The 2012A Bonds are being issued as fully registered bonds in the denomination of \$1,000 or integral multiples thereof. The 2012A Bonds are payable from the Pledged Revenues as described herein. The 2012A Bonds will initially be issued exclusively in "book-entry" form. Ownership of one 2012A Bond for each maturity (as set forth on the inside front cover), each in the aggregate principal amount of such maturity, will be initially registered in the name of "Cede & Co." as registered owner and nominee for the Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the 2012A Bonds. Individual purchases of the 2012A Bonds will be made in book-entry form only, and the purchasers will not receive physical delivery of the 2012A Bonds or any certificate representing their beneficial ownership interest in the 2012A Bonds. See Appendix J, "Provisions for Book-Entry Only System or Registered Bonds" for a description of DTC, certain responsibilities of DTC, the Board and the Bond Registrar/Paying Agent, and the provisions for registration and registration of transfer of the 2012A Bonds if the book-entry only system of registration is discontinued.

## REDEMPTION PROVISIONS

### Optional Redemption

The 2012A Bonds maturing in the years 2013 through 2021, both inclusive, are not redeemable prior to their stated dates of maturity. The 2012A Bonds maturing in the year 2022 and each year thereafter (including any Term Bonds) are redeemable prior to their stated dates of maturity, without premium, at the option of the Division of Bond Finance (i) in part, by maturities and/or Amortization Installments to be selected by the Division of Bond Finance, and by lot within a maturity and/or Amortization Installment if less than an entire maturity and/or Amortization Installment is to be redeemed, or (ii) as a whole, on July 1, 2021, or on any date thereafter, at the principal amount of the 2012A Bonds so redeemed, together with interest accrued to the date of redemption.

### Mandatory Redemption

The 2012A Bonds scheduled to mature in and after 2022 are subject to a special option which permits the successful bidder to specify that all the principal amount of the 2012A Bonds in any two or more consecutive years will, in lieu of maturing in each of such years, be considered to comprise a single maturity of 2012A Bonds (a "Term Bond") scheduled to mature in the latest of such years and be subject to mandatory redemption from Amortization Installments in the principal amounts set forth on the inside front cover. The successful bidder may exercise the above option one or more times. The final Official Statement will reflect which 2012A Bonds, if any, will be Term Bonds, subject to mandatory redemption by completion of the following paragraph and amortization table for each Term Bond:

The 2012A Bonds maturing on July 1, 20\_\_ (the "20\_\_ Term Bonds"), are subject to mandatory redemption in part, by lot, on July 1, 20\_\_, and on each July 1 thereafter to and including July 1, 20\_\_, at the principal amount of the 20\_\_ Term Bonds to be redeemed, without premium, plus accrued interest, from Amortization Installments in the years and amounts as follows:

<u>Year</u>	<u>Principal Amount</u>	<u>Year</u>	<u>Principal Amount</u>
	\$		\$

### Notice of Redemption

Notices of redemption of 2012A Bonds or portions thereof will be mailed by first class mail at least 30 days prior to the date of redemption to Registered Owners of record as of 45 days prior to the date of redemption. Such notices of redemption will specify the serial numbers and the principal amount of the 2012A Bonds to be redeemed, if less than all, the date fixed for redemption and the redemption price.

In lieu of mailing the Bond Registrar/Paying Agent may elect to provide such notice of redemption by electronic means to any Registered Owner who has consented to such method of receiving notice.

Failure to give, or any defect in, any required notice of redemption as to any particular 2012A Bonds will not affect the validity of the call for redemption of any 2012A Bonds with respect to which no such failure has occurred. Any notice mailed as provided in the Resolution will be conclusively presumed to have been duly given, whether or not the Registered Owner receives the notice.

Interest on the 2012A Bonds called for redemption will cease to accrue upon the redemption date.

## **PURPOSE OF THE ISSUE**

### **General**

The proceeds derived from the sale of the 2012A Bonds will be used to pay the cost of the 2012A Project and to pay costs of issuance of the 2012A Bonds.

### **The 2012A Project**

The 2012A Project consists of the renovation of existing student housing facilities located on the main campus of the University, including three dormitories (Weaver, Thomas, and Buckman Halls) and eleven apartment buildings in Corry Village. The renovation work for the Corry Village apartments will completely revitalize the interiors to modernize the floor plans, as well as the electrical, fire alarm, air conditioning, and plumbing systems in order to increase energy efficiency and ensure compliance with applicable standards and regulations. The renovation of Weaver Hall will include upgrades to fire alarms, fire sprinklers, window replacement, the electrical, plumbing and air conditioning systems, and bathrooms. The work in Thomas Hall and Buckman Hall will include a major overhaul of waste water and plumbing systems, installation of new air conditioning systems, window replacements, and renovations to bathrooms and kitchens. The number of available beds will remain the same upon completion of the renovations.

A project schedule has been developed with the construction of the 2012A Project scheduled to commence in May 2012 and be completed in May 2015. The renovations for Corry Village will be staggered with varying start and end dates, so that only one or two apartment buildings will be offline at any given time. To limit the impact on rental revenues, the renovations for Weaver, Thomas, and Buckman Halls will take place primarily during the 2012, 2013 and 2014 summer semesters, and students will be living in the halls during the fall and spring semesters.

Construction of the 2012A Project will be coordinated by construction managers selected in accordance with the applicable State University System requirements, which include: public advertisement; review of credentials, references, and qualifications; confirmation of bonding capabilities; and a presentation interview. The University has entered into a Design/Bid/Build agreement with the construction manager for the renovation of Weaver Hall, which is scheduled to take place during the 2012 summer semester. The Construction Manager for the Weaver Hall renovation is Oelrich Construction, the architect is Fred Vyverbert and the engineer is Moses and Associates. As discussed above, the renovations will be completed in phases over a three-year period to minimize disruption to the Housing System. Therefore, there may be different construction managers and participants involved in each phase of the project. The construction manager for each phase will be selected from a pool of eight firms which have been pre-approved by the University. Other professionals involved in the project, such as engineers or architects, may also vary by phase.

The construction budget was developed by the University in conjunction with the construction manager based on information provided by the University's Division of Facilities Planning and Construction and was completed in November 2011. The estimated project cost for renovating the existing facilities totals approximately \$27.5 million, including \$16.1 million for Corry Village, \$3.3 million for Weaver Hall, \$3.6 million for Thomas Hall, and \$4.5 million for Buckman Hall. The 2012A Project will be funded entirely from bond proceeds.

The 2012A Project will be fully insured by each construction manager's Builder's Risk Policy for the duration of the project. Oversight of the project will be conducted by a construction manager and the University's Department of Housing and Residence Education Facilities Management.

In addition to compliance with all applicable codes and standards, permits have been approved by the Division of State Fire Marshal. The University has indicated that there are no known environmental risks present at the site.

**Estimated Sources and Uses of Funds**

The table below presents estimated sources and uses of funds based on certain assumptions as to interest rates, costs of issuance and the purchase price of the 2012A Bonds, which costs will be determined upon the actual pricing of the 2012A Bonds. All of the amounts are preliminary and subject to change.

**2012A Project Construction Fund**

The Resolution provides for the creation of and deposit of the net proceeds of the 2012A Bonds into the Project Construction Fund (the “Construction Fund”), a trust fund in the State Treasury to be used only for the payment of the costs of construction of housing improvements on the campus of the University of Florida. A separate account (the “2012A Project Construction Fund”) is being established for a portion of the proceeds of the 2012A Bonds to pay the costs of the 2012A Project. The Registered Owners of the 2012A Bonds will have a lien on all the proceeds of such Bonds deposited in the 2012A Project Construction Fund until such moneys are applied as provided in the Resolution. See “MISCELLANEOUS - Investment of Funds” below for policies governing the investment of the Construction Fund. Withdrawals from the Construction Fund are made as provided by law.

Funds remaining in the 2012A Project Construction Fund after completion of the 2012A Project shall be either (i) applied to fixed capital outlay projects of the Housing System or (ii) deposited into the Sinking Fund, to be used for the purposes thereof.

**SECURITY FOR THE 2012A BONDS**

**Pledge of Housing System Revenues**

The 2012A Bonds and the interest thereon constitute obligations of the Board on behalf of the University, and are payable solely from a lien on the Pledged Revenues on a parity with the Outstanding Parity Bonds. The aggregate principal amount of Bonds expected to be Outstanding subsequent to the issuance of the 2012A Bonds is \$75,450,000\*. As used herein, the term “Bonds” includes the Outstanding Parity Bonds, the 2012A Bonds and any Additional Parity Bonds as defined in the Resolution. The Pledged Revenues consist of the net revenues of the Housing System at the University of Florida after deducting from Gross Revenues the Current Expenses and amounts required for the Prior Lien Obligations. The Housing System consists of the student living facilities of the University, as set forth in the Resolution, and such additional housing facilities as may be added to the Housing System, all as more fully described in "DEPARTMENT OF HOUSING AND RESIDENCE EDUCATION" below. The lien of the Bonds on the Pledged Revenues is junior and subordinate to the lien thereon of the Prior Lien Obligations, of which \$525,000 in aggregate principal amount is currently Outstanding. See "PRIOR LIEN OBLIGATIONS" and "DEPARTMENT OF HOUSING AND RESIDENCE EDUCATION - Historical and Projected Debt Service Coverage."

The 2012A Bonds are "revenue bonds" within the meaning of Article VII, Section 11(d), of the Florida Constitution, and are payable solely from funds derived directly from sources other than State tax revenues. **The 2012A Bonds do not constitute a general obligation or indebtedness of the State of Florida or any of its agencies or political subdivisions and shall not be a debt of the State of Florida or of any agency or political subdivision**

\*Preliminary, subject to change.

thereof, the Board of Governors, or the University, and the full faith and credit of the State is not pledged to the payment of the principal of, premium, if any, or interest on the 2012A Bonds. The issuance of the 2012A Bonds does not, directly or indirectly or contingently, obligate the State of Florida to use State funds, other than the Pledged Revenues, to levy or to pledge any form of taxation whatsoever or to make any appropriation for payment of the principal of, premium, if any, or interest on the 2012A Bonds.

#### **Debt Service Reserve Account\***

There will not be a Debt Service Reserve Account funded for the 2012A Bonds. However, the Original Resolution creates the Debt Service Reserve Account within the Sinking Fund, which is to be used for payments of debt service when the amounts in the Sinking Fund are insufficient therefor. Separate subaccounts in the Debt Service Reserve Account may be established for one or more Series of Bonds. Each subaccount will be available only to cure deficiencies in the accounts in the Sinking Fund with respect to the Series of Bonds for which it is established. As permitted in the Resolution, in lieu of required deposits into the Debt Service Reserve Account, the Board may at any time fund one or more subaccounts in the Debt Service Reserve Account with one or more Debt Service Reserve Account Credit Facilities for the benefit of the Bonds secured by such subaccount in an amount, which together with the funds on deposit therein, equals the Reserve Requirement for such subaccount.

Currently, there is one subaccount in the Reserve Account for the benefit of the Registered Owners of the Outstanding Parity Bonds that are secured by the subaccount. The subaccount is currently funded by debt service reserve account surety bonds from MBIA Insurance Corporation ("MBIA") in the amount of \$4,398,400 and from Financial Guaranty Insurance Company ("FGIC") in the amount of \$2,192,129. This subaccount may also serve as the subaccount for future Additional Parity Bonds.

The Authorizing Resolution provides that the Debt Service Reserve Account for the 2012A Bonds may be funded in an amount determined by the Director, which amount may be zero. The Debt Service Reserve Requirement for the 2012A Bonds has been determined to be zero. No deposit will be made to a subaccount in the Debt Service Reserve Account from the proceeds of the 2012A Bonds.

**See "MISCELLANEOUS - Bond Ratings" below for a discussion of potential and actual rating agency actions with respect to various insurance companies, including MBIA and FGIC, currently providing reserve account surety bonds for various series of Outstanding Bonds.**

In the event funds on deposit in the Sinking Fund are not sufficient to pay the principal and/or interest next coming due on the Bonds secured by a subaccount in the Debt Service Reserve Account, then on or before the Interest Payment Date and the Principal Payment Date such amounts as may be necessary to pay such maturing principal and/or interest on the Bonds will be transferred to the Sinking Fund from the appropriate subaccount of the Debt Service Reserve Account. Each Reserve Account Credit Facility will be drawn upon in proportion to its relative share of the amounts in the Debt Service Reserve Account. Any withdrawals from the Debt Service Reserve Account, including disbursements made under a Reserve Account Credit Facility, will be subsequently restored (or, in the case of a Reserve Account Credit Facility, the provider thereof will be reimbursed) from the first revenues available after all required Current Expenses and current payments for the Prior Lien Obligations and the Sinking Fund, including any deficiencies for prior payments, have been made in full.

#### **Flow of Funds**

*Collection of Pledged Revenues.* Upon collection, Gross Revenues of the Housing System are deposited into a trust fund (the "Revenue Fund") to be administered in accordance with the provisions of the Resolution and applicable laws. After providing for the payments required below, the Board may use the Gross Revenues for any lawful purpose of the Board.

*Application of Revenues.* All revenues on deposit in the Revenue Fund will be applied only in the following manner and order of priority:

- (A) to satisfy the requirements of the Prior Lien Obligations, including the payment of Current Expenses;

---

\*There will not be a Debt Service Reserve Account funded for the 2012A Bonds.

(B) for deposit with the Board of Administration in the Sinking Fund, until there is accumulated an amount sufficient to pay in the following order:

(1) the next installments of principal and interest to become due on all Parity Bonds during the then current year, including Amortization Installments; and

(2) to the Debt Service Reserve Account, the Reserve Requirement on all Parity Bonds (or the amount necessary to pay required installments if the Reserve Account is to be funded over a 60 month period), except to the extent a Reserve Account Credit Facility has been provided pursuant to the Resolution; and

(C) to the Building Maintenance and Equipment Reserve Fund, in the amounts required by the Original Resolution.

### **Covenants of the Board**

The Board has covenanted in the Resolution as follows:

(A) That it will punctually pay the Pledged Revenues in the manner and at the times provided in the Resolution and that it will duly and punctually perform and carry out all the covenants of the Board and the duties imposed upon the Board by the Resolution.

(B) That in preparing, approving and adopting any budget controlling or providing for the expenditures of its funds for each budget period it will allocate, allot and approve from the Housing System Revenues and other available funds the amounts sufficient to pay the Pledged Revenues due as provided in the Resolution.

(C) That it will from time to time recommend, fix and include in its budgets such revisions in the amounts of rentals and other fees to be levied upon and collected from each person housed in or using the Housing System which will produce sums sufficient to pay, when due, the annual Pledge Revenues under the Resolution.

(D) That it will continue to collect the rentals charged all regularly enrolled students and other tenants in the Housing System.

### **Additional Parity Bonds**

The Resolution provides that Additional Parity Bonds may be issued, but only upon the following terms, restrictions and conditions: (1) the proceeds from such Additional Parity Bonds will be used to acquire and construct capital improvements to the Housing System or to refund Outstanding Bonds; (2) all previously authorized bonds will have been issued and delivered, or the authority for the unused portion will have been canceled; (3) the Board must certify favorably as to the advisability of the issuance of the Additional Parity Bonds; (4) the Board of Administration must approve the fiscal sufficiency of such Additional Parity Bonds; (5) certificates will be executed by the Board setting forth (a) the average amount of Pledged Revenues from the two fiscal years immediately preceding the issuance of the proposed Additional Parity Bonds, and (b) (i) the maximum annual debt service on the Prior Lien Obligations then Outstanding, and (ii) the maximum annual debt service on the Bonds then outstanding and the Additional Parity Bonds then proposed to be issued; (6) the Board must be current in all deposits into the various funds and accounts and all payments theretofore required to have been deposited or made by it under the provisions of the Resolution and the Board must be currently in compliance with the covenants and provisions of the Resolution and any supplemental resolution hereafter adopted for the issuance of Additional Parity Bonds, unless upon the issuance of such Additional Parity Bonds the Board will be in compliance with all such covenants and provisions; and (7) the average amount of Pledged Revenues for the two immediately preceding fiscal years, as adjusted as provided for in the Resolution, will be at least equal to 125% of the maximum annual debt service on (i) the Bonds then Outstanding, and (ii) the Additional Parity Bonds then proposed to be issued.

All of the above terms, conditions and restrictions being complied with, the 2012A Bonds will be issued on a parity with the Outstanding Parity Bonds.

## **PRIOR LIEN OBLIGATIONS**

The Prior Lien Obligations are currently Outstanding in the aggregate principal amount of \$525,000 and are secured solely by the net revenues of the Housing System. Debt service for the Prior Lien Obligations is paid from the operating revenues of the Housing System. See "SCHEDULE OF ESTIMATED DEBT SERVICE." The Board has covenanted that it will not issue any obligations (other than refunding obligations) which will rank on a parity with or senior to the Prior Lien Obligations.

### **DEPARTMENT OF HOUSING AND RESIDENCE EDUCATION (Source: University of Florida)**

#### **Mission**

The mission of the University of Florida is threefold: to preserve existing knowledge through teaching; to develop new knowledge through research; and to serve the social, cultural, industrial and political institutions of the State. Information regarding the University is provided in Appendix E. The Department of Housing and Residence Education's ("Department of Housing") mission is to provide services to residents that support academic and personal development through well-maintained facilities, quality educational and social programs, and a diverse community environment. The Department of Housing is a self-supporting agency of the University. It is part of the Division of Student Affairs and its primary function is housing and managing both single and married students' housing facilities.

The student housing program is an integral part of the University of Florida's educational mission. The purpose of the housing program is to aid in the on-going educational and developmental processes of each individual resident. The housing program directs and enhances the education and development of resident students through informal and structured living experiences. The individual growth and learning through community development that occurs in residence halls enhances the education of residents in positive ways.

The housing program was designed as a total environment that encourages the educational development of the individual. The components that define this environment are: educational opportunities, facilities management, organization and administration, staffing and staff management, fiscal management, and evaluation.

#### **Housing Facilities**

The Housing System currently provides facilities to accommodate approximately 7,400 undergraduate and 950 graduate students. The Department of Housing operates 24 housing facilities for single freshmen, transfer and continuing students at the University, comprised of three apartment style residence halls and 21 traditional residence halls, of which three currently offer suite-style living arrangements (a bath adjoining two living units).

In addition, Village housing is provided for family, single parent and graduate students in four apartment complexes. Occupancy rates for the 760 apartments in these facilities average 98%, with a constant waiting list. Maguire Village, an additional housing facility on campus, is accounted for separately from the Housing System and provides 220 housing units.

**Capital Improvement Plan**

The Department of Housing develops a ten year capital plan as part of the annual budgetary process, identifying major capital projects required to maintain the quality of the housing units. The current capital projects plan anticipates such projects as replacing fire sprinkler and alarm systems, flooring replacements, bathroom renovations, domestic water line replacements, window replacements and equipment and furnishing replacements. Annually, as funding becomes available, priority projects are identified and undertaken. Annual expenditures on the capital plan for the past five years were funded with cash and have averaged approximately \$5.5 million. Over the next five years, capital expenditures will be funded with cash and bond proceeds and are expected to average approximately \$7.6 million. The average annual expenditures are expected to increase primarily due to planned renovations to Corry Village.

## Insurance on Facilities

All the University facilities, and the contents thereof, are insured under the Florida Fire Insurance Trust Fund as required by Chapter 284, Florida Statutes.

## Staffing

The Department of Housing employs a total of 343 full-time employees and 500 part-time student staff. Staff includes custodians, maintenance technicians, clerical staff, administrators, student resident assistants, hall directors, desk assistants and security guards.

## Demand for On-Campus Single Student Housing

Historically, University housing facilities have been filled at or beyond 100% of their design capacity at the beginning of each fall term, as reflected in the table below. The demand for on-campus housing has exceeded the supply for the last 27 years. The decision was made in 1978 to house no more than 400 overflow students each fall semester. This number was selected based upon statistical reports that indicate that approximately 400 students drop out of University housing during the fall semester. In recent years, the number of students who drop out of University housing has decreased; reducing the number of overflow students to no more than 325 each semester. Students are assigned to temporary housing until cancellations occur and typically for no more than one semester. Even with these overflow provisions, the Housing System has had to turn away students.

The chart below indicates the occupancy rate as compared to the capacity of current University housing facilities for the past five years.

### Fall Semester Occupancy Analysis For Single Student Housing Residence Halls (First Day of Classes)

The following chart shows the number of students placed on a waiting list for the fall semester for the past five years, but who were unable to obtain University housing.

2011	105	75	25	205

Note: Figures were taken from housing reservation reports issued during the month of June for each of the years.

<sup>1</sup> The number of projected cancellations in Fall 2009 were very close to actual cancellations resulting in a shorter than usual waiting list.

## On-Campus Rental Rates

Housing System rental rates are set annually during the Department of Housing's budget process, which takes place after various budget committees have identified the specific needs and strategic initiatives to be funded during the fiscal year. The financial services staff utilizes information from the budget committees to build a model that is shared with the Associate Vice President. During the discussion, some needs and initiatives for the Housing System may be removed in order to adjust rental rates according to broader University goals. In addition, data from other institutions as well as the local rental market are evaluated and incorporated into the decision making process. Once the proposed rate increase is determined by staff, the Campus Housing Committee discusses the rate. Following the Committee's endorsement of the new rate, the Vice President of Student Affairs presents the rate to the Board of Trustees for final approval.

The following table lists the predominant types of living accommodations in the Housing System available to students and the related historical and projected rental rates on a per student, per semester basis for each academic year. All rental rates on housing facilities include utilities. The projected rates shown below reflect a 3% annual increase for semester rates, and are for illustration purposes only. Management of the University makes no representation as to whether any rental rate increases will be made in the future. The projected rental rates were used in the calculation of projected Housing System Revenues set forth in "Debt Service Coverage from Projected Pledged Revenues." The Board has covenanted in the Original Resolution to recommend, fix and include in its budget rental rates that will produce sufficient revenues to pay amounts due with respect to the Outstanding Bonds and the 2012A Bonds.

## **Student Housing Payments and Collection**

The relationship of rental rates to the students' ability to pay and the financial aid process is a very important part of the total financial structure of the Department of Housing. The normal payment program for housing is divided into two segments: a prepayment and a balance payment. For the fall semester, the first payment is due in February and the second payment is due in August. For the spring semester, the first payment is due in October and the second payment is due in December. Prior to the start of each semester, payment deferments and extensions are granted through an application process and verification of financial aid through the Department of Housing's portal.

Once a rent charge is assessed, the charges are immediately transferred to the University-wide accounts receivable system. Should the charges not be paid in full by the due date, a hold is put on a student's records. The hold prevents a student from registering for a subsequent semester and from receiving a transcript or diploma until the account is paid. The collection rate for all campus housing fees averaged 99% of the fees assessed for the past five years.

## **Comparison of Housing Rates**

Currently, the rental rate for a typical on-campus, air-conditioned apartment-style facility averages approximately \$590 per month per student. This rate includes all utilities, local telephone services, furniture, cable television, data connectivity, night time security and residence life staff.

A survey of comparable off-campus facilities is included in the following section. The off-campus facilities selected for this survey are located within eight miles of the University and are primarily student apartment facilities. The average cost for an off-campus, two-bedroom unfurnished apartment is \$495 per month, per student. The off-campus rates do not include any auxiliary services other than water and sewage; nor do the rates for off-campus facilities include deposits for utilities and telephone or transportation costs. The Department of Housing believes that the additional services and amenities included in the on-campus housing rate more than offset the difference from the off-campus rate.

**Budgetary Process**

Each spring, the proposed budget for the ensuing Fiscal Year is finalized. The budget figures are based upon actual numbers from the prior year and the current year, anticipated and projected changes in the current year, and major projects that are scheduled. The budget for the Housing System is prepared by the Associate Vice President for Student Affairs and Director of Housing for Financial and IT Services with participation, input and approval by the Inter-Residence Hall Association, Mayor's Council and the Campus Student Housing Committee.

The following table sets forth the proposed Housing System operating budgets for Fiscal Years 2009-10 through 2011-12 and actual results for Fiscal Years 2009-10 and 2010-11.

<sup>1</sup> In Fiscal Year 2009-10, (1) actual Village Housing Rent was lower than budgeted because several buildings were offline for kitchen and bathroom renovations; (2) actual operating expenses were less than budgeted because the number of residence hall facilities projects was reduced during the year; (3) actual Salaries - USPS and Teams was less than budgeted because salary increases were limited; and (4) the UF Assessment for Academic Support was not assessed.

<sup>2</sup> In Fiscal Year 2010-11, (1) actual Village Housing Rent was lower than budgeted because several buildings were offline for kitchen and bathroom renovations, including the complete renovation of Corry Building 281; (2) actual Salaries - USPS and Teams was more than budgeted as a result of fringe benefit cost increases, merit raises, and salary compression; (3) actual Salaries - OPS was more than budgeted because additional staffing was required for residence hall facilities projects; (4) actual Purchase of Furniture and Equipment was more than budgeted because the Department of Housing began its initiative to replace the furniture in residence hall lounges and rooms; and (5) Auxiliary Administrative Overhead was more than budgeted because the University increased the assessment rate from 8% to 11.8%.

<sup>1</sup> Includes administrative overhead paid to the University, which is legally subordinate to debt service as per the Bond Resolution, in the amount of \$843,334 in Fiscal Year 2006-07, \$933,874 in Fiscal Year 2007-08, \$988,777 in Fiscal Year 2008-09, \$2,759,053 in Fiscal Year 2009-10, and \$3,904,125 in Fiscal Year 2010-11. This also includes one-time expenditures of \$3,797,579 in Fiscal Year 2010-11 for renovations to housing facilities which are not considered Current Expenses under the Resolution.

<sup>2</sup> During Fiscal Year 2010-11, sixteen graduate student housing units were off-line for renovation, resulting in a slight decline in revenues from the prior year.

<sup>3</sup> Other Expenditures includes administrative overhead, advertising, auditing services, bad debt, cable, computing services, equipment rentals, garbage service, insurance, office supplies, postage, printing, food service costs, subscriptions and memberships, telephone, travel and training. The increases in Other Expenditures in Fiscal Year 2009-10 and 2010-11 can primarily be attributed to increased administrative overhead.

## **Discussion and Analysis of Financial Condition and Results of Operations**

For Fiscal Year 2006-07, the Department of Housing's operating revenues totaled \$37,795,601 and operating expenses totaled \$27,778,712. The increase in operating revenue over the prior fiscal year is attributed to rental rate increases of 6.6% in the residence halls and 3% in graduate and family housing apartments, as well as continued improvement in graduate and family housing occupancy from 98.2% in Fiscal Year 2005-06 to 98.8% in Fiscal Year 2006-07. Total expenses decreased in Fiscal Year 2006-07 because of the one-time costs incurred in Fiscal Year 2005-06 associated with the renovation, air conditioning and new furniture purchases for Murphree Hall. The Fiscal Year 2006-07 increased revenues and decreased expenses resulted in a higher operating profit.

For Fiscal Year 2007-08, the Department of Housing's operating revenues totaled \$38,643,103 and operating expenses totaled \$27,647,746. The increase in operating revenue is attributed to rental rate increases for Fiscal Year 2007-08 of 1.9% in the residence halls and 2% in graduate and family housing apartments, as well as continued graduate and family housing occupancy of 98.8% in both fiscal years. Expenses decreased due to the removal of many local phone lines in the residence halls resulting in an annual savings of \$577,000, since most students use their cell phones. The increased revenues and decreased expenses resulted in a higher operating profit.

For Fiscal Year 2008-09, the Department of Housing's operating revenues totaled \$40,351,366 and operating expenses totaled \$28,766,604. A mid-year rental increase of \$10 per month for the spring semester was approved due the large increase in utilities costs (utility costs in residence halls are included in the rental rate). The increase in operating revenue was 3.4% in the residence halls with rate structure adjustments. Graduate and family housing occupancy remained high at 98.8% and 98.7% during the 2008 and 2009 academic years, respectively. In June 2009, the construction services contract was signed for utility infrastructure improvements and the replacement of all site utilities at Corry Village (a 206 unit complex). A three year plan to install wireless connectivity in all common areas within the residence halls was started. Installation of wireless connectivity in one-third of the residence halls buildings was completed in Spring 2009.

For Fiscal Year 2009-10, the Department of Housing's operating revenues totaled \$44,108,967 and operating expenses totaled \$30,571,645. Operating revenues increased due to the rental rate increase of 9.7% in our residence halls and 7.2% (on average) in graduate and family housing. Total expenses increased in Fiscal Year 2009-10 due to an increase in overhead assessments from 3% to 8%, which resulted in an increase in total expenses of \$1,811,298. Additionally, salary expenses increased due to changes in fringe benefits costs (the Department of Housing contributes to a fringe benefit pool established by UF and rates are determined by employee classification). A three year plan to install wireless connectivity in all common areas within the residence halls continued, with the installation in two-thirds of the residence halls buildings completed in Spring 2010. Planning began for the renovation of Corry Village Building 281 and the demolition and rebuilding of a commons building in Corry Village.

For Fiscal Year 2010-11, the Department of Housing's operating revenues totaled \$43,916,808 and operating expenses totaled \$37,664,273. Operating expenses increased from Fiscal Year 2009-10 levels due, in part, to an increase in overhead assessments from 8% to 11.8%, which resulted in an increase in total expenses of \$1,145,072. Additionally, salary expense increased due to changes in fringe benefits costs, merit raises and salary compression. During the fiscal year, the Department of Housing began a three year initiative to replace the furniture in the lounges and residential rooms in all of the residence halls, which also contributed to the increase in expenses. During this time the University was able to capitalize on the weakened construction economy to complete minor renovations and repairs to facilities which contributed to the increase in expenses as well. During the summer of 2010, planning began for the renovation of Corry Village Building 281 and the demolition and rebuilding of the Commons building in Corry Village. Corry Village Building 281 renovation was completed late spring 2011 for a cost of \$1,472,052. Tolbert Hall bathrooms were also updated and renovated for a total cost of \$2,247,206. Construction began in early summer 2011 on the Corry Commons as well as Corry Village Building 289. Jennings Hall electrical distribution, fire sprinklers, bathroom, windows and floor tile were upgraded and renovated for a total cost of \$2,368,578. Finally, planning and construction began for the Murphree Commons, which will be funded with \$1,230,000 in cash from the Housing System.

## PROVISIONS OF STATE LAW

### Bonds Legal Investment for Fiduciaries

The State Bond Act provides that all bonds issued by the Division of Bond Finance are legal investments for state, county, municipal or other public funds, and for banks, savings banks, insurance companies, executors, administrators, trustees, and all other fiduciaries and also are securities eligible as collateral deposits for all state, county, municipal, or other public funds.

### Negotiability

The 2012A Bonds will have all the qualities and incidents of negotiable instruments under the Uniform Commercial Code - Investment Securities Law of the State.

## TAX MATTERS

### General

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met subsequent to the issuance and delivery of the 2012A Bonds in order that interest on the 2012A Bonds be and remain excluded from gross income for purposes of federal income taxation. Non-compliance may cause interest on the 2012A Bonds to be included in federal gross income retroactive to the date of issuance of the 2012A Bonds, regardless of the date on which such non-compliance occurs or is ascertained. These requirements include, but are not limited to, provisions which prescribe yield and other limits within which the proceeds of the 2012A Bonds and the other amounts are to be invested and require that certain investment earnings on the foregoing must be rebated on a periodic basis to the Treasury Department of the United States. The Board, the Division of Bond Finance and the Board of Administration have covenanted in the Resolution to comply with such requirements in order to maintain the exclusion from federal gross income of the interest on the 2012A Bonds.

In the opinion of Bond Counsel, assuming compliance with the aforementioned covenants, under existing laws, regulations, judicial decisions and rulings, interest on the 2012A Bonds is excluded from gross income of the holders thereof for purposes of federal income taxation. Interest on the 2012A Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals or corporations; however, interest on the 2012A Bonds will be taken into account in determining adjusted current earnings for purposes of computing the alternative minimum tax on corporations. The 2012A Bonds and the income thereon are not subject to any tax under the laws of the State of Florida except estate taxes imposed by Chapter 198, Florida Statutes, as amended, and net income and franchise taxes imposed by Chapter 220, Florida Statutes, as amended.

Except as described above, Bond Counsel will express no opinion regarding the federal income tax consequences resulting from the ownership of, receipt or accrual of interest on, or disposition of 2012A Bonds. Prospective purchasers of 2012A Bonds should be aware that the ownership of 2012A Bonds may result in collateral federal income tax consequences, including (i) the denial of a deduction for interest on indebtedness incurred or continued to purchase or carry 2012A Bonds, (ii) the reduction of the loss reserve deduction for property and casualty insurance companies by 15% of certain items, including interest on the 2012A Bonds, (iii) the inclusion of interest on the 2012A Bonds in earnings of certain foreign corporations doing business in the United States for purposes of a branch profits tax, (iv) the inclusion of interest on 2012A Bonds in passive income subject to federal income taxation of certain Subchapter S corporations with Subchapter C earnings and profits at the close of the taxable year, and (v) the inclusion of interest on the 2012A Bonds in "modified adjusted gross income" by recipients of certain Social Security and Railroad Retirement benefits for purposes of determining whether such benefits are included in gross income for federal income tax purposes.

### Information Reporting and Backup Withholding

Interest paid on tax-exempt bonds such as the Bonds is subject to information reporting to the Internal Revenue Service in a manner similar to interest paid on taxable obligations. This reporting requirement does not affect the excludability of interest on the Bonds from gross income for federal income tax purposes. However, in conjunction with that information reporting requirement, the Code subjects certain non-corporate owners of Bonds, under certain circumstances, to "backup withholding" at (i) the fourth lowest rate of tax applicable under Section 1(c) of the Code (i.e., a rate applicable to unmarried individuals) for taxable years beginning on or before December 31, 2012; and (ii) the rate of 31% for taxable years beginning after December 31, 2012, with respect to payments on the Bonds and proceeds from the sale of Bonds. Any amount so withheld would be refunded or allowed as a credit against the federal income tax of such owner of Bonds. This withholding generally applies if the owner of Bonds (i) fails to furnish the payor such owner's social security number or other taxpayer identification number ("TIN"), (ii) furnished the payor an incorrect TIN, (iii) fails to properly report interest, dividends, or other "reportable payments" as defined in the Code, or (iv) under certain circumstances, fails to provide the payor or such owner's securities broker with a certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding. Prospective purchasers of the Bonds may also wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

## **Tax Treatment of Bond Premium**

Certain of the 2012A Bonds may be offered and sold to the public at prices in excess of the principal amount thereof. Under the Code, the excess of the cost basis of a bond over the principal amount of the bond (other than for a bondholder who holds a bond as inventory, stock in trade, or for sale to customers in the ordinary course of business) is generally characterized as "bond premium." For federal income tax purposes, bond premium is amortized over the term of the bonds or to the first optional redemption date in the case of callable bonds. A bondholder will therefore be required to decrease his basis in the 2012A Bonds by the amount of amortizable bond premium attributable to each taxable year such bondholder holds such 2012A Bond. The amount of the amortizable bond premium attributable to each taxable year is determined on an actuarial basis at a constant interest rate compounded on each interest payment date. The amortizable bond premium attributable to a taxable year is not deductible for federal income tax purposes.

Bondholders of such 2012A Bonds should consult their own tax advisors with respect to the precise determination of federal income tax treatment of bond premium upon sale, redemption, or other disposition of such 2012A Bonds.

## **Tax Treatment of Original Issue Discount**

Certain of the 2012A Bonds may be offered and sold to the public at prices below their maturity amount. Under the Code, the difference between the maturity amounts of such 2012A Bonds and the initial offering price to the public, excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers, at which price a substantial amount of 2012A Bonds of the same maturity was sold is "original issue discount." Original issue discount will accrue over the terms of such 2012A Bonds at a constant interest rate compounded periodically. A purchaser who acquires such 2012A Bonds in the initial offering at a price equal to the initial offering price thereof to the public will be treated as receiving an amount of interest excludable from gross income for federal income tax purposes equal to the original issue discount accruing during the period he holds such 2012A Bonds, and will increase his adjusted basis in such 2012A Bonds by the amount of such accruing discount for purposes of determining taxable gain or loss on the sale or other disposition of such 2012A Bonds. The federal income tax consequences of the purchase, ownership and redemption, sale or other disposition of such 2012A Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those above. Owners of such 2012A Bonds should consult their own tax advisors with respect to the precise determination for federal income tax purposes of interest accrued upon sale, redemption or other disposition of 2012A Bonds and with respect to the state and local tax consequences of owning and disposing of such 2012A Bonds.

**Purchase, ownership or sale or disposition of the 2012A Bonds and the receipt of the interest thereon may have adverse federal tax consequences for certain individual and corporate bondholders. Prospective 2012A Bondholders should consult their tax specialists for information in that regard.**

During recent years, legislative proposals have been introduced in Congress, and in some cases enacted, that altered certain federal tax consequences resulting from the ownership of obligations that are similar to the 2012A Bonds. In some cases, these proposals have contained provisions that altered these consequences on a retroactive basis. Such alteration of federal tax consequences may have affected the market value of obligations similar to the 2012A Bonds. From time to time, legislative proposals are pending which could have an effect on both the federal tax consequences resulting from ownership of the 2012A Bonds and their market value. No assurance can be given that legislative proposals will not be enacted that would apply to, or have an adverse effect upon, the 2012A Bonds. For example, in connection with federal deficit reduction, job creation and tax law reform efforts, proposals have been made and others are likely to be made that could significantly reduce the benefit of, or otherwise affect, the exclusion from gross income of interest on obligations like the 2012A Bonds. There can be no assurance that any such legislation or proposal will be enacted, and if enacted, what form it may take. The introduction or enactment of any such legislative proposals may affect, perhaps significantly, the market price for, or marketability of the 2012A Bonds.

## **State Taxes**

The 2012A Bonds and the income therefrom are not subject to any taxation by the State or any county, municipality, political subdivision, agency, or instrumentality of the State, except estate taxes imposed by Chapter 198, Florida Statutes, as amended, and net income and franchise taxes imposed by Chapter 220, Florida Statutes, as amended.

Florida laws governing the imposition of estate taxes do not provide for an exclusion of state or local bonds from the calculation of the value of the gross estate for tax purposes. Florida's estate tax is generally calculated on the basis of the otherwise unused portion of the federal credit allowed for state estate taxes. Under Chapter 198, Florida Statutes, all values for state estate tax purposes are as finally determined for federal estate tax purposes. Since state and local bonds are included in the valuation of the gross estate for federal tax purposes, such obligations would be included in such calculation for Florida estate tax purposes. Prospective owners of the 2012A Bonds should consult their own attorneys and advisors for the treatment of the ownership of the 2012A Bonds for estate tax purposes.

The 2012A Bonds and the income therefrom are subject to the tax imposed by Chapter 220 on interest, income, or profits on debt obligations owned by corporations and other specified entities.

## **MISCELLANEOUS**

### **Pending Legislation – State University System Institutions Appropriation Reductions**

The Fiscal Year 2012-13 General Appropriations Act (the "GAA") adopted by the Legislature incorporates reductions in appropriations to the State University System institutions totaling approximately \$300 million. The allocation of the total reduction varies by institution, with legislative expectations that the reduced appropriations will be nonrecurring and that the universities will offset a portion of the cuts with available unrestricted reserves and the authorization to raise tuition up to 15% for in-state undergraduate students. The GAA is subject to the approval of the Governor, who upon receipt will have 15 calendar days to either: sign the bill, veto the bill, exercise his line item veto authority, or do nothing, which will cause the bill to automatically become law.

The GAA appropriates \$237.1 million to the University of Florida, reflecting a reduction of \$36.5 million from Fiscal Year 2011-12. University of Florida officials anticipate recouping approximately \$30 million in revenue from implementing the 15% tuition increase.

### **Investment of Funds**

All State funds are invested by either the Chief Financial Officer or the Board of Administration.

*Funds Held Pursuant to the Resolution* - The Resolution directs the manner in which funds held in the various funds may be invested. At closing, the net proceeds of the 2012A Bonds will be deposited into the 2012A Project Construction Fund in the State Treasury to pay the costs of the 2012A Project. After collection, the Pledged Revenues are transferred to the Revenue Fund, and amounts required for debt service are transferred to the Sinking Fund held by the Board of Administration. See "*Investment by the Chief Financial Officer*" and "*Investment by the Board of Administration*" below.

*Investment by the Chief Financial Officer* - Funds held in the State Treasury are invested by internal and external investment managers. As of December 31, 2011, the ratio was approximately 52% internally managed funds, 36% externally managed funds, and 12% Certificates of Deposit and Security Lending. The total portfolio market value was \$19,802,538,327.72 on December 31, 2011.

Under State law, the Treasury is charged with investing funds of each State agency and the judicial branch. As of December 31, 2011, \$10.229 billion of the investments in the Treasury consisted of accounts held by State agencies that are required by law to maintain their investments in the Treasury. An additional \$7.413 billion as of this date consisted of moneys held by certain boards, associations, or entities created by the State Constitution or by State law that are not required to maintain their investments with the Treasury and are permitted to withdraw these funds from the Treasury.

As provided by State law, the Treasury must be able to timely meet all disbursement needs of the State. Accordingly, the Treasury allocates its investments to provide for estimated disbursements plus a cushion for liquidity in instances of greater-than-expected disbursement demand.

To this end, a portion of Treasury's investments are managed for short-term liquidity and preservation of principal. The remainder is managed to obtain maximum yield, given the safety parameters of State law and Treasury's investment policies. Investments managed for short-term liquidity and preservation of principal are managed "internally" by Treasury personnel. The majority of investments managed for a maximum return are managed by "external" investment managers not employed by the State, although a portion (approximately \$2.4 billion) of such investments is managed internally by Treasury personnel.

The Externally Managed Investment Program provides long-term value while limiting risk appropriately and provides a backup source of liquidity. External investment strategy focuses on medium-term and long-term fixed income securities, rather than money market instruments, in order to take advantage of higher returns historically achieved by such securities. Portfolio managers are hired to actively manage funds. These funds may be invested in U.S. Treasury government agency obligations, investment grade corporate debt, municipal debt, mortgage backed securities, asset backed securities, negotiable certificates of deposit, and U.S. dollar denominated investment-grade foreign bonds that are registered with the Securities and Exchange Commission. The managers may also use leveraging techniques such as forward purchase commitments, covered options, and interest rate futures.

*Investment by the Board of Administration* - The Board of Administration manages investment of assets on behalf of the members of the Florida Retirement System (the "FRS") Defined Benefit Plan. It also acts as sinking fund trustee for most State bond issues and oversees the management of a short-term investment pool for local governments and smaller trust accounts on behalf of third party beneficiaries.

The Board of Administration adopts specific investment policy guidelines for the management of its funds which reflect the long-term risk, yield, and diversification requirements necessary to meet its fiduciary obligations. As of December 31, 2011, the Board of Administration directed the investment/administration of 38 funds in over 480 portfolios.

As of December 31, 2011, the total market value of the FRS (Defined Benefit) Trust Fund was \$118,235,090,454. The Board of Administration pursues an investment strategy which allocates assets to different investment types. The long-term objective is to meet liability needs as determined by actuarial assumptions. Asset allocation levels are determined by the liquidity and cash flow requirements of the FRS, absolute and relative valuations of the asset class investments, and opportunities within those asset classes. Funds are invested internally and externally under a Defined Benefit Plan Investment Policy Statement.

The Board of Administration uses a variety of derivative products as part of its overall investment strategy. These products are used to manage risk or to execute strategies more efficiently or more cost effectively than could be done in the cash markets. They are not used to speculate in the expectation of earning extremely high returns. Any of the products used must be within investment policy guidelines designed to control the overall risk of the portfolio.

The Board of Administration invests assets in 37 designated funds other than the FRS (Defined Benefit) Trust Fund. As of December 31, 2011, the total market value of these funds equaled \$30,943,743,416. Each fund is independently managed by the Board of Administration in accordance with the applicable documents, legal requirements and investment plan. Liquidity and preservation of capital are preeminent investment objectives for most of these funds, so investments for these are restricted to high quality money market instruments (e.g., cash, short-term treasury securities, certificates of deposit, banker's acceptances, and commercial paper). The term of these investments is generally short, but may vary depending upon the requirements of each trust and its investment plan.

Investment of bond sinking funds is controlled by the resolution authorizing issuance of a particular series of bonds. The Board of Administration's investment policy with respect to sinking funds is that only U.S. Treasury securities, and repurchase agreements backed thereby, be used.

## **Bond Ratings**

Standard & Poor's Ratings Services, Moody's Investors Service and Fitch Ratings (herein referred to collectively as "Rating Agencies"), have assigned their municipal bond ratings of AA-, Aa2 and AA, respectively, to the 2012A Bonds. Such ratings reflect only the respective views of such Rating Agencies at the time such ratings were issued, and an explanation of the significance of such ratings may be obtained from any of the respective rating agencies.

The State furnished to such Rating Agencies certain information and material in respect to the State and the 2012A Bonds. Generally, Rating Agencies base their ratings on such information and materials and on investigations, studies and assumptions made by the Rating Agencies. There is no assurance that such ratings will be maintained for any given period of time or that they may not be lowered, suspended or withdrawn entirely by the Rating Agencies, or any of them, if in their or its judgment, circumstances warrant. Any such downward change in, suspension of or withdrawal of such ratings may have an adverse effect on the market price of the 2012A Bonds.

Certain companies provide either bond insurance or reserve account surety bonds on various series of Outstanding Parity Bonds. The Rating Agencies have evaluated (and are continuing to evaluate) the effects of the downturn in the market for certain structured finance instruments, including collateralized debt obligations and residential mortgage backed securities, on the claims-paying ability of financial guarantors. The results of these evaluations have included and may include additional ratings affirmations, changes in rating outlook, reviews for downgrade, and downgrades. To date, the Rating Agencies have downgraded the following companies as indicated: MBIA Insurance Corporation - S&P/B, Moody's/B3. MBIA has a negative outlook by S&P and is under review for a downgrade by Moody's. Fitch has withdrawn its ratings for MBIA and Financial Guaranty Insurance Company (FGIC); Moody's and S&P have withdrawn their ratings for FGIC. Potential investors are directed to the Rating Agencies for additional information on their ongoing evaluations of the financial guaranty industry and individual financial guarantors.

## **Litigation**

Currently there is no litigation pending, or to the knowledge of the University, the Board or the Division of Bond Finance threatened, which, if successful, would have the effect of restraining or enjoining the issuance or delivery of the 2012A Bonds or the fixing or collection of the revenues pledged thereto. Nor is there currently any litigation pending, or to the knowledge of the University, the Board, or the Division of Bond Finance threatened which questions or affects the validity of the 2012A Bonds or the proceedings and authority under which the 2012A Bonds are to be issued. Further, there is currently no litigation pending, or to the knowledge of the University, the Board, or the Division of Bond Finance threatened, which questions or affects the corporate existence of the Board, or the title of the present officers to their respective offices. The University, the Board and the Division of Bond Finance from time to time engage in routine litigation the outcome of which would not be expected to have any material adverse affect on the issuance and delivery of the 2012A Bonds.

## **Legal Opinion and Closing Certificates**

The approving legal opinion of Bryant Miller Olive P.A., Tallahassee, Florida, will be provided on the date of delivery of the 2012A Bonds, as well as a certificate, executed by appropriate State officials, to the effect that to the best of their knowledge the Official Statement, as of its date and as of the date of delivery of the 2012A Bonds, does not contain an untrue statement of a material fact or omit to state a material fact which should be included herein for the purpose for which the Official Statement is intended to be used, or which is necessary to make the statements contained herein, in the light of the circumstances under which they were made, not misleading. A proposed form of the legal opinion of Bond Counsel is attached hereto as Appendix I.

## **Continuing Disclosure**

The Board and the University will undertake, for the benefit of the beneficial owners and the Registered Owners of the 2012A Bonds to provide, or cause to be provided, certain financial information and operating data and to provide notices of certain material events. Such financial information and operating data will be transmitted to the Municipal Securities Rulemaking Board (the "MSRB") using its Electronic Municipal Market Access System ("EMMA"). Any notice

of material events will also be transmitted to the MSRB using EMMA. The form of the undertaking is set forth in Appendix H, Form of Continuing Disclosure Agreement. This undertaking is being made in order to assist the underwriters in complying with Rule 15c2-12 of the Securities and Exchange Commission.

Neither the Board, the University, nor the Division of Bond Finance has failed to make any disclosures required by Rule 15c2-12.

### **Underwriting**

\_\_\_\_\_ (the "Underwriters") have agreed to purchase the 2012A Bonds at an aggregate purchase price of \$\_\_\_\_\_ (which represents the par amount of the 2012A Bonds [plus][less] an original issue [premium][discount] of \$\_\_\_\_\_ and minus the Underwriters' discount of \$\_\_\_\_\_), plus accrued interest from the Date of Delivery of the 2012A Bonds. **Section 2.02. DESCRIPTION OF 1989 BONDS.** The 1989 Bonds shall be issued in fully registered form without coupons; shall be dated as determined by subsequent resolution of the Division of Bond Finance; shall be numbered consecutively from one (1) upward and shall be in the denomination of \$5,000 each or any integral multiples thereof; shall bear interest at not exceeding the maximum rate permitted by law, payable semiannually each July 1 and

January 1; and shall mature on July 1 of each year in such years and amounts as shall be determined by subsequent resolution adopted by the Division on or prior to the sale of the Bonds.

The 1989 Bonds may be sold at one time or in Series from time to time as the Division may determine by resolution. If issued in Series, each Series shall be dated and have an identifying letter. All of such 1989 Bonds, when issued, will rank equally as to source and security for payment and in all other respects with all then outstanding Bonds of any Series.

Interest shall be paid on January 1 and on July 1 to the Registered Owner whose name appears on the books of the Bond Registrar/Paying Agent as of 5:00 p.m. (local time, Tallahassee, Florida) on the Record Date next preceding such interest payment date.

**Section 2.03. 1989 BONDS MAY BE ISSUED AS SERIAL BONDS OR TERM BONDS.** The 1989 Bonds may be issued as Serial Bonds, Term Bonds, or a combination of both, as shall be determined by resolution of the Division of Bond Finance adopted prior to sale of the Bonds.

**Section 2.04. PRIOR REDEMPTION OF THE 1989 BONDS.** The Bonds of each Series may be made redeemable in such manner and upon such terms and conditions as are determined pursuant to the resolution authorizing such Bonds.

Unless waived by any Holder of Bonds to be redeemed, a notice of the redemption prior to maturity of any of the Bonds shall be mailed by first class mail (postage prepaid) at least thirty days prior to the date fixed for redemption, to the Holder of the Bonds to be redeemed of record on the books kept by the Bond Registrar/Paying Agent as of forty-five days prior to the date fixed for redemption. Such notice of redemption shall specify the serial or other distinctive numbers or letters of the Bonds to be redeemed, if less than all, the date fixed for redemption, and the redemption price thereof and, in the case of Bonds to be redeemed in part only, the principal amount thereof to be redeemed. Failure so to give any such notice by mailing to any Bond Holder, or any defect therein, shall not affect the validity of the proceedings for the redemption of any Bond or portion thereof with respect to which no such failure has occurred. Any notice mailed as provided above shall be conclusively presumed to have been given, whether or not the Holder of such Bond receives such notice.

The Bond Registrar/Paying Agent shall not be required (a) to issue, transfer or exchange any Bonds during a period beginning at the opening of business on the 15th business day next preceding the date fixed for redemption and ending at the close of business on the date fixed for redemption; or (b) to transfer or exchange any Bonds selected, called or being called for redemption in whole or in part.

Notice having been given in the manner and under the conditions hereinabove provided, the Bonds or portions of Bonds so called for redemption shall, on the redemption date designated in such notice, become and be due and payable at the redemption price provided for redemption of such Bonds or portions of Bonds on such date. On the date so designated for redemption, notice having been published and mailed and moneys for payment of the redemption price being held in separate accounts by an escrow agent, the State Board, or the Bond Registrar/Paying Agent, in trust for the Holders of the Bonds or portions thereof to be redeemed, all as provided in this Resolution or the applicable authorizing resolution, interest on the Bonds or portions of Bonds so called for redemption shall cease to accrue, such Bonds and portions of Bonds shall cease to be entitled to any lien, benefit or security under this Resolution or the applicable authorizing resolution, and the Holders of such Bonds or portions of Bonds shall have no rights in respect thereof except to receive payment of the redemption price thereof and, to the extent provided in the final paragraph of this Section, to receive Bonds for any unredeemed portion of the Bonds. Any and all of the Bonds redeemed prior to maturity shall be duly canceled by the Bond Registrar/Paying Agent, and shall not be reissued.

In addition to the foregoing notice, further notice shall be given as set out below, but no defect in said further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as above prescribed.

(A) Each further notice of redemption given hereunder shall contain the information required above for an official notice of redemption plus (i) the CUSIP numbers of all Bonds being redeemed; (ii) the date of issue of the Bonds as originally issued; (iii) the rate of interest borne by each Bond being redeemed; (iv) the maturity date of each Bond being redeemed; (v) the publication date of the official notice of redemption; (vi) the name and address of the Bond Registrar/Paying Agent; and (vii) any other descriptive information needed to identify accurately the Bonds being redeemed.

(B) Each further notice of redemption shall be sent at least thirty-five (35) days before the redemption date by certified mail or overnight delivery service or teletype to all registered securities depositories then in the business of holding substantial amounts of obligations of types comprising the Bonds (such depositories now being The Depository Trust Company, New York, New York, Midwest Securities Trust Company, Chicago, Illinois, Pacific Securities Depository Trust Company, San Francisco, California and Philadelphia Depository Trust Company, Philadelphia, Pennsylvania) and to one or more national information services that disseminate notices of redemption of obligations such as the Bonds.

(C) Each further notice of redemption shall be published one time in The Bond Buyer of New York, New York or, if such publication is impractical or unlikely to reach a substantial number of the Holders of the Bonds, in some other financial newspaper or journal which regularly carries notices of redemption of other obligations similar to the Bonds, such publication to be made at least thirty (30) days prior to the date fixed for redemption.

In case part but not all of an Outstanding Bond shall be selected for redemption, the Holder thereof shall present and surrender such Bond to the Bond Registrar/Paying Agent for payment of the principal amount thereof so called for redemption, and the Bond Registrar/Paying Agent shall execute and deliver to or upon the order of such Bond Holder, without charge therefor, for the unredeemed balance of the principal amount of the Bond so surrendered, a Bond or Bonds fully registered as to principal and interest.

**Section 2.05. EXECUTION OF 1989 BONDS.** The 1989 Bonds shall be executed in the name of the Board of Regents by its Chairman and attested to by its Vice-Chairman, or such other member of the Board of Regents as may be designated by subsequent resolution of the Governing Board of the Division of Bond Finance, and the corporate seal of the Board of Regents or a facsimile thereof shall be affixed thereto or reproduced thereon. The bond registrar's certificate of authentication shall appear on the 1989 Bonds, signed by an authorized signatory of said bond registrar. Any of the signatures required hereinabove may be a facsimile signature imprinted or reproduced on the 1989 Bonds, provided that at least one signature required shall be manually subscribed. In case any one or more of the officers who shall have signed or sealed any of the 1989 Bonds shall cease to be such officer of the Board of Regents before the Bonds so signed and sealed shall have been actually sold and delivered, the 1989 Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such 1989 Bonds had not ceased to hold such office. Any 1989 Bond may be signed and sealed on behalf of the Board of Regents by such person as at the actual time of the execution of such 1989 Bond shall hold the proper office, although at the date of such 1989 Bond, such person may not have held such office or may not have been so authorized.

A certificate as to Circuit Court validation, in the form hereinafter provided, shall be executed with the facsimile signature of any present or future Chairman of the Governing Board of the Division of Bond Finance.

A certificate as to the approval of the issuance of the 1989 Bonds pursuant to the provisions of the State Bond Act, in the form provided herein, shall be executed by the facsimile signature of the Comptroller of the State of Florida, as Secretary of the Governing Board of the Division of Bond Finance.

**Section 2.06. NEGOTIABILITY.** The 1989 Bonds shall have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code - Investment Securities Law of the State of Florida. The original holder and each successive holder of any of the 1989 Bonds shall be conclusively deemed by his acceptance thereof to have agreed that the 1989 Bonds shall be and have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code - Investment Securities Law of the State of Florida.

**Section 2.07. REGISTRATION.** The 1989 Bonds shall be issued only as fully registered bonds without coupons. The Bond Registrar/Paying Agent shall be responsible for maintaining the books for the registration of and for the transfer of the Bonds in compliance with the Registrar, Paying Agent and Transfer Agreement, dated October 1, 1988 as amended, or successor agreement, between Citibank, N.A., and the Board of Administration.

Upon surrender to the Bond Registrar/Paying Agent for transfer or exchange of any 1989 Bond, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or his attorney duly authorized in writing, the Bond Registrar/Paying Agent shall deliver in the name of the transferee or transferees a fully registered 1989 Bond of authorized denomination of the same maturity for the aggregate principal amount which the Registered Owner is entitled to receive.

All 1989 Bonds presented for transfer, exchange, redemption or payment (if so required by the Division of Bond Finance or the Bond Registrar/Paying Agent) shall be accompanied by a written instrument or instruments of

transfer or authorization for exchange, in form and with guaranty of signature satisfactory to the Division of Bond Finance and the Bond Registrar/Paying Agent, duly executed by the Registered Owner or by his duly authorized attorney.

Neither the Division of Bond Finance nor the Bond Registrar/ Paying Agent may charge the Bondholder or his transferee for any expenses incurred in making any exchange or transfer of the 1989 Bonds. However, the Division of Bond Finance and the Bond Registrar/Paying Agent may require payment from the 1989 Bondholder of a sum sufficient to cover any tax, fee, or other governmental charge that may be imposed in relation thereto. Such governmental charges and expenses shall be paid before any such new 1989 Bond shall be delivered.

New 1989 Bonds delivered upon any transfer or exchange shall be valid obligations of the Board of Regents evidencing the same debt as the 1989 Bonds surrendered, shall be secured by this Resolution, and shall be entitled to all of the security and benefits hereof to the same extent as the 1989 Bonds surrendered.

The Board of Regents and the Bond Registrar/Paying Agent may treat the Registered Owner of any 1989 Bond as the absolute owner thereof for all purposes, whether or not such 1989 Bond shall be overdue, and shall not be bound by any notice to the contrary. The person in whose name any 1989 Bond is registered may be deemed the owner thereof by the Board of Regents and the Bond Registrar/Paying Agent, and any notice to the contrary shall not be binding upon the Division or the Bond Registrar/Paying Agent.

Notwithstanding the foregoing provisions of this Section 2.07, the Division of Bond Finance reserves the right, on or prior to the delivery of the Bonds, to amend or modify the foregoing provisions relating to registration of the 1989 Bonds in order to comply with all applicable laws, rules, and regulations of the United States Government and the State of Florida relating thereto.

**Section 2.08. AUTHENTICATION.** No 1989 Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Resolution or the 1989 Resolution unless and until a certificate of authentication on such 1989 Bond substantially in the form herein set forth shall have been duly executed by the manual signature of the Bond Registrar/Paying Agent, and such executed certificate of the Bond Registrar/Paying Agent upon any such 1989 Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this Resolution. The Bond Registrar/Paying Agent's certificate of authentication on any Bond shall be deemed to have been executed by it if signed by an authorized officer or signatory of the Bond Registrar/Paying Agent, but it shall not be necessary that the same officer or signatory sign the certificate of authentication on all of the 1989 Bonds issued hereinafter.

**Section 2.09. DISPOSITION OF 1989 BONDS PAID OR EXCHANGED.** Whenever any 1989 Bond shall be delivered to the Bond Registrar/ Paying Agent for cancellation, upon payment of the principal amount thereof or for replacement or transfer or exchange, such 1989 Bonds shall either be canceled and retained by the Bond Registrar/Paying Agent for a period of time specified in writing by the Division of Bond Finance and the State Board of Administration, or, at the option of the Division of Bond Finance and the State Board of Administration, shall be canceled and destroyed by the Bond Registrar/Paying Agent and counterparts of a certificate of destruction evidencing such destruction shall be furnished to the Division of Bond Finance.

**Section 2.10. 1989 BONDS MUTILATED, DESTROYED, STOLEN OR LOST.** In case any 1989 Bond shall become mutilated, or be destroyed, stolen or lost, the Division of Bond Finance may in its discretion issue and deliver a new 1989 Bond of like tenor as the 1989 Bond so mutilated, destroyed, stolen, or lost, in exchange and substitution for such mutilated 1989 Bond, upon surrender and cancellation of such mutilated 1989 Bond or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the holder furnishing the Division of Bond Finance proof of his ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Division of Bond Finance may prescribe and paying such expense as the Division of Bond Finance may incur. All 1989 Bonds so surrendered shall be canceled by the Board of Regents or the Registrar, as its agent. If any such 1989 Bond shall have matured or be about to mature, instead of issuing a substitute 1989 Bond, the Division of Bond Finance may pay the same, upon being indemnified as aforesaid, and if such 1989 Bond be lost, stolen or destroyed, without surrender thereof.

Any such duplicate 1989 Bond issued pursuant to this Section shall constitute original, additional, contractual obligations on the part of the Board of Regents, whether or not the lost, stolen or destroyed 1989 Bond be at any time found by anyone and such duplicate 1989 Bond shall be entitled to equal and proportionate benefits and rights as to lien, source and security for payment, pursuant to this Resolution from the Pledged Revenues.

**Section 2.11. FORM OF 1989 BONDS.** The text of the 1989 Bonds, together with the validation Certificate to be endorsed thereon, shall be substantially of the following tenor, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted by this Resolution or any subsequent resolution adopted prior to the issuance thereof:

**ARTICLE III  
APPLICATION OF PROCEEDS**

**Section 3.01. CONSTRUCTION OF THE PROJECT.** The Board of Regents is authorized to acquire and construct the 1989 Project from the proceeds of the sale of the Bonds and other legally available funds, subject to the provisions of this Resolution and the applicable laws of Florida.

**Section 3.02. APPLICATION OF BOND PROCEEDS.** (A) Upon receipt of the proceeds of the sale of the 1989 Bonds the Board of Regents shall transfer and apply such proceeds as follows:

(1) The amount agreed upon by the Board of Regents and the Division of Bond Finance as being necessary to pay all costs and expenses of the Division of Bond Finance in connection with the preparation, validation, issuance, and sale of the 1989 Bonds, including a reasonable service charge of the Division of Bond Finance for its fiscal services, shall be transferred to the Division of Bond Finance and deposited in the Bond Fee Trust Fund.

(2) An amount of money shall be deposited to the credit of the sub-account in the Debt Service Reserve Account established for such Series of Bonds in the aggregate amount necessary to make the amount to the credit of such sub-account equal to the Debt Service Reserve Requirement for such sub-account. The Debt Service Reserve Account need not be fully funded at the time of issuance of such Series of Bonds if the Division elects by Resolution adopted prior to issuance of such Series of Bonds, subject to the limits described below, to fully fund the applicable sub-account in the Debt Service Reserve Account over a period specified in such resolution not to exceed sixty (60) months from the date of issue, during which it shall make substantially equal monthly installments in order that the amounts on deposit therein at the end of such period shall equal the Debt Service Reserve Requirement for such sub-account. The Debt Service Reserve Account subaccount for any Series of Bonds may be funded wholly or partially at any time by a Reserve Account Credit Facility in an amount which, together with sums on deposit, is equal to the Debt Service Reserve Requirement for such Series of Bonds. Such Reserve Account Credit Facility as provided above must provide for payment on any interest payment date or principal payment date on which a deficiency exists in moneys held hereunder for a payment with respect to the Bonds which cannot be cured by funds in any other account held pursuant to this resolution and available for such purpose, and which shall name the Bond Registrar/Paying Agent or the Board of Regents for the benefit of the Bondholders as the beneficiary thereof. In no event shall the use of such Reserve Account Credit Facility be permitted if it would cause an impairment in any existing rating on the Bonds or any Series thereof. If the applicable sub-account in the Debt Service Reserve Account is to be funded in installments, upon the issuance of any additional parity Bonds, the deposits required pursuant to the foregoing may be limited to the amount which will be sufficient to pay the required monthly installments specified in such resolution, plus an additional amount necessary

to make up any deficiencies caused by withdrawals or resulting from the semiannual valuation of the funds on deposit therein. If a disbursement is made from a Reserve Account Credit Facility, the Board of Regents shall be obligated to either reinstate the maximum limits of such Reserve Account Credit Facility immediately following such disbursement or to deposit funds into the applicable sub-account in the Debt Service Reserve Account in the amount and manner provided under Section 5.01(B) of this Resolution.

(3) Any accrued interest or amounts to be used to pay interest for a specified period of time shall be transferred to the Board of Administration and deposited in the Sinking Fund, created by this Resolution, and used for the payment of interest on the 1989 Bonds.

(4) After making the transfers provided for in subsections (1), (2) and (3) above, the balance of the proceeds of the 1989 Bonds shall be transferred to and deposited in the 1989 Project Construction Trust Fund (hereinafter referred to as "Construction Trust Fund"), which is hereby created in the State Treasury.

Any unexpended balance remaining in the 1989 Construction Fund, after a consulting architect shall certify that the 1989 Project has been completed and all costs thereof paid or payment provided for, shall be deposited in the sinking fund created by this Resolution.

In addition to the aforementioned proceeds of the 1989 Bonds, the Board of Regents covenants that it will deposit in the 1989 Construction Fund additional funds legally available for such purpose which, together with the proceeds of the 1989 Bonds, will be sufficient to finance the total 1989 Project Costs. Any such additional funds, other than the proceeds of the 1989 Bonds, shall be derived from sources and in a manner which will not jeopardize the security of the Bonds issued pursuant to this Resolution. Such additional funds, if any are required, shall be deposited in the 1989 Construction Fund by the Board of Regents on its own initiative, and in any event promptly upon the request of the original purchaser of the 1989 Bonds or of any other Bonds issued pursuant to this Resolution; provided, however, that this provision shall not be deemed to obligate the Board of Regents to deposit any moneys in said 1989 construction Fund except funds legally available for such purpose.

All moneys in said 1989 Construction Fund, or in any other construction fund hereafter created for any project hereafter financed in whole or in part from the proceeds of pari-passu additional Bonds as provided herein, shall constitute a trust fund for such purposes and there is hereby created a lien upon such funds in favor of the holders of Bonds issued pursuant to this Resolution, until such funds are applied as provided herein, and all moneys in such funds shall be continuously secured in the manner now provided by the laws of Florida for securing deposits of state funds.

**Section 3.03. INVESTMENT OF CONSTRUCTION TRUST FUND.** Any moneys in the 1989 Construction Trust Fund not immediately needed for the purposes provided in this Resolution, may be temporarily invested and reinvested as provided in Section 215.47, Florida Statutes.

**Section 3.04. BOND HOLDERS NOT AFFECTED BY APPLICATION OF BOND PROCEEDS.** The Bond Holders shall not have any responsibility whatsoever for the application or use of any of the proceeds derived from the sale of the 1989 Bonds, and the rights and remedies of the Bond Holders and their right to payment from the Pledged Revenues provided in this Resolution, shall not be affected or impaired by the application or use of such proceeds. Upon the issuance of the 1989 Bonds, all the covenants and agreements contained in this Resolution shall be valid and binding covenants and agreements, which may be enforced by the Bond Holders against the Board of Regents, without regard to the application of the proceeds of the 1989 Bonds.

**Section 3.05 COMPLIANCE WITH TAX REQUIREMENTS: REBATE FUND.** (A) In addition to any other requirement contained in this Resolution, the Division of Bond Finance, the Board of Regents and the Board of Administration hereby covenant and agree, for the benefit of the Holders from time to time of the Bonds, that each will comply with the requirements contained in Section 103 and Part IV of Subchapter B of Chapter 1 of the Internal Revenue Code of 1986, as amended, and temporary, proposed or permanent implementing regulations promulgated thereunder (the "Code") as shall be set forth in the non-arbitrage certificate dated and delivered on the date of original issuance and delivery of the Bonds. Specifically, without intending to limit in any way the generality of the foregoing, the Division of Bond Finance, the Board of Regents and the Board of Administration covenant and agree:

(1) to pay or cause to be paid by the Board of Administration to the United States of America from the Pledged Revenues or any other legally available funds, at the times required pursuant to Section 148(f) of the Code, the excess of the amount earned on all nonpurpose investments (as defined in Section 148(f)(6) of the Code) over the amount which

would have been earned if such nonpurpose investments were invested at a rate equal to the yield on the Bonds, plus any income attributable to such excess (the "Rebate Amount");

(2) to maintain and retain or cause to be maintained and retained all records pertaining to calculations of the Rebate Amount as shall be necessary to comply with the Code;

(3) to refrain from using proceeds from the Bonds in a manner that might cause the Bonds or any portion of them, to be classified as private activity bonds under Section 141(a) of the Code; and

(4) to refrain from taking any action that would cause the Bonds, or any of them to become arbitrage bonds under Section 148 of the Code.

The Division of Bond Finance, the Board of Regents and the Board of Administration understand that the foregoing covenants impose continuing obligations that will exist throughout the term of the issue to comply with the requirements of the Code.

(B) The Board of Regents covenants and agrees that it shall maintain and retain all records pertaining to calculations of the Rebate Amount for each series of Bonds issued hereunder and it agrees to provide such records to the Division of Bond Finance upon request for the purpose of making or having made all determinations and calculations of the Rebate Amount.

(C) The Division of Bond Finance covenants and agrees that it will make or have made all determinations and calculations of the Rebate Amount for each series of Bonds issued hereunder for each Rebate Year within sixty (60) days after the end of such Rebate Year and within thirty (30) days after the final maturity of each such series of Bonds. On or before the expiration of each such sixty (60) day period, the Division shall direct the Board of Administration to deposit into the Rebate Account which is hereby created and established in the Sinking Fund, from investment earnings or moneys deposited in the other funds and accounts created hereunder, or from any other legally available funds of the Board of Regents an amount equal to the Rebate Amount for such Rebate Year. The Board of Administration shall use such moneys deposited in the Rebate Account only for the payment of the Rebate Amount to the United States as required by subsection (A) of this section, and as directed by the Division of Bond Finance, which payments shall be made in installments, commencing not more than thirty (30) days after the end of the fifth Rebate Year and with subsequent payments to be made not later than five (5) years after the preceding payment was due except that the final payment shall be made within thirty (30) days after the final maturity of the last obligation of the series of Bonds issued hereunder. In complying with the foregoing, the Division of Bond Finance may rely upon any instructions or opinions from a nationally recognized Bond Counsel.

Notwithstanding anything in this Resolution to the contrary, to the extent moneys on deposit in the Rebate Account are insufficient for the purpose of paying the Rebate Amount and other funds of the Board of Regents are not available to pay the Rebate Amount, then the Board of Administration shall pay the Rebate Amount first from Pledged Revenues and, to the extent the Pledged Revenues are insufficient to pay the Rebate Amount, then from moneys on deposit in any of the funds and accounts created hereunder.

If any amounts shall remain in the Rebate Account after payment in full of all Bonds issued hereunder and after payment in full to the United States in accordance with the terms hereof, such amounts shall be paid over to the Board of Regents and may be used for other purposes authorized by law.

The Rebate Account shall be held separate and apart from all other funds and accounts and shall be subject to a lien in favor of the Bond Holders, but only to secure payment of the Rebate Amount, and the moneys in the Rebate Account shall be available for use only as herein provided.

The Division of Bond Finance, the Board of Regents and the Board of Administration shall not be required to continue to comply with the requirements of this section in the event that the Division of Bond Finance receives an opinion of nationally recognized Bond Counsel that (i) such compliance is no longer required in order to maintain the exclusion from gross income for federal income tax purposes of interest on the Bonds, or (ii) compliance with some other requirement will comply with the provisions of the Code in respect of arbitrage rebate.

Notwithstanding any of the above, the Board of Regent's responsibilities and duties pursuant to paragraphs (A)(1), (2), or (B) of this section may be assumed in whole or in part by the Division of Bond Finance or another entity as provided by law, administrative rule, or resolution of the Division of Bond Finance.

**ARTICLE IV  
APPLICATION AND ADMINISTRATION OF PLEDGED REVENUES**

**Section 4.01. BONDS SECURED BY PLEDGED REVENUES.** (A) The payment of the Bonds and all interest charges, and debt service thereon shall be secured forthwith equally and ratably by a valid and enforceable lien on the Pledged Revenues as provided for in this Resolution and to be received under this Resolution, and such Pledged Revenues are hereby irrevocably pledged to the payment of the principal of and interest on the Bonds, as the same become due.

(B) The Bonds shall not be or constitute an indebtedness of the State of Florida, or any political subdivision thereof or any instrumentality thereof, but shall be payable solely from the Pledged Revenues, as provided herein. No Holder or Holders of the Bonds shall ever have the right to compel the exercise of the taxing power of the State of Florida, or any political subdivision thereof, to pay such Bonds or the interest thereon, or be entitled to payment of such principal and interest from any other funds except such payments consisting of the Pledged Revenues, in the manner provided herein.

**Section 4.02. FEES, RENTALS OR OTHER CHARGES.** The Board of Regents covenants that it will fix, establish and collect such fees, rentals or other charges from students, faculty members and others using or being served by, or having the right to use, or having the right to be served by, the Housing System, and revise the same from time to time whenever necessary, as will always provide revenues sufficient to pay all Current Expenses, as defined herein, and other costs of operating and maintaining the Housing System and, to make or provide for payments required from said Pledged Revenues in connection with the Prior Lien Obligations, and the Bonds, as the same become due, to build up in the Sinking Fund the debt service reserve and to make all other payments provided for in this Resolution, and that such fees, rentals or other charges shall not be reduced so as to be insufficient to provide adequate revenues for such purposes.

Whenever in any year the amounts of revenues stated in the annual budget, as provided hereafter, for the ensuing fiscal year shall be insufficient to comply with the requirements of the above paragraph for such fiscal year, then it shall be the mandatory duty of the Board of Regents to increase such fees, rentals or other charges for the ensuing fiscal year in an amount sufficient to comply with the provisions of the above paragraph for such ensuing fiscal year, and any deficiencies in prior years.

**Section 4.03. HOUSING SYSTEM REVENUE FUND.** The entire Gross Revenues, as defined herein, derived from the operation of the Housing System, shall be deposited by the Board of Regents with the State Treasurer of Florida in a trust fund known as the "University of Florida Housing System Revenue Fund" (hereinafter referred to as "Revenue Fund") which fund was created by the 1959 Resolution. Said fund constitutes a trust fund for the purposes provided in this Resolution, and shall be kept separate and distinct from all other funds of the Board of Regents and used only for the purposes and in the manner provided in the 1959 Resolution, the 1974 Resolution, the 1984 Resolution, and this Resolution.

**Section 4.04. TRUST FUNDS.** (A) The funds and accounts established by this Resolution and all moneys on deposit therein shall constitute trust funds for their respective purposes as provided herein. The Sinking Fund shall be held and administered by the Board of Administration, and such funds shall be fully and continuously secured in the manner provided by the laws of the State of Florida for the securing of deposits of State funds. The Bond Holders shall have a lien on moneys in the Sinking Fund until such moneys are used or applied as provided herein.

(B) The designation and establishment of the various funds and accounts in and by this Resolution shall not be construed to require the establishment of any completely independent, self-balancing funds as such term is commonly defined and used in governmental accounting, but rather is intended solely to constitute an earmarking of certain revenues for certain purposes and to establish certain priorities for application of such revenues as herein provided.

**Section 4.05. FISCAL AGENT.** Upon sale and delivery of the Bonds by the Division of Bond Finance on behalf of the Board of Regents, the State Board of Administration shall act as the fiscal agent for the Board of Regents.

**ARTICLE V  
DISPOSITION OF REVENUES**

**Section 5.01. DISPOSITION OF REVENUES.** All revenues on deposit at any time in the Revenue Fund shall be applied only in the following manner and order of priority:

(A) (1) Revenues will first be used for payment of all Current Expenses of the Housing System, as required by the 1959 and 1984 Resolutions.

(2) After providing for current expenses, revenues shall next be used to make the required deposits to the sinking fund, including debt service reserve accounts, and Housing System Building Maintenance and Equipment Reserve Fund, and other required deposits, for the Prior Lien Obligations, in accordance with the 1959 Resolution, the 1974 Resolution and the 1984 Resolution.

(B) All revenues remaining in the Revenue Fund after satisfying subsection (A) above shall first be deposited with the Board of Administration in the "1989 Housing System Bond Interest and Sinking Fund" (hereinafter "Sinking Fund"), which is hereby created, until there is accumulated in said Sinking Fund an amount sufficient to pay in the following order:

(1) the next installments of principal and interest to become due on the 1989 Bonds and any additional parity Bonds during the then current year, including Amortization Installments for any Term Bonds which funds shall be deposited into the Bond Amortization Account which is hereby created; and

(2) amounts, as a debt service reserve, in each subaccount within the Sinking Fund, which shall be equal to the Reserve Requirement on all Bonds secured by such subaccount outstanding or sufficient to satisfy the installment required by Section 3.02 if the Reserve Account is to be funded over a 60 month period. This paragraph (2) shall not apply to that portion of the subaccount of the Reserve Account established for any Series of Bonds for which a Reserve Account Credit Facility has been provided pursuant to paragraph 3.02(A)(2) hereof.

In the event funds on deposit in the Sinking Fund are not sufficient to pay in full the principal and/or interest next coming due on the Bonds, then on or before June 15 and December 15 such amounts as may be necessary to pay such maturing principal and/or interest on the Bonds then outstanding, shall be transferred to the Sinking Fund from the appropriate subaccount of the Reserve Account.

Any withdrawals from the Reserve Account, including disbursements made under a Reserve Account Credit Facility, shall be subsequently restored (or, in the case of a Reserve Account Credit Facility, the provider thereof shall be reimbursed the amount of such disbursement) from the first revenues available after all required Current Expenses and current payments for the Prior Lien Obligations and the Sinking Fund, including any deficiencies for prior payments, have been made in full.

The Division shall establish one or more separate subaccounts in the Reserve Account. Each subaccount may be established for one or more Series of Bonds. Each subaccount shall be available only to cure deficiencies in the accounts in the Sinking Fund with respect to the Series of Bonds for which such subaccount has been established, and no amounts in the other subaccounts in the Reserve Account shall be available for such purpose. Such separate subaccount shall be established and designated in the supplemental resolution authorizing such Series of Bonds. Such supplemental resolution may also specify the method of valuation of the amounts held in such separate subaccount.

(C) (1) As soon as the required balances have been accumulated in each fiscal year in the Sinking Fund, including the Reserve Account, and deficiencies have been restored for prior payments, moneys remaining in the Revenue Fund shall be transferred to the Housing System Building Maintenance and Equipment Reserve Fund established by the 1959 Resolution, as hereinafter provided:

(a) The amount required to be deposited in the Housing System Building Maintenance and Equipment Reserve Fund for each Series of Bonds issued pursuant to this Resolution shall be an amount which bears the same ratio to the existing total balance required to be maintained in the Housing System Building Maintenance and Equipment Reserve Fund by the resolutions authorizing the 1959 Bonds, the 1984 Bonds, and each Series of Bonds theretofore issued, plus the amount required to be deposited for the proposed Series of Bonds, as (i) the estimated book value of the housing facilities to be financed by such new Series of Bonds bears to (ii) the then-present book value of the housing facilities comprising said Housing System at the time such Series of Bonds is issued plus the estimated book value of the housing facilities to be financed by such new Series of Bonds. For the purposes of this paragraph (C)(1), "housing facilities" shall not include remodeling, renovation or repair of existing facilities. The formula demonstrating this requirement is:

$$\frac{\text{New Series Requirement}}{\text{Requirement} + \text{New Series Req.}} \text{ Existing} = \frac{\text{Estimated Book Value New Project}}{\text{B.V. Current Sys.} + \text{Est. B.V. New Proj.}}$$

(b) Deposits to the Building Maintenance and Equipment Reserve Fund for each Series of Bonds may be made periodically, but shall be made at least once each Fiscal Year until the total amount required by subparagraph 5.01(C)(1)(a) has been deposited, and until any moneys drawn from such fund have been replenished. Such periodic deposits shall, at a yearly minimum, be equal to ten percent of the total amount required to be deposited pursuant to subparagraph 5.01(C)(1)(a).

(c) The book value of the housing facilities comprising the Housing System and of the housing facilities to be financed by such new Series of Bonds shall be determined by a certificate to be filed with the Secretary of the Board of Regents by an appropriate financial officer of the University of Florida, which certificate shall also be approved in writing by an independent certified public accountant.

(2) Deposits to the Building Maintenance and Equipment Reserve Fund pursuant to this subsection 5.01(C) shall be in addition to those required by the 1959 Resolution and the 1984 Resolution, as amended (which amounts shall be deposited at the times and in the priority required by such resolutions). Nothing herein shall restrict the University from funding the Housing System Building Maintenance and Equipment Reserve Fund in an amount greater than that required by this subsection 5.01(C).

(3) The moneys in said Building Maintenance and Equipment Reserve Fund may be drawn on and used by the Board of Regents for the purpose of paying the cost of unusual or extraordinary maintenance or repairs, renewals and replacements, and the renovating or replacement of the furniture and equipment not paid as part of the ordinary and normal expense of the operation and maintenance of said Housing System.

(4) In the event the moneys in the Sinking Fund and Reserve Account therein on any June 15 or December 15 shall be insufficient to pay the next maturing installment of principal or interest on the Bonds, then moneys in said Building Maintenance and Equipment Reserve Fund in excess of the amount required by the 1959 Resolution and the 1984 Resolution as amended, shall be transferred to the Sinking Fund to the extent necessary to eliminate such deficiencies and to avoid a default.

(D) All revenues remaining in the Revenue Fund at the close of each Fiscal Year, after all payments or balances required in (A), (B) and (C) above have been made or maintained, may be used by the Board of Regents, in its discretion, for any expenditures, including the payment of debt service, improving or restoring any existing housing and dining facilities or providing any such additional facilities, or to redeem the then outstanding Prior Lien Obligations or Bonds.

(E) If on any payment date the revenues are insufficient to place the required amounts in any of the funds as above provided, the deficiency shall be made up in subsequent payments in addition to the payments which would otherwise be required to be made into such funds on the subsequent payment dates.

(F) The Revenue Fund and the Building Maintenance and Equipment Reserve Fund created by the 1959 Resolution, and the Sinking Fund and the Reserve Account created herein, shall constitute trust funds for the purposes provided herein for such funds. All of such funds shall be continuously secured in the same manner as deposits of state funds are required to be secured by the laws of the State of Florida.

**Section 5.02. INVESTMENT OF REVENUES.** Except insofar as such funds may be needed for any payment required to be made by the terms of this Resolution or the Bonds, moneys in any of the Funds authorized or required by this Resolution may be invested and reinvested at any time as provided by Section 18.10, Florida Statutes. When so invested or reinvested, such obligations and the income therefrom shall be held for and the proceeds thereof on resale shall be credited to the fund for which said obligations were purchased except as otherwise provided in this Resolution; provided, however, that any such obligations purchased as investments for moneys in the Sinking Fund shall mature not later than the dates upon which such moneys will be needed for the payment of maturing principal and interest to be paid from said Sinking Fund.

## **ARTICLE VI ADDITIONAL PARITY BONDS AND REFUNDING REQUIREMENTS**

**Section 6.01. ISSUANCE OF ADDITIONAL PARITY BONDS.** The Division of Bond Finance is authorized to issue additional parity bonds after the issuance of the 1989 Bonds authorized by this Resolution, but only upon the following terms, restrictions and conditions:

(A) The proceeds from such additional parity bonds shall be used to acquire and construct capital improvements to the Housing System.

(B) All previously authorized Certificates or bonds shall have been issued and delivered, or authority for the issuance and delivery of any unissued portion thereof shall have been canceled.

(C) The Board of Regents shall certify favorably as to the advisability of the issuance of such additional parity bonds.

(D) The Board of Administration, after it determines that there will be sufficient available funds from the Pledged Revenues to pay debt service on the Prior Lien Bonds, the Bonds and, any additional parity bonds theretofore issued and outstanding, and the additional parity bonds proposed to be issued, without jeopardy to such outstanding Bonds, shall approve the fiscal sufficiency of such additional parity bonds.

(E) Certificates shall be prepared and executed by the Board of Regents setting forth:

(1) the average amount of Pledged Revenues from the two Fiscal Years immediately preceding the issuance of the proposed additional parity bonds, and;

(2) the Maximum Annual Debt Service on (i) the Prior Lien Bonds and Bonds then outstanding (ii) any previously issued and outstanding parity bonds and (iii) the additional parity bonds then proposed to be issued.

(F) (1) The Board of Regents must be current in all deposits into the various funds and accounts and all payments theretofore required to have been deposited or made by it under the provisions of the 1959 Resolution, the 1974 Resolution, the 1984 Resolution and of the Resolution and the Board of Regents must be currently in compliance with the covenants and provisions of the Resolution and any supplemental resolution hereafter adopted for the issuance of additional parity Bonds; unless upon the issuance of such additional parity bonds the Board of Regents will be in compliance with all such covenants and provisions.

(G) (1) The average amount of Pledged Revenues for the two immediately preceding Fiscal Years adjusted as hereinafter provided, as certified by the Board of Regents pursuant to Section 6.01(E)(1), will be at least equal to one hundred twenty-five percent (125%) of the Maximum Annual Debt Service on (i) the Bonds originally issued pursuant to the Resolution and then Outstanding, (ii) any additional parity Bonds theretofore issued and then Outstanding, and (iii) the additional parity Bonds then proposed to be issued;

(2) The Pledged Revenues calculated pursuant to the foregoing subsection (G)(1) may be adjusted, at the option of the Board of Regents as follows:

(a) If the Board of Regents, prior to the issuance of the proposed additional parity Bonds, shall have increased the rates, fees, rentals or other charges for the services of the Housing System, the average amount of Pledged Revenues for the two immediately preceding Fiscal Years prior to the issuance of said additional parity Bonds shall be adjusted to show the Pledged Revenues which would have been derived from the Housing System as if such increased rates, fees, rentals or other charges for the services of the Housing System had been in effect during all of such two preceding Fiscal Years.

(b) If the Board of Regents shall have acquired or has contracted to acquire any privately or publicly owned existing housing facility, then the average amount of Pledged Revenues derived from the Housing System during the two immediately preceding Fiscal Years prior to the issuance of said additional parity Bonds as certified by the Board of Regents, shall be increased by adding to the Pledged Revenues for said two preceding Fiscal Years the net revenues which would have been derived from said existing housing facility so acquired as if such existing housing facility had been a part of the Housing System during such two Fiscal Years. For the purposes of this paragraph, the net revenues derived from said existing housing facility during such two preceding Fiscal Years shall be adjusted to determine such net revenues by deducting the cost of operation and maintenance of said existing housing facility from the gross revenues of said housing facility in the same manner provided in the Resolution for the determination of Pledged Revenues.

(c) Should the Board of Regents be constructing or acquiring additions, extensions or improvements to the Housing System from the proceeds of such additional parity Bonds or from sources other than additional parity Bonds and if the Board of Regents shall have established rates, fees, rentals or other charges to be charged and collected from users of such facilities when service is rendered, the average amount of Pledged Revenues for the two immediately

preceding Fiscal Years prior to the issuance of such additional parity Bonds, as certified by the Board of Regents, shall be adjusted to show the Pledged Revenues estimated by the Board of Regents to be received from the users of the facilities to be financed, during the first twelve (12) months of operation after completion of the construction or acquisition of said additions, extensions and improvements as if such rates, fees, rentals or other charges for such services had been in effect during all of such two Fiscal Years.

**Section 6.02. REFUNDING BONDS.** (A) All of the 1989 Bonds, together with any additional parity bonds theretofore issued and then outstanding, or any portion of such outstanding Bonds, may be refunded and the lien of the refunded Bonds preserved for the refunding Bonds.

(B) In the event the Bonds or any additional parity bonds theretofore issued are refunded, then the holders of the refunding Bonds shall have and enjoy the same lien on the Pledged Revenues and all rights, privileges and remedies which are granted to and vested in the Holders of the Bonds so refunded pursuant to this Resolution, or any resolution supplemental hereto, to the same extent and as fully as if such refunding Bonds constituted the Bonds so refunded. All of the covenants, agreements and provisions in this Resolution relating to the Bonds shall refer to and apply fully to such refunding Bonds issued in compliance with this Section 6.02.

**Section 6.03. ISSUANCE OF OTHER OBLIGATIONS OR CREATION OF ENCUMBRANCES.** The Division of Bond Finance covenants that it will not issue any other obligations, except obligations issued to refund Prior Lien Obligations, additional parity Bonds provided for in Section 6.01 hereof, or refunding Bonds provided for in Section 6.02 hereof, payable from the Pledged Revenues nor voluntarily create or cause to be created any other debt, lien, pledge, assignment, encumbrance or other charge, having priority to or being on a parity with the lien of the Bonds issued pursuant to this Resolution, upon the Pledged Revenues securing the Bonds provided for in this Resolution. Any such other obligations hereafter issued by the Board of Regents, in addition to the Bonds authorized by this Resolution and such additional parity bonds and parity refunding bonds provided for in Section 6.01 and 6.02 hereof, shall contain an express statement that such obligations are junior and subordinate to the Prior Lien Obligations and the Bonds issued pursuant to this 1989 Resolution, and any additional parity bonds theretofore or thereafter issued, as to lien on and source and security for payment from such Pledged Revenues.

The Board of Regents specifically covenants that it will not hereafter issue any obligations (excluding refunding obligations) pursuant to the proceedings which authorized the Prior Lien Obligations which will rank on a parity with or senior to the Prior Lien Obligations.

## **ARTICLE VII COVENANTS**

**Section 7.01. PLEDGE OF PLEDGED REVENUES.** The Board of Regents hereby covenants and agrees with the holders of the 1989 Bonds that, so long as any of the Bonds, or interest thereon, are outstanding and unpaid, all of the Pledged Revenues provided for in this Resolution shall be pledged to the payment of the principal of and interest on the Bonds in the manner provided in this 1989 Resolution and the holders of the Bonds shall have a valid and enforceable lien on such Pledged Revenues in the manner provided herein.

**Section 7.02. PLEDGED REVENUES COVENANTS.** The Board of Regents covenants:

(A) That it will punctually pay the Pledged Revenues provided for in Section 7.01 of this Resolution in the manner and at the times provided in this Resolution and that it will duly and punctually perform and carry out all the covenants of the Board of Regents made herein and the duties imposed upon the Board of Regents by this Resolution.

(B) That in preparing, approving and adopting any budget controlling or providing for the expenditures of its funds for each budget period it will allocate, allot and approve from its Housing System rentals and other available funds the amounts sufficient to pay the Pledged Revenues due under this Resolution.

(C) That it will from time to time recommend, fix and include in its budgets such revisions in the amounts of rentals and other fees to be levied upon and collected from each person housed in or using the Housing System which will produce sums sufficient to pay, when due, the annual Pledged Revenues under this Resolution.

(D) To continue to collect the rentals charged all regularly enrolled students and other tenants in the Housing System.

**ARTICLE VIII  
REMEDIES**

**Section 8.01. ENFORCEABILITY BY BOND HOLDERS.** (A) The Division of Bond Finance hereby irrevocably agrees that this Resolution, including the pledge of the Pledged Revenues, shall be deemed to have been made for the benefit of the holders from time to time of the 1989 Bonds, as defined herein, and that such pledge and all the provisions of this Resolution shall be enforceable in any court of competent jurisdiction by any holder or holders of such Bonds, against either the Board of Regents or the Board of Administration or any other agency of the State of Florida, or instrumentality thereof having any duties concerning the collection, administration and disposition of the Pledged Revenues. The Board of Regents does hereby consent to the bringing of any proceedings in any court of competent jurisdiction by any holder or holders of the 1989 Bonds for the enforcement of all provisions of this Resolution and does hereby waive, to the extent permitted by law any privilege or immunity from suit which it may now or hereafter have as an agency of the State of Florida.

(B) Any holders of the 1989 Bonds, or any trustee acting for the holders of such 1989 Bonds, may by civil action in any court of competent jurisdiction, protect and enforce any and all rights, including the right to the appointment of a receiver, existing under the laws of the State of Florida, or granted and contained in this Resolution, and may enforce and compel the performance of all duties required by this Resolution, and by any applicable Statutes, to be performed by the Division of Bond Finance, the Board of Regents, the University, or the Board of Administration, or by any officer thereof, including the payment of the Pledged Revenues payable under this Resolution. Nothing herein, however, shall be construed to grant to any holder of the Bonds any lien on the 1989 Project or any other facility of the University, or the Board of Regents, or the Division of Bond Finance.

**ARTICLE IX  
MISCELLANEOUS**

**Section 9.01. RESOLUTION NOT ASSIGNABLE.** This Resolution shall not be assignable by the Division of Bond Finance or the State Board of Administration, except for the benefit of the Bond holders; provided, however, the Board of Regents may lease, from time to time, to other tenants such portion or portions of the Housing System as are not needed by the Board of Regents, to the extent that any such lease would not be inconsistent with the terms of the Loan Agreement executed in connection with the 1984 Bonds provided that no such lease shall be permitted which would adversely affect the exclusion from gross income of interest on the Bonds.

**Section 9.02 AMENDMENT OR MODIFICATION OF RESOLUTION.** Except as otherwise provided in the second and third paragraph hereof, no material modification or amendment of the Resolution, or of any resolution amendatory thereof or supplemental thereto, may be made without the consent in writing of (i) the Holders of more than fifty percent in principal amount of the Bonds then Outstanding or (ii) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, the Holders of more than fifty percent in principal amount of the Bonds of each Series so affected and Outstanding at the time such consent is given; provided, however, that no modification or amendment shall permit a change in the maturity of such Bonds or a reduction in the rate of interest thereon, or affecting the promise to pay the interest of and principal on the Bonds, or reduce the percentage of Holders of Bonds required above for such modification or amendments, without the consent of the Holders of all the Bonds.

For purposes of this Section, to the extent any Series of Bonds is insured by a Bond Insurance Policy, then the consent of the issuer of the Bond Insurance Policy shall constitute the consent of the Holders of such Series.

The Resolution may be amended, changed, modified and altered without the consent of the Holders of Bonds, (i) to cure any ambiguity, correct or supplement any provision contained herein which may be defective or inconsistent with any other provisions contained herein, (ii) to provide for the issuance of Bonds in coupon form if, in the opinion of a nationally recognized bond/tax counsel, such issuance will not affect the exemption from Federal income taxation of interest on the Bonds, (iii) to obtain credit enhancements or a rating in one of the higher rating categories of Moody's Investors Service or Standard and Poor's Corporation, (iv) to add to the covenants and agreements of the Division or the Board of Regents in the Resolution, other covenants and agreements to be observed by the Division or the Board of Regents which are not contrary to or inconsistent with the Resolution as theretofore in effect, (v) to add to the limitations and restrictions in the Resolution, other limitations and restrictions to be observed by the Division or the Board of Regents which are not contrary to or inconsistent with the Resolution as theretofore in effect, (vi) to permit the qualification hereof and thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect or to permit the qualifications of the Bonds for sale under the securities laws of any of the states of

the United States of America, (vii) to enable the Division and the Board of Regents to comply with their covenants, agreements and obligations under Section 3.05 hereof and (viii) to make any amendment, change, modification or alteration that does not materially adversely affect the interests of the Bond Holders.

**Section 9.03. SEVERABILITY OF INVALID PROVISIONS.** If any one or more of the covenants or provisions of this Resolution shall be held contrary to any express provision of law or contrary to the policy of express law, though not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants or provisions shall be null and void and shall be deemed separable from the remaining covenants or provisions of this Resolution or of the Bonds and shall in no way affect the validity or enforceability of any other covenants, agreements or provisions of this Resolution or of the Bonds issued hereunder.

**Section 9.04. BONDS NOT STATE OBLIGATION.** Notwithstanding any of the other provisions of this Resolution, the Bonds are not an obligation, directly or indirectly, of the State of Florida and no holder of the Bonds shall have the right to compel or require any appropriation by the Legislature of Florida for payment of the Pledged Revenues due under this Resolution, or for the payment of the principal of or interest on the Bonds, or the making of any other payments provided for in this Resolution from State tax revenues.

The Bonds shall be “revenue bonds”, within the meaning of Section 11(d) of Article VII of the Florida Constitution, and shall be payable solely from funds derived directly from sources other than State tax revenues.

**Section 9.05. NONPRESENTMENT OF BONDS: FUNDS HELD FOR BONDS AFTER DUE DATE OF BONDS.** In the event any Bond shall not be presented for payment when the principal thereof becomes due, either at maturity, or otherwise, if funds sufficient to pay such Bond shall have been made available to the Board of Administration for the benefit of the owner or Holder thereof, all liability of the Board of Regents to the owner or Holder thereof for the payment of such bond shall forthwith cease, terminate, and be completely discharged, and thereupon it shall be the duty of the Board of Administration to hold such funds, without liability for interest thereon, for the benefit of the owner or Holder of such Bond, who shall thereafter be restricted exclusively to such funds, for any claim of whatever nature on his part under this Resolution or on, or with respect to, said Bond. Any such funds held by the Board of Administration for the Holders of such Bonds for seven years after the principal of the respective Bonds for which such funds have been so set aside has become due and payable and remaining (whether at maturity or upon redemption or otherwise) shall be subject to the laws of the State of Florida relating to disposition of unclaimed property, and unless demand for the payment of such Bonds shall have been made, the obligation thereon shall be extinguished.

**Section 9.06. DEFEASANCE.** (A) If, at any time, the Board of Regents shall have paid, or shall have made provision for payment of, the principal, interest, and redemption premiums, if any, with respect to the 1989 Bonds or any portion thereof, then, and in that event, the pledge of and lien on the funds pledged in favor of the holders of such 1989 Bonds shall be no longer in effect. For purposes of the preceding sentence, deposit of sufficient cash and/or Federal Securities (i.e., direct obligations of the United States Government) in irrevocable trust with a banking institution, trust company, or the State Board of Administration for the sole benefit of the Bond Holders in an aggregate principal amount which, together with interest to accrue thereon, will be sufficient to make timely payment of the principal, interest, and redemption premiums, if any, on such 1989 Bonds, shall be considered “provision for payment”.

If any portion of the moneys or securities deposited for the payment of the principal of and redemption premium, if any, and interest on any portion of Bonds is not required for such purpose, the Board of Regents may use the amount of such excess for any lawful purpose free and clear of any trust, lien, security interest, pledge or assignment securing said Bonds or otherwise existing under this Resolution.

(B) Nothing herein shall be deemed to require the Board of Regents or Division of Bond Finance to call any of the 1989 Bonds for redemption prior to maturity pursuant to any applicable optional redemption provisions, or to impair the discretion of the Board of Regents or Division of Bond Finance in determining whether to exercise any such option for early redemption.

(C) The Board of Regents is authorized to refund all or a portion of the 1989 Bonds pursuant to the provisions of Section 215.79, Florida Statutes.

**Section 9.07. INSURANCE.** The Board of Regents will carry such insurance as is required by the State or is ordinarily and customarily carried on similar systems as the Housing System with a reputable insurance carrier or carriers, including public liability insurance and such other insurance against loss or damage by fire, explosion,

hurricane, cyclone or other hazards and risks, or the Board of Regents may establish certain minimum levels of insurance for which the Board of Regents may self-insure. Notwithstanding the foregoing, this does not excuse the Board of Regents from the insurance obligations imposed by the Prior Lien Obligations.

**Section 9.08. VALIDATION AUTHORIZED.** The attorneys for the Division of Bond Finance are hereby authorized to institute proceedings to validate the 1989 Bonds, pursuant to Chapter 75, Florida Statutes.

**Section 9.09. REPEAL OF INCONSISTENT RESOLUTIONS.** All resolutions and parts of resolutions heretofore adopted pertaining to the subject matter of this Resolution, to the extent that they are inconsistent with this Resolution, be and the same are hereby repealed, revoked, and rescinded, but only to the extent of any such inconsistencies.

**Section 9.10. EFFECTIVE DATE.** This Resolution shall take effect immediately upon its adoption.

**ADOPTED on January 10, 1989**, as amended and restated on **April 25, 1989**, and as amended on **June 13, 1989**, **October 20, 1992** and **May 11, 1993** and as restated on **June 13, 2000**.

(B) That all previously granted authority to issue State of Florida, University of Florida Housing Revenue Bonds is hereby canceled, except for the authority to issue not exceeding \$32,000,000 State of Florida, University of Florida Housing Revenue Bonds, Series 2000, which was granted on February 22, 2000.

Any prior distribution of a Notice of Bond Sale and proposal for sale is hereby ratified.

(M) The incremental increase in the Reserve Requirement, if any, attributable to the Refunding Bonds shall be funded with proceeds of the Refunding Bonds, amounts previously on deposit in a reserve account on behalf of the Refunded Bonds, a Reserve Account Credit Facility, or some combination thereof, as determined by the Director. The Refunding Bonds referred to herein may be sold separately or combined with any other Bonds authorized by the Division to be sold.

(O) The Director is hereby authorized to offer for sale a lesser principal amount of Refunding Bonds than that set forth in this Resolution and to adjust the maturity schedule and redemption provisions for the Refunding Bonds, if necessary, to reflect the issuance of such lesser amount, and to modify the Notice of Bond Sale as may be required. Any portion of the Refunding Bonds not offered shall remain authorized to be offered at a later date.

(P) The Director is authorized to provide in the Notice of Bond Sale of the Refunding Bonds that the purchase price for the Refunding Bonds may include a discount of not to exceed 3%, excluding original issue discount, if any, of the aggregate principal amount of such Refunding Bonds offered for sale.

(Q) The Chairman, Secretary and any Assistant Secretary of the Governing Board, the Director, and such other officers and employees of the Division as may be designated by the Governing Board as agents of the Division in connection with the issuance and delivery of the Refunding Bonds, are authorized and empowered, collectively or individually, to take all actions and steps, to execute all instruments, documents, and contracts, and to take all other action on behalf of the Division, in each case as they may deem necessary or desirable, in connection with the execution and delivery of the Refunding Bonds, including but not limited to, contracting with a consultant to verify escrow calculations of the Refunding Bonds, retaining bond counsel to render a special tax opinion relating to the use of the proceeds from the sale of the Refunding Bonds, and providing for redemption of the Refunded Bonds. Notwithstanding anything contained in the Original Resolution to the contrary, it is the intent of the Division that interest on the Refunding Bonds, if issued as tax-exempt Refunding Bonds, be and remain excluded from gross income for federal income tax purposes and therefore to comply with all requirements of federal tax law applicable to such tax-exempt Refunding Bonds, whether such requirements are now in effect, pending or subsequently enacted. The Division is hereby authorized and directed to take all actions necessary with respect to the Refunding Bonds to comply with such requirements of federal tax law.

**SECTION 2.02. AUTHORIZATION TO EXECUTE AND DELIVER AN ESCROW DEPOSIT AGREEMENT; DESIGNATION OF ESCROW AGENTS.** The Chairman and Secretary or an Assistant Secretary of the Governing Board and such other officers and employees of the Division as may be designated by the Governing Board as agents of the Division are hereby each authorized to execute and deliver an escrow deposit agreement on behalf of the Division in such form as may be determined by the Director for the purpose of providing for the deposit of a portion of the proceeds of the Refunding Bonds and such other funds as determined to be necessary into an escrow deposit trust fund for the refunding of the Refunded Bonds. The escrow deposit trust fund shall be held and administered by an escrow agent acceptable to the Director as evidenced by the Director's execution of the escrow deposit agreement.

**SECTION 2.03. APPLICABILITY OF ARTICLE II OF THE ORIGINAL RESOLUTION.** Except as otherwise provided in this Resolution, the terms, description, execution, negotiability, redemption, authentication, disposition, replacement, registration, transfer, issuance and form of the Refunding Bonds shall be governed by the provisions of Article II of the Original Resolution, adjusted to the extent necessary to apply to the Refunding Bonds.

**SECTION 2.04. FORM OF REFUNDING BONDS.** (A) Notwithstanding anything to the contrary in the Original Resolution or this Resolution, or any other resolution relating to the Refunding Bonds (for purposes of this section, collectively, the "Resolution"), the Refunding Bonds may be issued in book-entry only form utilizing the services of a Securities Depository (as used herein, "Securities Depository" means The Depository Trust Company, New York, New York, or its nominees, successors and assigns).

So long as a book-entry only system of evidence of transfer of ownership of all the Refunding Bonds is maintained in accordance herewith, any provision of the Resolution relating to the delivery of physical bond certificates shall be inapplicable, and the Resolution shall be deemed to give full effect to such book-entry system.

If the Refunding Bonds are issued in book-entry only form:

(1) The Refunding Bonds shall be issued in the name of the Securities Depository as Registered Owner of the Refunding Bonds, and held in the custody of the Securities Depository or its designee.

(2) Transfers of beneficial ownership of the Refunding Bonds will be effected on the records of the Securities Depository and its Participants pursuant to rules and procedures established by the Securities Depository ("Participants" include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations, as well other organizations that clear through or maintain a custodial relationship with such organizations, either directly or indirectly).

(3) Each Participant shall be credited in the records of the Securities Depository with the amount of such Participant's interest in the Refunding Bonds. Beneficial ownership interests in the Refunding Bonds may be purchased by or through Participants. The holders of these beneficial ownership interests are hereinafter referred to as the "Beneficial Owners." The Beneficial Owners shall not receive Refunding Bonds representing their beneficial ownership interests. The ownership interests of each Beneficial Owner shall be recorded through the records of the Participant from which such Beneficial Owner purchased its Refunding Bonds. Transfers of ownership interests in the Refunding Bonds shall be accomplished by book entries made by the Securities Depository and, in turn, by Participants acting on behalf of Beneficial Owners.

(4) Unless otherwise provided herein, the Division, the Board of Governors, the Board of Administration and the Bond Registrar/Paying Agent (as used in this section, the "State and its agents") shall treat the Securities Depository as the sole and exclusive owner of the Refunding Bonds registered in its name for the purposes of

(a) payment of the principal of, premium, if any, and interest on the Refunding Bonds or portion thereof to be redeemed or purchased. Payments made to the Securities Depository of principal, premium, and interest shall be valid and effective to fully satisfy and discharge the Board of Governors' obligations to the extent of the sums so paid;

(b) giving any notice permitted or required to be given to Registered Owners under the Resolution;  
and

(c) the giving of any direction or consent or the making of any request by the Registered Owners hereunder. The State and its agents may rely conclusively upon

(i) a certificate of the Securities Depository as to the identity of the Participants with respect to the Refunding Bonds; and

(ii) a certificate of any such Participant as to the identity of, and the respective principal amount of Refunding Bonds beneficially owned by, the Beneficial Owners.

(5) The State and its agents shall have no responsibility or obligations to the Securities Depository, any Participant, any Beneficial Owner or any other person which is not shown on the Refunding Bond Register, with respect to

(a) the accuracy of any records maintained by the Securities Depository or any Participant;

(b) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal amount or redemption or purchase price of, or interest on, any Refunding Bond;

(c) the delivery of any notice by the Securities Depository or any Participant;

(d) the selection of the Participants or the Beneficial Owners to receive payment in the event of any partial redemption of the Refunding Bonds; or

(e) any consent given or any other action taken by the Securities Depository or any Participant.

(6) The requirements in the Resolution of holding, delivering or transferring Refunding Bonds shall be deemed modified to require the appropriate person to meet the requirements of the Securities Depository as to registering or transferring the book-entry Refunding Bonds to produce the same effect. Any provision hereof permitting or requiring delivery of the Refunding Bonds shall, while the Refunding Bonds are in book-entry only form, be satisfied by the notation thereof on the books of the Securities Depository in accordance with applicable state law.

(B) The Division may discontinue the book-entry system with the then-current securities depository, subject to the terms of its agreement with such securities depository. In this event, the Division shall either

(1) identify another qualified securities depository or

(2) prepare and deliver replacement Refunding Bonds in the form of fully registered bonds to each Beneficial Owner.

### **ARTICLE III APPLICATION OF PROCEEDS**

**SECTION 3.01. APPLICATION OF REFUNDING BOND PROCEEDS.** Upon receipt of the proceeds of the sale of the Refunding Bonds the Division shall transfer and apply such proceeds as follows:

(A) The amount necessary to pay all costs and expenses of the Division in connection with the preparation, issuance, and sale of the Refunding Bonds, including a reasonable charge for the services of the Division for its fiscal services and for arbitrage rebate compliance program set-up, shall be transferred to the Division and deposited in the Bond Fee Trust Fund.

(B) Any accrued interest on the Refunding Bonds shall be transferred to the Board of Administration and deposited in the Sinking Fund, and used for the payment of interest on the Refunding Bonds.

(C) An amount necessary to fund the incremental increase in the Reserve Requirement, if any, attributable to the Refunding Bonds, to be held in reserve, shall be transferred to the Board of Administration and deposited in the Reserve Account within the Sinking Fund. Alternatively, the Division, as provided in Section 3.02 of the Original Resolution, may elect at any time to provide in lieu of all or a portion of such funds a Reserve Account Credit Facility in an amount equal to the difference between the Reserve Requirement and the sums then on deposit in the Reserve Account.

(D) An amount together with the interest earnings thereon, and other amounts deposited therein which is anticipated to be sufficient to pay when due (1) the principal amount of the Refunded Bonds, (2) the amount of interest and redemption premium payable on the Refunded Bonds, and (3) the amount of fees and expenses estimated to be incurred in connection with the payment and retirement of the Refunded Bonds, shall be either transferred and deposited in escrow pursuant to the terms of the escrow deposit agreement, or, at the discretion of the Director, deposited with the Bond Registrar/Paying Agent.

(E) Any balance of the proceeds of the Refunding Bonds after providing for the requirements of subsections (A) through (D) above shall be transferred to the Sinking Fund and used for the purposes set forth therein.

**ARTICLE IV

**SECTION 4.01. REFUNDING BONDS ON A PARITY WITH THE OUTSTANDING BONDS.** The Refunding Bonds shall be payable on a parity, and rank equally as to lien on and source and security for payments from the Pledged Revenues and in all other respects, with the Outstanding Bonds.

#### **SECTION 2.04. FORM OF THE 2012A BONDS.**

(A) Notwithstanding anything to the contrary in the Original Resolution or this Resolution, or any other resolution relating to the 2012A Bonds (for the purposes of this section, collectively, the “Resolution”), the 2012A Bonds may be issued in book-entry only form utilizing the services of a Securities Depository (as used herein, “Securities Depository” means The Depository Trust Company, New York, New York, or its nominees, successors and assigns).

So long as a book-entry only system of evidence of transfer of ownership of all the 2012A Bonds is maintained in accordance herewith, any provision of the Resolution relating to the delivery of physical bond certificates shall be inapplicable, and the Resolution shall be deemed to give full effect to such book-entry system.

If the 2012A Bonds are issued in book-entry only form:

(1) The 2012A Bonds shall be issued in the name of the Securities Depository as Registered Owner of the 2012A Bonds, and held in the custody of the Securities Depository or its designee.

(2) Transfers of beneficial ownership of the 2012A Bonds will be effected on the records of the Securities Depository and its Participants pursuant to rules and procedures established by the Securities Depository (“Participants” include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations, as well other organizations that clear through or maintain a custodial relationship with such organizations, either directly or indirectly).

(3) Each Participant shall be credited in the records of the Securities Depository with the amount of such Participant’s interest in the 2012A Bonds. Beneficial ownership interests in the 2012A Bonds may be purchased by or through Participants. The holders of these beneficial ownership interests are hereinafter referred to as the “Beneficial Owners.” The Beneficial Owners shall not receive 2012A Bonds representing their beneficial ownership interests. The ownership interests of each Beneficial Owner shall be recorded through the records of the Participant from which such Beneficial Owner purchased its 2012A Bonds. Transfers of ownership interests in the 2012A Bonds shall be accomplished by book entries made by the Securities Depository and, in turn, by Participants acting on behalf of Beneficial Owners.

(4) Unless otherwise provided herein, the Division of Bond Finance, the Board of Governors, the Board of Administration and the Bond Registrar/Paying Agent (as used in this section, the “State and its agents”) shall treat the Securities Depository as the sole and exclusive owner of the 2012A Bonds registered in its name for the purposes of

(a) payment of the principal of, premium, if any, and interest on the 2012A Bonds or portion thereof to be redeemed or purchased. Payments made to the Securities Depository of principal, premium, and interest shall be valid and effective to fully satisfy and discharge the Board of Governors’ obligations to the extent of the sums so paid;

(b) giving any notice permitted or required to be given to Registered Owners under the Resolution;  
and

(c) the giving of any direction or consent or the making of any request by the Registered Owners hereunder. The State and its agents may rely conclusively upon

(i) a certificate of the Securities Depository as to the identity of the Participants with respect to the 2012A Bonds; and

(ii) a certificate of any such Participant as to the identity of, and the respective principal amount of 2012A Bonds beneficially owned by, the Beneficial Owners.

(5) The State and its agents shall have no responsibility or obligations to the Securities Depository, any Participant, any Beneficial Owner or any other person which is not shown on the 2012A Bond Register, with respect to

(a) the accuracy of any records maintained by the Securities Depository or any Participant;

(b) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal amount or redemption or purchase price of, or interest on, any 2012A Bond;

(c) the delivery of any notice by the Securities Depository or any Participant;

(d) the selection of the Participants or the Beneficial Owners to receive payment in the event of any partial redemption of the 2012A Bonds; or

(e) any consent given or any other action taken by the Securities Depository or any Participant.

(6) The requirements in the Resolution of holding, delivering or transferring 2012A Bonds shall be deemed modified to require the appropriate person to meet the requirements of the Securities Depository as to registering or transferring the book-entry 2012A Bonds to produce the same effect. Any provision hereof permitting or requiring delivery of the 2012A Bonds shall, while the 2012A Bonds are in book-entry only form, be satisfied by the notation thereof on the books of the Securities Depository in accordance with applicable state law.

(B) The Division of Bond Finance may discontinue the book-entry system with the then-current securities depository, subject to the terms of its agreement with such securities depository. In this event, the Division of Bond Finance shall either

(1) identify another qualified securities depository or

(2) prepare and deliver replacement 2012A Bonds in the form of fully registered bonds to each Beneficial Owner.

### **ARTICLE III APPLICATION OF PROCEEDS**

**SECTION 3.01. CONSTRUCTION OF THE 2012A PROJECT.** The Board of Governors is authorized to construct the 2012A Project from the proceeds of the sale of the 2012A Bonds and other legally available funds, subject to the provisions of this Resolution, the Original Resolution, and the applicable laws of Florida.

**SECTION 3.02. APPLICATION OF 2012A BOND PROCEEDS.** (A) Upon receipt of the proceeds of the sale of the 2012A Bonds, and after reserving an amount sufficient to pay all costs and expenses incurred in connection with the preparation, issuance and sale of the 2012A Bonds, including a reasonable charge for the Division of Bond Finance's services, the Division of Bond Finance shall transfer and deposit the remainder of the 2012A Bond proceeds as follows:

(1) An amount which together with other moneys available therefor and on deposit in the Reserve Account is equal to the Debt Service Reserve Requirement, if any, shall be transferred to the Board of Administration and deposited into the Reserve Account in the Sinking Fund to be used solely for the purpose of the Reserve Account. Alternatively, the Board of Governors, as provided in Section 3.02(2) of the Original Resolution, may elect at any time to provide in lieu of all or a portion of such funds a Reserve Account Credit Facility in an amount equal to the difference between the Debt Service Reserve Requirement and the sums then on deposit in the applicable sub-account in the Reserve Account.

(2) Any accrued interest or amounts to be used to pay interest for a specified period of time shall be transferred to the Board of Administration and deposited into the Sinking Fund, created by the Original Resolution, and used for the payment of interest on the 2012A Bonds.

(3) After making the transfers provided for in subsections (1) and (2) above, the balance of the proceeds of the 2012A Bonds shall be transferred to and deposited into the 2012A Project Construction Fund, which is hereby created in the State Treasury.

(B) Any unexpended balance remaining in the 2012A Project Construction Fund, after a consulting architect shall certify that the 2012A Project has been completed and after all costs thereof paid or payment provided for, shall be either (i) applied to fixed capital outlay projects of the Housing System, or (ii) deposited into the Sinking Fund created by the Original Resolution.

(C) In addition to the aforementioned proceeds of the 2012A Bonds, the Board or the University of Florida may deposit into the 2012A Project Construction Fund additional funds legally available for the purposes of such fund which, together with the proceeds of the 2012A Bonds, will be sufficient to finance the total 2012A Project Costs. Any such additional funds, other than the proceeds of the 2012A Bonds, shall be derived from sources and in a manner which will not jeopardize the security of the 2012A Bonds issued pursuant to this Resolution.

(D) All moneys in the 2012A Project Construction Fund shall constitute a trust fund for such purposes and there is hereby created a lien upon such funds in favor of the Registered Owners of the 2012A Bonds issued pursuant to this Resolution, until such funds are applied as provided herein, except to the extent such moneys are required for the payment of any Rebate Amount, and all moneys in such funds shall be continuously secured in the manner now provided by the laws of the State for securing deposits of state funds.

**SECTION 3.03. INVESTMENT OF THE 2012A PROJECT CONSTRUCTION FUND.** Any moneys in the 2012A Project Construction Fund not immediately needed for the purposes provided in this Resolution, may be temporarily invested and reinvested as provided in Section 17.57, Florida Statutes.

**SECTION 3.04. REIMBURSEMENT OF CONSTRUCTION COSTS.** Expenditures for the construction and equipping of the 2012A Project which are incurred by the University prior to the issuance of the 2012A Bonds may be reimbursed from the proceeds of the 2012A Bonds to the extent permitted under the Code. The expenditures will be reimbursed from the 2012A Project Construction Fund.

#### **ARTICLE IV SECURITY FOR THE 2012A BONDS**

**SECTION 4.01. 2012A BONDS ON A PARITY WITH THE OUTSTANDING BONDS; 2012A BONDS SUBORDINATE TO THE PRIOR LIEN OBLIGATIONS.** The 2012A Bonds shall be issued subject to the provisions of Section 6.01 of the Original Resolution governing the issuance of Additional Parity Bonds thereunder. The 2012A Bonds shall be payable on a parity and rank equally as to lien on and source and security for payment from the Pledged Revenues and in all other respects, with the Outstanding Bonds. The lien of the 2012A Bonds on the Pledged Revenues will be junior and subordinate to the lien thereon of the outstanding Prior Lien Obligations.

**SECTION 4.02. 2012A BONDS SECURED BY ORIGINAL RESOLUTION.** The 2012A Bonds shall be deemed to have been issued pursuant to the Original Resolution as fully and to the same extent as the Outstanding Bonds and all of the covenants and agreements contained in the Original Resolution shall be deemed to have been made for the benefit of the Registered Owners of the 2012A Bonds as fully and to the same extent as the Registered Owners of the Outstanding Bonds.

All of the covenants, agreements, and provisions of the Original Resolution, except to the extent inconsistent herewith, shall be deemed to be part of this Resolution to the same extent as if incorporated verbatim in this Resolution, and shall be fully enforceable in the manner provided in the Original Resolution, by any of the Registered Owners of the 2012A Bonds.

**ARTICLE V**

**SECTION 5.02. MODIFICATION OR AMENDMENT.** Modification or amendment hereof shall be governed by Section 8.02 of the Original Resolution.

**SECTION 5.03. **SECTION 5.04. SEVERABILITY OF INVALID PROVISIONS.** If any one or more of the covenants or provisions of this Resolution shall be held contrary to any express provision of law or contrary to the policy of express law, though not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants or provisions shall be null and void and shall be deemed separable from the remaining covenants or provisions of this Resolution or of the 2012A Bonds and shall in no way affect the validity or enforceability of any other covenants, agreements or provisions of this Resolution or of the 2012A Bonds issued hereunder.

**SECTION 5.05. FISCAL AGENT.** Upon the sale and delivery of the 2012A Bonds by the Division of Bond Finance on behalf of the Board of Governors, the Board of Administration shall act as the fiscal agent for the Board with respect to the 2012A Bonds.

REPEAL OF INCONSISTENT RESOLUTIONS AND CANCELLATION OF PRIOR ISSUANCE AUTHORITY.** All resolutions and parts of resolutions heretofore adopted pertaining to the subject matter of this Resolution, to the extent that they are inconsistent with this Resolution, are hereby repealed, revoked, and rescinded, but only to the extent of any such inconsistencies.

The authority for the issuance and delivery of the unissued portion of any bonds authorized prior to the date of this Resolution pursuant to the Original Resolution, as amended and supplemented, is hereby canceled.

**SECTION 5.07. SUCCESSOR AGENCIES AND OFFICIALS.** Any references in the Original Resolution or this Resolution to offices, bodies or agencies which have been or are superceded, replaced or abolished by law, shall be deemed to refer to the successor of such offices, bodies and agencies. Any action required or authorized to be taken by an official whose office, body or agency has been or is so superceded, replaced or abolished shall be taken by the successor to such official.

**SECTION 5.08. RESERVE REQUIREMENT FOR THE 2012A BONDS.** Notwithstanding the provisions of the Original Resolution, the Reserve Account for the 2012A Bonds authorized by this Resolution shall be funded in an amount determined by the Director, which shall not exceed the amount permitted under the Code. Such amount may be zero.

## **Introduction**

The University of Florida is a State-supported land-grant comprehensive research university with student enrollment exceeding 50,000 students. It is the State's oldest university, the only member of the prestigious Association of American Universities in the State of Florida and one of only 61 members in North America. The University is also recognized by the Carnegie Commission on Higher Education as one of the nation's leading research universities.

While highly recognized for its achievements in research and academic programs at the graduate and professional levels, the University is also dedicated to excellence in its undergraduate programs. The student body has the highest academic ranking in Florida and is among the highest ranking public universities in the nation.

Because of the range of academic and research programs on its campus, the University of Florida is among the nation's three most comprehensive universities. It has 16 colleges, more than 170 interdisciplinary research and education centers, bureaus and institutes. These bring together faculty and student scholars from various academic programs to provide research and development services in all areas of State interest. More than 100 undergraduate degree programs are offered and the graduate school coordinates approximately 200 graduate degree programs throughout the University's colleges and schools. Professional post-baccalaureate degrees are offered in law, dentistry, medicine, pharmacy and veterinary medicine.

## **History**

The University of Florida traces its origins to the takeover of the private Kingsbury Academy in Ocala by the State-funded East Florida Seminary in 1853. The seminary was moved to Gainesville following the Civil War. It was consolidated with the State's land-grant Florida Agriculture College, then located in Lake City, to become the University of Florida in Gainesville in 1905. The University had an initial enrollment of 102. Until 1947, the University was for men only and one of only three State colleges. The other State colleges were Florida State College for Women (now Florida State University) and Florida Agricultural and Mechanical College (now Florida Agricultural and Mechanical University). Since 1947, when the student body numbered 8,177 men and 601 women, the University of Florida has grown to over 50,000 students.

## **Governance**

Effective January 7, 2003, a statewide Board of Governors was created pursuant to Article IX, Section 7(d), of the Florida Constitution to operate, regulate, control and be fully responsible for the management of the State University System. The Board of Governors defines the mission of each university and ensures the well-planned coordination and operation of the State University System. The Governor appoints fourteen members to the Board of Governors for staggered terms of seven years. The appointed members are subject to confirmation by the Senate. The Commissioner of Education, the chair of the Advisory Council of Faculty Senates, and the president of the Florida Student Association, also serve as members.

Each university is directly governed by a Board of Trustees ("the Trustees"), consisting of thirteen members. The Boards of Trustees were created pursuant to Article IX, Section 7(c), of the Florida Constitution. The Governor appoints six citizen members and the Board of Governors appoints five citizen members. These members are confirmed by the Senate and serve staggered terms of five years. The chair of the faculty senate and the president of the student body of the university are also members. The Board of Governors establishes the powers and duties of the Trustees. The Trustees are responsible for setting policies for the university which provide governance in accordance with the rules and policies of the Board of Governors. The university President serves as the executive officer and corporate secretary of the Trustees and is responsible for all operations of the university. Other senior administrative officers of the universities are designated by the president. Generally, the provost/senior vice president for Academic Affairs assumes responsibility for the president during any absence and is the chief academic officer in the university organization. Other vice presidents have responsibility for

specific areas within the organization. The deans of colleges and schools are responsible to the Provost for all matters relating to programs and personnel in their respective academic units.

The establishment of individual University Board of Trustees has increased the individual institutions' control of their academic and fiscal affairs. Under the new structure, the universities are no longer state agencies, but are autonomous state-supported public corporations. While the exact structure of the new system continues to evolve, certain of the changes do provide the individual universities with greater fiscal autonomy and financial control.

*Budget.* Each university has control over its own budget, once State funds have been received. The Florida Legislature retains control of the appropriations process.

*Tuition.* The universities have been granted certain powers with regard to setting of tuition and the right to retain their own tuition revenues instead of sending them to the State for redistribution. Still, tuition-setting power for in-state students remains largely in the hands of the Legislature, with lawmakers determining the maximum allowable rates of tuition increase and universities setting the tuition within those limits and any limits imposed by the Board of Governors. The ability for the University to set and collect a number of student service fees provides a meaningful offset to limitations regarding tuition.

*Bonding Authority.* Bond-issuing authority is retained by the State of Florida Division of Bond Finance; the University can borrow through affiliated foundations outside the Division of Bond Finance. The Board of Governors is authorized to request the issuance of revenue bonds to finance or refinance capital outlay projects permitted by law.

## **Buildings and Other Capital Facilities**

The 2,000-acre contiguous campus has over 1,000 buildings containing 20.5 million gross square feet. These facilities have a book value of more than \$1 billion with a replacement value of more than \$2.5 billion. Of these buildings, more than 200 have classrooms and laboratories. Within the past decade, over 40 major buildings have been completed. Funding from grants, private gifts and the legislature has allowed for significant improvements and additions to facilities located at the University, including the new Biomedical Sciences Building, Pugh Hall, Hough Hall, Levin Advocacy Center, the Emerging Pathogens Institute, the Small Animal Hospital, the Nanoscale Research Facility and the UF Innovation HUB. The University is currently in the construction phase of the Harn Asian Art Wing Addition, the Clinical & Translation Research Building, the Research & Academic Center at Lake Nona and the Cellulosic Ethanol Plant.

The Florida Museum of Natural History is among the top ten natural history museums in the nation and number one in the Southeast. Notable other facilities include the Harn Museum of Art; the Phillips Center for Performing Arts; the University Art Gallery; the second largest academic computing center in the south; one of the nation's few self-contained intensive care hyperbaric chambers for treating near-drowning victims; a materials measuring system with helium refrigerators which, along with only two others in the world, have recorded the closest temperature to absolute zero; a 100-kilowatt training and research reactor; the largest coastal engineering wave tank in the southeast; the second largest research facility in the southeast, the world's largest and most complete citrus research center; a world-class cast-bell carillon and a 74-rank Aeolian Skinner organ. The Stephen C. O'Connell Center and the J. Wayne Reitz Union provide space for a myriad of student and faculty activities. One thousand persons can participate simultaneously in eight different recreational activities in the O'Connell Center. More than 20,000 people use the Union daily for dining, meeting, bowling, pool and other table games, arts and crafts, music listening, TV viewing and more. Open spaces, small ponds, picnic areas, shady nooks and even an 81-acre wildlife sanctuary lake on campus provide opportunities to enjoy Florida's year-round outdoor life.

## **Capital Improvement Plan**

The following table shows the capital improvement projects currently in progress for the University as well as the current and future funding sources for each. Several of these projects are funded with Public Education Capital Outlay monies generated from the collection of gross receipts taxes levied on utilities and telecommunication services. Various other funding sources (general revenue, capital improvement fee trust fund, private funds, bond proceeds, grants, etc.) provide monies to finance some of the capital improvement projects.

**Budgetary Process**

The University of Florida Board of Trustees (the "University Board") is required to prepare and submit to the Florida Board of Governors for review an annual operating budget which represents the University's plan for utilizing the resources available through direct or continuing appropriation by the Legislature, student fees, and other local sources. The operating budget is prepared and submitted in accordance with the provisions of State law, rules of the Florida Board of Governors, and the General Appropriations Act. The University's operating budget is comprised of the following budget entities:

*Educational and General.* The Educational and General budget is comprised of activities which serve the University's primary mission of teaching, research and public service and which are funded from State appropriations, student fees, Federal formula funds, and sales of goods and services that are incidental to the conduct of educational activities.

*Auxiliary Enterprises.* The Auxiliary Enterprises budget represents planned expenditures funded from revenues generated by self-supporting functions and service centers.

*Contracts and Grants.* The Contracts and Grants budget represents planned expenditures supported by contracts and grants sponsored by Federal, State, and local units of government as well as private industry. This budget also includes gifts and grants from private sources.

*Student Activities.* The Student Activities budget includes planned expenditures to be funded from activity and service fees, which the University is authorized by law to charge its students. The budget is developed and approved in accordance with Section 1009.24(9), Florida Statutes.

*Concessions.* The Concession Fund represents planned expenditures of revenues earned from vending activities.

*Intercollegiate Athletics.* Intercollegiate athletics at the University is operated by the University Athletic Association, Inc., a private, not-for-profit organization and a University direct-support organization as defined by Section 1004.28, Florida Statutes. The budget includes planned expenditures of revenue sources that include, but are not limited to, student athletic fees assessed and collected by the University as authorized by Section 1009.24(11), Florida Statutes, ticket sales, private contributions, sales and licensing, and concessions.

*Student Financial Aid.* The Student Financial Aid budget consists of estimated expenditures of revenues received from Federal, State, and private sources as well as student financial aid fees assessed and collected by the University, as authorized by Section 1009.24(6), Florida Statutes, and other University-designated sources for financial assistance to students.

*Self-Insurance Program.* The Self-Insurance Program (Program) provides the general and professional liability protection to the University Board for its faculty members and other employees of the six Health Science Center (HSC) colleges. The budget represents estimated revenues from contribution/premiums paid by the Program participants, planned administrative expenses of the Program, and estimated claims costs.

*Faculty Practice Plans.* This budget consists of planned expenditures of revenues resulting from clinical practice by members of the academic clinical faculty of the University of Florida Health Science Center.

## Students

*General.* The University of Florida enrollment has stabilized at around 50,000 students as part of a program to improve the quality of the undergraduate enrollment. The Fall 2011 semester enrollment was 49,589: 66% were undergraduates; 26% were graduate students; and 8% were professional students. Approximately 6,700 (14%) of the Fall 2011 enrollment were first time college freshman. The demographics of the Fall 2011 enrollment were as follows: 54% female; 46% male; 31.2% minorities (which includes African American, Hispanic, Asian and American Indian); 8.3% African American; 13.7% Hispanic; and 8.1% foreign students.

With 155 National Merit Scholars and 29 National Achievement Scholars enrolled as freshmen in Fall 2011, the University of Florida ranks high among public colleges and universities in the number of new National Merit Scholars enrolled. In all, 641 National Merit Scholars and 108 National Achievement Scholars were enrolled as undergraduates during the 2011-12 academic year. The middle 50% of SAT scores of entering freshman in Fall 2011 ranged from 1830 to 2090 and the mid-range of their high school grade point averages was 4.1 to 4.4.

About one-fourth of the student body lives in campus residence halls or fraternity or sorority houses. The majority of remaining students live in private apartments surrounding campus. A relatively small number of students commute each day to campus from their permanent home addresses.

The University of Florida's students lead a rich social and extracurricular life. They belong to more than 980 student organizations, attend hundreds of sporting events, concerts, art exhibits and theatrical productions each year and enjoy a variety of outdoor activities throughout the year.

The table below shows the full-time equivalent (FTE) enrollment of the University of Florida by level for each of the past five academic years. The full-time equivalent student calculation factor is a measure of student enrollment based on the number of student credit hours for which students enroll. Under the semester system, 15 undergraduate student credit hours or 12 graduate student credit hours are equivalent to one FTE during the fall and spring semesters. During the summer semester, 10 undergraduate student credit hours or 8 graduate student credit hours are equivalent to one FTE. Annual full-time equivalency is 40 hours for undergraduate students and 32 hours for graduate students. FTE enrollment is determined by dividing the total number of hours enrolled by all students in a specific category by the appropriate hour requirement.

*Student Recruitment.* The University of Florida Office of Admissions is responsible for recruiting and enrolling a student body consisting of nationally outstanding academic talent. Students for whom intense study with faculty in seminars and tutorials will have rich personal meaning are recruited. The annual national campaign to recruit and enroll the fall class involves creating and updating publications; communicating with prospective students through direct mail and telecounseling campaigns; traveling to selected secondary schools, college fairs, Florida colleges, and national and regional professional meetings of college placement counselors and admissions officers; and hosting University open houses for prospective students and their families. Affirmative action efforts include special mailings to minority students, traveling to different locations to participate in various minority programs and hosting on-campus events for students and counselors.

*Student Quality Indicators.* The following table shows the mid 50% range of high school grade point averages (GPA), Scholastic Aptitude Test (SAT) scores and American College Test (ACT) scores for first-time-in-college students at the University for the past five fall semesters.

## Division of Student Affairs

As an integral part of the academic mission of the University of Florida, the Division of Student Affairs educates students to assume roles of leadership, involvement and service in a global community. The Division plays a vital role in creating and maintaining a healthy campus environment through services, programs and innovative learning experiences beyond the classroom.

The Division of Student Affairs has administrative responsibility for the following functional areas: Career Resource Center, Center for Leadership and Service, Counseling and Wellness Center, Dean of Students Office, Florida Opportunity Scholars Program, Gatorwell Health Promotion Services, Housing and Residence Education, Multicultural and Diversity Affairs, Off Campus Life, J. Wayne Reitz Union, Student Activities and Involvement, Recreational Sports, and Student Legal Services.

Through its various departments, the Division of Student Affairs sponsors several university-wide programs, activities, and services for students. These include programs for transitioning new students, such as Convocation, the Common Reading Program, and Preview (orientation); programs to support student success such as Career Showcase, the Health Hut, and intramural sports; and activities to enhance the student experience such as living-learning communities in the residence halls, community service opportunities, and involvement through more than 900 registered student organizations. Additionally, the Dean of Students Office and the Counseling and Wellness Center provide assistance for students in distress.

The Florida Opportunity Scholars Program is an initiative that was created in 2006 to ensure first-generation students from low income families have the resources they need to be academically successful at the University of Florida (UF). Admitted UF students whose annual family income is less than \$40,000 are eligible for the program. Students in the program are able to graduate at the same rate, or in some cases faster, than the university's overall graduation rate due to the financial and personal support from UF. There are approximately 1,400 students on campus each year who are current Florida Opportunity Scholars.

## Endowments and Fund Raising Efforts

The University of Florida Foundation, Inc. (the "Foundation") is a not-for-profit, tax exempt organization responsible for receiving, investing and administering private support for the University of Florida.

Created in 1934 as the "University of Florida Endowment Corporation," its scope and role expanded during the 1950's until the Foundation became the principal fund-management and fund-raising arm of the university. In 1964, the Board of Regents and the State of Florida certified the "University of Florida Foundation" as a direct support organization for the University of Florida. The Foundation is designated a charitable organization under section 501(c)(3) of the Internal Revenue Code.

Currently, the University of Florida receives about one-third of its annual operating budget from State tax and lottery revenues. Other sources of University of Florida income are tuition and fees; grants and contracts; income from operations and services; the spendable income from the endowment and private gifts.

In Fiscal Year 2010-11 the University received \$194 million in voluntary private support. As of June 30, 2011, the total private endowment at the Foundation was \$1.2 billion, while the total value of the assets managed by the Foundation exceeded \$1.7 billion. Also in Fiscal Year 2010-11, the Foundation surpassed the \$85 million mark for gift and endowment spendable income made available for spending for the University.

The Foundation and the Office of Development and Alumni Affairs are responsible for the University's comprehensive capital campaign officially begun on July 1, 2005. This seven-year capital campaign, which was scheduled to conclude in calendar year 2012, had a goal of \$1.5 billion in private commitments to strengthen University performance in strategic areas. The Foundation is confident it will reach its goal and plans to continue the campaign through September 2012. Campaign strategies include private dollars to:

- accelerate the benefits of University research;
- strengthen the University of Florida in the competition for the nation's most productive researchers, scholars and teachers;
- increase private fellowships and scholarships so that talented and deserving students in all fields of study continue to choose the University of Florida;
- construct and renovate key facilities on campus;
- enhance strategic resources for programs that bring rapid improvement in productivity and performance.

Private support increasingly is becoming important to the sustained quality of major public universities. The campaign for the University of Florida will strengthen an important partnership among the State's premier public research university and its constituents.

The Foundation and the Office of Development and Alumni Affairs support several programs through which University of Florida alumni and friends can participate in the life of a great institution.

- The University of Florida President's Council recognizes individuals, couples and organizations that support the University with a cumulative lifetime gift of \$100,000.
- The Annual Fund drive, called the Florida Fund, offers donors the opportunity to contribute to a wide range of academic programs and purposes on campus, annually.
- There are more than 102 University of Florida Gator Clubs which help recruit students, fund scholarships and provide links to the University and to other University of Florida alumni and friends - 51 of these clubs exist outside of Florida, including 11 overseas.

The table below sets forth financial information relating to the University of Florida Foundation, Inc. for the Fiscal Years ended June 30, 2007 through June 30, 2011.

# *An act with enduring impact.*

*President Abraham Lincoln, who signed the Land-Grant College Act into law, and Representative Justin Smith Morrill of Vermont, its sponsor.*

One year, four months and 17 days before Abraham Lincoln addressed a war-weary crowd at the dedication of a cemetery in Gettysburg, the President signed legislation that made an immediate and everlasting impact on the way people experience their lives. The Morrill Act established the land-grant university system and essentially initiated what could be defined as “The Age of Education” that thrives to this day.

While it may not be a key subject in American History classes, the Morrill Act of 1862 is a significant piece of our country’s history. The act awarded states 30,000 acres of land per member of Congress to provide support for colleges of agricultural and mechanical arts. As the original document states, a key purpose of establishing land-grant colleges was “to promote the liberal and practical education of the industrial classes in the several pursuits and professions in life.”

Yet the very act that served as a major catalyst for higher education in the United States has somehow been conspicuously undervalued in the classroom itself. That’s ironic at best. On the 150th anniversary of its creation, the land-grant

system is long overdue for recognition of all that it has made possible.

Among the beneficiaries of the Morrill Act is the University of Florida, the State’s flagship land-grant institution, whose past accomplishments and promise of future endeavors are deeply rooted in the Morrill Act and still faithful to its original intent. UF’s mission to teach, research and provide service is also a tribute to Representative Justin Morrill and President Lincoln, who shared the foresight and vision — despite being mired in a civil war — to recognize the importance of higher education and the role it would play in the development of our country as a world leader.

## President's Message

The year 2012 marks the 150th anniversary of the Morrill Land-Grant Act, the Federal legislation that created the nation's land-grant universities, including UF. The Act sought universities that were open to students from all walks of life; schools that taught agriculture, engineering and liberal arts and sciences; and that helped to build and grow their states.

UF has achieved all of those goals through its three-legged mission of research, teaching and service. But as State support for universities continues to lag, this historic mission is under threat as never before — not only in Florida, but also in many other states.

The anniversary of the Morrill Act thus raises important questions about the future of land-grant universities and their roles and responsibilities within their states. These questions are sure to be discussed next year as UF joins its peer universities across the country in celebrating the Morrill Act anniversary.

**A MOVE TOWARD INDEPENDENCE IN 2010-11** | With another round of State budget cuts, the University of Florida in 2010-11 strengthened its commitment to becoming more innovative, more enterprising and ultimately, more financially independent.

UF lost approximately \$46 million in State Appropriations for the 2011-12 fiscal year, the fifth such decline in the past six years. While tuition has gone up over the same period, the increase has not made up for the loss of State Appropriations. With Florida facing a projected \$2 billion shortfall in 2012, this slide shows no signs of slowing.

Over the years, declining State support has prompted cost-cutting measures that have made it more difficult for UF to reach its full potential as Florida's only top-20 public research university. But the restrictive budget climate has also made UF more aggressive and creative in pioneering its own revenue-generating initiatives.

With UF depending on State and tuition dollars for 24 percent of its total revenue, our goal is to create a larger diversity of income-generating opportunities.

**A NEW SPRING-SUMMER UNDERGRADUATE PROGRAM** | UF in Fall 2011 began accepting applications for the Innovation Academy, a new program focused on technology innovation and entrepreneurship that will operate on a unique Spring – Summer schedule.

The program seeks to address a number of challenges:

- **ACCESS.** With more than 29,000 applicants for about 6,400 spots in our entering class, UF cannot currently admit all the qualified, tuition-paying students who wish to attend.

- **EFFICIENCY.** Our facilities are not being used to their full capacity during the summer months when fewer students are on campus.

- **CURRICULUM.** While the University encourages technology commercialization at the faculty and graduate school level, more support is needed among the undergraduate population.

The first class in the Innovation Academy will arrive in the Spring of 2013. Phased in over four years, we anticipate the program will eventually add 2,000 UF undergraduates.

other support-service firms, and UF's Office of Technology Licensing.

Two other facilities are currently planned for Innovation Square, both by Trimark Properties, a private enterprise. The Infusion Technology Center will serve technology companies that outgrow the Hub. And a new residence hall is likely to house students in the Innovation Academy.

**EXPANDED OFFERINGS IN DISTANCE LEARNING** | In 2010-11, UF also continued an aggressive expansion of its distance-learning enterprise. Now available via distance learning: 6 bachelor's degree programs, 57 master's degree programs, 9 doctoral degree programs, 6 undergraduate certificates and 38 graduate certificates.

Our distance-learning revenue tops \$63 million, and we have nearly 5,000 students enrolled in e-learning education or in other programs located off our main campus.

**AN ENHANCED CLIMATE FOR INNOVATION** | UF in October 2011 completed the Florida Innovation Hub, UF's second technology incubator — and the first major facility to open in the planned Innovation Square, which will join campus and downtown Gainesville.

University and Gainesville officials envision the 25-acre Innovation Square as an urban research, residential and retail community centered on commercialization of UF research. The \$13.2 million, 48,000-square-foot Hub is a first step: The Hub houses University technology spinoffs, venture capital and

In related activity, the Warrington College of Business Administration dedicated a newly remodeled Center for Entrepreneurship and Innovation. The College of Engineering created the Engineering Innovation Institute. And UF's patenting and licensing activity continued at a rapid pace despite the lackluster economy. In 2010-11, UF filed 298 inventions disclosures, had 108 patents issued and negotiated 78 licenses and options.

**RECOMMITTING TO OUR MISSION** | Even as UF seeks to become more entrepreneurial, we remain faithful to our roots as a public, land-grant institution created as a result of the Morrill Act of 1862. Our challenge in coming years is to balance increased fiscal independence with a continued commitment to serving all the people of Florida and to helping the State grow and prosper.

J. Bernard Machen  
President

# A history and future of changing lives.

“No other name so glorious.” Indeed. The University of Florida has a tremendously proud past and a proven track record of contributing not only to the State of Florida, but impacting the way people around the world experience their lives.

Streamlining irrigation techniques for water conservation. Producing virus-resistant tomatoes and other plants. Developing urban forests as a potential solution for carbon emissions. These are just a few of the ways UF researchers are leading the way in breakthroughs that improve the quality of life in a meaningful way.

UF has pioneered agricultural and engineering progress for 150 years, literally changing the landscape of the State while helping to fuel its economy. We have adapted to changes and faced challenges, created an educated workforce, and produced more than our fair share of leaders in the process. As for the next 150 years, a world of opportunity awaits. A world whose demand for food, water and other necessities will grow exponentially.

Despite such overwhelming numbers, UF is committed to using the knowledge we’ve gained in the past, the technology we currently possess, and the inevitable breakthroughs of the future to continue improving the way people experience their lives into the 22nd century and beyond.

### *Food for Thought*

Between 1924 and 1999, the earth's population tripled from 2 billion to 6 billion people. In 2011, we reached the 7 billion mark.

Why are these numbers relevant? According to a 2009 estimate by the Food and Agriculture Organization of the United Nations, food production will have to increase 70% by 2050 to feed an additional 2.3 billion people.

# *The roots of UF's impact on lives.*

To sum up what the University of Florida has contributed to the State in just a few pages would be impossible. How do you measure the impact of the more than 300,000 degrees that have been awarded? And there is the vast amount of research whose technological advancements have been transferred to the marketplace, as well as discoveries in medicine, engineering and agriculture whose value is simply incalculable.

more than ever, the University of Florida benefits from this focus on achievement and, in turn, creates better lives for people throughout the State and beyond. In a very real sense, UF's campus not only spans the entire State of Florida, but in fact, the world.

The citrus farmer who enjoys more productive crops. The hospital whose medical devices are shielded from bacteria. The astronomer who can chart a galaxy as it is forming ten billion light years away. All share a common thread that ties them directly to achievements at UF. And all are deeply rooted in UF's designation as a land-grant university.

The same can be said about the impact of the land-grant university system. This legislation not only provided support for colleges of agriculture and engineering, but also fostered and funded interdisciplinary studies that transcend all of UF's colleges and areas of studies. Today,

*UF is among the nation's leading universities in transferring technology to the marketplace and impacting lives across the globe.*

# Agricultural and Engineering Progress

As part of its mission to offer broad-based and inclusive public education, leading-edge research and service to the residents of Florida and the nation, the University of Florida created the Institute of Food and Agricultural Sciences (UF/IFAS). A Federal-State-County partnership, UF/IFAS is dedicated to developing knowledge in agriculture, human and natural resources, and life sciences, and enhancing and sustaining the quality of human life by making that information accessible.

In a State that produces nearly 300 commodities on 47,500 commercial farms covering 9.25 million acres, the possibilities and challenges are endless. That's why you'll find a UF/IFAS extension office in every one of the State's 67 counties, as well as 13 research and education centers. Additionally, the College of Agricultural and Life Sciences has laboratories and classrooms spread throughout the UF campus. UF/IFAS has developed an international reputation for its accomplishments in teaching, research and extension.

State land-grant universities and the Cooperative Extension Service of the USDA were instrumental in the development of 4-H, whose original role

was to extend agricultural education to rural youth by organizing boys' and girls' clubs and through "learning by doing." Today, 4-H has an expansive reach, serving youth in rural, urban, and suburban communities in all 50 states. Through the efforts of UF/IFAS, young people in Florida tackle the nation's toughest issues, from global food security, climate change and sustainable energy to childhood obesity and food safety.

The University of Florida has a unique responsibility to improve the State's agricultural productivity through research, extension and education. Considering that every dollar spent on agricultural research produces a \$10 return, the investment is certainly a sound one. The State of Florida ranks number one in value of production for 10 different crops.

The impact of UF/IFAS reaches far beyond the groves, fields and ranches. For example, as founder and sponsor of the Florida Folic Acid Coalition, we have helped fuel their mission to decrease the incidence of folic-acid-preventable birth defects, reduce chronic disease risk and promote the benefits of folic acid.

***UF is committed to providing the core elements that shape the quality of life throughout the State, including:***

- Educate the State's workforce
- Improve the economy and create jobs
- Protect and conserve the quantity and quality of our water
- Teach our youth essential life skills and promote civic engagement
- Encourage healthy lifestyles for Floridians
- Conserve and manage our diverse natural resources
- Discover more efficient strategies of land use
- Manage our coastal and marine environments
- Seek greater energy independence
- Help agricultural and natural resource industries become more diverse and efficient
- Develop new high-value agricultural crops

# Land, Sea & Space

The University of Florida is also a sea grant institution, one of 33 in a nationwide network of university-based programs that partner with coastal communities. Modeled after the land-grant program created more than a century earlier, the sea grant initiative is a partnership of academia, government, and industry focused on coastal and marine resources. Locally, the Florida Sea Grant College Program functions administratively as a State of Florida center through the Florida Board of Education Division of Colleges and Universities. The program has system-wide responsibility for research and education activities designed to create a better coastal environment. Our role as a sea grant university further enables UF to maintain its mission of providing food and water for today's and tomorrow's expanding population.

Fewer than 3 percent of universities in the country share the distinction of Land Grant, Sea Grant and Space Grant status. UF is proud to belong to that select group. In 2011, a team from UF's Department of Astronomy initiated an arrangement that created a collaborative research initiative between scientists in Spain and Florida working in small satellite technology, agriculture biotechnology, and the science of aging. According to Rafael Guzman, astronomy department chairman at UF, "You could use small satellites equipped with telescopes to monitor crops for diseases like citrus canker and stop a contamination before it destroys a whole grove."

Better science can improve agriculture and medicine, as well as create jobs. UF/IFAS will lead U.S. efforts to find new technology to help growers, while a similar agency in Spain will actively pursue the same goal, creating opportunities for joint studies, new sources of funding and fresh perspectives on common challenges.

UF's Institute on Aging will similarly join with a sister organization in Spain to develop their research. The current agreement begins the planning process for the future commercial venture that will be based near the Kennedy Space Center, just three hours from the UF campus.

The University of Florida is even involved in addressing the issue of what astronauts will eat on long-term space flights in the future.

Further evidence of the University's commitment to the future is its role as a regional participant in the Sun Grant Initiative, a network of land-grant universities and federally-funded laboratories working together to research and develop sustainable and environmentally friendly bio-based energy alternatives.

# The University of Florida

**MISSION** | The mission of the University of Florida is to offer broad-based, inclusive public education; leading-edge research; and service to the residents of Florida and the nation. The fusion of these three endeavors stimulates a remarkable intellectual vitality and generates a synthesis that represents the University's greatest strength.

Teaching is a fundamental purpose of this University at both the undergraduate and graduate levels. Research and scholarship are integral to the education process and to the expansion of our understanding of the natural world, the intellect and the senses. Service reflects the University's obligation to share the benefits of its research and knowledge for the public good.

These three interlocking elements span all academic disciplines and represent the University's commitment to lead and serve the State of Florida and the nation. The University of Florida aspires to advance the State, the nation and the international community by strengthening the human condition and improving the quality of life.

**HISTORY** | UF is Florida's oldest university, and for many years was one of only three State universities, along with the Florida

State College for Women (now Florida State University) and Florida A&M. Women attended the University as early as 1916, and the student body grew to 601 women and 8,177 men when the Legislature removed all barriers for female enrollment in 1947.

Today, the University is one of the largest in the nation, boasting an enrollment of more than 50,000 students. UF is one of only 17 public, land-grant universities that belong to the Association of American Universities.

**FACULTY** | The University faculty, which numbers more than 5,000, now has more than 50 Eminent Scholar Chairs and more than two dozen members have been elected to the National Academies of Science and/or Engineering, the Institute of Medicine, or a counterpart in another nation. Present and past faculty include Pulitzer Prize winners, a pioneer in aviation engineering, a leading scholar on econometrics, three winners of NASA's top award for research, one of the four charter members of the Solar Hall of Fame, and a winner of the Smithsonian Institution's award for conservation.

From pharmacy and public relations to pain mitigation and materials engineering, the University of Florida

is a recognized leader in a wide variety of specialties and areas. University researchers and scientists have made significant developments and discoveries in many fields, including astronomy, microbiology, metallurgy and medical technology.

Sixty-four percent of enrolled students are undergraduates, 24 percent are graduate students and 9 percent are in professional degree programs. Approximately 27 percent of students are minorities.

**STUDENTS** | The University of Florida's freshman retention rate of 96 percent speaks to the outstanding quality of the University's entire academic experience. Fall 2010 figures indicate an enrollment of 50,116 students, more than 80 percent of whom are from Florida. Every state in the nation is represented in the UF student body, and the University is gaining an increasingly international enrollment, with approximately 5,000 international students representing more than 100 countries.

University of Florida students also receive many opportunities to participate in extra-curricular activities. There are more than 900 student organizations on campus, and students attend more than 2,000 campus concerts, art exhibits, theatrical productions, guest lectures, sports, concerts and other events each year.

## Economic Impact

**“The land-grant university system is being built on behalf of the people, who have invested in these public universities their hopes, their support, and their confidence.” — Abraham Lincoln**

Today, America’s land-grant universities fulfill their mandate for openness, accessibility, and service to the people. Many of these institutions have joined the ranks of the nation’s most distinguished public research universities. The Association of Public and Land-Grant Universities (APLU) member-institutions currently enroll more than 3.5 million undergraduate and 1.1 million graduate students in every academic discipline and explore fields of inquiry far beyond the scope envisioned in the original land-grant act. APLU campuses employ more than 645,000 faculty members and

conduct nearly two-thirds of all federally-funded academic research, totaling more than \$34 billion annually.

The Association’s membership includes 217 institutions, consisting of state universities, land-grant universities, and state university systems. The total includes 74 U.S. land-grant institutions, of which 18 are the historically black institutions. In addition, APLU represents the interests of the nation’s 33 American Indian land-grant colleges through the membership of the American Indian Higher Education Consortium (AIHEC).

## *Introduction from the Vice President and Chief Financial Officer*

I am pleased to present the University of Florida Annual Financial Report for the 2010-11 fiscal year. It is a testament to the leadership of the University that we had a successful year in these difficult economic times.

The University's assets totaled \$3.0 billion at June 30, 2011, and liabilities totaled \$638 million, resulting in net assets of \$2.4 billion, a 3.1% increase over the previous year.

The University's operating revenues totaled \$1.5 billion for the 2010-11 fiscal year, representing a 6.1% increase over the 2009-10 fiscal year. The major components of the increase in operating revenues are Student Tuition and Fees, and Grants and Contracts. Student Tuition and Fees, net of scholarship allowances, increased \$30.7 million or 12.5% because of tuition and fee increases. Nongovernmental Grants and Contracts revenue increased by \$58.3 million, or 10.2%, which includes transfers from component units and the addition of \$15 million in new contracts. Operating expenses totaled \$2.3

billion for the 2010-11 fiscal year, representing an increase of 4.7% over the 2009-10 fiscal year. The two largest categories contributing to this increase were Employee Compensation and Benefits, and Services and Supplies.

Net nonoperating revenues and expenses in the 2010-11 fiscal year decreased \$7.6 million primarily because of the reduction in funding provided by the American Recovery and Reinvestment Act. The decrease in the fair value of investments was offset by a slight increase in State Appropriations due to increased costs for insurance, retirement, and maintenance of new buildings.

The University had significant construction activity during the year. Completed construction projects include:

- 1) Southwest Recreation Center Expansion (capitalized costs of \$15.6 million);
- 2) Levin College of Law School Advocacy Center (capitalized costs of \$5.7 million); and
- 3) Health Science Center Autopsy Suite Renovation (capitalized costs of \$14.6 million).

Construction continues on several major projects, including four that, when finished, will be capitalized at over \$90 million:

- 1) Lake Nona Research Facility;
- 2) Clinical Translational Research Building;
- 3) Florida Innovation Hub at UF; and
- 4) Harn Museum Asian Art Wing.

As the economic recovery lags, the University faces another round of budget cuts, a \$46 million decrease in State Appropriations. While a tuition increase of 15% is planned, it will not make up for the loss of State support.

The Office of the Vice President and Chief Financial Officer is focused on supporting the mission of the University. To that end, we continue to look for ways to conserve resources and cut costs, as well as encourage entrepreneurial efforts. We are studying the potential savings and effectiveness of implementing shared service centers. We have reengineered contract and grant financial compliance, improved the electronic Effort Reporting system, created an electronic Faculty Activity Report (FAR) and executed several strategic sourcing agreements.

On July 1, 2011, The Florida Board of Governors created Regulation 9.002, which increased the capitalization threshold for tangible personal property from \$1,000 to \$5,000. This change will reduce the administrative costs of recording and tracking items of equipment. The Regulation also enhances the overall stewardship and control of the University's assets by eliminating the requirement to record and track relatively low-valued items so more attention and effort can be given to safeguarding the remaining, higher-valued items.

We will continue to enhance the Responsibility Center Management (RCM) budget allocation system, and implement technological changes to automate the budget allocation and preparation. A major upgrade to the financial system went live May 2011. The Human Resources and Payroll system upgrade is scheduled to go live September 4, 2012. We will utilize technology to stay current and improve efficiencies.

While we are challenged by the continuing loss of State support, our focus will be to carry on the mission of the University, staying faithful to the trust placed in the University of Florida when the Morrill Land-Grant Act was enacted nearly 150 years ago.

## INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the University of Florida, a component unit of the State of Florida, and its aggregate discretely presented component units as of and for the fiscal year ended June 30, 2011, which collectively comprise the University's basic financial statements as listed in the table of contents. These financial statements are the responsibility of University management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the aggregate discretely presented component units, as described in note 1 to the financial statements, which represent 100 percent of the transactions and account balances of the aggregate discretely presented component units' columns. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based on the reports of the other auditors. The prior year partial comparative information was derived from the University's 2009-10 financial statements and, in our report dated February 11, 2011, we expressed an unqualified opinion on the respective financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the University of Florida and of its aggregate discretely presented component units as of June 30, 2011, and the respective changes in financial position and cash flows thereof for the fiscal year then ended, in conformity with accounting principles generally accepted in the United States of America.

As discussed in notes 1 and 2 to the financial statements, Shands Teaching Hospital and Clinics, Inc., a discretely presented component unit, was reorganized to form Shands Jacksonville HealthCare, Inc., as a separate discretely presented component unit. Additionally, both entities began reporting under standards promulgated by the Governmental Accounting Standards Board; a change from the Financial Accounting Standards Board standards previously followed. These changes affect the comparability of amounts reported within the component units' columns for the 2010-11 fiscal year with amounts reported for the 2009-10 fiscal year.

Page 2

The financial statements include prior-year partial comparative information. Such information does not include all of the information required to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the University's financial statements for the fiscal year ended June 30, 2010, from which the partial information was derived.

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the University of Florida's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that **MANAGEMENT'S DISCUSSION AND ANALYSIS** and the **OTHER REQUIRED SUPPLEMENTARY INFORMATION**, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University of Florida's basic financial statements. The introductory information, the President's Message, the University of Florida Overview, the Introduction from the Vice President and Chief Financial Officer, and the supplemental information for financial aid administered, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The introductory information, the President's Message, the University of Florida Overview, the Introduction from the Vice President and Chief Financial Officer, and the supplemental information for financial aid administered have not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Respectfully submitted,

# Management's Discussion and Analysis

From the Vice President and Chief Financial Officer

## INTRODUCTION AND BACKGROUND

The Management's Discussion and Analysis (MD&A) provides an overview of the financial position and activities of the University of Florida (the University) for the fiscal year ended June 30, 2011, and should be read in conjunction with the financial statements and notes thereto. This overview is required by Governmental Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*, as amended by GASB Statements Nos. 37 and 38. The MD&A, and financial statements and notes thereto, are the responsibility of University management.

## FINANCIAL HIGHLIGHTS

The University's assets totaled \$3.0 billion at June 30, 2011. This balance reflects a \$122.0 million, or 4.2%, increase from the 2009-10 fiscal year. Investments increased by \$85.3 million due in part to the investment of bond proceeds for

the Clinical Translational Research Building, which will also house the UF Institute on Aging. The amount due from the State continued to decrease because several large construction projects have been completed. While assets grew, liabilities grew \$49.8 million, or 8.5%, to \$638.1 million. The new bond issue increased debt by \$29.8 million. Compensated absences payable grew \$8.3 million and Other Postemployment Benefits Payable grew by \$23.2 million. As a result, the University's net assets increased by \$72.2 million, or 3.1%, reaching a year-end balance of \$2.4 billion.

The University's operating revenues totaled \$1.5 billion for the 2010-11 fiscal year, representing a 6.1% increase over the 2009-10 fiscal year. Major components of operating revenues are Student Tuition and Fees, and Grants and Contracts. Student Tuition and Fees, Net of Scholarship Allowances, increased \$30.7 million or 12.5% because of tuition and fee increases. Nongovernmental Grants and Contracts revenue increased by \$58.3 million, or 10.2%, which includes transfers from component units and the addition of \$15 million in new contracts.

Operating Expenses totaled \$2.3 billion for the 2010-11 fiscal year, representing an increase of 4.7% over the 2009-10 fiscal year. The two largest categories contributing to this increase were Compensation and Employee Benefits, reflecting increased Compensated Absences and Other Postemployment Benefits, and Services and Supplies.

Net Nonoperating Revenues and Expenses in the 2010-11 fiscal year decreased \$7.6 million mainly due to the change in the fair value of investments and a decline in the American Recovery and Reinvestment Act (ARRA) stimulus funding.

The University had significant construction activity during the year. Completed construction projects included: (1) Southwest Recreation Center Expansion (capitalized costs of \$15.6 million); (2) Levin College of Law School Advocacy Center (capitalized costs of \$5.7 million); and (3) Health Science Center Autopsy Suite Renovation (capitalized costs of \$14.6 million). Construction continues on several major projects, including four that, when finished, will be capitalized at over \$90 million: (1) Lake Nona Research Facility; (2) Clinical Translational Research Building (this project includes the Institute on Aging Research Building); (3) Florida Innovation Hub at UF; and (4) Harn Museum Asian Art Wing.

## OVERVIEW OF FINANCIAL STATEMENTS

Pursuant to GASB Statement No. 35, the University's financial report includes three basic financial statements: the Statement of Net Assets; the Statement of Revenues, Expenses, and Changes in Net Assets; and the Statement of Cash Flows. The financial statements, and notes thereto, encompass the University and its component units. These component units include:

**Direct-Support Organizations** – These are separate, not-for-profit corporations organized and operated exclusively to assist the University in achieving excellence by providing supplemental resources from private gifts, bequests, and valuable education support services.

**Health Science Center Affiliates** – These are the several corporations closely affiliated with the University of Florida J. Hillis Miller Health Science Center, including the Faculty Practice Plans.

**Shands Hospital and Others** – This includes Shands Teaching Hospital and Clinics, Inc., a not-for-profit corporation that is contractually obligated to manage, operate, maintain, and insure the hospital facilities in support of the programs of the Health Science Center at the University of Florida.

Information regarding the discretely presented component units, including summaries of their separately issued financial

statements, is presented in Notes 1, 2, 3, 6, 9, 12, and 19 to the financial statements. This MD&A focuses on the University, excluding the component units. MD&A information regarding the component units is included in their separately issued audit reports, if reporting under GASB standards. Component units reporting under Financial Accounting Standards Board (FASB) standards do not include an MD&A in their audit reports.

Based upon the application of the criteria for determining component units, the University of Florida Self-Insurance Program, combined with the University of Florida Healthcare Education Insurance Corporation, are included within the University reporting entity as a blended component unit. Additional information regarding the blended component unit is presented in Note 1 to the financial statements.

The financial statements characterize revenues and expenses as either operating or nonoperating. The principal component of operating revenues is Grants and Contracts (\$1.1 billion). Compensation and Employee Benefits (\$1.6 billion) represent the primary component of operating expenses. A significant portion of the University's anticipated, recurring resources is considered nonoperating as defined by GASB Statement No. 35. The principal component of nonoperating revenues for the fiscal year ended June 30, 2011, is State Appropriations including ARRA stimulus funds (\$610 million). Recurring nonoperating expenses consist primarily of the loss on disposal of capital assets and interest expense on capital asset-related debt for the fiscal year ended June 30, 2011.

## STATEMENT OF NET ASSETS

The Statement of Net Assets reflects the assets and liabilities of the University, using the accrual basis of accounting, and presents the financial position of the University at a specified time. Net Assets, the difference between total assets and total

The changes in net assets that occur over time indicate improvement or deterioration in the University's financial condition. The preceding table summarizes the University's assets, liabilities, and net assets at June 30.

## STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN NET ASSETS

The Statement of Revenues, Expenses, and Changes in Net Assets presents the University's revenue and expense activity, categorized as operating and nonoperating. Revenues and expenses are recognized when earned or incurred, regardless of when cash is received or paid. GASB Statement No. 35 categorizes revenues as either operating or nonoperating. Operating revenues generally result from exchange transactions where each of the parties to the transaction either gives up or receives something of equal or similar value. The following summarizes the operating revenues by source that were used to fund operating activities during the 2010-11 and 2009-10 fiscal years:

## OPERATING EXPENSES

Expenses are categorized as operating or nonoperating. The majority of the University's expenses are operating expenses as defined by GASB Statement No. 35. GASB gives financial reporting entities the choice of reporting operating expenses in the functional or the natural classifications. The University has chosen to report the expenses in their natural classifications on the Statement of Revenues, Expenses, and Changes in Net Assets and has displayed the functional classifications below and in the notes to the financial statements. The following summarizes the operating expenses for each method of classification for the 2010-11 and 2009-10 fiscal years:

## NONOPERATING REVENUES AND EXPENSES

Certain revenue sources that the University relies on to provide funding for operations, including State Appropriations, certain gifts and grants, and investment income, are defined by GASB as nonoperating. Nonoperating expenses include capital financing costs and other costs related to capital assets. The University had a slight increase in appropriations due to increased costs for insurance, retirement, and maintenance of new buildings; as well as a modest increase to replace a portion of the ARRA funds. Investment income grew modestly because the market recovery slowed. The following summarizes the University's nonoperating revenues and expenses for the 2010-11 and 2009-10 fiscal years:

Nonoperating Revenues (Expenses) <i>(in millions)</i>		
	2010-11	2009-10

<b>Net Nonoperating Revenues (Expenses)</b>	<b>\$ 785.5</b>	<b>\$ 793.1</b>

## OTHER REVENUES, EXPENSES, GAINS, OR LOSSES

This category is composed of Capital Appropriations and Capital Grants, Contracts, Donations, and Student Fees. The University received Capital Appropriations for projects that included P. K. Yonge Developmental Research School and Lake Nona Research Facility. The following summarizes the University's other revenues, expenses, gains, or losses for the 2010-11 and 2009-10 fiscal years:

## STATEMENT OF CASH FLOWS

The Statement of Cash Flows provides information about the University's financial results by reporting the major sources and uses of cash and cash equivalents. This statement will assist in evaluating the University's ability to generate net cash flows, its ability to meet its financial obligations as they come due, and its need for external financing. Cash flows from operating activities show the net cash used by the operating activities of the University. Cash flows from capital and related financing activities include activities of the capital funds and related long-term debt. Cash flows from investing activities show the net source and use of cash related to the purchases and sales of investments and income earned on those investments. Cash flows from noncapital financing activities include those activities not covered in the other sections.

Major sources of funds came from State Appropriations (\$588.2 million), State Appropriations - ARRA Funds (\$30.9 million), net student tuition and fees (\$275.6 million), grants and contracts (\$1,067.7 million), and sales and services of auxiliary enterprises (\$138.6 million). Major uses of funds were for payments to employees (\$1,579.9 million), payments to suppliers for goods and services (\$498.2 million), and purchase or construction of capital assets (\$187.1 million). The following summarizes cash flows for the 2010-11 and 2009-10 fiscal years:

The following table summarizes the outstanding capital asset-related debt by type of debt at June 30:

## ECONOMIC FACTORS THAT WILL AFFECT THE FUTURE

While the American Recovery and Reinvestment Act (ARRA) funding has ended and the State's economic recovery is slow, the Florida Legislature's Office of Economic and Demographic Research has reported that Florida is slowly turning the corner. State Appropriations in 2011 increased slightly, \$26.9 million, due to increased costs for insurance, retirement, and maintenance of new buildings; as well as a modest increase to the base budget to replace a portion of the ARRA funds. As the economic recovery lags, the University is facing a \$46 million overall decrease in State Appropriations in the 2011-12 fiscal year. Offset partially with a planned tuition increase of 15%, the University will still experience a net loss to the budget of about \$15 million. Even though enrollment is stable, the emphasis on increasing the percentage of graduate students will yield higher tuition revenue compared to undergraduate students.

The University continues to look for ways to conserve resources and cut costs as well as to encourage entrepreneurial efforts in all academic departments and auxiliaries. We are expanding distance learning initiatives and exploring shared service centers in an effort to generate new revenues and be more efficient. Most promising, legislators allocated \$10 million to the State's Institute for the Commercialization of Public Research, which is expected to be relocated from South Florida to the Florida Innovation Hub in Gainesville. Through these and other initiatives, the University will maintain the high quality and integrity of the educational and research programs at the core of the University of Florida's mission.

# Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2011

## 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed by the University of Florida are described below to enhance the usefulness of the financial statements.

### A. Reporting Entity

The University of Florida is a separate public instrumentality that is part of the State university system of public universities, which is under the general direction and control of the Florida Board of Governors. The University is directly governed by a Board of Trustees (Trustees) consisting of thirteen members. The Governor appoints six citizen members and the Board of Governors appoints five citizen members. These members are confirmed by the Florida Senate and serve staggered terms of five years. The chair of the faculty senate and the president of the student body of the University are also members. The

Board of Governors establishes the powers and duties of the Trustees. The Trustees are responsible for setting policies for the University, which provide governance in accordance with State law and Board of Governors' Regulations. The Trustees select the University President. The University President serves as the executive officer and the corporate secretary of the Trustees, and is responsible for administering the policies prescribed by the Trustees.

Criteria for defining the reporting entity are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. These criteria were used to evaluate potential component units for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the primary government's financial statements to be misleading or incomplete. Based on the application of these criteria, the University of Florida is a

component unit of the State of Florida, and its financial balances and activities are reported in the State's Comprehensive Annual Financial Report by discrete presentation.

### *B. Blended Component Unit*

Based on the application of the criteria for determining component units, the University of Florida Self-Insurance Program (the Program), combined with the University of Florida Healthcare Education Insurance Company (HEIC), are included within the University reporting entity as a blended component unit. The Program was created by the Florida Board of Governors, pursuant to Section 1004.24, Florida Statutes. The HEIC was created on September 1, 1994, as a self-insurance mechanism created pursuant to Section 1004.24, Florida Statutes. Although legally separate from the University of Florida, the Program's and the HEIC's sole purpose is to assist in providing liability protection for the University and its affiliated individuals and entities, and are therefore reported as if they are part of the University. See Note 16 for more details.

### *C. Discretely Presented Component Units*

Based on the application of the criteria for determining component units, certain affiliated organizations are included within the University reporting entity as discretely presented component units. The University further categorizes its component units as Direct-Support Organizations, Health Science Center Affiliates, and Shands Teaching Hospital and Others. An annual audit of each organization's financial statements is conducted by independent certified public accountants. The annual reports are submitted to the Auditor General and the University Board of Trustees. Additional information on the University's discretely presented component units, including copies of audit reports, is available by contacting the Office of University Relations. Condensed financial statements for the University's discretely presented component units are shown in Note 19.

### *D. Direct-Support Organizations*

The University's direct-support organizations, as provided for in Section 1004.28, Florida Statutes, and Board of Governors' Regulation 9.011, are considered component units of the University of Florida and therefore the latest audited financial statements of these organizations are included in the financial statements of the University by discrete presentation. These legally separate, not-for-profit corporations are organized and operated exclusively to assist the University to achieve excellence by providing supplemental resources from private gifts and bequests, and valuable education support services. The Statute authorizes these organizations to receive, hold, invest and administer property and to make expenditures to or

for the benefit of the University. These organizations and their purposes are explained as follows:

**University of Florida Foundation, Inc.**, solicits, collects, manages, and directs contributions to the various academic departments and programs of the University, and assists the University in fund raising, public relations, and maintenance of alumni records.

**University of Florida Research Foundation, Inc.**, promotes, encourages, and assists research activities of the University through income derived from or related to the development and commercialization of intellectual properties, which include inventions, discoveries, processes, and work products.

**The University Athletic Association, Inc.**, conducts various inter-collegiate athletic programs for and on behalf of the University.

**Gator Boosters, Inc.**, supports athletic activities at the University.

**The University of Florida Law Center Association, Inc.**, supports the Levin College of Law.

**Florida Foundation Seed Producers, Inc.**, supplies Florida farmers and producers with crop seed and nursery stock. This organization stocks foundation seed of the best-known varieties acceptable to Florida climate and soils in adequate quantities and at reasonable prices.

**Florida 4-H Club Foundation, Inc.**, promotes the educational objectives of the Florida Cooperative Extension Service.

**Southwest Florida Research and Education Foundation, Inc.**, provides research and educational support to the University of Florida Southwest Florida Research and Education Center.

**Citrus Research and Education Foundation, Inc.**, expedites citrus production, propagates new plant materials, collects and analyzes environmental impact research data, and provides research and education support to the University of Florida Citrus Research and Education Center at Lake Alfred.

**Citrus Research and Development Foundation, Inc.**, was formed to advance disease and production research and product development activities to ensure the survival and competitiveness of Florida's citrus growers through innovation.

**University of Florida Leadership and Education Foundation, Inc.**, was formed to further agriculture and natural resource education and related activities, promote agriculture and natural resources leadership, and make contributions to and confer benefits upon the University.

**Treasure Coast Agricultural Research Foundation, Inc.**, supports, encourages, and fosters research, education, and extension at the Institute of Food and Agricultural Sciences of the University on issues related to the citrus industry within the Indian River region.

**University of Florida Alumni Association, Inc.**, supports activities of the alumni of the University of Florida.

**University of Florida Investment Corporation** promotes the educational purposes of the University of Florida by providing investment research, advice, counsel, and management to and for the University Board of Trustees and affiliated organizations of the University.

**UF Historic St. Augustine, Inc.**, ensures the long-term preservation and interpretation of State-owned historic properties in St. Augustine. Related transactions have been recorded in the University's accounting records, primarily for payments received per the lease agreements transferred to the University and from State Appropriations for maintenance of the historic properties. Since this direct-support organization had no separate financial transactions, it is not presented.

**University of Florida Development Corporation**, which was formed March 17, 2011, develops and maintains Innovation Square where the University-owned Florida Innovation Hub is located. This direct-support organization had no financial transactions and it is not presented.

### *E. Health Science Center Affiliates*

Several corporations closely affiliated with the University of Florida J. Hillis Miller Health Science Center (JHMHC) are considered to be component units of the University of Florida. These corporations are as follows:

- **Florida Clinical Practice Association, Inc.**
- **University of Florida Jacksonville Physicians, Inc.**
- **Faculty Associates, Inc.**
- **Florida Health Professions Association, Inc.**
- **University of Florida College of Nursing Faculty Practice Association, Inc.**
- **University of Florida College of Pharmacy Faculty Practice Association, Inc.**
- **Florida Veterinary Medicine Faculty Association, Inc.**
- **University of Florida Jacksonville Healthcare, Inc.**
- **Faculty Clinic, Inc.**

The first seven corporations listed are Faculty Practice Plans, as provided for in Board of Governors' Regulation 9.017. The Faculty Practice Plans provide educationally-oriented clinical practice settings and opportunities through which faculty members provide health, medical, and dental care to patients as an integral part of their academic activities and their

employment as faculty. Because these faculty practice activities generate income, the colleges are authorized to regulate fees generated from faculty practice and maintain Faculty Practice Plans for the orderly collection and distribution of fees. These organizations provide significant support for the clinical instruction function of the JHMHC.

University of Florida Jacksonville Healthcare, Inc., a Health Services Support Organization, as provided for in Board of Governors' Regulation 9.011, engages in strategic alliances and partnerships with non-academic entities, effecting managed care contracting and provider network development for the JHMHC. Faculty Clinic, Inc., was originally organized to operate a multi-specialty clinic. However, effective January 1, 1995, Faculty Clinic, Inc., was restructured to operate as a facilities management company.

### *F. Shands Teaching Hospital and Others*

**Shands Teaching Hospital and Clinics, Inc.** (Shands), was incorporated October 15, 1979, as a not-for-profit corporation. Shands, a major tertiary care teaching institution, is a leading referral center in the State of Florida and the southeast United States and facilitates medical education programs at the University.

Shands entered into a contractual agreement, as of July 1, 1980, as subsequently restated and amended, with the Florida Board of Education, to provide for the use of hospital facilities at the JHMHC through December 31, 2030, with renewal provisions. The contractual agreement also provides for the transfer to Shands of all other assets and liabilities arising from the operation of the hospital facilities prior to July 1, 1980. At termination of the contractual agreement, the net assets of Shands revert to the State Board of Education. Legal title to all buildings and improvements transferred to Shands remains with the State of Florida during the term of the contractual agreement. The contractual agreement provides for a 12-month grace period for any event of default, other than the bankruptcy of Shands. In addition, the contractual agreement limits the right of the State Board of Education to terminate the contractual agreement solely to the circumstance in which Shands declares bankruptcy and, in such event, requires net revenues derived from the operation of the hospital facilities to continue to be applied to the payment of Shands' debts.

Under the terms of the contractual agreement, Shands is obligated to manage, operate, maintain, and insure the hospital facilities in support of the programs of the JHMHC and further agrees to contract with the State Board of Education for the provision of these programs. By operation of law, the University of Florida Board of Trustees has become the successor-in-interest to the State Board of Education.

Effective September 8, 2010, the Board of Directors of Shands approved a motion to reorganize its corporate structure. Under

the reorganization, Shands will no longer be the sole corporate member of Shands Jacksonville HealthCare, Inc. (Shands Jacksonville), and will continue as an affiliated entity under common control of the University of Florida. Pursuant to the reorganization, Shands Jacksonville is no longer consolidated with Shands effective July 1, 2010.

After reassessing its articles of incorporation and bylaws, Shands determined that it meets the definition of a governmental entity and thus adopted Governmental Accounting Standards Board (GASB) pronouncements. Previously, Shands followed Financial Accounting Standards Board (FASB) pronouncements. Beginning net assets have been restated for the adoption of GASB pronouncements. See Note 2.

**Shands Jacksonville HealthCare, Inc.** (Shands Jacksonville), is a Florida not-for-profit corporation. Shands Jacksonville was organized primarily to provide healthcare and related services to the community including the City of Jacksonville and surrounding counties, and to support the teaching and research missions of the University.

Effective September 27, 2010, the Board of Directors of Shands Jacksonville approved the motion for Shands to no longer be the sole corporate member of Shands Jacksonville. The reorganization is accounted for under the de-pooling method of accounting, and, as such, Shands Jacksonville is no longer consolidated with Shands effective July 1, 2010. Therefore, the financial position and results of operations and changes in net assets of Shands Jacksonville are reported separately from Shands.

Shands Jacksonville continues to receive management and operational services from Shands. As a part of the reorganization, Shands Jacksonville delivered a promissory note to Shands in the amount of \$42.3 million payable over 20 years in acknowledgement of historical investments in Shands Jacksonville.

After reassessing its articles of incorporation and bylaws, Shands Jacksonville determined that it meets the definition of a governmental entity and thus adopted GASB pronouncements. Previously, Shands Jacksonville followed FASB pronouncements. See Note 2.

**University Village Apartments, Inc.** (the Corporation), was established in 1969, for the purpose of providing housing for low- and moderate-income families, especially those affiliated with the University of Florida. Capital was contributed at inception by the University of Florida Foundation, Inc., but no capital stock was issued because the Corporation does not operate for the benefit of any special interest. The Corporation provides housing under Section 221(d)(3) of the National Housing Act. The facility consists of 28 two-story buildings and is regulated by the United States Department of Housing and Urban Development as to rent charges and operating

methods. The Corporation's major program is its Section 221 insured loan, which is in the repayment phase. Legal title to the property is held by the Corporation.

### *G. Basis of Presentation*

The University's accounting policies conform with accounting principles generally accepted in the United States of America applicable to public colleges and universities as prescribed by GASB. The National Association of College and University Business Officers (NACUBO) also provides the University with recommendations prescribed in accordance with generally accepted accounting principles promulgated by GASB and FASB. GASB allows public universities various reporting options. The University of Florida has elected to report as an entity engaged in only business-type activities. This election requires the adoption of the accrual basis of accounting and entity-wide reporting including the following components:

- Management's Discussion and Analysis
- Basic Financial Statements:
  - 1) Statement of Net Assets
  - 2) Statement of Revenues, Expenses, and Changes in Net Assets
  - 3) Statement of Cash Flows
  - 4) Notes to the Financial Statements
- Other Required Supplementary Information

### *H. Basis of Accounting*

Basis of accounting refers to when revenues, expenses, and related assets and liabilities are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the measurement focus applied. The University's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange activities are generally recognized when all applicable eligibility requirements, including time requirements, are met.

The University's discretely presented component units use the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred. Some follow GASB and some, such as the University of Florida Foundation, Inc., follow FASB standards of accounting and financial reporting for not-for-profit organizations.

The University applies all applicable GASB pronouncements and, in accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, has elected to apply only those FASB pronouncements issued on or before November 30, 1989, not in conflict with GASB standards.

Significant interdepartmental sales between auxiliary service departments and other institutional departments have been accounted for as reductions of expenses and not revenues of those departments.

The University's principal operating activities consist of instruction, research and public service. Operating revenues and expenses generally include all fiscal transactions directly related to these activities as well as administration, operation and maintenance of capital assets, and depreciation on capital assets. Nonoperating revenues include State Appropriations, Federal and State student financial aid, investment income (net of unrealized gain or losses on investments) and revenues for capital construction projects. Interest on capital asset-related debt is a nonoperating expense.

The Statement of Net Assets is presented in a classified format to distinguish between current and noncurrent assets and liabilities. When both restricted and unrestricted resources are available to fund certain programs, it is the University's policy to first apply the restricted resources to such programs, followed by the use of the unrestricted resources.

The Statement of Revenues, Expenses, and Changes in Net Assets is presented by major sources and is reported net of tuition scholarships, discounts, and allowances. Tuition scholarships, discounts, and allowances are the differences between the stated charge for goods and services provided by the University and the amount that is actually paid by a student or a third party making payment on behalf of the student. The University applied "The Alternate Method" as prescribed in NACUBO Advisory Report 2000-05 to determine the reported net tuition scholarships, discounts, and allowances. Under this method, the University computes these amounts by allocating the cash payments to students, excluding payments for services, on a ratio of total aid to the aid not considered to be third-party aid.

The Statement of Cash Flows is presented using the direct method in compliance with GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*.

### ***I. Cash and Cash Equivalents***

The amount reported by the University as cash and cash equivalents consists of cash on hand and cash in interest earning demand accounts. University cash deposits are held in banks qualified as public depositories under Florida law.

All such deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool required by Chapter 280, Florida Statutes. Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital assets or other restricted assets, are classified as restricted.

### ***J. Capital Assets***

University capital assets consist of land, construction in progress, buildings, infrastructure and other improvements, furniture and equipment, library resources, property under capital lease, works of art and historical treasures, computer software, and other capital assets. These assets are capitalized and recorded at cost at the date of acquisition or at estimated fair value on the date received in the case of gifts and purchases of State surplus property. Additions, improvements, and other outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The University has a capitalization threshold of \$1,000 for tangible personal property and \$250,000 for new buildings. For building improvements, the threshold is \$250,000 or less if the amount expended is at least 25% of the cost basis of the building. Depreciation is computed on the straight-line basis over the following estimated useful lives:

- Buildings - 20 to 50 years, depending on construction
- Infrastructure and Other Improvements - 12 to 50 years
- Furniture and Equipment - 3 to 20 years
- Property Under Capital Lease - 40 years
- Computer Software - 3 to 7 years
- Library Resources - 10 years

### ***K. Noncurrent Liabilities***

Noncurrent liabilities include principal amounts of capital improvement debt payable, installment purchase agreements payable, capital leases payable, compensated absences payable, other postemployment benefits payable, liability for self-insured claims, and other noncurrent liabilities that are not scheduled to be paid within the next fiscal year. Capital improvement debt payable is reported net of unamortized premiums or discounts and deferred losses on refunding. The University amortizes debt premiums and discounts over the life of the debt using the straight-line method. Deferred losses on refundings are amortized over the life of the old debt or new debt (whichever is shorter) using the straight-line method.

Issuance costs paid from the debt proceeds are reported as Other Noncurrent Assets, and are amortized over the life of the debt using the straight-line method.

### L. Other Significant Accounting Policies

Other significant accounting policies are set forth in the financial statements and subsequent notes hereafter.

## 2 ADJUSTMENTS TO BEGINNING NET ASSETS

During the 2010-11 fiscal year, management of Shands Teaching Hospital and Clinics, Inc. (Shands), and Shands Jacksonville HealthCare, Inc. (Shands Jacksonville), determined that they meet the definition of a governmental entity, thereby adopting GASB pronouncements. Previously, these entities followed FASB pronouncements. This change resulted in an increase to the Beginning Net Assets of \$350,824,000.

Table 1 shows the adjustment that was made to Beginning Net Assets reported in the Statement of Revenues, Expenses, and Changes in Net Assets and reflects the changes in accounting principles from FASB to GASB.

Table 1. Adjustments to Beginning Net Assets

Description	Component Units
Shands – To Increase Beginning Net Assets to Reflect the Change in Accounting Principles from FASB to GASB	\$ 307,265,000
Shands Jacksonville – To Increase Beginning Net Assets to Reflect the Change in Accounting Principles from FASB to GASB	43,559,000
<b>Total</b>	<b>\$ 350,824,000</b>

## 3 INVESTMENTS

Section 1011.42(5), Florida Statutes, authorizes universities to invest funds with the State Treasury and State Board of Administration (SBA), and requires that universities comply with the statutory requirements governing investment of public funds by local governments. Accordingly, universities are subject to the requirements of Chapter 218, Part IV, Florida Statutes. The University's Board of Trustees has adopted a written investment policy providing that surplus funds of the University shall be invested in those institutions and instruments permitted under the provisions of Florida Statutes. Pursuant to Section 218.415(16), Florida Statutes, the University is authorized to invest in the Florida PRIME investment pool administered by the SBA, interest-bearing

time deposits and savings accounts in qualified public depositories, as defined in Section 280.02, Florida Statutes; direct obligations of the United States Treasury; obligations of Federal agencies and instrumentalities; securities of, or interests in, certain open-end or closed-end management type investment companies; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and other investments approved by the University's Board of Trustees, as authorized by law. Investments set aside to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital assets are classified as restricted. Investments of the University and its component units at June 30, 2011, are reported at fair value and shown in Tables 2 and 3.

### A. External Investment Pools

The University and its discretely presented component units (see Note 1) reported investments at fair value totaling \$824,895,286 and \$261,909,556, respectively, at June 30, 2011, in the State Treasury Special Purpose Investment Account (SPIA) investment pool, representing ownership of a share of the pool, not the underlying securities. The SPIA carried a credit rating of Af by Standard and Poor's and had an effective duration of 2.13 years at June 30, 2011. The University relies on policies developed by the State Treasury for managing interest rate risk or credit risk for this investment pool. Disclosures for the State Treasury investment pool are included in the notes to the financial statements of the State's Comprehensive Annual Financial Report.

At June 30, 2011, the University's component units reported investments at fair value totaling \$407,701 in the Florida PRIME investment pool, administered by the SBA pursuant to Section 218.405, Florida Statutes. The investments in the Florida PRIME investment pool, which the SBA indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, at June 30, 2011, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. The Florida PRIME investment pool carried a credit rating of AAAM by Standard & Poor's and had a weighted-average days to maturity (WAM) of 31 days as of June 30, 2011. A portfolio's WAM reflects the average maturity in days, based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the Florida PRIME investment pool to interest rate changes. The investments in the Florida PRIME investment pool are reported at fair value, which is amortized cost.

### B. State Board of Administration Debt Service Accounts

The University reported investments at fair value totaling \$1,415,349 at June 30, 2011, in the SBA Debt Service Accounts. These investments are used to make debt service payments on

bonds issued by the State Board of Education for the benefit of the University. The University's investments consist of United States Treasury securities, with maturity dates of six months or less. The University relies on policies developed by the SBA for managing interest rate risk and credit risk for these accounts. Disclosures for the Debt Service Accounts are included in the notes to the financial statements of the State's Comprehensive Annual Financial Report.

### C. Other Investments

In addition to external investment pools, the University and its discretely presented component units invested in various debt and equity securities, money market funds, mutual funds and certificates of deposit. For the University, the majority of the other investments are those reported by the University of Florida Self-Insurance Program combined with the University of Florida Healthcare Education Insurance Company, a blended component unit (see Note 1), plus amounts invested by the University of Florida Investment Corporation for the University of Florida. For the University's discretely presented component units, other investments are those reported primarily by the University of Florida Foundation, Inc., University of Florida Research Foundation, Inc., The University Athletic Association, Inc., Florida Clinical Practice Association, Inc., Shands Jacksonville HealthCare, Inc., and Shands Teaching Hospital and Clinics, Inc. The following risks apply to the University's and its discretely presented component units' investments other than external investment pools:

**Interest Rate Risk:** Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Pursuant to Section 218.415(16), Florida Statutes, the University's investments in securities must provide sufficient liquidity to pay obligations as they come due. Per the Statement of Investment Guidelines and Objectives of the University of Florida Healthcare Education Insurance Company, the weighted-average duration of the fixed income portfolio shall at all times be less than five years. of the University and its component units (excluding those reporting under FASB standards) in debt securities and bond mutual funds, and their future maturities at June 30, 2011, are shown in Tables 4 and 5, respectively.

**Credit Risk:** Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Obligations of the United States Government or obligations explicitly guaranteed by the United States Government are not considered to have credit risk and do not require disclosure of credit quality. At June 30, 2011, the University and its component units (excluding those reporting under FASB standards) had bonds and notes, money market funds and bond mutual funds, with quality ratings by nationally recognized rating agencies (i.e., Moody's Investors Service), as shown in Tables 6 and 7, respectively.

**Custodial Credit Risk:** Custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, the University will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Exposure to custodial credit risk relates to investment securities that are held by someone other than the University and are not registered in the University's name. The University has no formal policy on custodial credit risk. The component units manage their custodial credit risk based on various investment policies, which may be obtained separately from the component units.

**Concentration of Credit Risk:** Concentration of credit risk is the risk of loss attributed to the magnitude of the University's investments in a single issuer. The University has no formal policy on concentration of credit risk. The component units manage their concentration of credit risk based on various investment policies, which may be obtained separately from the component units.

## 4 RECEIVABLES

### A. Accounts Receivable

Accounts receivable represent amounts for grant and contract reimbursements due from third parties, various sales and services provided to students and third parties, student tuition and fees, and interest accrued on investments and loans receivable. Accounts receivable, net of an allowance for uncollectible accounts, reported as of June 30, 2011, are summarized in Table 8.

### B. Loans and Notes Receivable

Loans and notes receivable represent all amounts owed on promissory notes from debtors, including student loans made under the Federal Perkins Loan Program and other loan programs.

### C. Allowances for Uncollectible Receivables

Allowances for uncollectible accounts, and loans and notes receivable, are reported based upon management's best estimate as of fiscal year-end, considering type, age, collection history, and other factors considered appropriate. Accounts

receivable for student tuition and fees, various sales and services provided to students and third parties, and interest are reported net of an allowance of \$8,547,395, which is 17.9% of total related accounts receivable. Loans and notes receivable are reported net of an allowance of \$3,539,884, which is 8% of total related loans and notes receivable. No allowance has been accrued for grants and contracts receivable. University management considers these to be fully collectible.

## 5 DUE FROM STATE

This amount consists of \$79,384,879 of Public Education Capital Outlay due from the State to the University for construction of University facilities.

## 6 DUE FROM AND TO COMPONENT UNITS/ UNIVERSITY

The University's financial statements are reported for the fiscal year ended June 30, 2011. The University's component units' financial statements are reported for the most recent fiscal year for which an audit report is available. Some component units have a fiscal year other than June 30. Additionally, component units' due from and due to amounts include receivables and payables between the various component unit columns. Accordingly, amounts reported by the University as due from and to component units on the Statement of Net Assets may not agree with amounts reported by the component units as due from and to the University.

## 7 INVENTORIES

Inventories have been categorized into the following two types:

**Departmental Inventories** – Those inventories maintained by departments and not available for resale. Departmental inventories are comprised of such items as classroom and laboratory supplies, teaching materials, and office supply items, which are consumed in the teaching and work process. These inventories are normally expensed when purchased and therefore are not reported on the Statement of Net Assets.

**Merchandise Inventories** – Those inventories maintained which are available for resale to individuals and other University departments, and are not expensed at the time of purchase. These inventories are reported on the Statement of Net Assets and are valued at cost using either the moving average method or the first-in, first-out method.

## 8 CAPITAL ASSETS

Capital assets activity for the fiscal year ended June 30, 2011, is presented in Table 9.

## 9 MUSEUM AND ART COLLECTIONS

The Florida Museum of Natural History, which is part of the University, maintains a depository of biological, geological, archaeological, and ethnographic materials. The Museum's collections contain approximately 32 million specimens, more than half of which are catalogued, either individually or in lots. While many of the collections are undoubtedly quite valuable and irreplaceable, the University has not placed a dollar value on these items and, accordingly, the financial statements do not include these assets.

The Samuel P. Harn Museum of Art, which is also part of the University, maintains a collection of approximately 8,300 works of art. Donations of artwork to the Museum are recorded by the University of Florida Foundation, Inc. (Foundation), and are included with reported "Permanent Collections" as further explained in Note 9 of the Foundation's audited financial statements for the fiscal year ended June 30, 2011. Purchases of artwork by the Museum are included with the University's reported "Non-depreciable Capital Assets" as presented in Table 9.

## 10 DEFERRED REVENUE

Deferred revenue includes amounts received prior to the end of the fiscal year but related to subsequent accounting periods. Deferred revenue, as of June 30, 2011, is summarized in Table 10.

## 11 OTHER CURRENT LIABILITIES

The University maintained accounts with a local bank to process general operating expenses and payroll transactions. Funds in excess of current need, including float, were invested. As a result, the University's records showed a temporary cash overdraft for the amount of outstanding checks not presented as of June 30, 2011. This did not, however, represent an overdraft in the University's depository accounts.

## 12 LONG-TERM LIABILITIES

Long-term liabilities of the University at June 30, 2011, include capital improvement debt payable, installment purchase agreements payable, capital leases payable, compensated absences payable, other postemployment benefits payable, liability for self-insured claims, and other noncurrent liabilities.

Long-term liability activity for the fiscal year ended June 30, 2011, is presented in Table 11.

### A. Capital Improvement Debt Payable

A summary of the University's capital improvement debt payable at June 30, 2011, appears in Table 12.

Student housing and parking garage capital improvement debt was issued to construct student housing facilities and parking garages. The outstanding debt, which includes both term and serial bonds, is secured by a pledge of a portion of housing rental revenues and parking fees.

On March 31, 2011, the Florida Board of Governors, on behalf of the University, issued \$29,838,000 of University of Florida Revenue Bonds, Series 2011. The proceeds of \$29,795,952, net of \$42,048 for costs of issuance, will be used to partially finance the construction of a Clinical Translational Research Building. The outstanding debt is secured by a pledge of a portion of indirect costs revenues received by the College of Medicine.

The Clinical Translational Research Building will be built on the campus of the University. The project will consist of a facility of approximately 120,000 square feet, with space to house the Clinical Translational Science Institute headquarters, the UF Institute on Aging, and several clinical research projects.

Remaining funding for the project, with an estimated cost of \$44,700,000, will be provided by a grant from the National Institutes of Health.

Annual requirements to amortize all capital improvement debt outstanding as of June 30, 2011, appear in Table 13.

### B. Installment Purchase Agreements Payable

The University has entered into several installment purchase agreements for the purchase of equipment reported at \$7,299,548. The stated interest rates ranged from 1.62% to 10.74%. Future minimum payments remaining under installment purchase agreements as of June 30, 2011, appear in Table 14.

### C. Capital Leases Payable

On June 8, 1994, the former Board of Regents, on behalf of the University of Florida, entered into a lease agreement with the University of Florida Foundation, Inc. (the Foundation), a direct-support organization (component unit) of the University. Under the terms of the agreement, the University agreed to lease from the Foundation a 607-space parking garage (the garage) located near the Health Science Center Administrative Offices for a period of thirty years beginning July 1, 1994. Lease payments of \$100,000 annually are due each July 1. The garage was simultaneously acquired by the Foundation from Shands Teaching Hospital and Clinics, Inc. (Shands), also a component unit, and financed by the Foundation through the issuance of a promissory note secured by a non-recourse mortgage containing payment terms similar to those in the lease agreement between the Foundation and the University. Lease payments from the University to the Foundation and from the Foundation to Shands were based on an original construction cost of \$3,000,000 and no interest. For reporting purposes, the lease is considered a capital lease under Financial Accounting

Standards Board (FASB) Statement No. 13, *Accounting for Leases*. The initial obligation was discounted at an imputed interest rate of 6.45% and was recorded at \$1,382,470. The asset, which is included in reported Property Under Capital Lease, was recorded at cost to Shands of \$3,000,000.

On March 1, 2000, the University, acting for and on behalf of the former Board of Regents, entered into a lease agreement with Shands. Under the terms of the agreement, the University agreed to lease from Shands an 800-space parking garage located near the Health Science Center Administrative Offices for a period of thirty years beginning March 1, 2000. Annual lease payments of \$227,167 are due each May 1, beginning May 1, 2001. Lease payment amounts were based on an original construction cost of \$6,815,002 and no interest. For reporting purposes, the lease is considered a capital lease under FASB Statement No. 13, *Accounting for Leases*. The initial obligation was discounted at an imputed interest rate of 6.45% and was recorded at \$2,981,939. The asset, which is included in reported Property Under Capital Lease, was recorded at cost to Shands of \$6,815,002. A summary of pertinent information related to the two capital leases appears in Table 15.

Future minimum payments under the capital lease agreements and the present value of the minimum payments as of June 30, 2011, are presented in Table 16.

### D. Compensated Absences Payable

Employees earn the right to be compensated during absences for annual leave (vacation) and sick leave earned pursuant to Board of Governors' Regulations, University Regulations, and bargaining agreements. Leave earned is accrued to the credit of the employee and records are kept on each employee's unpaid (unused) leave balance. The University reports a liability for the accrued leave; however, State Appropriations fund only the portion of accrued leave that is used or paid in the current fiscal

year. Although the University expects the liability to be funded primarily from future appropriations, generally accepted accounting principles do not permit the recording of a receivable in anticipation of future appropriations. At June 30, 2011, the estimated liability for compensated absences, which includes the University's share of the Florida Retirement System and FICA contributions, totaled \$177,931,358. The current portion of the compensated absences liability is the amount expected to be paid in the coming fiscal year, and is based on actual payouts over the last three years, calculated as a percentage of those years' total compensated absences liability.

### E. Other Postemployment Benefits Payable

The University follows Governmental Accounting Standards Board (GASB) Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, for certain postemployment benefits administered by the State Group Health Insurance Program.

**Plan Description.** Pursuant to the provisions of Section 112.0801, Florida Statutes, all employees who retire from the University are eligible to participate in the State Group Health Insurance Program, an agent multiple-employer defined-benefit plan (Plan). The University subsidizes the premium rates paid by retirees by allowing them to participate in the Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the Plan, on average, than those of active employees. Retirees are required to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. A stand-alone report is not issued and the Plan information is not included in the report of a public employee retirement system or another entity.

**Funding Policy.** Plan benefits are pursuant to the provisions of Section 112.0801, Florida Statutes, and benefits and contributions can be amended by the Florida Legislature. The University has not advance-funded or established a funding methodology for the annual Other Postemployment Benefit (OPEB) costs or the net OPEB obligation, and the Plan is financed on a pay-as-you-go basis. For the 2010-11 fiscal year, 2,513 retirees received postemployment benefits. The University provided required contributions of \$10,027,000 toward the annual OPEB cost, comprised of benefit payments made on behalf of retirees for claims expenses (net of reinsurance), administrative expenses, and reinsurance premiums. Retiree contributions totaled \$13,974,000.

**Annual OPEB Cost and Net OPEB Obligation.** The University's annual OPEB cost (expense) is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB 45. The ARC represents a level of funding that if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. Table 17 shows the University's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the University's net OPEB obligation.

<b>Net OPEB Obligation, End of Year</b>	<b>\$ 66,062,000</b>

The University's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation as of June 30, 2011, and for the two preceding years, are presented in Table 18.

**Funded Status and Funding Progress.** As of July 1, 2009, the most recent actuarial valuation date, the actuarial accrued liability for benefits was \$455,677,000 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$455,677,000. The covered payroll (annual payroll of active participating employees) was \$963,840,468 for the 2010-11 fiscal year, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 47.3 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following the Notes to the Financial Statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

**Actuarial Methods and Assumptions.** Projections of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and participating members. The actuarial methods and

2009-10	31,555,000	26.4%	42,869,000
2010-11	33,220,000	30.2%	66,062,000

assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The University's OPEB actuarial valuation as of July 1, 2009, used the entry-age cost actuarial method to estimate the unfunded actuarial liability as of June 30, 2011, and the University's estimated 2010-11 fiscal year annual required contribution. This method was selected because it is the same method used for the valuation of the Florida Retirement System. Because the OPEB liability is currently unfunded, the actuarial assumptions included a 4% rate of return on invested assets. The actuarial assumptions also included a payroll growth rate of 4% per year. Healthcare cost trend rates were 9.02%, 9.47%, and 9.62% for the current and two previous years, respectively, for all retirees in the Preferred Provider Option (PPO) Plan, and were 7.11%, 10.5%, and 10.5% for the current and two previous years for all retirees in the Health Maintenance Organization (HMO) Plan. The PPO and HMO healthcare trend rates are both 6.6% in the fourth year grading identically to 5.1% over 70 years. The unfunded actuarial accrued liability is being amortized over 30 years using the level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2011, was 26 years.

## 13 INTERDEPARTMENTAL AUXILIARY SALES

Interdepartmental sales between auxiliary service departments and other institutional departments have been eliminated from expenses and revenues for reporting purposes. The interdepartmental transactions eliminated in the financial statement preparation totaled \$106,426,256 for the fiscal year ended June 30, 2011.

## 14 RETIREMENT PROGRAMS

### A. Florida Retirement System

Essentially all regular employees of the University are eligible to enroll as members of the State-administered Florida

Retirement System (FRS). Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code, wherein eligibility, contributions, and benefits are defined and described in detail. FRS is a single retirement system administered by the Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer retirement plans and other nonintegrated programs. These include a defined-benefit pension plan (Plan), a Deferred Retirement Option Program (DROP), and a defined-contribution plan, referred to as the Public Employee Optional Retirement Program (PEORP).

Employees in the Plan vest at 6 years of service. All vested members are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, which may include up to 4 years of credit for military service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability and death benefits, and annual cost-of-living adjustments.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in the DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

The State of Florida establishes contribution rates for participating employers. Employer contribution rates (none from employees) during the 2010-11 fiscal year are presented in Table 19.

The University's liability for participation is limited to the payment of the required contribution at the rates and frequencies established by law on future payrolls of the University. The University's contributions for the fiscal years ended June 30, 2009, June 30, 2010, and June 30, 2011, totaled \$34,080,768, \$33,580,957, and \$38,823,505, respectively, which were equal to the required contributions for each fiscal year.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the PEORP in lieu of the FRS defined-benefit plan. University employees already participating in the State University System Optional Retirement Program or the DROP are not eligible to participate in this program. Employer contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. The PEORP is funded by employer contributions that are based on salary and membership class (Regular Class, Senior Management Service Class, etc.). Contributions are directed to individual member accounts, and the individual members allocate contributions

and account balances among various approved investment choices. Employees in PEORP vest at one year of service. There were 1,530 University participants during the 2010-11 fiscal year. Required contributions made to the PEORP totaled \$6,410,097.

Financial statements and other supplementary information of the FRS are included in the State's Comprehensive Annual Financial Report, which is available from the Florida Department of Financial Services. An annual report on the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services, Division of Retirement.

### ***B. State University System Optional Retirement Program***

Section 121.35, Florida Statutes, provides for an Optional Retirement Program (Program) for eligible university instructors and administrators. The Program is designed to aid State universities in recruiting employees by offering more portability to employees not expected to remain in the FRS for six or more years.

The Program is a defined contribution plan, which provides full and immediate vesting of all contributions submitted to the participating companies on behalf of the participant. Employees in eligible positions can make an irrevocable election to participate in the Program, rather than the FRS, and purchase retirement and death benefits through contracts provided by certain insurance carriers. The employing university contributes, on behalf of the participant, 10.43% of the participant's salary, less a small amount used to cover administrative costs. The remaining contribution is invested in the company or companies selected by the participant to create a fund for the purchase of annuities at retirement. The participant may contribute, by payroll deduction, an amount not to exceed the percentage contributed by the University to the participant's annuity account.

There were 5,481 University participants during the 2010-11 fiscal year. Required employer contributions made to the Program totaled \$57,287,834 and employee contributions totaled \$23,347,442.

### ***C. Institute of Food and Agricultural Sciences Supplemental Retirement***

In 1984, the Florida Legislature enacted the Institute of Food and Agricultural Sciences Supplemental Retirement Act to provide a supplement to the monthly retirement benefit being paid under the Federal Civil Service Retirement System to retirees of the Institute of Food and Agricultural Sciences (IFAS) at the University of Florida. The supplement is designated for IFAS cooperative extension employees employed before July 1, 1983, who are not entitled to benefits from either a State-supported retirement system or social security based on their service with IFAS. It was intended to compensate these IFAS employees for the difference between their Civil Service benefit and the benefits an FRS member receives, which include a social security benefit. No additional persons can become eligible for this supplement.

There were 40 University participants during the 2010-11 fiscal year. Required employer contributions made to the program totaled \$655,383. Employees do not contribute to this program.

### ***D. Other Retirement Programs***

Some University employees participate in the Florida Teachers' Retirement System and the U.S. Civil Service Retirement System. Two employees were covered by the Florida Teachers' Retirement System during the 2010-11 fiscal year. Employer contributions totaled \$18,798, and employee contributions totaled \$8,722. Forty-six employees were covered by the U.S. Civil Service Retirement System during the 2010-11 fiscal year. Employer contributions totaled \$283,959, and employee contributions totaled \$280,349.

RISK MANAGEMENT  
PROGRAMS

## A. State Self-Insurance Programs

The University is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Pursuant to Section 1001.72(2), Florida Statutes, the University participates in State self-insurance programs providing insurance for property and casualty, workers' compensation, general liability, fleet automotive liability, Federal Civil Rights, and employment discrimination liability. During the 2010-11 fiscal year, for property losses, the State retained the first \$2 million of losses for each occurrence with an annual aggregate retention of \$40 million for named wind and flood losses and no annual aggregate retention for all other named perils. After the annual aggregate retention, losses in excess of \$2 million per occurrence were commercially insured up to \$58.75 million for named wind and flood losses through February 14, 2011, and increased to \$61 million starting February 15, 2011. For perils other than named wind and flood, losses in excess of \$2 million per occurrence were commercially insured up to \$200

million; and losses exceeding those amounts were retained by the State. No excess insurance coverage is provided for workers' compensation, general and automotive liability, Federal Civil Rights and employment action coverage. All losses in these categories are completely self-insured by the State through the State Risk Management Trust Fund established pursuant to Chapter 284, Florida Statutes. Payments on tort claims are limited to \$100,000 per person and \$200,000 per occurrence as set by Section 768.28, Florida Statutes. Calculation of premiums considers the cash needs of the program and the amount of risk exposure for each participant. There have been no significant reductions in insurance coverage from the prior year coverage. Settlements have not exceeded insurance coverage during the past three fiscal years.

Pursuant to Section 110.123, Florida Statutes, University employees may obtain healthcare services through participation in the State's group health insurance plan or through membership in a health maintenance organization plan under contract with the State. The State's risk financing activities associated with State group health insurance, such as risk of loss related to medical and prescription drug claims, are administered through the State Employees Group Health Insurance Trust Fund. It is the practice of the State not to

purchase commercial coverage for the risk of loss covered by this Fund. Additional information on the State's group health insurance plan, including the actuarial report, is available from the Florida Department of Management Services, Division of State Group Insurance.

### *B. University Self-Insurance Programs*

The University of Florida Self-Insurance Program was reestablished by the Florida Board of Governors effective July 1, 2006, by amending Board of Governors' Regulation 10.001, merging the then JHMHC Self-Insurance Program and the prior University of Florida JHMHC/Jacksonville Self-Insurance Program. The Self-Insurance Program provides general and professional liability protection for the University on behalf of the six health colleges of the JHMHC, which also include the Student Health Service Auxiliary, the Veterinary Medicine Teaching Hospital, and the University of Florida Proton Therapy Institute. Hospital professional liability protection, including patient general liability, is provided to Shands Teaching Hospital and Clinics, Inc.; Shands Jacksonville HealthCare, Inc.; and other statutorily permitted entities, which voluntarily participate in the Self-Insurance Program. The University is protected for losses, which are subject to Section 768.28, Florida Statutes, including legislative claims bills, that in combination with the waiver of immunity limits described in Section 768.28, Florida Statutes, do not exceed \$1 million per claim. The Self-Insurance Program provides \$2 million per-claim protection for the participants which are not subject to the provisions of Section 768.28, Florida Statutes. The per-claim limit of liability protection for the participants does not exceed \$2 million per claim in the event more than one protected entity is involved in the same claim or action.

Pursuant to Board of Governors' Regulation 10.001(2), the University of Florida Self-Insurance Program Council has created the University of Florida Healthcare Education Insurance Company (HEIC), a captive insurance company which is wholly owned by the Board of Governors and domiciled in the State of Vermont. HEIC is managed by a Board of Directors created by the Board of Governors. HEIC provides coverage for claims that are in excess of the protections afforded by the University of Florida Self-Insurance Program, at limits of \$4 million per-legislative claims bill coverage for insured participants subject to Section 768.28, Florida Statutes, and \$3 million per claim for voluntary settlements entered into by the Self-Insurance Program Council and insured participants that are not subject to Section 768.28, Florida Statutes. HEIC provides additional limits of liability coverage of \$50 million per claim and in the aggregate, which is in excess of the coverages described above. The excess insurance is paid to claimants on a first-come, first-serve basis.

Claims settlement and adjustment expenses are accrued as expenses and liabilities of the University of Florida Self-Insurance Program and University of Florida Healthcare Education Insurance Company, for the estimated settlement value of claims that is reported as a "Liability for Self-Insured Claims." The estimated settlement value of claims was determined based on the judgment and experience of management and the Self-Insurance Program Council through a case-by-case review. Estimated losses from incurred but unreported incidents are accrued based upon the findings of casualty actuaries.

The amount of "Liability for Self-Insured Claims" accrued for the Self-Insurance Program at June 30, 2011, was \$98,407,591 for compensatory losses and for allocated expenses. The "Liability for Self-Insured Claims" was accrued at an undiscounted present value.

The aggregate amount of claims liabilities for which annuity contracts have been purchased in the claimants' names, resulting in the removal of the related liabilities from the Statement of Net Assets, totals \$493,437 for the Self-Insurance Program at June 30, 2011. These annuities have been assigned to third parties, and all claimants have fully and completely released the Self-Insurance Program participants from all actual and contingent liability.

Changes in the balances of claims liabilities for the Self-Insurance Program and HEIC during the 2009-10 and 2010-11 fiscal years are presented in Table 21.

## LITIGATION AND CONTINGENCIES

The University is involved in several pending and threatened legal actions. The range of potential loss from all such claims and actions, as estimated by the University's legal counsel and management, should not materially affect the University's financial position.

The United States Department of Health and Human Services' and National Science Foundation's Offices of Inspector General, with the United States Department of Justice (civil division), are investigating the University's practices relating to Federal awards finances and accounting. University management is unable to make a determination of the outcome or estimate costs that the University may incur as a result of this audit.

## 18 FUNCTIONAL DISTRIBUTION OF OPERATING EXPENSES

The functional classification of an operating expense (instruction, research, etc.) is assigned to a department based on the nature of the activity, which represents the material portion of the activity attributable to the department. For example, activities of academic departments for which the primary departmental function is instruction may include some activities other than direct instruction, such as research and public service. However, when the primary mission of those departments consists of instructional program elements, all expenses of those departments are reported under the instruction classification. The operating expenses on the Statement of Revenues, Expenses, and Changes in Net Assets are presented by natural classifications. Table 22 presents those same expenses in functional classifications as recommended by NACUBO.

## 19 COMPONENT UNITS

The University has 28 component units (two of which are not presented) as discussed in Note 1. These component units comprise 100% of the transactions and account balances of the aggregate discretely presented component units' columns of the financial statements. Summary financial information from the most recently available audited financial statements for these component units is presented on the following pages in Tables 23, 24, and 25.

## 20 SEGMENT INFORMATION

A segment is defined as an identifiable activity (or grouping of activities) that has one or more bonds or other debt instruments outstanding, with a revenue stream pledged in support of that debt. In addition, the activity's related revenues, expenses, gains, losses, assets, and liabilities are required to be accounted for separately. Transportation and Parking Services provides the University with safe and adequate parking facilities. Several parking garages have been constructed from the proceeds of revenue-backed debt instruments. The Department of Housing and Residence Education provides safe and affordable living space for students of the University of Florida. Capital improvement debt has been issued over the years to provide funding for the construction of facilities to house students of the University. A summary of the financial activity for these segments is presented in Table 26.

The July 1, 2009, unfunded actuarial liability of \$455,677 thousand was significantly higher than the July 1, 2007, liability of \$269,126 thousand primarily as a result of changes in the methodology used by the actuary to calculate this liability. The most significant of these modifications were due to changes in the long-term trend model, an increase in the coverage election assumption, and changes in the rates of decrement and mortality and the amortization factor.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

We have audited the financial statements of the University of Florida, a component unit of the State of Florida, and its aggregate discretely presented component units as of and for the fiscal year ended June 30, 2011, which collectively comprise the University's basic financial statements, and have issued our report thereon included under the heading **INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS**. Our report on the financial statements was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Other auditors audited the financial statements of the aggregate discretely presented component units as described in our report on the University's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the University's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over financial reporting.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Page 2

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, with which noncompliance could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to University management in our operational audit report No. 2012-072.

Pursuant to Section 11.45(4), Florida Statutes, this report is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, Federal and other granting agencies, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

**THE UNIVERSITY OF THE FUTURE** | There are about as many ways to rank a university as there are universities. At UF, we measure our success by our ability to prepare students for the future. And that includes offering a large array of programs on campus. As a matter of fact, we are one of only six public universities in the country – and the only one in the South – that offer each of the following programs: law, medicine, agriculture and veterinary medicine. Like our five peers in this elite group, the University of Florida is an AAU member with solid and respectable research credentials, and, therefore, a strong academic reputation. UF steadfastly believes the university of the future must be diverse, global, and both broad and deep in scope.

## INDEPENDENT AUDITORS' REPORT

University of Florida Department of  
Housing and Residence Education  
Gainesville, Florida

We have audited the accompanying financial statements of the business-type activity and major fund of the University of Florida Department of Housing and Residence Education's (UFDHRE) Housing System Revenue Fund (comprised of the 1959, 1984, 1998, 2000, and 2005A Bond Series), as of and for the years ended June 30, 2011 and 2010, which collectively comprise UFDHRE's basic financial statements as listed in the table of contents. These financial statements are the responsibility of UFDHRE's management. Our responsibility is to express our opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the UFDHRE Housing System Revenue Fund, as of June 30, 2011 and 2010, and the respective changes in financial position and, where applicable, cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1, the financial statements present only the UFDHRE Housing System Revenue Fund (comprised of the 1959, 1984, 1998, 2000, and 2005A Bond Series) and are not intended to present fairly the financial position, changes in net assets, and the cash flows of the University of Florida, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 19, 2011, on our consideration of UFDHRE's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

**INDEPENDENT AUDITORS' REPORT**  
*(Concluded)*

Accounting principles generally accepted in the United States of America require management's discussion and analysis on pages 3 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the UFDHRE's financial statements as a whole. The accompanying Certificate and Interest Sinking Fund balance sheets and statements of changes in fund balance for the 1959, 1984, 1998, 2000, 2005A, 1993 and 2000 Series Escrow Fund, Building Maintenance and Equipment Reserve Fund and Schedule of Outstanding Debts on pages 20 through 27, are prepared on the modified cash basis, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## Financial Position and Results of Operations

The combined activities of UFDHRE are required to be reported in one enterprise fund. Enterprise fund statements offer short and long-term financial information for activities that are operated like a business. The UFDHRE is self-supporting, receiving no State support and as such, charges a fee for all services it provides.

UFDHRE attempts to operate on a financial breakeven basis by generating revenue sufficient to cover operating costs, debt service and provide for long-term maintenance of buildings. Operating revenues were \$43,916,808 for the fiscal year ended June 30, 2011, and \$44,108,967 for the fiscal year ended June 30, 2010, generating an operating profit of \$6,247,758 and \$13,531,065 respectively. There was no increase in rental rates for fiscal year ending June 30, 2011.

Total expenses increased in 2011 due to an increase in UFDHRE's overhead assessments from 8% to 11.3%, which resulted in an increase in total expenses of \$1,145,072. Additionally, salary expense increased due to changes in fringe benefits costs, merit raises and salary compression. UFDHRE contributes to a fringe benefit pool established by the University of Florida and rates are determined by the employee's job classification. Also contributing the increase in expenses, during the fiscal UFDHRE began three year initiative to replace the furniture in the lounges and residential rooms in all of our residence halls.

In the Statements of Cash Flows, net cash flow from operations was \$8,610,948 and \$13,396,920 for the fiscal year ending June 30, 2011 and 2010, respectively. Net cash flow was sufficient to cover UFDHRE's long-term debt service transfer of \$5,047,082 and \$5,048,303 respectively.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

	<u>2011</u>	<u>2010</u>
Furniture and Equipment	\$ 8,728,049	\$ 7,152,793
(Accumulated Depreciation)	<u>(5,400,273)</u>	<u>(4,294,713)</u>
Net Furniture and Equipment	<u>\$ 3,327,776</u>	<u>\$ 2,999,553</u>

UFDHRE categorizes furniture and equipment costing \$1,000 or greater, by residence hall and village housing areas. All items are decaled and inventoried annually.

The land and buildings (twenty four residence halls and four graduate and family housing apartment complexes) are owned by the University of Florida and the State of Florida and, therefore are not recorded by the UFDHRE as an asset. Refer to the Notes to Financial Statements - Note 3.

### Long-Term Debt

The long-term debt associated with the bonds outstanding, is in the name of, and reported in the University of Florida's Comprehensive Annual Financial Report. At fiscal year ending June 30, 2011, there was \$50,235,000 in bonds outstanding. Refer to Notes to Financial Statements - Note 4.

## **OTHER MATTERS**

These financial statements portray UFDHRE's operating performance and financial position for the fiscal year ending June 30, 2011 and 2010. UFDHRE continues with a strong financial position meeting all debt service requirements and operating at a profit to increase cash reserves. This has enabled continued expenditures for capital improvements projects of \$13,207,607 (includes a \$4,354,737 transfer out to Building Maintenance Reserve Fund) and \$6,232,732 for the fiscal years ending 2011 and 2010 respectively.

UFDHRE developed a revised Master Plan 2005-2012 dated July 2005. During this seven year period there are several projects planned including installation of fire sprinkler and alarm systems, electrical support for sprinklers, flooring removal and replacement, bathroom renovations, domestic water line replacement and window removal and replacement projects are planned. Funding will be provided from prior year cash reserves, the Housing System Building Maintenance and Equipment Reserve Fund and the Housing Facility Improvement Fee. To date, Riker, Reid, North, Mallory, Yulee, Tolbert, East, Jennings, west and north east wing of Broward, Simpson and Keys Buildings 1002, 1003, 1004, 1005 and 1006 residence halls have been completed as a result of this Master Plan. Of the total 2,303,734 square footage of Housing buildings required to have fire sprinklers, 67% have been completed.

Also, a three year plan to install wireless connectivity in all common areas within the residence halls was completed, with installation in all of the residence halls buildings in spring 2011.

The Housing system has operated at or above standard capacity for the last twenty-seven years. Residence halls occupancy was 103.9% for the 2011 Fall Semester.

In December 2005, the engineer contract was signed for the replacement of all site utilities at Corry Village, a 216 unit graduate and family housing apartment complex and by June 2009, the construction services contract was signed for the Utilities Infrastructure Improvements. Funds in the Housing System Building Maintenance & Equipment Reserve Fund were earmarked for this project. With a \$4.2M budget, the project was completed for total of \$3,198,770. During the summer of 2010, planning began for the renovation of building 281 and the demolition and rebuilding of the commons building in Corry Village. Corry Village Building 281 renovation was completed late spring 2011 for a cost of \$1,472,052. Construction began early summer 2011 on the Corry Commons as well as building 289.

Several other major constructions were completed and began during the fiscal year. Jennings Hall electrical distribution, fire sprinklers, bathrooms, windows and floor tile were upgraded and renovated for a total cost of \$2,368,578. Tolbert Hall bathroom were upgraded and renovated for total cost of \$2,247,206. Planning and construction began for the Murphree Commons renovation, this project will be completed early fall 2011 and has a budget of \$1,230,000. There is no planned new construction to add additional bed spaces to the residence halls. The focus for the residence halls will be to complete the projects outlined in the 2005-2012 Housing Master Plan.

**Note 1 - Summary of Significant Accounting Policies**

**Fund Accounting**

To ensure observance of limitations and restrictions placed on the use of resources available to University of Florida Department of Housing and Residence Education's (UFDHRE), the financial records and accounts are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with activities or objectives specified. Separate accounts are maintained for each fund. Funds are also maintained as required by bond resolution.

**Basis of Accounting**

As an auxiliary of the University of Florida, UFDHRE Housing System Revenue Fund's financial statements are prepared in accordance with generally accepted accounting principles. For financial reporting purposes, UFDHRE is considered a special purpose government engaged only in business-type activities. Accordingly, UFDHRE Housing System Revenue Fund's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

Pronouncements of the Financial Accounting Standards Board (FASB) issued after November 30, 1989, are not applied in the preparation of these enterprise fund financial statements in accordance with GASB Statement No. 20.

**Classification of Revenues**

UFDHRE Housing System Revenue Fund classifies its revenues as operating or nonoperating according to the following criteria:

■ **Operating Revenues**

Include activities that have the characteristics of exchange transactions, such as residence halls and apartment rent, utilities, vending and miscellaneous tenant charges.

■ **Nonoperating Revenues**

Include activities that have characteristics of nonexchange transactions, such as investment income.

**Net Assets**

The UFDHRE Housing System Revenue Fund's net assets are classified as follows:

■ **Invested in Capital Assets, Net of Related Debt**

Represents the UFDHRE's total investment in capital assets, net of outstanding debt obligations related to those capital assets.

■ **Unrestricted**

Represents net assets that are not restricted for any purpose and available for current operations.

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Accounts Receivable**

Accounts receivable are valued at net realizable value and are unsecured. It is UFDHRE Housing System Revenue Fund's policy to provide an allowance for accounts receivable that are not expected to be collected. All amounts for accounts receivable are expected to be collected and, therefore, no allowance has been recorded.

**Student Receivables and Allowance for Doubtful Accounts**

The student tenant receivables detail is maintained under the University of Florida Student Accounts Receivable accounting system and includes student accounts outstanding. Annually, UFDHRE Housing System Revenue Fund calculates the amount 180 days past due and adjusts the allowance for doubtful accounts through bad debt expense.

**Due To/From Other Housing Funds**

During the course of operations, transactions occur between individual housing funds for goods provided and services rendered. These receivables and payables are classified as "Due from Housing Funds" or "Due to Housing Funds" on the balance sheets.

**Furniture and Equipment**

UFDHRE Housing System Revenue Fund capitalizes all furniture and equipment acquisitions in excess of \$1,000 and records at purchased cost. Fabricated furniture is recorded at actual cost to construct and includes labor and materials.

Expenditures for repairs and maintenance are expensed when incurred.

Residence halls and family housing buildings are owned by the University of Florida and recorded by the University of Florida Plant Fund. UFDHRE Housing System Revenue Fund does not include the buildings on their balance sheet. Major building repairs and replacements incurred by UFDHRE Housing System Revenue Fund are recorded as Contributions to the Plant Fund as shown in the statements of revenues, expenses, and changes in net assets.

**Inventory**

Inventory consists of materials and supplies primarily to make furniture. Materials and supplies inventories are valued at lower of cost or market using the first-in, first-out method (FIFO).

**Unearned Rent**

Unearned rent represents rent collected in June of the current year for summer and fall academic terms held in the subsequent year and July Graduate and Family Housing rent billed and collected in June.

**Depreciation**

UFDHRE records depreciation using the straight-line method. The straight-line method calculates depreciation over the estimated useful lives of the assets. For the year ended June 30, 2011 and 2010, depreciation expense totaled \$1,000,495 and \$795,371, respectively.

**Concentration of Credit Risk**

Student accounts receivable consist of residence halls rent, monthly apartment rental, utilities, and miscellaneous charges. The total represents charges for prior months that are still outstanding and owed by former and current University of Florida students.

**Management's Review**

The UFDHRE's management has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 19, 2011, the date the financial statements were available to be issued.

**Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Budget**

Each year management prepares a proposed budget which is submitted and approved by the Board of Trustees of the University of Florida.

**Note 2 - Pooled Cash and Investments**

GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, requires additional disclosure concerning certain investment and deposit risk attributes for custodial credit risk, concentration of credit risk, credit risk, foreign currency risk, and interest rate risk.

UFDHRE Housing System Revenue Fund's pooled cash and investments are with the University of Florida, who acts as UFDHRE's fiscal agent.

The pooled cash and investments held on behalf of UFDHRE Housing System Revenue Fund by the University of Florida consist of the State Treasury Special Purpose Investment Account (SPIA), an external investment pool, and Investment Contracts held by the University of Florida Investment Corporation (UFICO).

**Note 2 - Pooled Cash and Investments (Concluded)**

As a participant in SPIA, the University of Florida owns a share of the pool, not the underlying securities. The University relies on policies developed by the State Treasury for managing interest rate risk or credit risk for this investment pool. Disclosures for the State Treasury investment pool are included in the notes to the financial statements of the State's Comprehensive Annual Financial Report.

The current insured value is approximated at \$224,080,186.

**Note 4 - Bonds Held by Related Party**

Bonds and revenue certificates were issued to construct student housing facilities. Outstanding bonds and revenue certificates include both term and serial bonds and are secured by a pledge of housing rental revenues.

Debt service on the bonds is paid from the gross revenues from operations. It is expected that these funds will continue to be sufficient to make the debt service payments.

The outstanding balances on the bonds payable are recorded by the University of Florida and are not a liability to UFDHRE Housing System Revenue Fund. The revenues of UFDHRE Housing System Revenue Fund are pledged for payment as follows:

**1959 Bonds**

The University of Florida Housing Revenue Bonds, 1959 Series F, have the first lien on the Housing System's net revenues. They are also secured by a lien on a portion of student building fees levied on a per credit hour basis on each student attending the University of Florida. The student building fees have historically provided payment, and are expected to continue to provide payment, of the debt service for these bonds.

University of Florida Department of  
Housing and Residence Education  
Gainesville, Florida

We have audited the financial statements of the business-type activity and major fund of the University of Florida Department of Housing and Residence Education's (UFDHRE) Housing System Revenue Fund (comprised of the 1959, 1984, 1998, and 2005A Bond Series) for the year ended June 30, 2011 and 2010, and have issued our report thereon dated October 19, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the UFDHRE Housing System Revenue Fund's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of UFDHRE's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of UFDHRE's internal control over financial reporting.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weakness. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the UFDHRE Housing System Revenue Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the UFDHRE, State University System, and the Bondholders of the UFDHRE Housing System Revenue Fund and should not be used by anyone other than these specified parties.

## FORM OF BOND COUNSEL OPINION

[DATED DATE OF DELIVERY]

Board of Governors  
Tallahassee, Florida

Division of Bond Finance of the  
State Board of Administration of Florida  
Tallahassee, Florida

Ladies and Gentlemen:

We have examined certified copies of the proceedings of the Board of Governors, (the "Board"), the Division of Bond Finance of the State Board of Administration of Florida (the "Division of Bond Finance"), the State Board of Administration of the State of Florida, applicable provisions of the Constitution and laws of the State of Florida, and other proofs submitted to us relative to the issuance and sale of:

\$ \_\_\_\_\_  
STATE OF FLORIDA  
BOARD OF GOVERNORS  
UNIVERSITY OF FLORIDA  
DORMITORY REVENUE BONDS, SERIES 2012A  
Dated \_\_\_\_\_  
(the "Bonds")

The Bonds are being issued by the Division of Bond Finance in the name of and on behalf of the Board for the purpose of paying a portion of the costs of the 2012A Project and paying certain costs associated with the issuance of the Bonds, under the authority of and in full compliance with the Constitution and statutes of the State of Florida, including particularly Sections 215.57-215.83, Florida Statutes, Section 1010.62, Florida Statutes and other applicable provisions of law. The principal of, premium, if any, and interest on the Bonds will be secured by and payable solely from a pledge of the Pledged Revenues (as defined in the hereinafter defined Resolution) (i) on a parity with the Outstanding Parity Bonds (as defined in the hereinafter defined Resolution), which together with the Bonds, will be outstanding in the aggregate principal amount of \$76,925,000 subsequent to issuance of the Bonds, and any Additional Parity Bonds hereafter issued (as defined in the hereinafter defined Resolution), and (ii) junior and subordinate to the outstanding University of Florida Housing Revenue Certificates, Series of 1984, currently outstanding in the aggregate principal amount of \$525,000.

The Bonds do not constitute a general obligation of the State of Florida or any political subdivision thereof within the meaning of any constitutional, statutory or other limitation of indebtedness and the owners thereof shall never have the right to compel the exercise of any ad valorem taxing power or taxation in any form for the payment of the principal of or interest on the Bonds.

Based on our examination, we are of the opinion, as of the date hereof, as follows:

1. That such proceedings and proofs show lawful authority for issuance and sale of the Bonds pursuant to the Constitution and statutes of the State of Florida and pursuant to resolutions authorizing the issuance and sale of the Bonds duly adopted by the Governing Board of the Division of Bond Finance on June 13, 2000, as supplemented and amended from time to time and on March 20, 2012 (collectively, the "Resolution"), and a resolution of the Board adopted on January 19, 2012.

2. The Bonds (i) have been duly authorized, executed and delivered by the Division of Bond Finance and the Board and (ii) are valid and binding special obligations of the Board enforceable in accordance with their terms, payable solely from the sources provided therefor in the Resolution.

3. The Bonds and the income thereon are not subject to any State tax except estate taxes imposed by Chapter 198, Florida Statutes, as amended, and net income and franchise taxes imposed by Chapter 220, Florida Statutes, as amended.

4. The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met subsequent to the issuance and delivery of the Bonds in order that interest on the Bonds be and remain excluded from gross income for purposes of federal income taxation. Non-compliance may cause interest on the Bonds to be included in federal gross income retroactive to the date of issuance of the Bonds, regardless of the date on which such non-compliance occurs or is ascertained. The Division of Bond Finance and the Board have covenanted in the Resolution to comply with such requirements in order to maintain the exclusion from gross income for federal income tax purposes of the interest on the Bonds.

Subject to compliance by the Division of Bond Finance and the Board with the aforementioned covenants, (a) interest on the Bonds is excluded from gross income for purposes of federal income taxation, and (b) interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, interest on the Bonds will be taken into account in determining adjusted current earnings for purposes of computing the alternative minimum tax on corporations. We express no opinion regarding other federal tax consequences caused by the ownership of or the receipt of interest on or the disposition of the Bonds.

It is to be understood that the rights of the owners of the Bonds and the enforceability thereof may be subject to the exercise of judicial discretion in accordance with general principles of equity, to the valid exercise of the sovereign police powers of the State of Florida and of the constitutional powers of the United States of America and to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted.

In rendering the foregoing opinions, we have assumed the accuracy and truthfulness of all public records and of all certifications, documents and other proceedings examined by us that have been executed or certified by public officials acting within the scope of their official capacities and have not independently verified the accuracy or truthfulness thereof and the genuineness of the signatures appearing upon such public records, certifications, documents and proceedings.

Our opinions expressed herein are predicated upon present law, facts and circumstances as of the date of issuance and delivery of the Bonds, and we assume no affirmative obligation to update the opinions expressed herein if such laws, facts or circumstances change after such date.

As Bond Counsel, we have not been engaged nor have we, in such capacity, undertaken to review the accuracy, completeness or sufficiency of any offering material relating to the Bonds and we express no opinion herein relating thereto.

Very truly yours,

BRYANT MILLER OLIVE P.A.

**PROVISIONS FOR BOOK-ENTRY ONLY SYSTEM OR REGISTERED BONDS****The Depository Trust Company and Book-Entry Only System**

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE DIVISION OF BOND FINANCE BELIEVES TO BE RELIABLE; HOWEVER, THE DIVISION OF BOND FINANCE TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF.

DTC will act as securities depository for the 2012A Bonds. The 2012A Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of the 2012A Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities and Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants" and together with Direct Participants, the "Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com) and [www.dtc.org](http://www.dtc.org).

Purchases of the 2012A Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2012A Bonds on DTC's records. The ownership interest of each actual purchaser of each 2012A Bond (a "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which such Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2012A Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the 2012A Bonds, except in the event that use of the book-entry system is discontinued.

To facilitate subsequent transfers, all 2012A Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of 2012A Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in Beneficial Ownership. DTC has no knowledge of the actual Beneficial Owners of the 2012A Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2012A Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2012A Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect

to the 2012A Bonds, such as redemptions, tenders, defaults, and proposed amendments to the 2012A Bond documents. For example, Beneficial Owners of 2012A Bonds may wish to ascertain that the nominee holding the 2012A Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners.

Redemption notices shall be sent to DTC. If less than all of the 2012A Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2012A Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Division of Bond Finance as soon as practicable after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2012A Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and principal and interest payments on the 2012A Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the Bond Registrar/Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, (nor its nominee), the Bond Registrar/Paying Agent, the Division of Bond Finance, or the Board of Governors, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Bond Registrar/Paying Agent; disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services with respect to the 2012A Bonds at any time by giving reasonable notice to the Division of Bond Finance or Bond Registrar/Paying Agent and discharging its responsibilities with respect thereto under applicable law. The Division of Bond Finance may decide to discontinue use of the system of book-entry transfers for the 2012A Bonds through DTC (or a successor securities depository). Under such circumstances, in the event that a successor securities depository is not obtained, certificates for the 2012A Bonds will be printed and delivered as provided in the documents authorizing the issuance and sale of the 2012A Bonds.

For every transfer and exchange of beneficial interests in the 2012A Bonds, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other government charge that may be imposed in relation thereto.

So long as Cede & Co., as nominee of DTC, is the registered owner of the 2012A Bonds, references herein to the Registered Owners or Holders of the 2012A Bonds shall mean Cede & Co. and not mean the Beneficial Owners of the 2012A Bonds unless the context requires otherwise.

The Division of Bond Finance, the Board of Governors and the Bond Registrar/Paying Agent will not have any responsibility or obligation with respect to:

- (i) the accuracy of the records of DTC, its nominee or any DTC Participant or any successor securities depository, participants thereof or nominee thereof with respect to any beneficial ownership interest in the 2012A Bonds;
- (ii) the delivery to any DTC Participant or participant of any successor securities depository or any other person, other than a registered owner, as shown in the Bond Register, of any notice with respect to any 2012A Bond, including, without limitation, any notice of redemption;
- (iii) the payment to any DTC Participant or participant of any successor securities depository or any other person, other than a registered owner, as shown in the Bond Register, of any amount with respect to the principal of, premium, if any, or interest on the 2012A Bonds, or the purchase price of, any 2012A Bond;

- (iv) any consent given by DTC or any successor securities depository as registered owner; or
- (v) the selection by DTC or any DTC Participant or by any successor depository or its participants of the beneficial ownership interests in the 2012A Bonds for partial redemption.

So long as the 2012A Bonds are held in book-entry only form, the Division of Bond Finance, the Board of Governors and the Bond Registrar/Paying Agent may treat DTC and any successor Securities Depository as, and deem DTC and any successor Securities Depository to be, the absolute owner of the 2012A Bonds for all purposes whatsoever, including, without limitation:

- (i) the payment of the principal of, premium, if any, and interest on the 2012A Bonds;
- (ii) giving notices of redemption and other matters with respect to the 2012A Bonds;
- (iii) registering transfers with respect to the 2012A Bonds; and
- (iv) the selection of the beneficial ownership interests in the 2012A Bonds for partial redemption.

### **Payment, Registration, Transfer and Exchange**

*The following provisions shall only be applicable if the book-entry-only system of registration is discontinued; for provisions which are applicable while the book-entry only system of registration is in effect, see "Book-Entry Only System" above.*

The Division of Bond Finance, the Board of Governors and the Bond Registrar/Paying Agent may treat the Registered Owner of any 2012A Bond as the absolute owner for all purposes, whether or not such 2012A Bond is overdue, and will not be bound by any notice to the contrary.

Principal of and premium, if any, on the 2012A Bonds will be payable upon presentation and surrender of the 2012A Bonds when due at the corporate trust office of U.S. Bank Trust National Association, New York, New York, as Bond Registrar/Paying Agent.

Each 2012A Bond will be transferable or exchangeable only upon the registration books by the Registered Owner or an attorney duly authorized in writing, upon surrender of such 2012A Bond to the Bond Registrar/Paying Agent together with a written instrument of transfer (if so required) satisfactory in form to the Division of Bond Finance of Bond Finance and the Bond Registrar/Paying Agent, duly executed by the Registered Owner or a duly authorized attorney. Upon surrender to the Bond Registrar/Paying Agent for transfer or exchange of any 2012A Bond, duly endorsed for transfer or accompanied by an assignment in accordance with the Resolution, the Bond Registrar/Paying Agent will deliver in the name of the transferee(s) a fully registered 2012A Bond of authorized denomination of the same maturity for the aggregate principal amount which the Registered Owner is entitled to receive.

Neither the Division of Bond Finance nor the Bond Registrar/Paying Agent may charge the Registered Owner or transferee for any expenses incurred in making any exchange or transfer of the 2012A Bonds. However, the Division of Bond Finance and the Bond Registrar/Paying Agent may require payment from the Registered Owner of a sum sufficient to cover any tax, fee, or other governmental charge that may be imposed in relation thereto. Such governmental charges and expenses must be paid before any such new 2012A Bond is delivered.

The Bond Registrar/Paying Agent will not be required to issue, transfer or exchange any 2012A Bonds on the Record Date.
