premium, if any, and interest on the Bonds and other payments provided for herein, as the same become due and payable.

(B) The Bonds shall not constitute an obligation, either general or special, of the State of Florida, or of any local government thereof, and neither the State of Florida, nor any local government thereof shall be liable thereon, nor shall the faith, revenues and credit of the State of Florida or of any local government thereon be pledged to the principal, premium, if any, or interest on the Bonds. The Bonds shall be payable solely from the Pledged Revenues as provided herein. No Registered Owner of the Bonds shall ever have the right to compel the exercise of the taxing power of the State of Florida, or of any political subdivision thereof, to pay the principal of such Bonds or the interest or premium thereon, or be entitled to payment of such principal, interest or premium from any other funds except such Pledged Revenues, in the manner provided herein.

#### **SECTION 4.02. APPLICATION OF PLEDGED REVENUES; FLOW OF FUNDS.**

(A) Upon collection, its Pledged Revenues shall be deposited by each PCC into a separate fund known as the [name of PCC] Capital Improvement Fee Revenue Fund which is hereby created and required to be maintained by each PCC for as long as such PCC's Bonds are Outstanding. Said fund constitutes a trust fund for the purposes provided in this Resolution, and shall be kept separate and distinct from all other funds of the PCC and the Department and used only for the purposes and in the manner provided in this Resolution. All Pledged Revenues on deposit at any time in each Revenue Fund shall be applied only as set forth in this Resolution.

(B) The Pledged Revenues shall be forwarded to the Board of Administration and applied according to the following schedule:

(1) Not later than August 1 of each Fiscal Year, the Board of Administration shall provide written notice to each PCC of the amount of its pro rata share of (a) the next January 1 Sinking Fund Requirement, (b) the amount required to reimburse the Reserve Account for a prior draw thereon, if any, and (c) the amount, if any, necessary to pay any Rebate Amount coming due for payment to the United States of America (taking into account the amount then on deposit in the Rebate Account); giving credit for money, if any, in each PCC's sub-account in the Excess Construction Fund Moneys Account. Pledged Revenues collected by each PCC shall be forwarded to the Board of Administration as indicated below for deposit into the applicable PCC's sub-account in the Debt Service Account in the Community College Capital Improvement Sinking Fund, which are

hereby created, and/or into the Reserve Account and the Rebate Account, as and if applicable. Said funds constitute trust funds for the purposes provided in this Resolution, and shall be kept separate and distinct from all other funds of the PCCs, the Department and the Board of Administration, and used only for the purposes and in the manner provided in this Resolution.

(2) Not later than December 1, each PCC shall forward to the Board of Administration Pledged Revenues in an amount equal to the amount set forth in paragraph (1) above. If one or more PCCs fail to forward all of such amount by December 1,

(a) the Board of Administration shall immediately provide written notice to the remaining PCCs to remit Pledged Revenues as soon as possible in an amount equal to the unfunded balance of the amount set forth in paragraph (1) above, pro rata based on each remaining PCC's percentage of the par amount of Bonds then Outstanding, not taking into account the par amount of Outstanding Bonds of the PCC(s) from which funds are unavailable, and shall fund the unfunded balance of the amount set forth in paragraph (1) above in the following order of priority:

(i) from the additional Pledged Revenues remitted pursuant to sub-paragraph (a) above,

(ii) from moneys in the Excess Construction Fund Moneys Account in excess of the amount credited pursuant to paragraph (1) above, if available, pro rata from each sub-account therein, and

(iii) from the Reserve Account, in accordance with paragraph (C)(4) below.

(b) If, when applying sub-paragraph (a) above, Pledged Revenues from one or more of the remaining PCCs become fully exhausted prior to fully funding the amount set forth in paragraph (1) above, the Board of Administration shall reapply the formula in sub-paragraph (a) above, utilizing the funds of the then remaining PCCs. The directive in this sub-paragraph (b) shall be repeated as many times as necessary until the amount set forth in paragraph (1) above has been fully funded, such funds are exhausted or the date on which the Board of Administration must make a draw on the Reserve Account.

(3) Not later than February 1 of each Fiscal Year, the Board of Administration shall provide written notice to each PCC of the amount of its pro rata share of (a) the next July 1 Sinking Fund Requirement, (b) the amount required to reimburse the Reserve Account for a prior draw thereon, if any, and (c) the amount, if any, necessary to pay any Rebate Amount coming due for payment to the United States of America (taking into account the amount then on deposit in the Rebate Account); giving credit for money, if any, in each PCC's sub-account in the Excess Construction Fund Moneys Account.

(4) Not later than February 15, each PCC shall forward to the Board of Administration Pledged Revenues in an amount equal to the amount set forth in paragraph (3) above. If, after such funds are forwarded, each PCC has forwarded funds in an amount equal to the amount set forth in paragraph (3) above, the Sinking Fund will be deemed to be fully funded for that Fiscal Year. In such case, the Board of Administration shall provide written notice to each PCC that no additional Pledged Revenues need be forwarded for the remainder of such Fiscal Year, unless requested pursuant to the provisions of paragraph (6) below. In such case, each PCC shall, for the remainder of such Fiscal Year, not be required to forward any additional Pledged Revenues to the Board of Administration (subject to the provision of paragraph (6) below), and may then, and only then, use any remaining or additional Pledged Revenues it has collected or may collect during such Fiscal Year for any lawful purpose.

(5) If one or more PCCs fail to forward all of the amount set forth in paragraph (3) above by February 15,

(a) the Board of Administration shall immediately provide written notice to the remaining PCCs to remit Pledged Revenues as soon as possible in an amount equal to the unfunded balance of the amount set forth in paragraph (3) above, pro rata based on each remaining PCC's percentage of the

par amount of Bonds then Outstanding, not taking into account the par amount of Outstanding Bonds of the PCC(s) from which funds are unavailable, and shall fund the unfunded balance of the amount set forth in paragraph (3) above in the following order of priority:

(i) from the additional Pledged Revenues remitted pursuant to sub-paragraph (a) above,

(ii) from moneys in the Excess Construction Fund Moneys Account in excess of the amount credited pursuant to paragraph (3) above, if available, pro rata from each sub-account therein, and

(iii) from the Reserve Account, in accordance with paragraph (C)(4) below.

(b) If, when applying sub-paragraph (a) above, Pledged Revenues from one or more of the remaining PCCs become fully exhausted prior to fully funding the amount set forth in paragraph (3) above, the Board of Administration shall reapply the formula in sub-paragraph (a) above, utilizing the funds of the then remaining PCCs. The directive in this sub-paragraph (b) shall be repeated as many times as necessary until the amount set forth in paragraph (3) above has been fully funded, such funds are exhausted or the date on which the Board of Administration must make a draw on the Reserve Account.

(c), On the date on which the amount set forth in paragraph (3) above is fully funded, the Board of Administration shall provide written notice to each PCC that no additional Pledged Revenues need be forwarded for the remainder of such Fiscal Year, unless requested pursuant to the provisions of paragraph (6) below. In such case, each PCC shall, for the remainder of such Fiscal Year, not be required to forward any additional Pledged Revenues to the Board of Administration (subject to the provision of paragraph (6) below), and may then, and only then, use any remaining or additional Pledged Revenues it has collected or may collect during such Fiscal Year for any lawful purpose.

(6) If at any time moneys in the Rebate Account are insufficient to make a payment of any Rebate Amount coming due for payment to the United States of America, or if funds are required to replenish a Reserve Account Credit Facility, and sufficient funds are not anticipated to become available from any of the moneys on deposit in any of the funds and accounts created hereunder in time to make such payment or replenishment, the Board of Administration shall provide written notice to the appropriate PCCs that they are required to immediately forward Pledged Revenues or any other legally available funds in an amount equal to their pro rata share of such amount.

(C) Unless otherwise provided herein, all revenues on deposit at any time in the Sinking Fund shall be applied only in the following manner and order of priority:

(1) For the payment of the Administrative Expenses.

(2) For the payment of the next installment of interest to become due.

(3) For the payment of the next installment of principal to become due (including Amortization Installments).

(4) For the maintenance and establishment of the Reserve Account, which is hereby created in the Sinking Fund, in an amount which, together with other moneys available for such purposes, equals the Debt Service Reserve Requirement.

The moneys in the Reserve Account shall be used for the payments provided for in paragraphs (2) and (3) above and, if legally available, in paragraph (5) below, when the other moneys in the Sinking Fund are insufficient therefor. Any unused portion of the Reserve Account may be used by the Division to reduce the final installments of the Annual Debt Service Requirement becoming due.

Notwithstanding the foregoing provisions, in lieu of the required deposits into the Reserve Account, the Division may at any time cause to be deposited into the Reserve Account, one or more Reserve Account Credit Facilities for the benefit of the Registered Owners, in an amount which, together with sums on deposit (including other Reserve Account Credit Facilities), equals the Debt Service Reserve Requirement. In no event shall the use of such Reserve Account Credit Facilities be permitted if such use would cause, at the time of acquisition of such Reserve Account Credit Facility, an impairment in any existing rating on the Bonds or any Series of Bonds. The Reserve Account Credit Facilities shall be payable or available to be drawn upon, as the case may be, on or before any Interest Payment Date or Principal Payment Date on which a deficiency exists which cannot be cured by funds in any other account held for such Bonds pursuant to this Resolution and available for such purpose. If more than one Reserve Account Credit Facility is deposited into the Reserve Account, each Reserve Account Credit Facility shall be drawn upon in a proportion equal to its relative share of the amounts in the Reserve Account. If a disbursement is made under the Reserve Account Credit Facility, the Division shall be obligated, from the first Pledged Revenues available, to either reinstate such Reserve Account Credit Facility immediately following such disbursement to the amount required to be maintained in the Reserve Account or to deposit into the Reserve Account from the Pledged Revenues, as herein provided, funds in the amount of the disbursement made under such Reserve Account Credit Facility plus any amounts required to reimburse the Reserve Account Credit Facility provider for previous disbursements made pursuant to such Reserve Account Credit Facility, or a combination of such alternatives as shall equal the amount required to be maintained. To the extent that the Division reinstates a Reserve Account Credit Facility or reimburses a Reserve Account Credit Facility provider, such reinstatement or reimbursement shall be in proportion to the amounts drawn from the various Reserve Account Credit Facilities.

Any moneys in the Reserve Account in excess of the amount required to be maintained therein shall be used for the purposes and in the priority established by this section; and

(5) For deposit to the Rebate Account created by Section 8.06(C) of this Resolution, an amount sufficient to pay the Rebate Amount.

(D) After each July 1 Sinking Fund Requirement has been satisfied, any money remaining in each sub-account in the Debt Service Account in the Sinking Fund, including interest earnings thereon, shall be applied to the payment of the next interest payment, for the benefit of the applicable PCC. In any fiscal Year, if there are no Bonds Outstanding after the July 1 Sinking Fund Requirement has been satisfied, or at any time after all of the Outstanding Bonds have been defeased and provision for payment thereof has been made, any money remaining in the Debt Service Account in the Sinking Fund, including interest earnings thereon, shall be returned to each PCC which had Bonds Outstanding immediately prior to such occurrence, pro rata in relation to its par amount of such Bonds.

(E) In any Fiscal Year, if there are no Bonds Outstanding after the July 1 Sinking Fund Requirement has been satisfied, or at any time after all of the Outstanding Bonds have been defeased and provision for payment thereof has been made, any money remaining in any PCC's sub-account in the Excess Construction Fund Moneys Account in the Sinking Fund, including interest earnings thereon, shall be returned to the appropriate PCC.

Notwithstanding anything in this Resolution to the contrary, upon the request of an Authorized Officer of a PCC and the approval of the Director, all or a portion of the moneys in such PCC's sub-account in the Excess Construction Fund Moneys Account not required to be otherwise applied pursuant to this Resolution may be used to call Bonds attributable to such PCC.

(F) Except insofar as such funds may be needed for any payment required to be made by the terms of this Resolution or the Bonds, and except as otherwise provided herein, moneys in any of the funds authorized or required by this Resolution may be invested and reinvested at any time as provided by Section 17.57 or 215.47, Florida Statutes, where applicable. When so invested or reinvested, the proceeds derived from the investment or reinvestment of such obligations shall be held for and credited to the fund for which said obligations were purchased except as otherwise provided in this Resolution; provided, however, that any such obligations purchased as investments for moneys in the Sinking Fund shall mature not later than the dates upon which such moneys will be needed for the payment of maturing principal and interest to be paid from said Sinking Fund.

**SECTION 4.03. TRUST FUND.** The Sinking Fund and all moneys on deposit therein shall constitute a trust fund for the purposes provided in Section 4.02 hereof, and the Registered Owners shall have a lien on such moneys until used or applied as provided in Section 4.02. Such fund shall be continuously secured in the same manner as deposits of State funds are required to be secured by the laws of the State.

**SECTION 4.04. FISCAL AGENT.** Upon sale and delivery of any Series of Bonds by the Division, the Board of Administration shall act as the fiscal agent for the Division.

**ARTICLE V  
ADDITIONAL BONDS; REFUNDING BONDS  
AND ISSUANCE OF OTHER OBLIGATIONS**

**SECTION 5.01. ISSUANCE OF ADDITIONAL BONDS.** The Division is authorized to issue Additional Bonds, but only upon the following terms, restrictions and conditions:

(A) The proceeds from such Additional Bonds shall be used to acquire and construct Projects, or to refund Outstanding Bonds.

(B) (1) The Department and all PCCs must be current in all deposits into the various funds and accounts and all payments theretofore required to have been deposited or made by it under the provisions of this Resolution.

(2) The Department and the PCCs must be currently in compliance with the covenants and provisions of this Resolution and any supplemental resolution hereafter adopted for the issuance of the initial Series of Bonds issued hereunder or Additional Bonds, or upon the issuance of such Additional Bonds the Department and the PCCs will be brought into compliance with all such financial requirements, covenants and provisions.

(C) The Board of Trustees of each Community College wishing to participate in the issuance of Additional Bonds shall request the issuance of such Additional Bonds by a duly adopted resolution in the form required by the Division.

(D) Certificates shall be executed by the Department or other appropriate agency setting forth:

(1) the average annual amount of that portion of the Capital Improvement Fees pledged for the payment of Bonds and Administrative Expenses collected by the PCCs and the New PCCs during the two Fiscal Years immediately preceding the issuance of the proposed Additional Bonds, adjusted as hereinafter provided, and;

(2) the Maximum Annual Debt Service on the Bonds then Outstanding and the Additional Bonds then proposed to be issued.

(E) The amount certified pursuant to (D)(1) above, adjusted as hereinafter provided, will be at least equal to one hundred thirty percent of the total Maximum Annual Debt Service on (i) the Bonds then Outstanding, and (ii) the Additional Bonds then proposed to be issued;

(F) The Pledged Revenues and Capital Improvement Fees calculated pursuant to paragraph (D)(1) may be adjusted at the option of the Division if, prior to the issuance of the proposed Additional Bonds, all actions shall have been taken and all approvals shall have been obtained which are necessary to increase a PCC's or a New PCC's Capital Improvement Fees, such increase to become effective not later than January 1 of the Fiscal Year following the Fiscal Year in which the Additional Bonds are to be issued, the average annual amount of Pledged Revenues attributable to such PCC for the two immediately preceding Fiscal Years prior to the issuance of said Additional Bonds, as certified by the Department or other appropriate agency, shall be adjusted to show the Pledged Revenues attributable to such PCC which would have been derived as if such increased Capital Improvement Fees had been in effect during all of such two preceding Fiscal Years; similarly, the average annual amount of Capital Improvement Fees to be pledged for the payment of Bonds and Administrative Expenses attributable to such New PCC for the two immediately preceding Fiscal Years prior to the issuance of said Additional Bonds, as certified by the Department or other appropriate agency, shall be

adjusted to show the Capital Improvement Fees attributable to such New PCC which would have been derived as if such increased Capital Improvement Fees had been in effect during all of such two preceding Fiscal Years.

**SECTION 5.02. REFUNDING BONDS.** The Bonds originally issued pursuant to this Resolution then Outstanding, together with all Additional Bonds issued and then Outstanding, may be refunded as a whole or in part. If the Annual Debt Service Requirement of the refunding Bonds in each Fiscal Year is equal to or less than the corresponding Annual Debt Service Requirement of the refunded Bonds, then the provisions of subsections 5.01 (D) and (E) of this Resolution shall not apply to the issuance of the refunding Bonds.

**SECTION 5.03. ISSUANCE OF OTHER OBLIGATIONS OR CREATION OF ENCUMBRANCES.** The Division of Bond Finance, the Department and the PCCs covenant that they will not issue any other obligations, except Additional Bonds provided for in Section 5.01 hereof (including refunding Bonds provided for in Section 5.02 hereof), payable from the Pledged Revenues, nor voluntarily create or cause to be created any other debt, lien, pledge, assignment, encumbrance or other charge, having priority to or being on a parity with the lien of the Bonds upon the Pledged Revenues securing the Bonds provided for in this Resolution. Any such other obligations hereafter issued shall contain an express statement that such obligations are junior and subordinate to the Bonds, as to lien on and source and security for payment from such Pledged Revenues.

**SECTION 5.04. NO ACCELERATION.** The Bonds shall not be accelerated on account of any default on any payments required under the Resolution.

## **ARTICLE VI COVENANTS**

**SECTION 6.01. PLEDGED REVENUES COVENANTS.** The Division, on behalf of the Department and the PCCs, covenants that so long as any Bonds attributable to such PCCs remain Outstanding:

(A) That the Department and the PCCs will punctually pay the Pledged Revenues in the manner and at the times provided in this Resolution and that the Department and the PCCs will duly and punctually perform and carry out all the covenants of the Department and the PCCs made herein and the duties imposed upon the Department and the PCCs by this Resolution.

(B) That in preparing, approving and adopting any budget controlling or providing for the expenditures of its funds for each budget period the Department and the PCCs will allocate, allot and approve, to the extent permitted by law, the amounts sufficient to pay the annual Sinking Fund requirements due under Section 4.02 of this Resolution and any other amounts required to be paid pursuant to this Resolution.

(C) That the Department and the PCCs will from time to time recommend and include in their budgets such revisions to the Capital Improvements Fees which, to the extent permitted by law, will produce Pledged Revenues sufficient to pay, when due, the amounts required under this Resolution.

(D) That the Department and the PCCs will continue to collect the Capital Improvement Fees.

**SECTION 6.02. NON-IMPAIRMENT.** The State does hereby covenant with the Registered Owner(s) of the Bonds that it will not take any action that will materially and adversely affect the rights of such Registered Owner(s) so long as the Bonds are Outstanding.

## **ARTICLE VII REMEDIES**

**SECTION 7.01. ENFORCEABILITY BY REGISTERED OWNERS.** (A) The Division of Bond Finance, on behalf of the Department and the PCCs, hereby covenants that the Department and the PCCs irrevocably agree that this Resolution, including the pledge of moneys in the trust fund derived from the Capital Improvement Fees, shall be deemed to have been made for the benefit of the Registered Owners from time to time of the Bonds, and that such pledge and all the provisions of this Resolution shall be enforceable in any court of competent jurisdiction by any Registered

Owner of the Bonds, against either the Department and the PCCs or the Board of Administration or any other agency of the State of Florida, or instrumentality thereof having any duties concerning the collection, administration and disposition of the Capital Improvement Fees. The Division of Bond Finance, on behalf of the Department and the PCCs, does hereby consent to the bringing of any proceedings in any court of competent jurisdiction by any Registered Owner of Bonds for the enforcement of all provisions of this Resolution and does hereby waive, to the extent permitted by law, any privilege or immunity from suit which the Department and the PCCs may now or hereafter have as an agency of the State of Florida.

(B) Any Registered Owners of the Bonds, or any trustee acting for the Registered Owners of the Bonds, may by civil action in any court of competent jurisdiction, protect and enforce any and all rights, including the right to the appointment of a receiver, existing under the laws of the State of Florida, or granted and contained in this Resolution, and may enforce and compel the performance of all duties required by this Resolution, and by any applicable Statutes, to be performed by the Division of Bond Finance, the Department and the PCCs, or the Board of Administration, or by any officer thereof, including the payment of the Pledged Revenues payable under this Resolution. Nothing herein, however, shall be construed to grant to any Registered Owner of the Bonds any lien on any facility of the Department and the PCCs, the Division of Bond Finance, or the Board of Administration.

(C) For purposes of exercising remedies pursuant to this section, the issuer of a Bond Insurance Policy for any Series of the Bonds shall be deemed the sole Owner of Bonds it has insured, provided that the issuer of such Bond Insurance Policy has not failed to comply with its payment obligations under the Bond Insurance Policy and the ratings on the insured Series of Bonds, based on the Bond Insurance Policy, are no lower than the "A" category by each Rating Agency which has rated such Bonds, including any rating modifiers.

## **ARTICLE VIII MISCELLANEOUS**

**SECTION 8.01. RESOLUTION NOT ASSIGNABLE.** This Resolution shall not be assignable by the Division of Bond Finance on behalf of the Department and the PCCs, except for the benefit of the Registered Owners.

**SECTION 8.02. AMENDMENT OR MODIFICATION OF RESOLUTION.** (A) Except as otherwise provided in this section, no material modification or amendment of this Resolution, or of any resolution amendatory thereof or supplemental thereto, may be made without the consent in writing of (i) the Registered Owners of more than fifty percent in principal amount of the Bonds then Outstanding or (ii) in case less than all of the several series of Bonds then Outstanding are affected by the modification or amendment, the Registered Owners of more than fifty percent in principal amount of the Bonds of each series so affected and Outstanding at the time such consent is given; provided, however, that no modification or amendment shall permit a change in the maturity of such Bonds or a reduction in the rate of interest thereon or affecting the unconditional promise to pay the principal of and interest on the Bonds, as the same mature or become due, or reduce the percentage of Registered Owners of Bonds required above for such modification or amendments, without the consent of the Registered Owners of all the Bonds then Outstanding.

(B) This Resolution may be amended, changed, modified and altered without the consent of the Registered Owners of the Bonds, (i) to cure any ambiguity or correct or supplement any provision contained herein which may be defective or inconsistent with any other provisions contained herein, (ii) to provide other changes including such changes as may be necessary in order to adjust the terms hereof so as to facilitate the issuance of various types of Bonds which will not materially adversely affect the interests of the Registered Owners, (iii) to provide for the issuance of Bonds in coupon form if, in the opinion of Bond Counsel, such issuance will not affect the exclusion from gross income for federal income tax purposes of interest on the Bonds, (iv) to obtain credit enhancements or a higher rating in one of the three highest full rating categories of a Rating Agency, (v) to add to the covenants and agreements of the Division of Bond Finance, or the Department and the PCCs in the Resolution, other covenants and agreements to be observed by the Division of Bond Finance or the Department and the PCCs which are not contrary to or inconsistent with the Resolution as theretofore in effect, (vi) to add to the limitations and restrictions in the Resolution, other limitations and restrictions to be observed by the Division of Bond Finance, or the Department and the PCCs which are not contrary to or inconsistent with the Resolution as theretofore in effect, (vii) to permit the qualification hereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect or to permit the qualification of the Bonds for

sale under the securities laws of any of the states of the United States of America, (viii) to enable the Division of Bond Finance and the Department and the PCCs to comply with their covenants, agreements and obligations under Section 8.06 of this Resolution, (ix) to add those Capital Improvement Fees authorized by Section 1009.22(6), Florida Statutes to the revenues pledged for the payment of all Bonds, if not previously so pledged, and (x) to make any amendment, change, modification or alteration that does not materially adversely affect the interests of the Registered Owners.

(C) For purposes of this section, except where the consent of all Registered Owners of a Series of Bonds is required, to the extent any Series of Bonds is insured by a Bond Insurance Policy and such Series of Bonds is then rated in as high a rating category as the rating category in which such Series of Bonds was rated at the time of initial delivery thereof by a Rating Agency, then the consent of the issuer of the Bond Insurance Policy shall constitute the consent of the Registered Owners of such Series. Where the consent of all Registered Owners of a Series of Bonds is required, to the extent such Series of Bonds is secured by a Bond Insurance Policy and such Series of Bonds is then rated in a category at least as high as that in effect at the time of the initial delivery thereof, the consent of the issuer of the Bond Insurance Policy shall be required in addition to the consent of the Registered Owners.

**SECTION 8.03. SEVERABILITY OF INVALID PROVISIONS.** If any one or more of the covenants or provisions of this Resolution shall be held contrary to any express provision of law or contrary to the policy of express law, though not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants or provisions shall be null and void and shall be deemed separable from the remaining covenants or provisions of this Resolution or of the Bonds.

**SECTION 8.04. BONDS NOT STATE OBLIGATION.** Notwithstanding any of the other provisions of this Resolution authorizing the issuance of the Bonds, the Bonds are not an obligation, directly or indirectly, of the State of Florida and no Registered Owner of the Bonds shall have the right to compel or require any appropriation by the Legislature of Florida for payment of the Pledged Revenues due under this Resolution, or for the payment of the principal of, premium, if any, or interest on the Bonds, or the making of any other payments provided for in this Resolution from State tax revenues.

The Bonds shall be “revenue bonds”, within the meaning of Section 11(d) of Article VII of the Florida Constitution, and shall be payable solely from funds derived directly from sources other than State tax revenues.

**SECTION 8.05. NONPRESENTMENT OF BONDS: FUNDS HELD FOR BONDS AFTER MATURITY OF BONDS.** In the event any Bond shall not be presented to the Bond Registrar/Paying Agent for payment within seven years after the principal becomes due, either at maturity, or otherwise, the funds for payment of said principal on deposit with the Bond Registrar/Paying Agent shall be remitted to the Board of Administration for return to the Department and the PCCs for use by the Department and the PCCs in financing eligible Projects or for other lawful purposes. In the event the Bond Registrar/Paying Agent shall not have been able to pay the interest, either all or a portion thereof, on any Bond within seven years after such interest becomes due, either at maturity, or otherwise, the funds on deposit with the Bond Registrar/Paying Agent for the payment of said interest shall be remitted to the Board of Administration for return to the Department and the PCCs for use by the Department and the PCCs in financing eligible Projects or for other lawful purposes.

**SECTION 8.06. FEDERAL INCOME TAX COVENANTS.** (A) In addition to any other requirement contained in this Resolution, the Division of Bond Finance, the Department and the PCCs, and the Board of Administration hereby covenant and agree, for the benefit of the Registered Owners from time to time of the Bonds, that each will comply with the requirements contained in Section 103 and Part IV of Subchapter B of Chapter 1 of the Internal Revenue Code of 1986, as amended, and temporary, proposed or permanent implementing regulations promulgated thereunder (the “Code”) as shall be set forth in the non-arbitrage certificate dated and delivered on the date of original issuance and delivery of the Bonds. Specifically, without intending to limit in any way the generality of the foregoing, the Division of Bond Finance and the Department and the PCCs covenant and agree:

(1) to pay or cause to be paid by the Board of Administration to the United States of America from the Pledged Revenues or any other legally available funds, at the times required pursuant to Section 148(f) of the Code, the excess of the amount earned on all nonpurpose investments (as defined in Section 148(f)(6) of

the Code) over the amount which would have been earned if such nonpurpose investments were invested at a rate equal to the yield on the Bonds, plus any income attributable to such excess (the "Rebate Amount");

(2) to maintain and retain or cause to be maintained and retained all records pertaining to calculations of the Rebate Amount as shall be necessary to comply with the Code;

(3) to refrain from using proceeds from the Bonds in a manner that might cause the Bonds or any portion of them, to be classified as private activity bonds under Section 141(a) of the Code; and

(4) to refrain from taking any action that would cause the Bonds, or any of them to become arbitrage bonds under Section 148 of the Code.

The Board of Administration, the Division of Bond Finance and the Department and the PCCs understand that the foregoing covenants impose continuing obligations that will exist throughout the term of the issue to comply with the requirements of the Code.

(B) The Department and the PCCs covenant and agree to provide records pertaining to calculations of the Rebate Amount for each Series of Bonds issued hereunder to the Division of Bond Finance upon request for the purpose of making or having made all determinations and calculations of the Rebate Amount.

(C) The Division of Bond Finance covenants and agrees that it will make or have made all determinations and calculations of the Rebate Amount for each series of Bonds issued hereunder for each Rebate Year within sixty (60) days after the end of such Rebate Year and within sixty (60) days after the final maturity of each such series of Bonds. On or before the expiration of each such sixty (60) day period, the Division of Bond Finance shall direct the Board of Administration to deposit into the Rebate Account for each Series of Bonds which is hereby created and established in the Sinking Fund, from investment earnings or moneys deposited in the other funds and accounts created hereunder, or from any other legally available funds of the PCCs an amount equal to the Rebate Amount for such Rebate Year. The Board of Administration shall use such moneys deposited in the Rebate Account only for the payment of the Rebate Amount to the United States as required by subsection (A) of this section, and as directed by the Division of Bond Finance which payments shall be made in installments, commencing not more than sixty (60) days after the end of the fifth Rebate Year and with subsequent payments to be made not later than five (5) years after the preceding payment was due except that the final payment shall be made within sixty (60) days after the final maturity of the last obligation of the series of Bonds issued hereunder. In complying with the foregoing, the Division of Bond Finance may rely upon any instructions or opinions from a nationally recognized bond/tax counsel.

Notwithstanding anything in this Resolution to the contrary, to the extent moneys on deposit in the Rebate Account are insufficient for the purpose of paying the Rebate Amount and other funds of the PCCs are not available to pay the Rebate Amount, then the PCCs shall pay the Rebate Amount first from Pledged Revenues and, to the extent the Pledged Revenues are insufficient to pay the Rebate Amount, then from moneys on deposit and legally available in any of the funds and accounts created hereunder.

If any amounts shall remain in the Rebate Account after payment in full of all Bonds issued hereunder and after payment in full to the United States in accordance with the terms hereof, such amounts shall be paid over to the PCCs, pro rata based on their contribution thereto, and may be used for other purposes authorized by law.

The Rebate Account shall be held separate and apart from all other funds and accounts and shall be subject to a lien in favor of the Registered Owners, but only to secure payment of the Rebate Amount, and the moneys in the Rebate Account shall be available for use only as herein provided.

The Division of Bond Finance, the Department and the PCCs, and the Board of Administration shall not be required to continue to comply with the requirements of this section in the event that the Division of Bond Finance receives an opinion of nationally recognized bond/tax counsel that (i) such compliance is no longer required in order to maintain the exclusion from gross income for federal income tax purposes of interest on the Bonds, or (ii) compliance with some other requirement will comply with the provisions of the Code in respect of arbitrage rebate.

Notwithstanding any of the above, the Department's and the PCC's responsibilities and duties pursuant to paragraphs (A)(1) or (2) or subsection (B) of this section may be assumed in whole or in part by the Division of Bond Finance or another entity as provided by law, administrative rule, or resolution of this Governing Board.

**SECTION 8.07. DEFEASANCE.** The covenants, liens and pledges entered into, created or imposed pursuant to this Resolution may be fully discharged and satisfied with respect to the Bonds, in whole or in part, in any one or more of the following ways:

(A) By paying the principal of and interest on Bonds when the same shall become due and payable; or

(B) By depositing with the Board of Administration certain moneys which are irrevocably pledged to the payment of all or a portion of the Bonds and which, together with other moneys lawfully available therefor, shall be sufficient at the time of such deposit to pay when due the principal, redemption premium, if any, and interest due and to become due on said Bonds on or prior to the redemption date or maturity date thereof; or

(H) Notwithstanding the foregoing, the covenants, liens and pledges entered into, created or imposed pursuant to this Resolution shall not be discharged and satisfied with respect to any of the Bonds with respect to which debt service has been paid pursuant to a Bond Insurance Policy, to the extent that the amount so paid has not been reimbursed to the issuer of such Bond Insurance Policy (or monies have not been deposited as set forth above to provide for payment of such amounts). The bond insurer shall be subrogated to the rights of the Registered Owners of Bonds with respect to which it has made payments pursuant to a Bond Insurance Policy.

**Section 15.** The Director is hereby authorized to offer for sale a lesser principal amount of 2012 Bonds than that set forth in this Fourth Supplemental Resolution and to adjust the maturity schedule and redemption provisions for the 2012 Bonds, if necessary, to reflect the issuance of such lesser amount, and to modify the Notice of Bond Sale as may be required. Any portion of the 2012 Bonds not offered shall remain authorized to be offered at a later date.

**Section 16.** The Director is authorized to provide in the Notice of Bond Sale of the 2012 Bonds that the purchase price for the 2012 Bonds may include a discount of not to exceed 3% excluding original issue discount, if any, of the aggregate principal amount of such 2012 Bonds offered for sale.

**Section 17.** The Chairman, Secretary and any Assistant Secretary of the Governing Board, the Director, and such other officers and employees of the Division as may be designated by this Board as agents of the Division in connection with the issuance and delivery of the 2012 Bonds, are authorized and empowered, collectively or individually, to take all actions and steps, to execute all instruments, documents, and contracts, and to take all other action on behalf of the Division, in each case as they may deem necessary or desirable, in connection with the execution and delivery of the 2012 Bonds.

**Section 18.** Notwithstanding anything contained in the Master Authorizing Resolution to the contrary, it is the intent of the Governing Board that interest on any 2012 Bonds which are issued as tax-exempt bonds be and remain excluded from gross income for federal income tax purposes and therefore to comply with all requirements of federal tax law applicable to the 2012 Bonds, whether such requirements are now in effect, pending or subsequently enacted. The Division is hereby authorized and directed to take all actions necessary with respect to the 2012 Bonds to comply with such requirements of federal tax law.

**Section 19.** All prior or concurrent resolutions or parts of resolutions inconsistent with this Fourth Supplemental Resolution are hereby amended by this Fourth Supplemental Resolution, but only to the extent of any such inconsistency.

## FLORIDA COLLEGE SYSTEM AND PARTICIPATING FLORIDA COLLEGE SYSTEM INSTITUTIONS<sup>1</sup> SYSTEM OVERVIEW

### *Background*

Florida's Community College system began with a single institution in 1933, with three more colleges added between then and 1947. In 1955, the Legislature established the Community College Council. In 1957, this Council published a report containing recommendations for a community college master plan to provide post-high school education within commuting distance of more than 90 percent of the State's population. As a result, legislation was enacted to create the Division of Community Colleges in the Florida Department of Education and funds were appropriated to begin implementation of the master plan. The State continued to build Community Colleges until the master plan was fully implemented in 1972.

In 2002, the Florida Legislature passed Section 1007.33, Florida Statutes, authorizing Community Colleges to develop proposals to offer the four-year baccalaureate degree, subject to approval by the State Board of Education, and with an emphasis on teacher education, nursing and computer technology. St. Petersburg College was the first institution to offer the degree, followed by Chipola College, Miami Dade College, Northwest Florida State College, and Edison State College. College names began to change as those offering baccalaureate degrees began to drop "community." In late 2007, as the number of schools adding baccalaureate degrees continued to increase, there was an unsuccessful attempt to start a separate "State" college system. After much discussion, it was agreed that while the ability to offer the four-year degree has expanded the mission of these institutions, their major focus remains that of a Community College. The Florida College System, as designated in 2008 and confirmed again in 2009, consists of all 28 institutions. The Division of Community Colleges was also renamed to the Division of Florida Colleges in the 2009 legislation. As a result of that same legislation, Florida's Community Colleges are now called Florida College System institutions, Florida Colleges or Community Colleges.

### *Governance*

Effective January 7, 2003, the State Board of Education was established pursuant to Article IX, Section 2 of the Florida Constitution. The State Board of Education is responsible for overseeing kindergarten through graduate school education in Florida, and for establishing education goals and objectives consistent with legislative policy. It consists of seven members appointed by the Governor to staggered four-year terms, subject to confirmation by the Senate. The Commissioner of Education is appointed by the Board and serves as the chief executive officer of Florida's education system.

Florida College System districts are independent, separate corporate entities created to operate the respective Florida College System institutions. By law they are constituted as political subdivisions of the State. Florida College System districts are governed by Boards of Trustees comprised of five to nine members, depending on the number of local school districts within the Florida College System district. Trustees are appointed by the Governor and confirmed by the Florida Senate. The Florida College System institution president serves as the district's executive officer and corporate secretary, as well as the chief administrative and executive officer of the institution.

Each Board of Trustees has the general power to operate its respective institution and is the contracting agent of the Florida College System institution. Each Board of Trustees develops priorities for offering programs and meeting local needs, and has the flexibility to develop budgets to best meet its institution's priorities, and to set policy on pay, salary increases, most fringe benefits, and job qualifications.

The Division of Florida Colleges provides policy leadership, coordination and technical assistance to the Florida College System institutions. It is responsible for preparing the System-wide legislative budget request, calculating funding for each institution and the disbursement of state appropriations to the Florida College System institutions. The Division of Florida Colleges also establishes educational standards and policies related to articulation and academic affairs. It conducts studies and provides technical assistance to the colleges in the areas of academic and financial affairs and is responsible for the collection and analysis of information necessary to demonstrate accountability.

<sup>1</sup> Although financial information and operating data pertaining to all of the Participating Florida College System institutions are included in this appendix, only such information with respect to Material Participants, defined as Participating Florida College System institutions whose allocable share of the principal amount of Outstanding Bonds equals 10% or more, is required to be updated and disclosed on an annual basis pursuant to SEC Rule 15c2-12.

## ***Florida College System Funding***

The primary source for Florida College System operating funds is State general revenue, augmented by funds generated by the Florida Lottery. The balance of operating funds is made up of student tuition, fees and other local funds. All appropriations made by the Legislature to support Florida College System operations are appropriated from the Florida College System Program Fund established pursuant to section 1011.81, Florida Statutes. The annual apportionment for each college is distributed in equal monthly payments.

Prior to each annual legislative session, the Florida College System institution presidents and the Division of Florida Colleges develop a recommended System-wide legislative budget request for approval by the State Board of Education, taking into account current and future needs, including the goals outlined in the Florida College System portion of the State Board of Education's Strategic Plan. Once approved by the State Board of Education, the budget request is forwarded to the Governor and the Legislature for consideration. After taking the Governor's budget recommendations into account, the Legislature appropriates State general revenues to each Florida College System institution from the Florida College System Program Fund pursuant to section 1011.84, Florida Statutes, based on factors such as the base, or current year, budget; incremental changes to the base budget, allocated through a funding model; additional students not originally factored into enrollment figures; increased operating costs of new facilities; new and improved program enhancements; and the amount of tuition and student fees anticipated to be collected in the new budget year. In addition, dependent upon the availability of funds the Legislature appropriates additional funds for performance-based incentives to each Florida College System institution. This amount historically represented less than 5% of each college's operating budget. The relative size of each incentive is based on a college's pro rata share of degrees/diplomas awarded or programs completed, students in special categories, and students transferring to a university or placed in a job.

After the State Legislature passes the annual Appropriations Act, the Florida College System institution Boards of Trustees each approve an operating budget for the next fiscal year. Pursuant to section 6A-14.0716, Florida Administrative Code, the Division of Florida Colleges reviews and approves the college operating budgets after an examination for completeness, correctness, conformity with law, administrative rules, State Board of Education guidelines and preparation according to accepted accounting standards. The operating budgets are also checked for compliance with section 1011.84(3)(e), Florida Statutes, which requires that the State Board of Education be notified if any college's unencumbered general fund balance falls below 5% of estimated funds available for the fiscal year. The monthly general revenue appropriations disbursements are provided to each Florida College System institution in a lump sum; i.e., the institution is given an amount of money to run various programs and then allowed to determine how to use that money for its programs.

At the end of the fiscal year, the Florida College System institutions submit an Annual Financial Report and Cost Analysis to the Division of Florida Colleges. The annual financial reports are incorporated into the Comprehensive Annual Financial Report of the State of Florida as a component unit of the State. The annual financial reports include a Statement of Revenues, Expenditures and Changes in Net Assets and a Statement of Net Assets with required accompanying schedules including a schedule of capital improvement fee expenditures. The Annual Cost Analysis is a significant accountability tool that facilitates an analysis of program expenditures consistently and accurately over time.

Each year, the Florida College System institutions must develop a Five Year Capital Improvement Plan. This five year plan must be based on the colleges' latest five year Educational Plant Survey of their needs according to strict guidelines established by Section 1013.31, Florida Statutes. The Survey identifies the need for construction of new educational facilities as well as major additions, renovations, or repairs necessary to extend the useful life of buildings. Each Florida College System district has local control over how funds are used to meet facility needs.

The State has several programs which provide fixed capital outlay funds to the Florida College System. The Florida College System institutions receive funds for both new construction and for maintenance, repair and renovation, from Public Education and Capital Outlay Funds, which are derived from gross receipts taxes and proceeds of bonds pledging such taxes; Capital Outlay and Debt Service funds, derived from motor vehicle license taxes and proceeds of bonds pledging such taxes; and Florida College Facilities Enhancement Challenge Grant Program funds, pursuant to which the State matches local funds dollar for dollar.

The Legislative Auditor General conducts financial and operational audits for the Florida College System institutions. The Division of Florida Colleges works closely with the Auditor General to resolve findings and improve financial reporting. The Division reviews audits to ensure corrective action on audit findings.

## **PARTICIPATING FLORIDA COLLEGE SYSTEM INSTITUTIONS**

Palm Beach State College is financing a portion of a project from the proceeds of the 2012A Bonds. Palm Beach State College and seven other of the State's 28 Florida Colleges - Broward College, Edison State College, Gulf Coast State College, Santa Fe College, Seminole State College, St. Petersburg College and Tallahassee Community College - have financed projects from the proceeds of the 2006A, 2008A and 2010A Bonds. The Edison State College District is comprised of Charlotte, Collier, Glades, Hendry and Lee Counties in southwest Florida. The Gulf Coast State College District is comprised of Bay, Franklin and Gulf Counties in the north Florida panhandle. The St. Petersburg College District and the Broward, Palm Beach State and Seminole State College Districts are each comprised of a single county (Pinellas County, in the Tampa Bay area, Broward and Palm Beach counties, in southeast Florida, and Seminole County, in central Florida, respectively). The Santa Fe College District is comprised of Alachua and Bradford Counties in the north-central part of the State, and the Tallahassee Community College District covers Leon, Gadsden and Wakulla Counties in the north Florida panhandle.

## Student Enrollment

The following tables show total headcount and full time equivalent (“FTE”) enrollment at each of the Participating Florida College System institutions for the periods indicated, without regard to the programs of study. One FTE is equivalent to 30 credit hours. Due to the fact that students enrolled at Florida College System institutions are predominantly part-time, FTE enrollment provides a common base for comparative purposes.

<sup>1</sup> One FTE is equal to 30 credit hours.

<sup>2</sup> Beginning 2010-11, includes upper-division and excludes continuing workforce education. The elimination of the continuing workforce education students from these statistics results in a significant decrease in headcount beginning in 2010-11. The system-wide continuing workforce education headcount enrollment for 2009-10 was 172,424 but those students accounted for only 10,070 FTEs. These students are not enrolled in Capital Improvement Fee generating programs.

Students who are not considered residents of Florida must pay an out-of-state fee in addition to tuition. As a general rule a student must have maintained legal residence in the State for at least 12 months immediately preceding his or her qualification as a resident student. Approximately 95% of the students enrolled at each of the Participating Florida College System institutions have historically resided within the State.

The Capital Improvement Fees which are pledged to payment of the Bonds are derived from fees attributable to certain credit course offerings at the Participating Florida College System institutions including advanced and professional, postsecondary vocational, college preparatory courses, and the Educator Preparation Institute program. The following table sets forth historical enrollment and FTEs in such fee-generating programs for the periods indicated.

Historical pledged capital improvement fee-generating program enrollments are shown by residency for the periods indicated in the following table. The 2010-11 academic year FTE enrollment by program shows that approximately 95% or more of FTE enrollment in fee-generating programs were Florida residents at each of the Participating Florida College System institutions.

## Tuition and Fees

Beginning in Fiscal Year 2008-09, the standard tuition and the standard out-of-state fee are established annually based on the prior year's tuition and fee, plus an increase tied to the rate of inflation (if the inflation rate is negative, the standard tuition and out-of-state fee remain at the prior year's levels), unless otherwise provided by the Legislature. Each Board of Trustees then establishes its own tuition and out-of-state fee, which may vary no more than 10 percent below and 15 percent above the standard, and may also establish financial aid, capital improvement, student activity and service and technology fees. The Board of Trustees is also authorized to establish user fees and fines for services.

By statute, the Capital Improvement Fees which are pledged to the Bonds are limited to 10% of tuition for resident students and 10% of the sum of tuition and out-of-state fees for out-of-state students. The annual fee increase for resident students may not exceed \$2.00 per credit hour. There is no statutory limit on the annual rate of fee increases for out-of-state students.

The following table lists the tuition, Capital Improvement Fees and other fees charged to resident students on a per credit hour basis at each of the eight Participating Florida College System institutions and the System averages for the periods indicated.

(the "Bonds")

The Bonds are being issued by the Division of Bond Finance in the name of and on behalf of the Department and the 2012A Participating Florida College System Institution for the purpose of financing a portion of the costs of the new construction and equipment of educational facilities on the campus of the 2012A Participating Institution, and paying certain costs associated with the issuance of the Bonds, under the authority of and in full compliance with the Constitution and statutes of the State of Florida, including particularly Sections 215.57-215.83, Florida Statutes, Section 1009.23, Florida Statutes, and other applicable provisions of law. The principal of, premium, if any, and interest on the Bonds will be secured by and payable from the Pledged Revenues (as defined in the hereinafter defined Resolutions) on a parity with the State of Florida, Department of Education Community College Capital Improvement Revenue Bonds, Series 2006A, Series 2008A and 2010A, which, together with the Bonds, will be outstanding in the aggregate principal amount of \$111,750,000 subsequent to issuance of the Bonds.

The Bonds do not constitute a general obligation of the State of Florida or any political subdivision thereof within the meaning of any constitutional, statutory or other limitation of indebtedness and the owners thereof shall never have the right to compel the exercise of any ad valorem taxing power or taxation in any form for the payment of the principal of or interest on the Bonds.

Based on our examination, we are of the opinion, as of the date hereof, as follows:

1. That such proceedings and proofs show lawful authority for issuance and sale of said Bonds pursuant to the Constitution and statutes of the State of Florida and pursuant to a resolution authorizing the issuance of the Bonds duly adopted by the Governing Board of the Division of Bond Finance on August 1, 2006, as supplemented by a resolution adopted on January 18, 2012 (collectively, the "Resolutions") and a resolution of the District Board of Trustees of the 2012A Participating Institution.

2. The Bonds (i) have been duly authorized, executed and delivered by the Division of Bond Finance and (ii) are valid and binding special obligations of the 2012A Participating Institution enforceable in accordance with their terms, payable solely from the sources provided therefor in the Resolutions.

3. The Bonds and the interest thereon are not subject to taxation under the laws of the State of Florida except estate taxes imposed by Chapter 198, Florida Statutes, as amended, and net income and franchise taxes imposed by Chapter 220, Florida Statutes, as amended.

4. The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met subsequent to the issuance and delivery of the Bonds in order that interest on the Bonds be and remain excluded from gross income for purposes of federal income taxation. Non-compliance may cause interest on the Bonds to be included in federal gross income retroactive to the date of issuance of the Bonds, regardless of the date on which such non-compliance occurs or is ascertained. The Division of Bond Finance, the Department and the 2012A Participating Institution have covenanted in the Resolutions to comply with such requirements in order to maintain the exclusion from gross income for federal income tax purposes of the interest on the Bonds.

Subject to compliance by the Division of Bond Finance, the Department and the 2012A Participating Institution with the aforementioned covenants, (a) interest on the Bonds is excluded from gross income for purposes of federal income taxation, and (b) interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, interest on the Bonds will be taken into account in determining adjusted current earnings for purposes of computing the alternative minimum tax on corporations. We express no opinion regarding other federal tax consequences caused by the ownership of or the receipt of interest on or the disposition of the Bonds.

It is to be understood that the rights of the owners of the Bonds and the enforceability thereof may be subject to the exercise of judicial discretion in accordance with general principles of equity, to the valid exercise of the sovereign police powers of the State of Florida and of the constitutional powers of the United States of America and to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted.

In rendering the foregoing opinions, we have assumed the accuracy and truthfulness of all public records and of all certifications, documents and other proceedings examined by us that have been executed or certified by public officials acting within the scope of their official capacities and have not independently verified the accuracy or truthfulness thereof and the genuineness of the signatures appearing upon such public records, certifications, documents and proceedings.

Our opinions expressed herein are predicated upon present law, facts and circumstances as of the date of issuance and delivery of the Bonds, and we assume no affirmative obligation to update the opinions expressed herein if such laws, facts or circumstances change after such date.

As Bond Counsel, we have not been engaged nor have we, in such capacity, undertaken to review the accuracy, completeness or sufficiency of any offering material relating to the Bonds and we express no opinion herein relating thereto.

Very truly yours,

BRYANT MILLER OLIVE P.A.

## PROVISIONS FOR BOOK-ENTRY ONLY SYSTEM OR REGISTERED BONDS

### The Depository Trust Company and Book-Entry Only System

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE DIVISION OF BOND FINANCE BELIEVES TO BE RELIABLE; HOWEVER, THE DIVISION OF BOND FINANCE TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF.

DTC will act as securities depository for the 2012A Bonds. The 2012A Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of the 2012A Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities and Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants" and together with Direct Participants, the "Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com) and [www.dtc.org](http://www.dtc.org).

Purchases of the 2012A Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2012A Bonds on DTC's records. The ownership interest of each actual purchaser of each 2012A Bond (a "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which such Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2012A Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the 2012A Bonds, except in the event that use of the book-entry system is discontinued.

To facilitate subsequent transfers, all 2012A Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of 2012A Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in Beneficial Ownership. DTC has no knowledge of the actual Beneficial Owners of the 2012A Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2012A Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2012A Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect

to the 2012A Bonds, such as redemptions, tenders, defaults, and proposed amendments to the 2012A Bond documents. For example, Beneficial Owners of 2012A Bonds may wish to ascertain that the nominee holding the 2012A Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners.

Redemption notices shall be sent to DTC. If less than all of the 2012A Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2012A Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Division of Bond Finance as soon as practicable after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2012A Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and principal and interest payments on the 2012A Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the Bond Registrar/Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, (nor its nominee), the Bond Registrar/Paying Agent, the Division of Bond Finance, or the Department, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Bond Registrar/Paying Agent; disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services with respect to the 2012A Bonds at any time by giving reasonable notice to the Division of Bond Finance or Bond Registrar/Paying Agent and discharging its responsibilities with respect thereto under applicable law. The Division of Bond Finance may decide to discontinue use of the system of book-entry transfers for the 2012A Bonds through DTC (or a successor securities depository). Under such circumstances, in the event that a successor securities depository is not obtained, certificates for the 2012A Bonds will be printed and delivered as provided in the documents authorizing the issuance and sale of the 2012A Bonds.

For every transfer and exchange of beneficial interests in the 2012A Bonds, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other government charge that may be imposed in relation thereto.

So long as Cede & Co., as nominee of DTC, is the registered owner of the 2012A Bonds, references herein to the Registered Owners or Holders of the 2012A Bonds shall mean Cede & Co. and not mean the Beneficial Owners of the 2012A Bonds unless the context requires otherwise.

The Division of Bond Finance, the Department and the Bond Registrar/Paying Agent will not have any responsibility or obligation with respect to:

- (i) the accuracy of the records of DTC, its nominee or any DTC Participant or any successor securities depository, participants thereof or nominee thereof with respect to any beneficial ownership interest in the 2012A Bonds;
- (ii) the delivery to any DTC Participant or participant of any successor securities depository or any other person, other than a registered owner, as shown in the Bond Register, of any notice with respect to any 2012A Bond, including, without limitation, any notice of redemption;
- (iii) the payment to any DTC Participant or participant of any successor securities depository or any other person, other than a registered owner, as shown in the Bond Register, of any amount with respect to the principal of, premium, if any, or interest on the 2012A Bonds, or the purchase price of, any 2012A Bond;

- (iv) any consent given by DTC or any successor securities depository as registered owner; or
- (v) the selection by DTC or any DTC Participant or by any successor depository or its participants of the beneficial ownership interests in the 2012A Bonds for partial redemption.

So long as the 2012A Bonds are held in book-entry only form, the Division of Bond Finance, the Department and the Bond Registrar/Paying Agent may treat DTC and any successor Securities Depository as, and deem DTC and any successor Securities Depository to be, the absolute owner of the 2012A Bonds for all purposes whatsoever, including, without limitation:

- (i) the payment of the principal of, premium, if any, and interest on the 2012A Bonds;
- (ii) giving notices of redemption and other matters with respect to the 2012A Bonds;
- (iii) registering transfers with respect to the 2012A Bonds; and
- (iv) the selection of the beneficial ownership interests in the 2012A Bonds for partial redemption.

#### **Payment, Registration, Transfer and Exchange**

*The following provisions shall only be applicable if the book-entry-only system of registration is discontinued; for provisions which are applicable while the book-entry only system of registration is in effect, see "Book-Entry Only System" above.*

The Division of Bond Finance, the Department and the Bond Registrar/Paying Agent may treat the Registered Owner of any 2012A Bond as the absolute owner for all purposes, whether or not such 2012A Bond is overdue, and will not be bound by any notice to the contrary.

Principal of and premium, if any, on the 2012A Bonds will be payable upon presentation and surrender of the 2012A Bonds when due at the corporate trust office of U.S. Bank Trust National Association, New York, New York, as Bond Registrar/Paying Agent.

Each 2012A Bond will be transferable or exchangeable only upon the registration books by the Registered Owner or an attorney duly authorized in writing, upon surrender of such 2012A Bond to the Bond Registrar/Paying Agent together with a written instrument of transfer (if so required) satisfactory in form to the Division of Bond Finance of Bond Finance and the Bond Registrar/Paying Agent, duly executed by the Registered Owner or a duly authorized attorney. Upon surrender to the Bond Registrar/Paying Agent for transfer or exchange of any 2012A Bond, duly endorsed for transfer or accompanied by an assignment in accordance with the Resolution, the Bond Registrar/Paying Agent will deliver in the name of the transferee(s) a fully registered 2012A Bond of authorized denomination of the same maturity for the aggregate principal amount which the Registered Owner is entitled to receive.

Neither the Division of Bond Finance nor the Bond Registrar/Paying Agent may charge the Registered Owner or transferee for any expenses incurred in making any exchange or transfer of the 2012A Bonds. However, the Division of Bond Finance and the Bond Registrar/Paying Agent may require payment from the Registered Owner of a sum sufficient to cover any tax, fee, or other governmental charge that may be imposed in relation thereto. Such governmental charges and expenses must be paid before any such new 2012A Bond is delivered.

The Bond Registrar/Paying Agent will not be required to issue, transfer or exchange any 2012A Bonds on the Record Date.
